(4) "In-process scrap" means any material which is produced in the course of manufacture (including the repair, retreading or recapping of tires), and any defective or factory rejected materials or products which are not usable for the primary purpose for which they were designed and which contain any crude rubber, latex, synthetic rubber, scrap rubber or reclaimed rubber, including all types and grades of residues, such as cuttings, trimmings, tuber heads, flash, cut edgings, sweepings, dust, buffings, sawings, grindings, drippings and any other form of rubber whether vulcanized or unvulcanized, which results from or is incident to the processing of crude rubber, latex, synthetic rubber, scrap rubber or reclaimed rubber in the manufacture or repair of any product, but does not mean or include uncured friction scrap, reclaimed rubber or any finished rubber products.

(5) "Uncured friction scrap" means any scrap rubber which contains fabric and which is produced in the manufacture of tires, hose or belting before such products are finally vulcanized.

(6) "Scrap rubber" means and includes any scrap rubber product, in-process scrap or uncured friction scrap.

(7) "Reclaimed rubber" means any vulcanizable material derived from the processing or treatment of scrap rubber.

(8) "Repairable tire" means a pneumatic tire or tire casing which has sufficient tread design or under tread to warrant repair for use for the purpose for which it was primarily designed. For the purposes of this definition:

(i) "Repair" means a vulcanized sectional repair, or vulcanized reinforcement or vulcanized spot repair which can be accomplished in accordance with recognized commercial practice and which can be reasonably expected to render satisfactory service under limited operating conditions (speed under 40 MPH and no overload) so that the tire when repaired will be in a safe condition for service.

(ii) The tread and sidewall must not be severely weather checked or cracked to the extent that the tire has more than two radial cracks which extend through the cord body.

(iii) The cord body:

(*a*) Must not have separation between plies.

(*b*) Must not have been damaged to the extent that cords are pulled loose beyond the first inside ply.

(*c*) Must not have any fabric injuries that exceed one-half the cross-sectional diameter of the tire. Example—Injuries in 600/16 (6 inch) tires must not be more than three inches long on the inside of the tire: in 10.00/20 tires not more than five inches.

(*d*) Must not have or show evidence of having had more than three injuries requiring sectional repairs.

(*e*) Must not have injuries below any point where the top of the rim flange makes contact with the tire.

(*f*) Must not have or exhibit circumferential or flex breaks on the inside ply.

(*g*) Bead area must be sound with no broken wires.

(9) "Treadable tire" means a pneumatic tire or tire casing which warrants repair and retreading or recapping for the purpose for which it was primarily designed in accordance with recognized commercial practice, and which can reasonably be expected to render satisfactory service under limited operating conditions (speed under 40 MPH and no overload). For the purpose of this definition:

(i) The cord body:

(*a*) Must not be worn through more than one body ply for a total length of more than four inches on four ply tires.

(*b*) Must not be worn through more than two plies for a total length of more than four inches on tires of six plies or more.

(*c*) Must not have or show evidence of having had more than two injuries each not exceeding one-third the cross-sectional diameter of the tire. Example—Breaks in 600/16 (6 inch) tire must not be more than two inches long on the inside of the tire: 900/20 (9 inch) tires not more than three inches long.

(*d*) Must not have more than three radial cracks of more than one inch in length extending to the cord body.

(ii) The tire must in all other respects than specified in this paragraph (a) (9) conform to the requirements of a repairable tire.

(10) "Scrap consumer" means any person who consumes scrap rubber in the manufacture of any finished or partly finished product or material, and includes any person producing reclaimed rubber from scrap rubber, but does not include any person who separates scrap rubber or tears, splits or pulls scrap rubber apart (such as splitting tires) for the purpose of selling the component parts thereof to Rubber Reserve Company or to a scrap dealer.

(11) "Scrap dealer" means any person (other than a scrap consumer) buying, selling or collecting scrap rubber.

(12) "Synthetic rubber" means any of the varieties of compositions generally known as synthetic rubber, including, but not limited to, butadiene types, chloroprene, organic polysulfids and butyl.

(13) "Balata" means any of the gums of recognized commercial grades having a gutta hydrocarbon base and a high resin content, procured from wild forest trees of the Mimusops genus and closely related genera generally found in South and Central America from the Amazon Valley north through Panama, and includes such gums whether in crude or refined (deresinated or partly deresinated) form; but does not mean or include scrap balata or reclaimed balata.

(14) "Inventory" means crude rubber, latex, scrap rubber, reclaimed rubber or balata, or products thereof, in the form of raw materials, semi-processed materials, finished parts or sub-assemblies.

(15) "Consume" means to use, process, stamp, cut, or in any manner make any substantial change in the form, shape or chemical composition of any crude rubber, latex, scrap rubber, reclaimed rubber or balata.

(16) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(17) "War order" means:

(i) Any contract or purchase order for material or equipment to be delivered to, or for the account of, the Army or Navy of the United States, the United States Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Committee for Aeronautics, or the Office of Scientific Research and Development, but not to or for the account of any post exchange, ship's store, commissary, officer's mess, officers', non-commissioned officers' or enlisted men's club, or any similar agency or organization.

(ii) Any contract or purchase order placed by any agency of the United States for material or equipment to be delivered to, or for the account of, any foreign country under the provisions of the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act).

(iii) Any contract or purchase order for material or equipment required by the person placing the same to fill his contracts or purchase orders on hand, provided such material or equipment is to be physically incorporated in material or equipment to be delivered under contracts or purchase orders included under (i) and (ii) of this paragraph (a) (17).

(b) *Restrictions on consumption of crude rubber, latex, reclaimed rubber, scrap rubber and balata*—(1) *Crude rubber.* Crude rubber may be consumed only:

(i) To fill war orders; but only in the manufacture of those products set forth in Schedule I attached to this order.

(ii) To manufacture those groups of products set forth in Schedule II-A attached to this order; but only upon receipt of authorization from the Director General for Operations:

(2) *Latex.* Latex may be consumed only:

(i) To fill war orders; but only in the manufacture of those products set forth in Schedule I attached to this order.

(ii) To manufacture those groups of products set forth in Schedule II-B attached to this order; but only upon receipt of authorization from the Director General for Operations.

(3) *Reclaimed rubber.* Reclaimed rubber may be consumed only:

(i) To fill war orders; but only in the manufacture of those products set forth in Schedule I attached to this order.

(ii) To manufacture those products set forth in Schedules II-A or II-B attached to this order and not set forth in Schedule II-C attached to this order; but only where special authorization for the consumption of crude rubber or latex to manufacture such products has been issued by the Director General for Operations.

(iii) To manufacture those groups of products set forth in Schedule II-C attached to this order which are also set forth in Schedule II-A or Schedule II-B attached to this order, whether or not mixed or compounded with crude rubber, latex or scrap rubber; but only upon receipt of authorization from the Director General for Operations for the consumption of the respective amounts of crude rubber, latex, reclaimed rubber and scrap rubber to be consumed.

(iv) To manufacture those groups of products set forth in Schedule II-C attached to this order and not set forth in Schedules II-A or II-B attached to this order; but only upon receipt of authorization from the Director General for Operations.

(4) *Scrap rubber.* Scrap rubber may be consumed only:

(i) To fill war orders; but only in the manufacture of those products set forth in Schedule I attached to this order.

(ii) To manufacture those products set forth in Schedule II-A or II-B attached to this order and not set forth in Schedule II-C attached to this order; but only

where special authorization for the consumption of crude rubber or latex to manufacture such products has been issued by the Director General for Operations.

(iii) To manufacture those groups of products set forth in Schedule II-C attached to this order which are also set forth in Schedule II-A or Schedule II-B attached to this order, whether or not mixed or compounded with crude rubber, latex or reclaimed rubber; but only upon receipt of authorization from the Director General for Operations for the consumption of the respective amounts of crude rubber, latex, reclaimed rubber and scrap rubber to be consumed.

(iv) To manufacture those groups of products set forth in Schedule II-C attached to this order and not set forth in Schedule II-A or II-B attached to this order; but only upon receipt of authorization from the Director General for Operations.

(v) To manufacture reclaimed rubber.

(vi) As to in-process scrap or uncured friction scrap generated after March 31, 1942, by the person who generated such in-process scrap or uncured friction scrap; but only in the manufacture of any products of the group (as set forth in said Schedules II-A, II-B and II-C) in which is listed the product in connection with which such in-process scrap or uncured friction scrap was generated. In such case the in-process scrap or uncured friction scrap consumed shall not be charged against his quota or allotment of crude rubber, latex, reclaimed rubber or scrap rubber for making products of that group. Any person may consume in-process scrap or uncured friction scrap whether generated by him or not, in the manufacture of any products not so listed in the same group when, but only when, he has received from the Director General for Operations an authorization to consume reclaimed rubber or scrap rubber in the manufacture of such other group of products, and in such event the in-process scrap or uncured friction scrap consumed shall be within the limits of such authorization and shall be charged against his quota or allotment of reclaimed rubber or scrap rubber for manufacturing such other group of products.

(5) *Balata.* Balata shall be consumed only:

(i) To manufacture self-sealing fuel cells to fill war orders.

(ii) For such other purposes as may be permitted by special authorization of the Director General for Operations.

(c) *General provisions*—(1) *Distribution of crude rubber, latex, reclaimed rubber, scrap rubber and balata among plants.* Each company (which term when used in this subparagraph shall include any corporation together with all other corporations controlling, and all other corporations controlled by, such corporation) which is a processor of crude rubber, latex, scrap rubber, reclaimed rubber or balata and which operates plants in more than one community (all plants operated by the same company in the same community being herein collectively referred to as a "unit"), shall immediately upon distributing crude rubber, latex, scrap rubber, reclaimed rubber or balata during any calendar month among its units in proportions differing from the proportional distribution throughout such units during July, 1941, file with the Rubber and Rubber Products Branch of the War Production Board, a full report thereof showing clearly the reasons for such change in proportional distribution throughout its units. In any case in which it appears that such change in ratio was not justified or proper, the Director General for Operations may take such action as he deems appropriate.

(2) *Manufacture according to specifications.* Any of the products or materials whose manufacture is permitted by this order or by special authorization of the Director General for Operations shall be manufactured only in conformity with specifications now or hereafter set forth in lists attached to § 940.5 *Supplementary Order M-15-b-1* or such other specifications as may be issued by the Director General for Operations; provided that until specifications for particular products or groups of products are issued by the Director General for Operations, the crude rubber, latex or balata content by weight of any such products manufactured by any person shall not exceed the respective crude rubber, latex or balata content by weight of similar products manufactured by such person on the most recent date prior to September 1, 1942, on which he manufactured such products.

(3) *Limitation on consumption to fill war orders.* No person shall consume more crude rubber, latex, reclaimed rubber, scrap rubber or balata to fill any war order than is required for delivery within sixty days from the date such crude rubber, latex, reclaimed rubber, scrap rubber or balata is consumed under the delivery dates specified in the purchase order placed with him.

(4) *Limitation of inventories.* No person other than Rubber Reserve Company shall purchase, accept delivery of or otherwise acquire any crude rubber, latex or balata or products thereof, or any products of reclaimed rubber or scrap rubber, in the form of raw materials, semi-processed materials, finished products or parts or sub-assemblies in quantities which shall result in such person having an inventory of such material or products in excess of a minimum practicable working inventory, taking into consideration the limitations placed by this order on the production of products made of crude rubber, latex, balata, reclaimed rubber and scrap rubber. An inventory of crude rubber, latex or balata which can reasonably be expected to last more than sixty days shall be deemed to be in excess of a minimum practicable working inventory. The limitation on inventories imposed by this paragraph (c) (4) and by § 944.14, *Priorities Regulation No. 1*, as amended, shall not apply to inventories of reclaimed rubber held or acquired by persons engaged in the business of reclaiming rubber or by consumers of reclaimed rubber, it being contemplated that persons engaged in the business of reclaiming rubber and consumers of reclaimed rubber may accumulate such inventories of reclaimed rubber as they may deem advisable.

(5) *Restriction on the acquisition of crude rubber, latex, reclaimed rubber, scrap rubber and balata.* No person other than Rubber Reserve Company shall purchase, accept delivery of or otherwise acquire any crude rubber, latex, reclaimed rubber, scrap rubber or balata for any purpose except for the purpose of consuming the same in the manufacture of a product or products for which such material may be consumed under the provisions of this order or under special authorization of the Director General for Operations, provided that nothing in this order shall prevent any scrap dealer from acquiring scrap rubber in the usual course of his business for the purpose of selling the same to another scrap dealer or to Rubber Reserve Company.

(6) *Restriction on the sale of crude rubber, latex, reclaimed rubber and balata.* No person shall sell, trade or transfer the ownership of any crude rubber, latex, reclaimed rubber or balata, and no person shall accept any such sale, trade or transfer of ownership, except (i) as may be expressly permitted by regulations prescribed by Rubber Reserve Company, or (ii) in those cases in which special authorizations may be issued by the Director General for Operations; provided that nothing in this paragraph (c) (6) shall be deemed to prohibit the sale of unvulcanized rubber products or products made from balata which were in finished or marketable form on December 11, 1941, or which have become finished and marketable at any time after that date pursuant to processing not prohibited by any orders or other instructions heretofore or hereafter issued by the Director of Priorities, the Director of Industry Operations or the Director General for Operations.

(7) *General restrictions on the purchase and sale of scrap rubber.* Except (i) as may be expressly permitted by regulations prescribed by Rubber Reserve Company, or (ii) in those cases in which special authorizations may be issued by the Director General for Operations:

(*a*) No person other than Rubber Reserve Company shall sell, trade or transfer the ownership or possession of any scrap rubber to any scrap consumer.

(*b*) No scrap consumer shall purchase, receive or accept delivery of any scrap rubber, or the right to receive any scrap rubber, from any person other than Rubber Reserve Company.

(*c*) No scrap consumer shall sell, trade or transfer the ownership or possession of any scrap rubber to any person, including any scrap dealer.

Provided, That the prohibitions of this paragraph (c) (7) shall not apply to any transfer or delivery of scrap rubber from one location to another location controlled by the same person where no change of ownership takes place, or to any purchase or sale by any corporation from or to another corporation which is its subsidiary or of which it is a subsid-

iary, of any in-process scrap or uncured friction scrap generated by the corporation making such sale or transfer, and any such sale shall be expressly permitted within the terms of paragraph (c) (2 (iii) of Priorities Regulation No. 13 (Part 944). For the purposes hereof a corporation shall be deemed to be a subsidiary of another corporation if all or substantially all of its voting stock is owned by such other corporation.

(8) *Restriction on the destruction of tires and scrap rubber.* No person shall destroy, damage, cut or tear apart any tire, tire casing or tire tube or any scrap rubber, whether by burning or any other means and whether for the purpose of making or repairing products or materials from or with all or any of its constituent parts; provided that this restriction shall not apply to the following:

(i) The consumption of any scrap rubber in the manufacture of any product for which crude rubber, latex, reclaimed rubber or scrap rubber may be consumed under the provisions of this order or under special authorization of the Director General for Operations; but subject to such limitations as to quantities, specifications and other restrictions as may be imposed by this order or such special authorization.

(ii) The consumption of any scrap rubber by any person producing reclaimed rubber as a necessary incident to such reclaiming operations.

(iii) The destruction of any scrap rubber (without destroying the rubber therein) for the purpose of selling its component parts to a scrap dealer for resale by him either (*a*) to Rubber Reserve Company, or (*b*) under rules or regulations prescribed from time to time by Rubber Reserve Company.

(iv) The destruction of the following articles when through obsolescence, use or deterioration the articles have entirely served their usefulness in their present state:

(*a*) Used battery containers and separators and parts thereof.

(*b*) Rough bore (metal reinforced) oil suction and discharge hose and hose containing asbestos combined with rubber.

(*c*) Wire cord generally classed as lamp cord and similar wire cords (but not other insulated wire or rubber covered cable).

(*d*) That part of rubber bonded to metal which cannot be separated from the metal by mechanical means.

(*e*) Brake linings and clutch facings.

(*f*) Metal-inserted packing.

(*g*) Metal-inserted running boards.

(*h*) Gasoline pump hose.

(*i*) Friction tape and adhesive tape (except in-process scrap).

(*j*) Burnt rubber all of which has been exposed to open flame (but not scorched rubber compounds).

(*k*) Gasket compounds containing cork.

(*l*) Typewriter platens.

(v) Ordinary wear and tear incident to the normal use of any article for the primary purpose for which it was designed.

(9) *Restriction on regrooving tires.* No person shall regroove the tread or tread surface of any tire or tire casing, whether by cutting, scraping, grinding, burning, heating, remolding or any other means.

(10) *Restriction on splitting camelback and capping stock.* No person shall split, cut, tear or otherwise separate any camelback or capping stock in such manner that there will result camelback or capping stock of gauges other than 10/32, 12/32, 14/32, 16/32, 18/32, 20/32, 22/32 inches and larger.

(11) *Reports covering war orders.* No person shall consume any crude rubber, latex, reclaimed rubber or scrap rubber to fill any war order until he has forwarded to the Rubber and Rubber Products Branch of the War Production Board a report on Form PD–330, or such other form for reporting war orders as may be prescribed by the Director General for Operations. Upon forwarding such report, such person may proceed to fill the war order covered by the report unless notified to the contrary by the Director General for Operations.

(12) *Prohibited products for other than war orders.* Except to fill war orders, no person shall consume any crude rubber, latex, reclaimed rubber or scrap rubber in the manufacture of any of the products for which the consumption of such material is prohibited by Schedule III attached to this order, even though the consumption of such material would otherwise be permitted under any of the broader provisions, classifications or groupings of this order or under any of the other schedules attached to this order.

(13) *Prohibited products for war orders.* Unless permitted by special authorization of the Director General for Operations, no person shall (i) consume any crude rubber or latex in the manufacture or assembly of any of the products or materials set forth in Groups A and B of Schedule IV attached to this order for delivery to fill any war order; or (ii) consume any reclaimed rubber or scrap rubber in the manufacture or assembly of any of the products or materials set forth in Group B of said Schedule IV for delivery to fill any war order.

(14) *Index of permitted and prohibited products.* Schedule V is attached to this order for the convenience of the industry. This schedule constitutes an index of the products for which crude rubber, latex, reclaimed rubber and scrap rubber may be consumed, and those for which these materials may not be consumed, and contains appropriate cross-references to the other schedules in which such products are mentioned.

(15) *Restriction on the importation of crude rubber, latex, reclaimed rubber, scrap rubber and balata and products thereof.* No person other than Metals Reserve Company, Defense Supplies Corporation, Rubber Reserve Company or any other corporation organized under section 5 (d) of the Reconstruction Finance Corporation Act, as amended, or any agent acting for one of them, shall, except as authorized or otherwise directed in writing by the Director General for Operations, purchase for import, import, offer to purchase for import, receive, or offer to receive on consignment for import, or make any contract or other arrangement for the importing of, any crude rubber, latex, reclaimed rubber, scrap rubber or balata, whether in crude, partly processed or processed form, or any finished or partly finished product or material made from any of the foregoing. For the purpose hereof "import" means to transport into continental United States from any foreign country or from any territory or possession of the United States, and shall include a release from the bonded custody of the United States Bureau of Customs; and products or materials shall be deemed to be made from crude rubber, latex, reclaimed rubber, scrap rubber or balata if at least ten per cent of the weight of such products or materials was made from crude rubber, latex, reclaimed rubber, scrap rubber and balata or from any one or more of them. The restriction of this paragraph (c) (15) shall not apply to the importation by any person during any calendar month of products or materials (except tires, tire casings and tire tubes) which contain an aggregate of not more than twenty-five pounds of crude rubber, latex, reclaimed rubber, scrap rubber and balata provided such products or materials are not imported for the purpose of manufacturing, processing, sale or resale.

(16) *Restriction on consumption of rubber products and materials.* No person shall use or consume any finished or partly finished product or material containing in the aggregate more than ten per cent by weight of crude rubber, latex, reclaimed rubber and scrap rubber, to manufacture for sale to others any other products for which he has not received an authorization from the Director General for Operations to consume crude rubber, latex, reclaimed rubber or scrap rubber. In any case in which any such product or material is used pursuant to any such authorization, it shall be chargeable to such person's quota of reclaimed rubber and/or scrap rubber for the manufacture of such permitted products.

(17) *Finished item deliveries.* No person shall sell, transfer or deliver, or purchase or accept or accept transfer or delivery of, any item which he knows or has reason to know was fabricated, assembled or delivered in violation of any applicable provision of this order as amended from time to time.

(18) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the Priorities Regulations of the War Production Board, as amended from time to time.

(19) *Applications for authorizations to consume crude rubber, latex, reclaimed rubber and scrap rubber.* Each person who wishes to consume any crude rubber, latex, reclaimed rubber or scrap rubber at any time subsequent to October 1, 1942 to manufacture any of the products or groups of products listed in Schedules II–A, II–B and II–C attached to this order, shall file with the Rubber and Rubber Products Branch of the War Production Board an application on Form PD–407. Such application shall be filed not later than the tenth day of the month preceding the calendar month during which such person wishes to consume crude rubber, latex, reclaimed rubber or scrap rubber.

(20) *Appeals.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a serious problem of unemployment in the community, or that compliance with this order would disrupt or impair a program of conversion from nondefense to defense work, may appeal to the War Production Board by transmitting to the Rubber and Rubber Products Branch, War Production Board, Washington, D. C., an appeal on Form PD–500–b. The Director General for Operations may thereupon take such action as he deems appropriate.

(21) *Applicability of order.* The prohibitions and restrictions contained in this order shall apply to the use of material in all articles hereafter manufactured irrespective of whether such articles are manufactured pursuant to a contract made prior or subsequent to the effective date hereof, or pursuant to a contract supported by a preference rating. Insofar as any other order of the Director of Priorities, the Director of Industry Operations or the Director General for Operations heretofore or hereafter issued may have the effect of limiting or curtailing to a greater extent than herein provided the use of crude rubber, latex, scrap rubber, reclaimed rubber or balata in the production of any article, the limitations of such other order shall be observed.

(22) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities' assistance.

(23) *Communications.* All reports required to be filed under this order, and all communications concerning this order, shall, unless otherwise directed, be addressed to: Rubber and Rubber Products Branch, War Production Board, Washington, D. C. Ref.: M–15–b.

(24) *General reports.* Any person who, during any calendar month, consumes, ships or stocks any crude rubber, latex, reclaimed rubber, scrap rubber or balata, or who, on the last day of any calendar month, has in his possession any crude rubber, latex, reclaimed rubber, scrap rubber or balata, shall, not later than the fifteenth day of the succeeding month, file with the Rubber and Rubber Products Branch of the War Production Board a report on the appropriate form PD–49, PD–322 or such other form or forms as may be prescribed from time to time.

(25) *Outstanding special instructions.* No unrevoked special instruction (i. e., instruction issued by individual letter or telegram and not by general order) issued prior to September 1, 1942 by the Director of Priorities, Director of Industry Operations or Director General for Operations, which (i) authorizes the consumption of crude rubber, latex, reclaimed rubber or scrap rubber within a specified period or prior to a specified date, or (ii) forbids or restricts the consumption of crude rubber, latex, reclaimed rubber or scrap rubber, is revoked or rescinded by this revised Supplementary Order No. M–15–b. All such unrevoked instructions shall remain in effect unless hereafter specifically rescinded or revoked by the Director General for Operations.

(d) *Effective date.* This order shall become effective on September 1, 1942. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 25th day of August, 1942.

AMORY HOUGHTON,
Director General for Operations.

SCHEDULE I

Products for which crude rubber, latex, reclaimed rubber and scrap rubber may be consumed to fill war orders. (See paragraphs (b) (1) (i), (b) (2) (i), (b) (3) (i) and (b) (4) (i) of Revised Supplementary Order No. M–15–b)

Pending the issuance of a list of products for which crude rubber, latex, reclaimed rubber and scrap rubber may be required to fill war orders, to be set forth in a revised Schedule I, crude rubber, latex, reclaimed rubber and scrap rubber may be consumed to manufacture any product to fill any war order, unless the consumption of crude rubber, latex, reclaimed rubber and scrap rubber in the manufacture of such product is prohibited by paragraph (c) (13) of Revised Supplementary Order No. M–15–b and Schedule IV attached thereto or by special direction of the Director General for Operations.

SCHEDULE II–A

Products for which crude rubber may be consumed upon authorizations issued from time to time by the Director General for Operations. (See paragraph (b) (1) (ii) of Revised Supplementary Order No. M–15–b.)

Any authorization to consume crude rubber to manufacture any group of products set forth in this Schedule II–A also authorizes the manufacture from the quota or allotment of crude rubber for that group of cements necessary to the manufacture (but not the use or application) of such products. No crude rubber shall be consumed to manufacture cements for the use or application of products of any group set forth in this Schedule II–A unless permitted by special authorization of the Director General for Operations.

Group 1

Compounds for insulating wire and cable

Group 2

Cable splicing compound

Group 3

Belt splicing and repair material
Last puller belts
Polishing belts
Screen diaphragms designed for paper making equipment

Group 4

Conveyor and elevator belting

Group 5

Flat transmission belts
Hog beater belts

Group 6

Industrial brake lining and clutch facings

Group 7

V-belts

Group 8

Acid hose
Air drill hose
Cement handling hose, including cement grouting, concrete placing and cement and dry material hose
Chemical hose
Divers' hose
Dredging sleeves
Expansion joint hose
Flexible couplings
Flanged flexible hose
Grease gun hose
Gasoline and oil tank wagon hose (not including curb pump hose)
Hydraulic control hose
Industrial vacuum hose, including dust collector, blower or exhaust hose
Jetting and hydraulic hose, including arbor pipe forming and phosphate flexible hose
Milk conveying hose
Oil suction and discharge hose
Paint spray hose
Pinch valve hose
Pneumatic hose
Railroad hose (all types)
Rotary driller's hose
Sand blast hose
Sanitary hose
Spray hose (designed for working pressures of 300# per square inch and over)
Steam hose
Suction hose
Welding hose

Group 9

Hard rubber pipe and fittings (industrial only)
Rubber buckets, pails, dippers, funnels, measures, bottles, beakers, frames, baskets, racks, trays (designed for handling corrosive materials and explosives)
Rubber insulated fume-ducts, fans, racks, frames, trays, screens, pipe, buckets, pails, dippers, agitators, funnels and measures (designed for handling corrosive materials and explosives)
Rubber pumps
Rubber lining designed for blowers, exhausters and pumps
Rubber valves and valve parts (except tire tube valves)

Group 10

Rubber lined tanks, drums, pipes and fittings (hard and soft)

Group 11

Rubber covered rolls and roll coverings (except domestic washing machine wringer, printers', fingerprint and business machine rolls)

Group 12

Press die pads

Group 13

Loom pickers

Group 14

Storage battery parts, (including only separators, retainers, binding strips, element support rods, tie rods, and hand-built jars and hand-built containers, but not including hand-built jars and containers designed for radio, farm lighting, mine safety and automotive S. L. I.)

Group 15

Hard rubber sheets, rods and tubing (designed for dielectric purposes)
Insulated tools
Magneto parts
Molded cable connectors and terminal blocks (designed for dielectric purposes)

Group 16

Mine safety battery parts
Mine safety lamp parts, excepting insulated wire
Respirators, hose masks, gas masks, goggles, inhalators, excepting headharness (mining and industrial types)

Group 17

Sheet, strip and mechanical packings

Group 18

Oil well specialties (including only packers, testing, lining bumper and swab rubbers; blow-out preventors; drill pipe protectors; stabilizers; slush pump pistons and liners; mud and oil pump pistons, liners, valves and parts; valve cups; strippers; stuffing box rings)

Group 19

Industrial abrasive implements

Group 20

Airplane de-icer parts
Card clothing
Gas main bags
Gaskets and washers for hose
Lineman's protective devices (including only line hose, insulator hoods, blankets, cable end test caps and separators, cable bandages, lineman's sleeves and insulating stools)
Mine ventilating tubing
Molded seals for dam and lock gates

Group 21

Component parts (not elsewhere listed but not including sponge) of machinery for the processing and fabricating of raw and semi-finished materials and for the transmission of mechanical power (except as specifically prohibited in Schedule III attached to Revised Supplementary Order No. M-15-b)

Group 22

Pipe coupling rings

Group 23

Fire and mill hose

Group 24

Milk and milking machine equipment consisting of:
Couplings for pasteurizers and milk bottle and can washers
Gaskets for milk separators and clarifiers
Milk bottle filler rubbers
Milking machine inflations and tubing

Group 25

Box die gum, rubber die gum and rubber type gum, designed for industrial marking devices only

Group 26

Engravers' rubber (excluding rubber stamps, box dies, band daters and toy stamps)

Group 27

Printing plates (excluding rubber stamps, box dies, band daters and toy stamps)

Group 28

Cutting rubbers
Finger print rolls and finger print rubber
Offset and newspaper blankets
Printers' rollers
Rubber solution for wet plate negatives
Suction cups for printers' equipment

Group 29

Automotive parts consisting of the following only:
Air brake and vacuum brake parts, excepting boots and linings
Air brake and vacuum brake hose
Hydraulic brake cylinder parts, excepting boots and linings
Hydraulic brake hose
Hydraulic clutch and throttle controls
Pitman arm bushings for independent suspensions
Remote control gearshift bushings
Sealed beam gaskets
Shock absorber bushings
Steering post alignment bushings
Suspension and torque arm bushings
Steering box-to-frame pads for independent suspensions
Torsional vibration dampers
Windshield wiper blades and pivot to housing gaskets
Engine, transmission and propeller center bearing mountings

Group 30

Pneumatic, solid and cushion tires, (including tubes, flaps, airbags and valves) of the following types only:
Passenger
Truck and bus
Special purpose of the following types only: low platform trailer, rock service, earthmover, road builder and road grader
Industrial
Motorcycle
Airplane

Group 31

Camelback, capping stock, filler strip, stripping stock, cushion stock, lug stock, and base stock for retreading and recapping tires

Group 32

Full circle and sectional airbags designed for recapping, retreading and repairing tires

Group 33

Tire and tube repair materials (including only cushion stock, tread repair stock, cord friction, square woven fabric friction, repair patches, and tube repair gum)

Group 34

Rubber footwear designed for severe industrial use, including rubber boots, mine pacs, and work shoes all with plain or steel toes

Group 35

Rubber footwear (other than that listed in Group 34), including rubber boots, arctics, gaiters, and light and heavy rubbers

Group 36

Diaphragms designed for regulating the flow of fluids
Tank balls designed for flush valves
Bibb washers
Fuller balls
Ball cock washers

Group 37

Autopsy and mortuary gloves
Industrial all rubber gloves and industrial net-lined gloves and industrial finger cots

Group 38

Electricians' gloves

Group 39

Brain surgery caps
Colostomy outfits
Denture suctions and model formers
Dilators
Finger cots (medical, surgical, dental, veterinary, mortuary and laboratory types only)
Orthodontia bands
Parts for medical, surgical, dental, veterinary and mortuary instruments
Prostatic bags
Rubber bands and cushions designed for artificial limbs
Tubes and tubing (except fountain syringe lengths), including catheters, stopples, and rubber policemen (medical, surgical, dental, mortuary, veterinary and laboratory types only)
Urinals designed for individual wear
Vaccine caps
X-ray sheets, gloves, aprons and cooling hose

Group 40

Surgical tape, medicated footpads and plasters

Group 41

Breast pumps
Bulbs (medical, surgical, dental, veterinary, mortuary and laboratory types only)
Medicine droppers
Water bottles and combination syringes

Group 42

Ice bags
Metatarsal cushions or pads (not parts of shoes)
Pneumatic truss pads
Truss pad covers

Group 43

Acoustic aids (soft rubber parts only) designed for individual hearing instruments and audiometers

Group 44

Hard rubber pipes, connections and accessories (medical, surgical, dental, veterinary and mortuary types only)

Group 45

Tubing, fountain syringe lengths

Group 46

Blood pressure bags
Dental dam
Dental separating strips and mouth props
Denture rubber
Inhalation bags and face pieces, not including oxygen tents (medical, surgical, dental and veterinary types only)
Invalid rings, but not including sponge rubber rings
Operating cushions, but not including sponge rubber cushions
Tourniquets

Group 47

Hospital sheeting

Group 48

Feeding nipples

Group 49

Pessaries and prophylactics

Group 50

Surgeons' gloves (medical, surgical, dental and veterinary types only)

Group 51

Meteorological balloons

Group 52

Cements designed for the repair, use or application of products permitted to be manufactured from crude rubber by Revised Supplementary Order No. M-15-b, except cements for use in the manufacture of such products, except shoe adhesives

Group 53

Commercial diving equipment

Group 54

Compounds designed for seaming protective clothing other than footwear and gloves

Group 55

Abrasive sand blasting helmets and clothing

Group 56

Conductive soles, taps and heels

Group 57

Shoe cements

Group 58

Lifesaving suits

Group 59

Compounds designed for sealing cans made of tinplate, blackplate or terneplate
Rings and compounds for sealing glass containers

Group 60

Blended compounds or mixtures designed for laboratory testing

Group 61

Vacuum cleaner belts

Group 62

Airplane equipment not elsewhere listed

Group 63

Molding bags

Group 64

Street car wheel sandwich rings

Group 65

Vibration dampers

SCHEDULE II–B

Products for which latex may be consumed upon authorizations issued from time to time by the Director General for Operations. (See paragraph (b) (2) (ii) of Revised Supplementary Order No. M–15–b)

Any authorization to consume latex to manufacture any group of products set forth in this Schedule II–B also authorizes the manufacture from the quota or allotment of latex for that group of cements necessary to the manufacture (but not the use or application) of such products. No latex shall be consumed to manufacture cements for the use or application of products of any group set forth in this Schedule II–B unless permitted by special authorization of the Director General for Operations.

Group 1

Colostomy outfits
Finger cots (medical, surgical, dental, mortuary and veterinary types only)
Prostatic bags
Prosthetic devices
Tubes and tubing (except fountain syringe lengths), including catheters (medical, surgical, dental, mortuary, veterinary and laboratory types only)
Urinals designed for individual wear

Group 2

Blood pressure bags
Inhalation bags, and face pieces, not including oxygen tents (medical, surgical, dental and veterinary types only)
Veterinary sleeves

Group 3

Industrial rubberized fabric gloves designed for handling corrosive and severely abrasive materials

Group 4

Electricians' gloves

Group 5

Dental dam

Group 6

Autopsy and mortuary gloves
Industrial all rubber gloves and industrial net-lined gloves and industrial finger cots

Group 7

Meteorological balloons

Group 8

Feeding nipples

Group 9

Pessaries and prophylactics

Group 10

Surgeons' gloves (medical, surgical, dental and veterinary types only)

Group 11

Compounds designed for sealing glass containers and cans made of tinplate, blackplate or terneplate

Group 12

Shoe cements

Group 13

Latex insulation for fume ducts, fans, racks, frames, trays, screens, pipes and fittings, buckets, dippers, funnels, measures, drums, pumps, valves, baskets, concave rollers and agitators (designed for handling corrosive materials)

Group 14

Flat transmission belts
Round transmission belts
V-belts

Group 15

Mine ventilating tubing

Group 16

Industrial abrasive implements

Group 17

Blended compounds or mixtures designed for laboratory testing

Group 18

Tire cord dip

SCHEDULE II–C

Products for which reclaimed rubber and scrap rubber may be consumed upon authorizations issued from time to time by the Director General for Operations. (See paragraphs (b) (3) (iii) and (b) (4) (iii) of Revised Supplementary Order No. M–15–b)

Any authorization to consume reclaimed rubber or scrap rubber to manufacture any group of products set forth in this Schedule II–C also authorizes the manufacture from the quota or allotment of reclaimed rubber or scrap rubber for that group of cements necessary to the manufacture (but not the use or application) of such products. No reclaimed rubber or scrap rubber shall be consumed to manufacture cements for the use or application of products of any group set forth in this Schedule II–C unless permitted by special authorization of the Director General for Operations.

Group 1

Adhesives designed for fabricating steel wool, curled hair or fibre pads for surgical corrective appliances

Group 2

Adhesives for seaming bags and bagging
Gaskets and compounds for sealing jars, tumblers, cans, drums and pails

Group 3

Athletic equipment, consisting of the following only:
Basketball bladders
Football bladders
Athletic equipment, consisting of the following only—Continued.
Punching bag bladders
Soccer bladders
Volley ball bladders
Handballs
Squash balls
Tennis balls

Group 4

Automotive parts (including only spring bumpers—front and rear, tailpipe supports, battery drain tubes, brake boots, insulating forms or shapes for high tension wiring)

Group 5

Clutch facings, brake lining and brake blocks

Group 6

V-belts

Group 7

Barrel lining

Group 8

Brush setting compounds

Group 9

Molded battery containers except those designed for automotive S. L. I. batteries of S. A. E. Groups 1, 2 and 3

Group 10

Storage battery parts (except molded containers)

Group 11

Crutch tips

Group 12

Erasers and pencil plugs

Group 13

Friction tape

Group 14

Heels and heel bases (black dense composition only)

Group 15

Out soles, out soling strips, taps, top lifts and top lifting material (black dense composition only)

Group 16

Shoe bottom fillers and shoe tapes

Group 17

Insoles, midsoles and box toes

Group 18

Automotive radiator hose
Braided covered tubing
Cable covering, electric
Car heater hose
Curb line and garage air hose
Fire extinguisher tubing
Garden hose
Grease hose, low pressure, non-industrial
Pump and windshield wiper tubing
Rock wool insulation hose
Shaft covering, flexible
Spray hose (designed for working pressures under 300 pounds per square inch)
Vacuum cleaner hose
Water hose

Group 19

Parts for business machines (except platens and rolls)

Group 20

Parts for refrigerators, washing machines and motor-driven electric appliances (except hose and belts)

Group 21

Horseshoe pads

Group 22

Pressure sensitive tape

Group 23

Stamp gum

Group 24

Sponge for stamp gum cushion

Group 25

Truss pads

Group 26

Elastic fabrics and elastic webbing for:
Artificial legs
Gas masks
Goggles
Hose masks
Inhalators and respirators
Edging for baby pants
Industrial shoes
Repair web
Sanitary belts
Surgical bandages, stockings and supports
Trusses (including umbilical belts)

Group 27

Spud washers
Waste and overflow washers
Float valve shank washers
Flush elbows
Flush valve washers
Force cups
Gaskets and valves designed for back flow preventors (or vacuum breakers)
Siphon washers

Group 28

Cements designed for the repair, use or application of products permitted to be manufactured from crude rubber, latex, reclaimed rubber or scrap rubber by Revised Supplementary Order No. M–15–b, except cements for use in the manufacture of such products, and except shoe adhesives.

Group 29

Tire and tube repair materials (including only cushion stock, tread repair stock, cord friction, square woven fabric friction, repair patches and tube repair gum)

Group 30

Capping stock, filler strip, stripping stock, cushion stock, lug stock and base stock for retreading and recapping tires

Group 31

Blended compounds or mixtures designed for laboratory testing

Group 32

Compounds designed for proofing fabrics, other than footwear and gloves

Group 33

Bicycle tires (including casings, tubes, flaps and valves)

Group 34

Mallets and mallet heads

SCHEDULE III

Exceptions from groups of products set forth in Schedules II–A, II–B and II–C. (See paragraph (c) (12) of Revised Supplementary Order No. M–15–b)

Unless otherwise specified in this Schedule III, no person may consume any crude rubber, latex, reclaimed rubber or scrap rubber in the manufacture or assembly of any of the products or materials listed in this Schedule III, even though the consumption of crude rubber, latex, reclaimed rubber or scrap rubber might otherwise be permitted under any of the broader provisions or classifications of products under paragraphs (b) (1) (ii), (b) (2) (ii), (b) (3) (ii) or (b) (4) (ii) of Revised Supplementary Order No. M–15–b or Schedules II–A, II–B or II–C attached to said order. (The prohibitions of this Schedule II do not apply to the manufacture of products or materials to fill war orders, as to which see Schedule IV.)

The omission of any products or materials from this Schedule III does not mean that crude rubber, latex, reclaimed rubber or scrap rubber may be consumed in their manufacture. Crude rubber, latex, reclaimed rubber and scrap rubber may be consumed in the manufacture of products or materials not listed in this Schedule III only if and to the extent permitted by Revised Supplementary Order No. M–15–b and Schedules II–A, II–B and II–C attached to said order.

Accelerator pedals (automotive)
Animal boots and shoes
Arch supports
Arm rests
Artificial leather
Basin gaskets and washers
Basin stoppers
Bath sprays
Bath tub stoppers
Battery carrier straps
Beer tubing
Blowout shoes (for tires)
Bookbinding adhesives
Bottle carriers
Bottle driers
Brake rod rattlers
Brewery hose
Brush bristles
Bumper tacks
Bunion pads
Camera bellows
Camera focusing cloth
Candy molds
Carboy pads
Casket gaskets
Chair and furniture parts
Channel filler
Christmas tree lighting devices
Chute lining
Cigar machine aprons
Cleats for athletic and sport shoes
Coated clips
Coffee maker bushings and gaskets
Concentrator belts
Contraction joint seals and concrete filler
Corn pads
Crib sheeting
Crutch pads
Cutting blocks
Cushions, upholstery and mattresses (except invalid rings and operating cushions)
Defroster parts and hose
Desk and chair protective pads
Dish drainers
Drain pipe lining
Draper aprons
Electric base plugs, plug connectors and light sockets
Elevator belt buckets and cleats
Exercise machine parts
Extension lamp handles
Fan bases and blades
Faucet caps
Faucet filters
Feeding bottle caps and covers (except nipples)
Ferrules
Filter cloth
Finger pads
Flooring, tile and tiling, and wainscoting (except conductive)
Fountain pen stock
Fly paper
Foot bath trays
Gaskets, pads and shims made from scrap tires and tubes
Gasoline curb pump hose
Gasoline tubing
Gauntlets and cuffing (except linemen's sleeves)
Gear silencers
Glue dispensers
Graphite guns and parts thereof
Grommets (except dielectric)
Handle grips (except for dielectric purposes)
Hard rubber photographic trays and development tanks (except X-Ray)
Hard rubber spatulas (except for handling explosives and corrosive materials)
Hat-forming bags
Hatters' belts
Horse shoes
Horticultural binding tape
Hose nozzles
Household gloves
Hydrometer parts
Ice cube trays
Ink wells and bottles
Instep supports
Kneeling pads
Knife handles and grips
Labels and label plasters
Lamp shades
Lawn mower tires
Leather finishes
Line tube caps
Link mats
Loom harness strapping
Lug straps, bumpers and holdups (constituting textile machinery parts)
Mallets and mallet heads (except that reclaimed rubber or scrap rubber may be used)
Marbon B (except wire and cable insulation)
Mats and matting (except conductive)
Molds for casting
Molded wheels and casters
Musical instruments and parts thereof
Oxygen tent canopies
Pacifiers
Paint brush guards
Painters' graining tools
Panelboard
Paper machine aprons
Paper padding adhesives
Pedal rubber
Photo wringers
Photographers' bulbs and tubes
Pliofilm (except for wire and cable insulation)
Plioform (except for wire and cable insulation)
Pliolite (except for wire and cable insulation)
Plywood adhesives
Post insulators
Powder bags (mining)
Pulley lagging
Recoil pads
Refrigerator freezing trays
Rock wool insulation hose (except that reclaimed rubber or scrap rubber may be used)
Rubber bands (except orthodontia bands and bands for artificial limbs)
Rubber thread
Rubberized hair and fibre (except for surgical corrective appliances)
Sand blasting stencils
Screw bumpers
Self-adhering signs
Service station signal hose
Sink and lavatory gaskets (including mack gaskets)
Sink sprays and drain stoppers
Slip joint washers
Spark plug caps
Specimen (biological) injections
Sponge applicators
Stair and step treads
Stick-on soles and taps
Stipplers
Stirrup pump hose
Stirring rods
Street sweeper belts
Street car springs
Swimming pool hose
Table tops
Tank floats
Telephone bases
Telephone cord protectors
Telephone protectors
Test tube holders
Thermometer cases
Thermos bottle parts

Thermoplastic coatings (except for wire and cable insulation)
Tire reliners
Tire and tube repair materials made from scrap tires and tubes
Toggle straps
Toilet closet outlet gaskets
Toilet closet seat bumpers
Trolley wire guard
Typewriter keys, platens, feet and covers
Typewriter and office machinery silencers
V-belt shock absorbers
Vacuum cleaner tires and bumpers
Washing machine drain hose
Weatherstripping
Wheelbarrow tires
Whiskey hose
Windlace and windlace tubing
Yarning material

SCHEDULE IV

Products for which crude rubber, latex, reclaimed rubber and scrap rubber may not be consumed to fill war orders. (See paragraph (c) (13) of Revised Supplementary Order No. M–15–b).

No person may (1) consume any crude rubber or latex in the manufacture or assembly of any of the products or materials set forth in Groups A and B of this Schedule IV for delivery to fill any war order; or (2) consume any reclaimed rubber or scrap rubber in the manufacture or assembly of any of the products or materials set forth in Group B of this Schedule IV for delivery to fill any war order; even though the consumption of crude rubber, latex, reclaimed rubber or scrap rubber might otherwise be permitted under any of the broader provisions or classifications of products under paragraphs (b) (1) (i), (b) (2) (i), (b) (3) (i) or (b) (4) (i) of Revised Supplementary Order No. M–15–b or Schedule I attached to said order.

The omission of any products or materials from this Schedule IV does not mean that crude rubber, latex, reclaimed rubber or scrap rubber may be consumed in their manufacture. Crude rubber, latex, reclaimed rubber and scrap rubber may be consumed in the manufacture of products or materials not so listed only if and to the extent permitted by Revised Supplementary Order No. M–15–b and Schedule I attached to said order.

Group A—Products and materials for which crude rubber and latex shall not be consumed

Accelerator treadle connections
Brush-setting compounds
Bumpers (automotive axle)
Bumper stripping
Cellular discs
Channel rubber (except airplane)
Combined fabrics (except flotation and lighter-than-air equipment or as otherwise specified by List 3 attached to Supplementary Order No. M–15–b–1, as amended)
Cowl vent seals and gaskets
Cowl vent hose
Dust and lever housing covers
Erasers (including typewriter)
Escalator handrails
Flyers' clothing bags (Type B 4)
Fly Paper
Foot boards (motorcycle)
Friction tape
Gym and basketball shoes (except cement and foxings)
Handle grips (except dielectric)
Labels
Mallet heads
Marbon B. (except wire and cable insulation)
Pliofilm, Plioform, and Pliolite (except moisture proof envelopes for parts for airplanes, tanks and guns and wire and cable insulation)
Recoil pads (except machine gun and eye buffers)
Rubber bands (except parts of combat equipment)
Rubberized curled hair or vegetable fibre
Sponge cushioning including seat bottoms, seat backs, armrests, handrests, parachute backs and seats and tank crash pads and linings and all other (except vision and gunsight slot pads, mask parts, ear cushions, and cushioning for cameras, flight control and fire control instruments)
Toilet closet gaskets
Toilet seat bumpers
Water, garden and lawn hose (except as specified by List 1 attached to Supplementary Order No. M–15–b–1, as amended)
Weatherstrip (except airplane)

Group B—Products and materials for which crude rubber, latex, reclaimed rubber and scrap rubber shall not be consumed

Artificial leather and upholstery
Ash trays
Athletic equipment (except clothing)
Bath sprays, sponges and soap dishes
Bumper tacks
Buttons (clothing)
Canvas water bags
Cap covers
Cartridge clip boxes
Cellular pads for crash helmet cushions
Channel filler and glazing rubber (except airplane)
Chevrons
Desk and chair protection pads
Desk sets
Dishdrainers
Door checks and bumpers (reclaimed rubber and scrap rubber may be used for airplane and automotive parts)
Door knob covers
Fan bases and blades (reclaimed rubber and scrap rubber may be used for combat tank equipment)
Faucet caps
Fender protective plates
Fender welting
Flooring (except conductive)
Fly swatters
Footbath trays
Gear shift knobs
Grommets (except airplane and dielectric)
Gun grips
Hood supports and bumpers
Hospital sheeting
Inkwells and bottles
Kneeling pads
Leather finishes
Link mats (reclaimed rubber and scrap rubber may be used for airplane walkways, pilot house, bridge deck and gun platforms)
Mastic deck covering (except repair)
Mats and matting (except switchboard and conductive; reclaimed rubber and scrap rubber may be used for airplane walkways, pilot house, bridge deck and gun platforms)
Molded wheels and casters (except hospital and surgical equipment and airplane tailwheels)
Name plates
Office machine silencers
Paper padding adhesives
Paving blocks
Pedal rubbers
Picture screens
Plate wipers
Plywood adhesives
Rubber-covered lamp guards, handles, grab rails and knobs (except dielectric)
Rubber thread
Sateen gimp
Serving trays
Sewage disposal bags and paper
Shims (automotive)
Sink pads, mats, sprays and stoppers
Stair and step treads (except conductive)
Steering wheels
Step plates
Stove top pads
Table tops (except conductive)
Tank fenders and flaps
Telephone bases
Tent fabrics
Thermostat covers
Tile and tiling (except conductive)
Toilet seats
Tractor and implement tires
Typewriter keys
Valve stems for tire tubes other than airplane tire tubes
Wainscoting
Wheelbarrow and lawnmower tires
Window squeegees (but not windshield wipers)
Wrestling mat covers
Zipper tabs

SCHEDULE V

Index of products for which crude rubber, reclaimed rubber and scrap rubber may be consumed, and of products for which the consumption of these materials is prohibited. (See paragraph (c) (14) of Revised Supplementary Order No. M–15–b)

This Schedule constitutes an index of the permitted and prohibited products under Schedules I, II–A, II–B, II–C, III and IV attached to Revised Supplementary Order No. M–15–b, and is attached to such order for the convenience of the industry. Appropriate cross-references are made to such other schedules. Crude rubber, latex, reclaimed rubber and scrap rubber may not be consumed to manufacture any product or material not mentioned in this Schedule V unless otherwise authorized by the Director General for Operations.

PART 1042—IMPORTS OF STRATEGIC MATERIALS

[Amendment 4 of General Imports Order M-63, as Amended June 2, 1942]

Section 1042.1 *General Imports Order M-63* as amended June 2, 1942,[1] is further amended in the following respects:

(a) Subparagraph (1) of paragraph (b) is amended by inserting the following after the first sentence thereof:

• • • No bank or other person shall participate, by financing or otherwise, in any arrangement which such bank or person knows or has reason to know involves the importation of any such material unless such bank or person has received either a copy of the authorization issued by the Director General for Operations, or, if the material is one of those on List I or List II, an affidavit stating that the material is imported under a contract made before, or in existence on, the date when such material was first made subject to the provisions of this order.

[1] 7 F.R. 4199, 4404, 4878, 5638, 6521.

(b) Subparagraph (2) of paragraph (c) is amended to read as follows:

(2) *Restrictions upon banks and persons similarly situated.* No bank or other person which, as agent, pledgee, beneficiary under a trust receipt, or otherwise, has possession of or any interest in any written instrument evidencing any interest in any material on List I shall in any way, directly or indirectly, dispose of any such interest, or transfer possession, or cause or permit a transfer of possession, of such instrument, unless: (i) Such material was imported before it became subject to this order; or

(ii) Such person neither knows nor has reason to know that such material was imported after it became subject to this order; or

(iii) Such disposition or transfer is necessary to permit a consignee to make a permissible disposition of material in accordance with subparagraph (1) of this paragraph (c); or

(iv) Such disposition or transfer is made to the owner of the material and such owner has complied with all the provisions of this order.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 25th day of August 1942.

PART 3008—ELECTRIC FUSES

[Limitation Order L-161]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of copper, zinc, iron, steel and other materials for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the war effort:

§ 3008.1 *General Limitation Order L-161*—(a) *Definitions.* For the purposes of this order:

(1) "Electric fuse" means a thermal device used in an electrical circuit to prevent the flow of electricity in excess of a stated capacity in amperes. "Electric fuse" shall not include an electric fuse of 2300 volt size or larger or a "circuit breaker".

(2) "Manufacturer" means any person who makes, fabricates, assembles, casts or in any way processes material for the manufacture of electric fuses.

(3) "Copper" means unalloyed copper metal.

(4) "Copper base alloy" means any alloy in the composition of which the percentage of copper metal by weight equals or exceeds 40% of the total weight of the metal.

(b) *General restrictions.* Notwithstanding any contract, agreement or preference rating to the contrary:

(1) No manufacturer shall on or after 15 days subsequent to the date of issuance of this order use in the manufacture, casting or processing of a component part of an electric fuse any copper or copper base alloy except as a conductor of electric current;

(2) No manufacturer shall on or after 30 days subsequent to the date of issuance of this order use in the assembly of an electric fuse or in the assembly of a component part of an electric fuse any copper or copper base alloy except as a conductor of electric current;

(3) No manufacturer shall on or after 15 days subsequent to the date of issuance of this order ship or sell to any person any electric fuse or component part of an electric fuse except: (i) A manufacturer may ship or sell an electric fuse or a component part of an electric fuse pursuant to a preference rating of A-10 or better;

(ii) A manufacturer may ship or sell an electric fuse or a component part of an electric fuse to another manufacturer.

The provisions of paragraph (b) (3) of this order shall neither limit nor prohibit a sale or shipment of any electric fuse or component part of an electric fuse by any person other than a manufacturer.

(c) *Records.* All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production and sales.

(d) *Audit and inspection.* All records required to be kept by this order shall, upon request, be submitted to audit and inspection, by duly authorized representatives of the War Production Board.

(e) *Reports.* Each person to whom this order applies shall file with the War Production Board such reports and questionnaires as said Board shall from time to time prescribe.

(f) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of or from processing or using material under priority control and may be deprived of priorities assistance.

(g) *Appeal.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, may apply for relief by addressing a letter to the War Production Board, setting forth the pertinent facts and the reasons why such person considers that he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(h) *Applicability of other orders.* Insofar as any other order heretofore or hereafter issued by the Director General for Operations limits the use of any material in the production of electric fuses to a greater extent than the limits imposed by this order, the restrictions in such other order shall govern unless otherwise specified therein.

(i) *Routing of correspondence.* All communications concerning this order should be addressed to the War Production Board, Building Materials Branch, Washington, D. C., Ref: L-161. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2(a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

PART 3039—MANUFACTURED GAS

[Limitation Order L-174]

ORDER CURTAILING CONSUMPTION OF MANUFACTURED GAS

Whereas because of increased manufactured gas requirements for war production and civilian uses, because of scarcity of materials for the construction and operation of manufactured gas plants, mains and other facilities, and because of shortages of transportation facilities to haul fuel and materials used in the production of manufactured gas, shortages of manufactured gas have occurred in certain areas of the United States and are threatened in others; and

Whereas during periods of adverse weather conditions, the demand for manufactured gas in many areas may increase beyond the capacity for existing facilities to meet such demand; and

Whereas the limitations upon deliveries of manufactured gas hereinafter ordered are necessary in order to maintain deliveries of manufactured gas to war industries and essential civilian services;

Now, therefore, it is ordered:

§ 3039.1 *General Limitation Order L-174*—(a) *Definitions.* For the purposes of this order: (1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons whether incorporated or not.

(2) "Utility" means any person in the United States engaged in producing, transmitting or supplying manufactured gas directly or indirectly for general use by the public. Any system supplying natural or mixed natural and manufactured gas is not subject to this order but is subject to the provisions of Limitation Order L-31.

(3) "Non-utility producer" means any person who owns or operates any gas production or transmission facilities and who is not included in the definition of "utility" in paragraph (a) (2).

(4) "Consumer" means any ultimate user of manufactured gas produced, transmitted or distributed by any Utility or by any non-utility producer which is interconnected with any utility.

(5) "Manufactured gas" means any combustible gas produced by any manufacturing process (other than liquefied petroleum gas unmixed with any gas produced by any other manufacturing process).

(6) "Standby facilities" means equipment designed to use a fuel other than fuel oil to replace manufactured gas, and for the operation of which a supply of such fuel is obtainable.

(7) "Space heating equipment" means equipment used for the purpose of raising atmospheric temperature in any building or portion thereof.

(b) *Gas system operations.* (1) Each utility shall so operate its gas manufacturing, transmission, storage, distribution, and other facilities, as to achieve so far as practicable the maximum output of gas in any area in which a shortage of manufactured gas exists or is imminent. Where necessary for the above purposes, the Director General for Operations will from time to time issue directions as to the operation of gas manufacturing, transmission, storage, distribution or other facilities, and as to deliveries of gas.

(2) Each utility shall, as soon as practicable, make an investigation of the type, amount, and availability of any manufactured gas production facilities owned or operated by any non-utility producer located in or near its operating area, whether or not interconnected with such utility, and shall make such arrangements (including arrangements for interconnections where feasible) as can be made by means of voluntary agreement among the parties and as may be necessary or advisable to meet or to anticipate shortages of manufactured gas. Where such arrangements require the use of materials in excess of those available under any priority order issued by the Director General for Operations, application for authority to use or to acquire such materials shall be made to the Director General for Operations in accordance with established procedures. In any case in which efforts to complete voluntary arrangements fail, the utility shall report the fact to the Director General for Operations, setting forth all pertinent information. The Director General for Operations will, where necessary to accomplish the purposes of this order, issue specific directions to utilities and non-utility producers as to the integration of manufactured gas facilities.

(3) Upon notice from the Director General for Operations to any non-utility producer that a gas shortage exists or is imminent in any area served by any utility with which such non-utility producer is interconnected, such non-utility producer shall so order its operations as to make available for delivery to such utility all manufactured gas which it is capable of producing or supplying and which is not essential for its own operations, unless the Director General for Operations shall, upon application, determine that such gas, because of differences in heat value or chemical composition, cannot practicably be mixed with the gas supplied by such utility. It shall also make available for delivery to such utility further quantities of gas in accordance with directions of the Director General for Operations.

(c) *Limitation on deliveries of manufactured gas.* (1) In the event that the supply of manufactured gas available in any area is insufficient to meet the demand therefor, and reduction in deliveries to consumers becomes necessary, the utility supplying such area shall reduce deliveries to its consumers in the following manner and in accordance with such other specific directions as the Director General for Operations may from time to time issue:

(i) First, the utility shall, within the limits of its contractual rights, reduce deliveries (except those deliveries to war producers and essential civilian services referred to in Exhibit A, as the same may be amended from time to time) to all consumers purchasing gas under contracts permitting the supplier to interrupt deliveries, and shall, within the limits of its contractual rights, reduce deliveries to all consumers who have standby facilities the operation of which can directly or indirectly alleviate the shortage of manufactured gas in the area.

(ii) Second, the utility shall, without regard to its contractual rights or those of any consumer, reduce deliveries to all consumers who have standby facilities to the extent to which the operation of such facilities can directly or indirectly alleviate the shortage of manufactured gas in the area.

(iii) Third, whenever a utility finds that further reductions in deliveries in accordance with this paragraph are or will become necessary to relieve an actual or threatened shortage of manufactured gas, such utility shall notify the Director General for Operations who will prescribe such schedules or issue such directions as may be necessary in respect to deliveries to all consumers (other than deliveries to war producers and essential civilian services referred to in Exhibit A, as the same may be amended from time to time). Thereupon, such utility shall, without regard to its contractual rights or those of any consumer, reduce such deliveries in accordance with such schedules and directions.

(iv) If, after effectuating the reduction in deliveries of gas required by or pursuant to the foregoing provisions of this paragraph, it becomes necessary to curtail the deliveries of gas to war producers and essential civilian services referred to in Exhibit A, as the same may be amended from time to time, the Director General for Operations will issue specific directions providing for such curtailment.

(2) Whenever, pursuant to paragraph (c) (1) above or any directions issued thereunder, any utility is obliged to reduce deliveries to any consumer, such utility shall so inform all consumers to be curtailed, and each such consumer shall, upon such notification, reduce his acceptance of deliveries of manufactured gas in accordance with such notification.

(3) Whenever any utility finds it necessary to reduce deliveries, pursuant to paragraphs (c)(1)(ii), (c)(1)(iii) or (c)(1)(iv), such utility shall immediately notify the Power Branch of the War Production Board. Ref: L-174, of such curtailment by telegram. Following each such curtailment, the utility shall submit to the Power Branch a detailed report of the duration of curtailment and the extent to which deliveries to each such consumer were curtailed. Such report shall be filed on Form PD-628.

(d) *Restrictions upon increased deliveries.* After September 1, 1942, no utility shall deliver manufactured gas to any consumer, other than a domestic consumer, for the operation of any gas-fired equipment which was not operated by such consumer, or at the same premises, prior to such date unless:

(1) The total input capacity of all such equipment operated by any consumer is less than 150 cubic feet per hour, or

(2) Such equipment replaces existing gas-fired equipment of equal or greater capacity, or

(3) Such deliveries are specifically approved in advance by the Director General for Operations. Any consumer or utility which considers that such deliveries are necessary for war production or the operation of an essential civilian service may apply for such approval to the Director General for Operations.

(e) *Restrictions upon deliveries of manufactured gas for space heating.* After September 1, 1942, except where otherwise directed by the Director General for Operations, no utility shall deliver, and no consumer shall accept deliveries of manufactured gas for the operation of any space heating equipment unless such equipment:

(1) Was installed (or if converted from some other fuel to manufactured gas, such conversion was completed) prior to September 1, 1942, or

(2) Replaces gas-fired space heating equipment of equal or greater capacity, or

(3) Was installed prior to November 15, 1942, in a new building, and such equipment was specified in the construction contract, and the foundation under the main part of the structure in which the equipment is to be installed was completed prior to Sept. 1, 1942.

(f) *Applications to Director General for Operations.* (1) Any person who considers that any reduction in or prohibition of deliveries of manufactured gas made or proposed to be made pursuant to paragraphs (c) (1) or (e) or any direction issued thereunder interferes or will interfere materially with war production or the operation of an essential civilian service, may apply for relief to the Director General for Operations who may grant such specific exemptions or take such other action as may be consistent with the purposes of this order. Such application shall state the nature of the war materials being manufactured or the nature of the service, the extent to which such production or service has been or may be curtailed because of reduced delivery of manufactured gas or inability to use gas for space heating, and the increase in deliveries of manufactured gas required for restoration of full production or service.

(2) Any utility which considers that the capacity of its gas manufacturing equipment and the supply of fuel oil, coal, coke or other fuel available for gas manufacturing are sufficient to take care of all existing and estimated future requirements of war industry and unrestricted

civilian use, may apply for exemption of the system or any portion thereof from the provisions of this order or any direction issued hereunder to the Director General for Operations who may grant such exemptions or take such other action as may be consistent with the purposes of this order.

(g) *Appeal.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship on him may appeal for relief to the Director General for Operations who may grant such specific exemptions or take such other action as may be consistent with the purposes of this order.

(h) *Violations.* Any person who wilfully violates any provision of this order or any direction of the Director General for Operations issued hereunder, or who wilfully furnishes false information to the Director General for Operations in connection with this order, is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from obtaining deliveries of manufactured gas or from making or obtaining further deliveries of, or from processing or using, other material under priority control and may be deprived of priorities assistance by the Director General for Operations.

(i) *Reports and information.* (1) Each utility shall keep and preserve for not less than two years accurate and complete records concerning deliveries of manufactured gas to consumers.

(2) Such records shall be subject to inspection by duly authorized representatives of the War Production Board.

(3) All persons affected by this order shall execute, and file with the War Production Board such reports and questionnaires as said Board shall, from time to time, request.

(j) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to Power Branch, War Production Board, Washington, D. C. Ref: L–174, (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E. O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 25th day of August 1942.

AMORY HOUGHTON,
Director General for Operations.

EXHIBIT A

I. Deliveries, except for space heating purposes, to consumers whose operations fall within the classifications listed below:

(1) Fire and police stations, post offices, court houses, schools and prisons.
(2) Public eating establishments, including restaurants, cafes etc.
(3) Bakeries and dairies.
(4) Plants exclusively engaged in the production of the following munitions, equipment or materials:

(a) Airplanes, airplane engines, and parts.
(b) Naval and merchant ships and parts.
(c) Ordnance items, including guns, ammunition, explosives, combat vehicles, radio equipment and parts.
(d) Aluminum and alumina.
(e) Magnesium.
(f) Copper, brass, tin and lead.
(g) Zinc.
(h) Manganese.
(i) Mercury.
(j) Abrasives.
(k) Graphite electrodes.
(l) Forgings.
(m) The following machinery and equipment:
Power boilers.
Searchlights.
Electrical measuring instruments.
Generators.
Transformers, electrical control and switchboard apparatus.
Heat exchangers.
Pressure vessels.
Wire and cable.
Steam engines.
Steam turbines.
Diesel engines.
Gas engines.
Crawler tractors.
Mining machinery and equipment.
Machine tools.
Machine tool accessories and machinists precision tools.
Pumps and compressors.
Conveyors and conveying equipment.
Industrial cars and trucks.
Industrial blowers, exhaust and ventilating fans.
Mechanical testing equipment.
Ball and roller bearings and parts.
Mechanical power transmission equipment.
Water purification equipment.
Locomotives and railroad cars.
Navigation instruments.
Surgical, medical and dental equipment and supplies.
Optical instruments and lenses.
(n) Iron ore, pig iron, steel and ferroalloys.
(o) Sulphuric acid.
(p) Liquid oxygen.
(q) Rubber.

II. Deliveries, including deliveries for space heating purposes, to hospitals.

PART 1190—COTTON TEXTILES FOR ESSENTIAL INDUSTRIAL AND SURGICAL PRODUCTS

[General Preference Order M–134, as Amended August 25, 1942]

1. The designation of Part 1190 (formerly "Cotton Textile Fabrics for Use as Industrial Cloth or Tape") is hereby amended to read "Cotton Textiles for Essential Industrial and Surgical Products".

2. Section 1190.1 *General Preference Order M–134* is hereby amended to read as follows:

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of cotton textiles for use in the manufacture of essential industrial and surgical products, for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1190.1 *General Preference Order M–134*—(a) *Issuance of schedules*[1] *covering cotton textiles used for various types or classifications of essential industrial and surgical products.* The Director General for Operations may from time to time issue schedules establishing definitions, allocations of looms or yardages, assignments of preference ratings, purchase quotas for manufacturers or users, as well as regulations upon inventories, manufacture and sale, and such other matters pertaining to cotton textiles used for various types or classifications of essential industrial and surgical products, as may be necessary and appropriate in the public interest and to promote the national defense.

(b) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the Priorities Regulations of the War Production Board, as amended from time to time.

(c) *Restrictions on the use of material obtained pursuant to any schedule.* Except as otherwise expressly provided in any schedule issued hereunder, and subject to any more restrictive provisions contained therein, no person shall use or dispose of any material, whether in the original mill state or partially processed state, which was obtained by him pursuant to the application of a preference rating assigned by any such schedule, or pursuant to the use of any certification required by any schedule for the acquisition thereof, except as follows:

(1) For the manufacture of the end products covered by the said schedule,

(2) For sale to any person on an order bearing a rating of A–2 or better; or

(3) For sale to or for the account of, or for physical incorporation into products to be delivered to, or for the account of, the Army of the United States, the United States Navy, the United States Maritime Commission, the War Shipping Administration or its Operating or General Agents: *Provided,* That no person shall sell or deliver, on an order rated less than A–2, any such material for physical incorporation into products for any of said governmental agencies unless he shall have first received from the purchaser a certificate signed by such purchaser, or by a person authorized to sign in his behalf, in substantially the following form:

The undersigned hereby certifies that he requires the material covered by the annexed order for physical incorporation into material or equipment to be delivered to, or for the account of, the Army of the United States, the United States Navy, the United States Maritime Commission, the War Shipping Administration or its Operating or General Agents.

(d) *Records.* All persons affected by this order shall keep and preserve for a period of not less than two years accurate and complete records concerning inventories, production and sales, and showing the yardage of each class of fabric, as

[1] *Infra.*

indicated by the headings in the schedules, sold pursuant to the application of the rating assigned by each schedule, and any other records as may be required to be kept by any such person in accordance with the provision or provisions of the respective schedule or schedules issued by the Director General for Operations pursuant to this order.

(e) *Audit and inspection.* All records required to be kept by this order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(f) *Reports.* All persons affected by this order shall execute and file with the War Production Board such other reports and questionnaires as may be required by the War Production Board from time to time in accordance with the provision or provisions of the respective schedule or schedules issued by the Director General for Operations pursuant to this order.

(g) *Appeals.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of cotton textiles for essential industrial and surgical products conserved or made available, or that compliance with this order would disrupt or impair a program of conversion from nondefense to defense work, may appeal in writing to the War Production Board, Reference M–134, setting forth the pertinent facts and the reasons he considers he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(h) *Communications to the War Production Board.* All communications concerning this order, or any reports required to be filed hereunder, shall, unless otherwise directed, be addressed to: War Production Board, Textile, Clothing and Leather Branch, Washington, D. C., Reference: M–134.

(i) *Violations.* Any person who wilfully violates any provision of this order or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance by the Director General for Operations. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 25th day of August 1942.

PART 1190—COTTON TEXTILES FOR ESSENTIAL INDUSTRIAL AND SURGICAL PRODUCTS

[General Preference Order M–134 as Amended August 25, 1942]

SCHEDULE I—INDUSTRIAL CLOTH OR TAPE

§ 1190.2 Schedule I of General Preference Order M–134—(a) *Additional definitions.* For the purposes of this Schedule:

(1) "Industrial cloth or tape" shall mean any adhesive, gummed, varnished, or otherwise treated cloth or tape used primarily for electrical insulation, for sealing, supporting, masking, separating, identifying and protective purposes, for reinforcing joints in corrugated or fibre shipping containers; including, but not limited to, varnished cambric cloth or tape, insulating tape, friction tape, carton tape, and pressure sensitive tape.

(2) "Industrial cloth or tape manufacturer" shall mean any person engaged in the manufacture of industrial cloth or tape.

(3) "Intermediate processor" shall mean any person engaged in the bleaching, finishing or processing, for resale, of cotton textile fabrics suitable for industrial cloth or tape in preparation for final manufacture into industrial cloth or tape.

(4) "Cotton textile fabrics suitable for industrial cloth or tape" shall mean the constructions listed below in original mill state:

Osnaburgs:
40″ 32/28 3.55 yd.
36″ 32/28 2.85 yd.
Sheetings:
43″ 36/40 5.80 yd.
40″ 36/40 5.55 yd.
40″ 44/40 5.50 yd.
46″ 24/40 4.78 yd.
40″ 56/48 4.30 yd.
40″ 44/40 4.25 yd.
40″ 56 to 60 by 56 to 60 4.00 yd.
40″ 48/48 2.85 yd.
Print cloths:
38½″ 64/60 5.35 yd.
39″ 68/72 4.75 yd.
39″ 72/68 4.73 yd.
39½ 72/72 4.52 yd.
39″ 80/80 4.00 yd.
Carded lawns:
39″ 72/68 6.25 yd.
Tubing:
27″ 68/72 3.37 yd.
27″ 72/68 4.10 yd.

and shall also include pro rata widths of like count and weight to the above constructions, provided such other width fabrics, wider or narrower, are produced for the purpose of utilizing maximum productive width of looms or augmenting the supply of square yardage in fabric widths suitable for economical use in the manufacture of industrial cloth or tape.

To the extent consistent with machinery limitations, the manufacture of cotton textile fabrics suitable for industrial cloth or tape shall be made pursuant to additional specifications, if furnished by an industrial cloth or tape manufacturer or an intermediate processor, establishing special physical requirements which cannot be met by the same goods of commercial quality.

(5) "Partially processed fabrics" shall mean any of the above defined cotton textile fabrics suitable for industrial cloth or tape after they have been bleached, finished, or processed in preparation for final manufacture into industrial cloth or tape.

(b) *Assignment of preference rating.* Purchase orders for cotton textile fabrics suitable for industrial cloth or tape placed by industrial cloth or tape manufacturers or by intermediate processors are hereby assigned a preference rating of A–2.

(c) *Restrictions on inventories of cotton textile fabrics suitable for industrial cloth or tape and of partially processed fabrics.* (1) No industrial cloth or tape manufacturer shall hereafter hold in any mill, warehouse, place of storage or manufacturing plant, any cotton textile fabrics suitable for industrial cloth or tape in excess of a practical minimum working inventory, and in no event, in excess of the aggregate yardage of such fabrics which will be completely manufactured by him into industrial cloth or tape within sixty (60) days after the receipt of any delivery thereof at such mill, warehouse, place of storage or manufacturing plant.

(2) No industrial cloth or tape manufacturer shall hereafter hold in any mill, warehouse, place of storage, or manufacturing plant, any partially processed fabrics in excess of a practical minimum working inventory, and in no event, in excess of the aggregate yardage of such fabrics which will be completely manufactured by him into industrial cloth or tape within thirty (30) days after the receipt of any delivery thereof at such mill, warehouse, place of storage or manufacturing plant.

(3) No intermediate processor shall hereafter hold in any mill, warehouse, place of storage or manufacturing plant, any cotton textile fabrics suitable for industrial cloth or tape, such fabrics in process of conversion to partially processed fabrics and partially processed fabrics in excess of the aggregate yardage of all such fabrics which are scheduled to be shipped by him within sixty (60) days after receipt of any delivery of cotton textile fabrics suitable for industrial cloth or tape at such mill, warehouse, place of storage, or manufacturing plant.

(d) *Sales of partially processed fabrics to manufacturers.* In addition to the use and disposition of partially processed fabrics permitted by paragraph (c) of General Preference Order M–134, (1) intermediate processors may sell and deliver partially processed fabrics to an industrial cloth or tape manufacturer without requiring any preference rating from him, but not unless and until such intermediate processor shall have received from such industrial cloth or tape manufacturer a certificate, manually signed by such industrial cloth or tape manufacturer or by an authorized individual, substantially in the following form:

The undersigned hereby certifies to the vendor and to the War Production Board that

he is familiar with the terms of Order M-134, and of Schedule I thereof, that the partially processed fabrics, as defined in paragraph (a) (5) of Schedule I thereof, covered by the annexed purchase order are needed for manufacture into industrial cloth or tape, as defined in paragraph (a) (1) of Schedule I thereof, and to the best of the undersigned's knowledge and belief, such partially processed fabrics will be manufactured into industrial cloth or tape within the next thirty (30) days after receipt of any delivery against this purchase order.

Name of industrial cloth or tape manufacturer

By ---
Duly authorized person

and (2) any industrial cloth or tape manufacturer may resell and deliver any partially processed fabrics so purchased to any other industrial cloth or tape manufacturer without requiring any preference rating, but only upon receipt from such other industrial cloth or tape manufacturer of a certificate in the form prescribed in this paragraph (d).

(e) *Application of preference rating.* Any industrial cloth or tape manufacturer, or intermediate processor, in order to apply the preference rating assigned by paragraph (b) to deliveries of material to him, must endorse on or attach to each purchase or manufacturing order placed by him to which the rating is to be applied, a certification in the following form, signed manually or as provided in Priorities Regulation No. 7 (§ 944.27) by an official duly authorized for such purpose:

CERTIFICATION

The undersigned purchaser hereby represents to the seller and to the War Production Board that he is entitled to apply the preference ratings indicated opposite the items shown on this purchase order, and that such application is in accordance with Priorities Regulation No. 3 as amended, with the terms of which the undersigned is familiar. Furthermore, the undersigned certifies that the fabrics hereby ordered will be used in the manufacture of industrial cloth or tape or otherwise disposed of only as permitted in General Preference Order M-134 and/or Schedule I thereto.

(Name of purchaser)	(Address)
By	
(Signature and title of duly authorized officer)	(Date)

Such endorsement shall constitute a representation to the War Production Board and the supplier with whom the purchase order is placed that such purchase orders are duly rated in accordance herewith.

Each person applying ratings must maintain at his regular place of business all documents, including purchase or manufacturing orders, preference rating orders and certificates, upon which he relies as entitling him to apply or extend such ratings, segregated and available for inspection by representatives of the War Production Board, or filed in such manner that they can be readily segregated and made available for such inspection.

PART 1190—COTTON TEXTILES FOR ESSENTIAL INDUSTRIAL AND SURGICAL PRODUCTS

[General Preference Order M-134, as Amended August 25, 1942]

SCHEDULE II—SURGICAL DRESSINGS

§ 1190.3 *Schedule II to General Preference Order M-134*—(a) *Additional definitions.* For the purposes of this Schedule:

(1) "Surgical dressings" shall mean those products made wholly or partially of textiles and used or intended for use in the cure, mitigation, treatment, or prevention of traumatic or pathological conditions resulting from surgery, injury or disease; or for use in conjunction with the physiological functions of man and for other general needs of the public health, and which are commonly known or sold as surgical or medical products.

(2) "Surgical textiles" shall mean the constructions listed below in original mill state.

Sheetings:
40" to 41" Soft Filled weighing 1.50 to 1.75 yd.
40" to 42" 73 to 77 Sley, 84 to 88 Pick, 2.80 to 2.90 yd.

PART 1499—COMMODITIES AND SERVICES

[Order 23 Under § 1499.18 (c) of the General Maximum Price Regulation—Docket GF3-339]

INDEPENDENT GROCERS ALLIANCE DISTRIBUTING CO.

For the reasons set forth in an opinion issued simultaneously herewith, it is ordered:

§ 1499.373 *Adjustment of maximum prices for sales of "Jell-It", a gelatin dessert powder sold through affiliates of Independent Grocers Alliance Distributing Company.* (a) The affiliated wholesalers of the Independent Grocers Alliance Distributing Company, of Chicago, Illinois, may sell and deliver and any person may buy and receive from such wholesalers a case containing 36 packages of "Jell-It" gelatin dessert at a price equal to their maximum price as allowed under § 1499.2 of the General Maximum Price Regulation plus 18 cents, but in no event shall said price exceed $1.65 per case.

(b) Any customer of said affiliated wholesalers may sell and deliver and any purchaser from such customer may buy and receive a package of "Jell-It" at prices not higher than 6¢ per package when sold singly, two for 11¢, three for 17¢, or multiples thereof when sold in larger quantities or at their maximum price as allowed under § 1499.2 of the General Maximum Price Regulation, whichever is higher.

(c) The adjustments granted in paragraphs (a) and (b) are subject to the following conditions:

(1) Independent Grocers Alliance Distributing Company shall notify each of its affiliated wholesalers of the modification of their maximum prices made by this order and shall accompany such notice with a copy of this order;

(2) Every affiliated wholesaler of the Independent Grocers Alliance Distributing Company shall advise in writing all persons to whom they sell "Jell-It" of the modification of the maximum prices for such product permitted by this order. Such notification shall be made with the first delivery after the effective date of this order.

(3) No seller shall change his customary allowances, discounts or other price differentials, unless such change shall result in a lower price.

(d) All prayers of the application not granted herein are denied.

(e) This Order No. 23 may be revoked or amended by the Price Administrator at any time.

(f) This Order No. 23 (§ 1499.373) is hereby incorporated as a section of Supplementary Regulation No. 14, which contains modifications of maximum prices established by § 1499.2.

PART 1900—ORGANIZATION

ESTABLISHMENT OF CIVILIAN EVACUATION SERVICE

[Administrative Order No. 28]

Pursuant to authority granted by Executive Order No. 8757 dated May 20, 1941, as amended by Executive Order No. 9134 dated April 15, 1942, the Director of Civilian Defense hereby confirms the establishment, within the Office of Civilian Defense, of the Civilian Evacuation Service.

Sec.
1900.20 Purpose.
1900.21 Organization, supervision and membership.
1900.22 Insigne.
1900.23 Assisting personnel.

AUTHORITY: §§ 1900.20 to 1900.23, inclusive, issued under E.O. 8757, 9134; 6 F.R. 2517, 7 F.R. 2887.

§ 1900.20 *Purpose.* The Civilian Evacuation Service is established in accordance with the policy of the Joint Committee on Evacuation representing the Office of Civilian Defense, the Office of Defense Health and Welfare Services, the United States Public Health Service, the Children's Bureau of the United States Department of Labor, the United States Office of Education, and the Bureau of Public Assistance of the Social Security Board. Members of the Civilian Evacuation Service shall assist in planning and preparing for a possible evacuation of civilians and in effecting an actual evacuation and reception of civilians, in accordance with the policies developed by the Committee.

§ 1900.21 *Organization, supervision and membership.* The Civilian Evacuation Service shall operate under the supervision of the Regional Evacuation Officers, or persons designated to discharge this duty by the Regional Directors of Civilian Defense where no Regional Evacuation Officers have been appointed, and shall be directed by the chief officer of State or local evacuation authorities.

The membership of the Civilian Evacuation Service shall comprise members of State and local evacuation authorities, and persons who are designated or assigned to function in executive or supervisory positions with respect to the planning or actual operation of an evacuation, including persons who are designated as party leaders in the event of an

actual evacuation. Such persons may be certified to the State or Local Defense Council for appointment to membership in the Civilian Evacuation Service and may, upon taking an oath of the character and in the manner described in § 1903.9 of this chapter (section 9 of Office of Civilian Defense Regulations No. 3) with respect to the United States Citizens Defense Corps, be appointed as members of the Civilian Evacuation Service by the State or Local Defense Council.

§ 1900.22 *Insigne.* The basic insigne prescribed for the Civilian Evacuation Service shall consist of a large block letter "E" in white, placed in the center of a red disc within a white equilateral triangle embossed on a circular field of blue. The basic insigne may be included in lapel pins and buttons, sleeve insignia for uniforms, collar and cap emblems for uniforms, automobile stickers and plates, and certificates of membership, but not arm bands or brassards. The basic insigne may also be included on badges three inches in diameter to identify evacuation leaders of parties and designated assistants in the event of an actual evacuation. The use and wear of all official articles embodying the prescribed insigne shall be governed by §§ 1902.1 to 1902.8, inclusive, of this chapter (Office of Civilian Defense Regulations No. 2) and any other rules, regulations, orders, or instructions issued by the Director. Local Defense Councils shall issue official articles embodying prescribed insignia to the members of the Civilian Evacuation Service, with the approval of the Regional Directors of the Office of Civilian Defense or of the State Defense Councils, where power of approval has been delegated to them, as provided in § 1902.4 of this chapter (section 4 of Office of Civilian Defense Regulations No. 2).

§ 1900.23 *Assisting personnel.* Volunteers shall be recruited by the Civilian Defense Volunteer Office of the Local Defense Council for Governmental agencies engaged in the evacuation program, such as health, educational and welfare agencies, and for the State or local evacuation authority, to assist in such matters as registration of possible evacuees, the collection or compilation of survey data, the providing of information to evacuees, and the providing of social, health and educational service. When requested by such agencies or authorities, they shall be assigned to and trained by them, and shall perform required duties. When trained to the satisfaction of such agencies or authorities, they may be certified to the Local Defense Council for appointment to membership in the United States Citizens Service Corps; they do not become members of the Civilian Evacuation Service.

Members of the United States Citizens Defense Corps may, upon request of State or local evacuation authorities, be assigned by the Commander or Chief of Service to perform duties, as such members, in connection with the evacuation program; such persons do not become members of the Civilian Evacuation Service.

[SEAL] JAMES M. LANDIS,

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

Chapter I—Coast Guard, Department of the Navy

REFUSAL TO ISSUE CERTIFICATES OF AWARD OF NUMBER TO CERTAIN MOTORBOAT OWNERS

ORDER WAIVING COMPLIANCE WITH CERTAIN PROVISIONS

An order waiving compliance with the provisions of the Act of June 7, 1918, as amended, to the extent necessary to permit the Commandant, United States Coast Guard, to refuse to issue certificates of award of number in certain cases.

Pursuant to the authority vested in me by section 501 of the Second War Powers Act, 1942 (Public Law 507, 77th Congress, 2d Session), I hereby waive the provisions of the Act of June 7, 1918, as amended (Title 46 U.S.C., section 288), to the extent necessary to permit the Commandant, United States Coast Guard, or any Coast Guard officer whom the Commandant, United States Coast Guard, may designate, to refuse to issue certificates of award of number to the owners of undocumented motorboats when, in the opinion of the Commandant, or the officer designated by the Commandant, the issuance of such certificates of award of number would be inimicable to the national interest of the United States.

RALPH A. BARD,
Assistant Secretary of the Navy.

TITLE 38—PENSIONS, BONUSES, AND VETERANS' RELIEF

Chapter I—Veterans' Administration

PART 10—INSURANCE

REINSTATEMENT

Sections 10.3422 and 10.3423 are revised, and a new section, § 10.3424, is added, as follows:

§ 10.3422 *Reinstatement of National Service Life Insurance.* Subject to the provisions of the National Service Life Insurance policy, or any amendment or supplement thereto, any insurance which has lapsed, or may hereafter lapse, and which has not been surrendered for a cash value or for paid-up insurance, may be reinstated upon written application signed by the applicant, and upon payment of all premiums in arrears, with interest from their several due dates at the rate of 5 per centum per annum, compounded annually, provided such applicant at the time of application and tender of premiums is in the required state of health as shown in paragraph (a) or (b) of § 10.3423, whichever is applicable, and submits evidence thereof at the time of application and tender of premiums as may be satisfactory to the Administrator of Veterans Affairs: *Provided,* That application for reinstatement of a five-year level premium term policy accompanied by evidence of insurability and tender of premiums with interest must be submitted prior to the expiration of the five-year term period: and *Provided further,* That the payment or reinstatement of any indebtedness against any policy must be made, and if such indebtedness with interest exceeds the reserve of the policy at the time of application for reinstatement thereof, then the amount of such excess shall be paid by the applicant as a condition of the reinstatement of the indebtedness and of the policy. (August 25, 1942) (54 Stat. 1012; 38 U. S. C. 808)

§ 10.3423 *Health requirements.* National Service Life Insurance may be reinstated if application and tender of premiums are made:

(a) While the insured is in the active service or not more than three months after discharge therefrom, provided applicant is in as good health on the date of application and tender of premiums as he was on the due date of the premiums in default, and furnishes evidence thereof satisfactory to the Administrator of Veterans Affairs: *Provided further,* That reinstatements under this paragraph shall be restricted to applications submitted not more than three months after the war: *And provided further,* That when the insured makes inquiry within the grace period disclosing a clear intent to continue insurance protection, such as a request for information concerning premium rates or conversion privileges, etc., an additional reasonable period not exceeding thirty days may be granted for payment of premiums due without the requirement of a comparative health statement; but the premiums in any such case must be paid during the lifetime of the insured.

(b) After expiration of the period mentioned in paragraph (a) hereof, provided applicant is in good health on the date of application and tender of premiums, and furnishes evidence thereof satisfactory to the Administrator of Veterans Affairs. (August 25, 1942) (54 Stat. 1012; 38 U.S.C. 808)

§ 10.3424 *Evidence of insurability.* The applicant for reinstatement of a National Service Life Insurance policy must furnish evidence of insurability at the time of application satisfactory to the Administrator of Veterans Affairs and upon such forms as the said Administrator shall prescribe or otherwise as he shall require. Applicant's own statements of comparative health may be accepted as proof of insurability for the purpose of reinstatement under § 10.3423 (a), but whenever deemed necessary in any such case by the Administrator of Veterans Affairs report of physical examination may be required. Applications for reinstatement submitted after expiration of the period mentioned in §10.3423 (a) must be accompanied by proof of good health, as follows: (1) If application is submitted within three months after the due date of the premium in default, applicant's own statements may be accepted as proof of good health, but whenever deemed necessary in any such case by the Administrator of Veterans Affairs report of physical examination may be required; (2) applications submitted after expiration of the said three-months period must be accompanied by report of physical examination. Physical examinations incident to reinstatement of insurance shall be acceptable if made by medical officers of the Veterans Administration, War Department, Navy Department, United States Public Health Service or by physicians designated by the Administrator of Veterans Affairs to make such examinations. (August 25, 1942) (54 Stat. 1012; 38 U.S.C. 808)

TITLE 41—PUBLIC CONTRACTS

Chapter II—Division of Public Contracts

PART 201—PROCEDURE FOR THE STIPULATION OF CONDITIONS IN GOVERNMENT PURCHASE CONTRACTS

TOLERANCE FOR HANDICAPPED WORKERS

Addition of § 201.1102 [Article 1102] to regulations for administration of the Act of June 30, 1936, Public No. 846, 74th Congress.

By virtue of the authority vested in me by section 4 of the Act approved June 30, 1936, 49 Stat. 2036, 41 U.S.C., secs. 35–45, I hereby add § 201.1102 [Article 1102] to Part 201 [Regulations No. 504, prescribed by the Secretary of Labor under Public Act No. 846, Seventy-fourth Congress (Series A)], which is to read as follows:

§ 201.1102 *Tolerance for handicapped workers.* Workers whose earning capacity is impaired by age or physical or mental deficiency or injury may be employed either by commercial establishments or as handicapped clients in sheltered workshops at wages lower than the prevailing minimum wages applicable under section 1 (b) of the Public Contracts Act upon the same terms and conditions as are prescribed for the employment of handicapped persons and of handicapped clients in sheltered workshops under section 14 of the Fair Labor standards Act of 1938, c. 676, 52 Stat. 1060, 29 U.S.C. sec. 201, by the regulations of the Administrator of the Wage and Hour Division of the Department of Labor (Title 29, Chapter V, Code of Federal Regulations, Parts 524 and 525), which are hereby adopted as the regulations governing employment of handicapped persons and of handicapped clients in sheltered workshops under the Public Contracts Act.

Any certificate issued by the Administrator of the Wage and Hour Division, pursuant to such regulations, authorizing the employment of a handicapped worker under the Fair Labor Standards Act shall constitute authorization for the employment of that worker under the Public Contracts Act in accordance with the terms of the certificate. The Administrator of the Wage and Hour Division is authorized to issue certificates under the Public Contracts Act for the employment of handicapped workers not subject to the Fair Labor Standards Act or subject to different minimum rates of pay under the two Acts, at appropriate rates of compensation and in accordance with the standards and procedures prescribed by the applicable regulations issued under the Fair Labor Standards Act. (49 Stat. 2036; 41 U.S.C. 34, 45)

This order shall become effective on September 15, 1942.

Dated: August 12, 1942.

FRANCES PERKINS,
Secretary of Labor.

PART 202—MINIMUM WAGE DETERMINATIONS

EMPLOYMENT OF HANDICAPPED OR SUPERANNUATED WORKERS

Amendment to all prevailing minimum wage determinations issued pursuant to section 1 (b) of the Walsh-Healey Public Contracts Act and in effect on August 12, 1942.

I hereby determine:

That all the prevailing minimum wage determinations issued by me pursuant to section 1 (b) of the Walsh-Healey Public Contracts Act and in effect on August 12, 1942, are hereby amended to provide that handicapped or superannuated workers may be employed at subminimum rates in accordance with the present applicable regulations issued by the Administrator of the Wage and Hour Division under the Fair Labor Standards Act, and that such handicapped or superannuated workers may not be employed at subminimum rates under any other conditions.

This amendment shall apply to all contracts subject to the Walsh-Healey Public Contracts Act bids for which are solicited or negotiations commenced by the contracting agency on or after September 15, 1942.

Dated: August 12, 1942.

FRANCES PERKINS,
Secretary of Labor.

TITLE 45—PUBLIC WELFARE

Chapter I—Office of Education; Federal Security Agency

PART 3—LOANS TO COLLEGE STUDENTS IN ACCELERATED PROGRAMS

LOANS TO STUDENTS IN TECHNICAL AND PROFESSIONAL FIELDS IN COLLEGE AND UNIVERSITY ACCELERATED PROGRAMS

Pursuant to the authority conferred by Title II, subheading "Office of Education", under the caption "Loans to students in technical and professional fields (national defense)" of the "Labor-Federal Security Appropriation Act, 1943", Public Law 647, 77th Congress, 2d Session, approved July 2, 1942, the following regulations are prescribed for the administration of the provisions of the said Act.

Sec.
3.1 Definition of terms
3.2 General provisions of the Act
3.3 Loan and collection agency
3.4 Institutional plans
3.5 Qualifications of borrowers
3.6 Discrimination
3.7 Amount of loans
3.8 Conditions of loans
3.9 Application for and availability of loans
3.10 Legal evidence of loans
3.11 Collection of loans
3.12 Reports, records, and audits

AUTHORITY: §§ 3.1 to 3.12, inclusive, issued under Pub. Law 647, 77th Cong.

§ 3.1 *Definition of terms.* Unless otherwise clearly indicated the following terms shall have the meaning hereinafter defined:

(a) "Act" means Title II, subheading "Office of Education", under the caption "Loans to students in technical and professional fields (national defense)" of the "Labor-Federal Security Appropriation Act, 1943", Public Law 647, 77th Congress, 2d Session, approved July 2, 1942, or amendments or extensions thereof.

(b) "Chairman" means the Chairman of the War Manpower Commission.

(c) "Commissioner" means the United States Commissioner of Education or the person in the Office of Education designated by him to perform the function herein referred to.

(d) "Institution" means a degree-granting college or university participating with the approval of the Commissioner in the loans to students contemplated by the Act and covered by these regulations. Degree-granting means that the institution, in recognition of satisfactory completion of a standard curriculum, granted during the academic year 1941–42 degrees with a major in one or more of the following fields: engineering, physics, chemistry, medicine (including veterinary), dentistry, and pharmacy.

(e) "Agency" means the public or college-connected agency designated by the institution as the loan and collection agency for the loan program under the Act.

(f) "Accelerated program" means such an academic schedule in an institution as provides within a twelve-months year at least the equivalent of the work of one

and one-third academic years of nine months in one of the following curricula of undergraduate or graduate study: engineering, chemistry, physics, medicine (including veterinary), dentistry, and pharmacy.

(g) "Engineering" means a curriculum in engineering leading to at least a bachelor's degree in engineering.

(h) "Physics" means a curriculum leading to at least a bachelor's degree with a major in physics.

(i) "Chemistry" means a curriculum leading to at least a bachelor's degree with a major in chemistry.

(j) "Medicine" means a curriculum leading to at least a degree of doctor of medicine or of doctor of veterinary medicine or equivalent degree.

(k) "Dentistry" means a curriculum leading to at least a degree of doctor of dental surgery or equivalent degree.

(l) "Pharmacy" means a curriculum leading to at least a bachelor's degree in pharmacy.

(m) "Tuition and fees" means all charges to students which are required by the institution for participation in its educational program. It does not include subsistence.

(n) "Full-time student" means a man or woman student carrying at least an academic load which is normal for the institution in an approved accelerated program.

(o) "Loan" means the amount of Federal funds lent to a full-time student enrolled in an approved accelerated program.

(p) "Need of assistance" means the lack of resources sufficient to pay for tuition and fees and to provide school supplies and the necessities of subsistence such that unless a loan is made the student would not be able to participate in the accelerated program without engaging in remunerative employment.

§ 3.2 *General provisions of the Act.* The Act provides $5,000,000 for loans to assist students (in such numbers as the Chairman of the War Manpower Commission shall determine) participating in accelerated programs in degree-granting colleges and universities in engineering, physics, chemistry, medicine (including veterinary), dentistry, and pharmacy whose technical or professional education can be completed within two years under certain conditions prescribed in the Act and pursuant to regulations relative thereto to be issued by the Commissioner and approved by the Chairman.

§ 3.3 *Loan and collection agency.* The Act provides that loans and repayment shall be made through the colleges, universities, or public or college-connected agencies. The institution or the public or college-connected agency named by the institution is designated as the loan and collection agency for those students who are enrolled in its accelerated program. Such institution or agency shall have the responsibility of seeing that the funds made available to it are applied to the program in accordance with the determinations of the institution or agency hereunder, and shall, as directed by the Commissioner, remit any unexpended funds by a check in favor of the Treasurer of the United States.

§ 3.4 *Institutional plans.* Each institution participating in an accelerated program and desiring loans for any of its full-time students enrolled in its accelerated program shall submit to the Commissioner for approval a report of its plan of acceleration and its existing student loan plan setting forth its loan procedure and forms and such other information as the Commissioner may require. Funds shall not be made available to an institution or agency under the Act if it appears that the institution or agency proposes, in reliance upon the receipt of such funds, to curtail its regular program of loans to students. The institution shall designate an officer who shall serve as the official representative of the institution or agency in dealing with the Office of Education, and who shall have the responsibility for making reports.

§ 3.5 *Qualifications of borrowers.* (a) Loans shall be made only to full-time students enrolled in an approved accelerated program (1) who, in the judgment of the institution, can complete their technical and professional education within two years after the first loan; (2) who attain and continue to maintain standards of scholarship ordinarily accepted as satisfactory by the institution in which they are enrolled; (3) who are found by the institution or agency to be in need of assistance; and (4) who agree in writing, subject to their obligations to the armed forces of the United States, as follows: to participate, until otherwise directed by the Chairman, in the accelerated program, and to engage, for the duration of the wars in which the United States is now engaged, in such employment or service as may be assigned by officers or agencies designated by the Chairman.

(b) An institution or agency shall not prescribe as requirements for eligibility for a loan any conditions or standards other than the foregoing qualifications.

§ 3.6 *Discrimination.* There shall be no discrimination in loans to borrowers because of race, creed, sex, or color.

§ 3.7 *Amount of loans.* Total amount of loans to any borrower during any twelve-month period of the accelerated program shall not exceed $500 but subject to that limitation the loan should be sufficient in amount to enable the student to carry his college work to the end of the fiscal year or to complete the curriculum in which he is enrolled if that can be accomplished before the end of the fiscal year. Payments to borrowers, other than those for tuition and fees, shall not be made available to any student for more than one month in advance nor at a rate exceeding $25 for any one month of the accelerated program except that upon specific request by an institution, the Commissioner may approve a plan of operation (based on a rate not in excess of $25 per month) which will best fit the particular needs of the institution.

§ 3.8 *Conditions of loans.* The following general conditions shall govern all loans:

(a) *Purpose of loans.* Loans shall be available for payment of expenses necessary for participation in the accelerated program, and may not be used to fund or repay obligations of the student to the institution or agency incurred prior to his enrollment in the accelerated program, but in no event prior to July 1, 1942.

(b) *Period of loans.* Notes from borrowers shall provide that one-fourth of the principal, together with accrued interest, is due one year after discontinuance as a full-time student in an institution, one-fourth after two years, one-fourth after three years, and the remaining fourth after four years, with the option of prepayment of all or any part of the loan. The time of service of a borrower in the armed forces of the United States during the present emergency, within the terms of his agreement, shall be excluded in the computation of the times of maturity hereinabove mentioned.

(c) *Interest on loans.* Interest shall be computed only on the unpaid principal balance of the loan, and shall be at the simple rate of two and one-half per centum (2½%) per annum. Interest shall run at such rate from the date of payment to the borrower until repayment of the principal amount and accrued interest, and shall be due and payable with each installment of principal.

(d) *Cancellation of loans.* If any borrower before completing his course of study is ordered into military service during the present wars under the Selective Training and Service Act of 1940, as amended, the total unpaid principal amount of his loans and interest shall be cancelled. If any borrower suffers total and permanent disability or death the unpaid principal amount of his loans and interest thereon shall be cancelled. The institution or agency shall report to the Commissioner all students entitled to such cancellation.

(e) *Transfer of borrowers from one institution to another.* If a borrower transfers from one institution to another, the notes covering the loans granted shall be forwarded to the new institution with appropriate notice of the transfer to the Commissioner. The conditions of the loans and of the covering notes shall be unchanged by such a transfer.

(f) *Refunds to borrowers.* The amount of any refund to which a borrower may be entitled on account of tuition, fees, or otherwise, but not exceeding the unpaid amount of the loan and accrued interest, shall be credited by the institution or agency to the institution's loan fund under the Act. Such amounts shall be treated by the institution or agency as unexpended funds and shall not be charged to the borrower's obligation. Determination of availability of refunds to borrowers shall be in conformity with the regular practices and rules of the institution or agency governing refunds to students, providing such practices and rules are not found inequitable by the Commissioner.

§ 3.9 *Application for and availability of loans.* Each institution shall certify to the Commissioner the estimated number of students requiring loans, the number of such students in each curriculum, and the estimated total amount of loans required during the accelerated program, and such other information as the Commissioner may direct. Upon the basis of such estimates the Commissioner will make funds available to the institutions or agencies from time to time in such amounts as he may determine for loans to such number of students as the Chairman may direct. Loans from the funds made available will be distributed by the institution or agency among the students in the several curricula in such proportions as may be indicated by the Commissioner upon direction of the Chairman. Such proportions may be revised from time to time in accordance with determinations made by the Chairman.

§ 3.10 *Legal evidence of loans.* The institution or agency shall require the borrower to sign a note payable to the Treasurer of the United States for each loan. The principal of the several notes of a borrower may be consolidated into a single note at any time. The notes shall remain in the custody of the institution or agency until requested by the Commissioner.

§ 3.11 *Collection of loans.* The institution or agency shall have the responsibility for collection of loans and issuance of receipts for payments on account of principal and interest of the notes of borrowers in its possession. No guarantee of payment by the borrowers of either principal or interest shall be required of the institution or agency. The institution or agency, as directed by the Commissioner, shall file with him a report of all collections made. Such collections shall be remitted promptly in such manner as will hereafter be prescribed. Checks, money orders, etc., should be drawn in favor of the Treasurer of the United States. The institution or agency shall not engage the services of any outside commercial agency or invoke any legal process for the collection of any borrower's note without the prior approval of the Commissioner.

§ 3.12 *Reports, records, and audits.* The institution or agency shall maintain in a form satisfactory to the Commissioner and readily available for additional reports and for federal audits such records as the Commissioner may from time to time require.

Dated: August 10, 1942.

[General Order 6, Supplement 2 (a)]

PART 305—WAR RISK INSURANCE

SUBPART E—AMENDMENTS TO RULES

AUTOMATIC COVERAGE ON IMPORT CARGOES

Order amending General Order 6, Supplement 2.

Section 305.64, *Goods insured by shipper,* is hereby amended to read as follows:

§ 305.64 *Goods insured by shipper.* The following Standard Optional Endorsement, hereinafter to be designated "Warshipopencargo Policy—Standard Optional Endorsement # III", is hereby promulgated:

In consideration of the payment of premium as hereinafter provided, this policy is extended to cover goods otherwise coming within the scope of this policy but shipped by the Assured and for his account and risk, or shipped by the Assured and sold by him prior to shipment on terms requiring him to provide War Risk Insurance to the port of discharge. The Assured agrees to file separately upon the Standard Forms provided for in Supplement No. 1 of General Order No. 6, Provisional and Closing Reports of all shipments to be insured, such report to be filed subject to all of the rules and conditions as set forth in said General Order. In the event of loss claims shall be filed by the Assured unless otherwise permitted by the War Shipping Administration for good cause shown. In the event that with the consent of the War Shipping Administration claim is filed by the purchaser said purchaser shall be required to file an affidavit to the effect that the amount claimed does not exceed the actual bona fide pecuniary loss of the claimant, exclusive of any allowance for anticipated or accrued profit arising out of the insured venture. Such affidavit shall be subject to the provisions of Section 35 (a) of the Criminal Code. All other terms and conditions remaining unchanged.

Section 305.67, *Exports to territories and possessions of the United States; exclusive endorsement,* is amended to read as follows:

§ 305.67 *Exports to territories and possessions of the United States; exclusive endorsement.* The following Standard Optional Endorsement, hereinafter to be designated "Warshipopencargo Policy—Standard Optional Endorsement #VI", is hereby promulgated:

Nothwithstanding anything to the contrary contained in §§ 305.59 and 305.60 of this policy, it is understood and agreed that this policy covers only shipments from the Continental United States (excluding Alaska) to the territories and possessions of the United States, including the Canal Zone and Alaska. The Assured warrants that with respect to such shipments, all the terms and conditions of this policy as originally written will apply, and that full provisional and closing reports, supported by affidavits as and if required will be filed with respect to shipments covered under the terms of this endorsement. All other terms and conditions remaining unchanged.

DEPARTMENT OF LABOR

Division of Public Contracts

EMPLOYMENT OF HANDICAPPED PERSONS AND HANDICAPPED CLIENTS IN SHELTERED WORKSHOPS

This matter is before me pursuant to section 4 of the Act of June 30, 1936 (49 Stat. 2036; 41 U.S.C. Supp. III, 35), entitled "An Act to provide conditions for the purchase of supplies and the making of contracts by the United States, and for other purposes," otherwise known as the Walsh-Healey Public Contracts Act.

On June 17, 1942, the Administrator of the Division of Public Contracts of the Department of Labor issued a Notice of Opportunity to Show Cause (7 F.R. 4677) on or before July 6, 1942, why I should not issue regulations (1) applying the regulations issued by the Administrator of the Wage and Hour Division concerning the employment of handicapped workers either by commercial establishments or as handicapped clients in sheltered workshops to employees engaged in work on any Government contract awarded subject to a present or future prevailing minimum wage determination issued under section 1 (b) of the Walsh-

Healey Public Contracts Act, and (2) giving effect to any certificate issued by the Administrator of the Wage and Hour Division pursuant to such regulations, as authorization for the employment of handicapped workers under the Walsh-Healey Public Contracts Act in accordance with the terms of such certificate, and (3) providing that the Administrator of the Wage and Hour Division may issue certificates under the Walsh-Healey Public Contracts Act for handicapped workers not subject to the Fair Labor Standards Act or subject to different minimum rates of pay under both Acts, at appropriate rates of compensation and in accordance with the procedure prescribed by the Wage and Hour Division regulations.

This notice was predicated on the advisability of co-ordinating the administration of the Fair Labor Standards Act and the Walsh-Healey Public Contracts Act.

The notice was sent to all interested parties and was duly published in the FEDERAL REGISTER. No objections or protests to the proposed action have been received.

Upon due consideration of all the facts and circumstances, I hereby issue the following orders, dated this day, (1) adding § 201.1102 [1] [Article 1102] to the existing regulations under the Walsh-Healey Public Contracts Act, and (2) amending the existing prevailing minimum wage determinations to provide that handicapped or superannuated workers may be employed at subminimum rates only in accordance with the present applicable regulations issued by the Administrator of the Wage and Hour Division under the Fair Labor Standards Act.

Dated: August 12, 1942.

TOILET GOODS ASSOCIATION, INC., ET AL.

NOTICE OF DENIAL OF APPLICATIONS

Notice of denial of applications by Toilet Goods Association, Inc. and sundry other parties to employ learners in the Drug, Medicine and Toilet Preparations Industry, at wages lower than the minimum wage applicable.

Whereas applications were received from the Toilet Goods Association, Inc. and sundry other parties to employ learners in the Drug, Medicine and Toilet Preparations Industry at wages lower than the minimum wage applicable under Section 6 of the Fair Labor Standards Act of 1938, and

Whereas pursuant to Part 522, § 522.4, Title 29, Chapter V, Code of Federal Regulations, a public hearing was held on October 27, 1941, before Alex G. Nordholm, duly authorized as presiding officer to conduct said hearing, to take testimony for the purpose of determining:

(a) What, if any, occupation or occupations in the Drug, Medicine, and Toilet Preparations Industry require a learning period, and if any occupation is found to require a learning period;

(b) The factors which may have a bearing upon curtailment of opportunities for employment within the Drug, Medicine and Toilet Preparations Industry; and

(c) Under what limitations as to wages, time, number, proportion, and length of service special certificates may be issued for the employment of learners in the Drug, Medicine, and Toilet Preparations Industry; and

Whereas after due consideration of the facts presented at said hearing, the presiding officer has found and determined that the industry has shown no need for authority to employ learners at subminimum rates in order to prevent curtailment of opportunities for employment in the industry, and

Whereas the presiding officer also found that the entire record pointed to a denial of the applications,

Now, therefore, notice is hereby given that there is no need for the issuance of regulations providing for the employment of learners at wage rates less than the applicable minimum in the Drug, Medicine and Toilet Preparations Industry, and that special learner certificates will not be issued to employers in this industry.

As used in this notice, the term "Drug, Medicine and Toilet Preparations Industry" is defined as follows:

The manufacture or packaging of any one or more of the following products:

(1) Drugs or medicinal preparations (other than food) intended for internal or external use in the diagnosis, treatment, or prevention of disease in, or to effect the structure or any function of, the body of man or other animals, or

(2) Dentifrices, cosmetics, perfume, or other preparations designed or intended for external application to the person for the purpose of cleansing, improving the appearance of, or refreshing the person,

(3) *Provided*, That this definition shall not include the manufacture or packaging of shaving cream, shampoo, essential (volatile) oils, glycerine, and soap, or the milling or packaging without further processing of crude botanical drugs.

Signed at New York, New York this 22d day of August 1942.

Chapter X—Areas Restricted for National Defense Purposes

[Public Proclamation No. 1]

PART 105—ESTABLISHMENT OF MILITARY AREAS

SOUTHERN DEFENSE COMMAND, MILITARY AREA NO. 1

Headquarters Southern Defense Command, San Antonio, Texas

MAY 30, 1942.

To: The People within Alabama, Arkansas, that part of Florida west of the Apalachicola River, Louisiana, Mississippi, New Mexico, Oklahoma, Tennessee, and Texas.

Whereas by virtue of orders issued by the War Department on March 17, 1941, as amended by orders issued by the War Department on December 20, 1941, on March 18, 1942, on March 31, 1942 and on April 19, 1942, that portion of the continental United States included in the States of Alabama, Arkansas, that part of Florida west of the Apalachicola River, Louisiana, Mississippi, New Mexico, Oklahoma, Tennessee, and Texas has been established as the Southern Defense Command under my command; and

Whereas by Executive Order 9066, dated February 19, 1942,[1] the President of the United States authorized and directed the Secretary of War and the Military Commanders whom he may from time to time designate, whenever he or any such designated commander deems such action necessary or desirable to prescribe military areas in such places and of such extent as he or the appropriate Military Commander may determine, with authority over such military areas as in such Executive Order prescribed; and

Whereas the Secretary of War on April 22, 1942, designated the undersigned as Military Commander to carry out the duties and responsibilities imposed by said Executive Order for that portion of the United States embraced in the Southern Defense Command; and

Whereas the Southern Defense Command embraces eight States and part of another State, inhabited by millions of loyal citizens of the United States, and thousands of persons not yet citizens of the United States, but equally loyal; and

Whereas the economic life of this large portion of the population of our country, dwelling within the Southern Defense Command, should be disturbed as little as may be consistent with requirements of adequate national defense and internal security; and

Whereas the Southern Defense Command embraces portions of the Gulf Coast and southern land frontier of the United States and by its geographical location is particularly subject to attack, and, in connection therewith, is subject to espionage and acts of sabotage, thereby requiring the adoption of military measures necessary to establish safeguards against such enemy operations:

Now therefore, I, Walter Krueger, Lieutenant General, U. S. Army, by virtue of the authority vested in me by the President of the United States and by the Secretary of War and my powers and prerogatives as Commanding General of the Southern Defense Command, charged with the defense of the Gulf Coast and land frontier within my Command, do hereby declare and proclaim that:

§ 105.1 *Military Area No. 1, Southern Defense Command.* (a) The present situation requires as a matter of military necessity the establishment in the territory embraced in the Southern Defense Command within continental United States, of military areas and for that purpose, I do hereby prescribe the portions of the several States hereinafter designated and as the same are shown on the map attached hereto and marked Annex No. 1,[2] to be military areas.

(1) Florida Military Area No. 1 embraces all territory west of Apalachicola River within the following counties in the State of Florida, to wit: Bay, Escambia, Franklin (that portion west of Apalachicola River), Gulf, Okaloosa, Santa Rosa and Walton.

(2) Alabama Military Area No. 1 embraces all territory within the following counties in the State of Alabama to wit: Baldwin and Mobile.

(3) Mississippi Military Area No. 1 embraces all territory within the following counties in the State of Mississippi to wit: Hancock, Harrison and Jackson.

(4) Louisiana Military Area No. 1 embraces all territory within the following parishes in the State of Louisiana, to wit: Ascension, Assumption, Calcasieu, Cameron, East Baton Rouge, Iberia, Iberville, Jefferson, Lafayette, La Fourche, Livingston, Orleans, Plaquemines, St. Bernard, St. Charles, St. James, St. John the Baptist, St. Mary, St. Martin, St. Tammany, Tangipahoa, Terrebonne, Vermilion and West Baton Rouge.

(5) Texas Military Area No. 1 embraces all territory within the following counties in the State of Texas, to wit: Aransas, Brazoria, Brewster, Calhoun, Cameron, Chambers, Culberson, Dimmit, El Paso, Galveston, Harris, Hidalgo, Hudspeth, Jackson, Jeff Davis, Jefferson, Kleberg, Kenedy, Kinney, Liberty, Matagorda, Maverick, Nueces, Orange, Pecos, Presidio, Refugio, San Patricio, Starr, Terrell, Val Verde, Victoria, Webb, Willacy and Zapata.

(6) New Mexico Military Area No. 1 embraces all territory within the following counties in the State of New Mexico, to wit: Dona Ana, Grant, Hidalgo and Luna.

(b) The functional subdivisions of the Southern Defense Command for purposes of enforcement of regulations and orders issued from this Headquarters are the existing Corps Areas, namely, the Eighth Corps Area, with Headquarters at Fort Sam Houston, Texas, and the Fourth Corps Area, with Headquarters at Atlanta, Georgia. The Commanders of said Corps Areas are charged with the responsibility of the enforcement of the restrictions and orders pertaining to their respective Corps Areas.

(c) The protection of American commerce and that of the United Nations from damage or destruction by enemy attack, involves the effective control of artificial lighting along the Southern boundaries of the Southern Defense Command and for a reasonable distance inland therefrom. Corps Area commanders are designated as the authorities to promulgate the necessary restrictions and orders for control, prescribed by the Comanding General, Southern Defense Command.

(d) Wilful violation of such restrictions or orders by an alien enemy, or repeated careless violations, even if not wilful, are cause for expulsion, internment or prosecution; similar violations by persons other than alien enemies are cause for expulsion or prosecution.

(e) Nothing contained herein shall be construed as limiting or modifying the duty and responsibility of the Department of Justice under the proclamations of the President of December 7th and 8th, 1941, insofar as the enforcement of rules and regulations for the conduct and control of alien enemies is concerned, or otherwise.

(f) The Corps Areas in the Southern Defense Command, each within its respective sphere of activities, and such federal, State, municipal and local agencies as the Commanding General, Southern Defense Command, with the consent of such agencies, may from time to time deem advisable specifically to designate, are hereby designated as the agencies to enforce the provisions of this proclamation and such subsequent proclamations, announcements, restrictions and orders as he may issue; and these agencies, under the coordination of the Commanding General, Southern Defense Command, shall have jurisdiction to conduct the investigations necessary in their respective enforcement thereof.

(g) It is requested that State and municipal police, and other civilians within the Military Areas established by this proclamation, assist the agencies charged with enforcing these restrictions by reporting to them the names and addresses of all persons believed to have violated these restrictions, and such other information as may be called for by these agencies.

(h) Copies of this proclamation and all subsequent proclamations, announcements, restrictions and orders issued hereunder will be displayed in suitable public places throughout the military areas in the Southern Defense Command. It shall be the duty of every person found within such military areas to familiarize himself with the terms of every proclamation, announcement, restriction, or order issued by this Headquarters.

(Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., sec. 45b) [Cease and desist order, Cutter Laboratories, Docket 4348, August 14, 1942]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 14th day of August, A. D. 1942.

This proceeding having been heard by the Federal Trade Commission on the complaint of the Commission, answer of the respondent, testimony and other evidence taken before trial examiners of the Commission theretofore duly designated by it, in support of the allegations of said complaint and in opposition thereto, report of the trial examiners upon the evidence and exceptions filed thereto, briefs filed in support of the complaint and in opposition thereto, and oral argument of counsel; and the Commission having made its findings as to the facts and its conclusion that said respondent has violated the provisions of the Federal Trade Commission Act:

It is ordered, That the respondent, Cutter Laboratories, a corporation, its officers, representatives, agents, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, and distribution of its vaccine preparation now designated "Blacklegol" or "Blackleg Bacterin

Aluminum Hydroxide Adsorbed" or any other product of substantially similar composition or possessing substantially similar properties, whether sold under the same name or under any other name in commerce as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

(1) Representing in any manner, either directly or by implication, that respondent's preparation Blacklegol is 100 percent efficient or 100 percent effective in giving immunity to the disease of blackleg;

(2) The use of statements or representations which unfairly disparage vaccines sold and distributed by respondent's competitors or which represent, either directly or by implication, that the efficiency or effectiveness of blackleg concentrated bacterin or blackleg cultural aggressin is equal to only 50 percent of that of respondent's preparation Blacklegol in providing immunity to the disease of blackleg;

(3) The use of any specific percentage to designate the immunizing value of respondent's preparation Blacklegol or its comparative immunizing value with other preparations unless such percentage is based upon controlled experiments sufficient to definitely establish the percentage value claimed;

(4) The use of the terms "100 percent efficient" or "'50 percent efficient," or any other percentage or comparative percentage, in describing manufacturing procedure or production wastes, in such a way as to imply that such percentages apply to immunizing effectiveness.

It is further ordered, That the respondent shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which it has complied with this order.

By the Commission.

TITLE 30—MINERAL RESOURCES

Chapter III—Bituminous Coal Division

[Docket No. A-1577]

PART 321—MINIMUM PRICE SCHEDULE, DISTRICT NO. 1

ORDER GRANTING RELIEF

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 1 for the establishment of price classifications and minimum prices for the coals of certain mines in District No. 1.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 1; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 321.7 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 321.24 (*General prices*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: August 15, 1942.

PART 322—MINIMUM PRICE SCHEDULE, DISTRICT NO. 2

ORDER GRANTING RELIEF

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 2 for the establishment of price classifications and minimum prices for the coals of certain mines in District No. 2.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 2; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith § 322.7 (*Alphabetical list of code members*) is amended by adding thereto Supplement R-I, § 322.9 (*Special prices*—(c) *Railroad fuel*) is amended by adding thereto Supplement R-II, and § 322.23 (*General prices*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this order, unless it shall otherwise be ordered.

Dated: August 14, 1942.

[Docket Nos. A–1564 and A–1575]

ORDER GRANTING RELIEF

Order of consolidation and order granting temporary relief and conditionally providing for final relief in the matter of the petitions of District Board No. 2 for the establishment of price classifications and minimum prices for the coals of certain mines in District No. 2 and for a change in shipping point for Mine Index No. 2448.

Original petitions, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 2 and for a change in shipping point for Mine Index No. 2448; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That the above-entitled matters are herein consolidated.

It is further ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 322.7 (*Alphabetical list of code members*) is amended by adding thereto Supplement R–I, § 322.9 (*Special prices*—(c) *Railroad fuel*) is amended by adding thereto Supplement R–II, and § 322.23 (*General prices*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof; and commencing forthwith, the shipping point appearing in the aforesaid Supplement R–I for Mine Index No. 2448 shall be effective in place of the shipping point heretofore established for this mine.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this order, unless it shall otherwise be ordered.

Dated: August 15, 1942.

[Docket No. A–941]

PART 331—MINIMUM PRICE SCHEDULE, DISTRICT NO. 11

ORDER GRANTING RELIEF

Memorandum opinion and order modifying, and approving and adopting as modified, the proposed findings of fact and conclusions of law and recommendation of the examiner and granting relief in the matter of the petition of District Board 11 for the establishment of minimum prices for raw or washed coals which are crushed, pulverized, or reduced by any method down to the size dimensions prescribed for Size Groups 13–16, inclusive.

This proceeding was instituted upon a petition, as amended, filed with the Bituminous Coal Division on June 27, 1941, by District Board 11, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, requesting the establishment of minimum prices in District 11 for lump, double screened, mine run, modified mine run and mine run resultant coals, either raw or mechanically cleaned, that have been crushed, pulverized, or reduced by any method down to the size dimensions prescribed for Size Groups 13–16, inclusive, or for coals rescreened from such crushed sizes into nut and stoker coals (Size Groups 9, 10, 11 and 12) and resultant carbon (Size Group 15);

Petitions of intervention were filed by District Boards, 1, 4, 6, 7 and 10; Central State Collieries, Incorporated, et al.,[1] Chicago, Wilmington and Franklin Coal Company, et al,[2] Southwestern Illinois Coal Corporation, Sahara Coal Company, code members in District 10; Ayrshire Patoka Collieries Corporation, Snow Hill Coal Corporation and Walter Bledsoe and Co., code members in District 11.

Pursuant to Orders of the Director and after due notice to all interested persons, a hearing in this matter was held on November 17 and 18, 1941, before Charles O. Fowler, a duly designated Examiner of the Division at a hearing room thereof in Washington, D. C., at which all interested parties were afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise be heard. Appearances were entered by petitioner, District Boards 4, 6, 7, 8, and 10, Central State Collieries, Inc., et al., Southern Illinois interveners, Snow Hill Coal Corporation and Walter Bledsoe and Co., Sahara Coal Company, Southwestern Illinois Coal Corporation, and Bituminous Coal Consumers' Counsel.

Briefs were filed by the petitioner, Southern Illinois interveners, District Board 4 and Bituminous Coal Consumers' Counsel.

The Examiner on May 1, 1942, submitted his Report, Proposed Findings of Fact, Proposed Conclusions of Law and upon the basis thereof recommended that the relief in this matter be granted.

Thereafter, opportunity was afforded to all parties to file exceptions thereto. On June 22, 1942, petitioner and District Board 4 filed Exceptions to the Examiner's Report.

1. *Nature of the proceeding.* This proceeding has been brought by District Board 11 for the purpose of establishing minimum prices for the "crushed coals" produced in District 11 by the secondary crushing of either washed or unwashed coarse sizes of coal down to the screening sizes.[3] In view of the increasing demand for the stoker and screening sizes of coal, which demand is proportionately greater than the demand for domestic sizes, it is necessary at many mines to crush some sizes of coal in order to keep the mines running. The schedules of effective minimum prices for District 11 do not contain any specific prices or provisions for such crushed coals, and, as a result, there has been considerable confusion among the producers in District 11 resulting from alleged ambiguities in the price schedules as to whether the selling of crushed coal at the minimum prices established for raw screenings was authorized.

Thus, the problem involved in this proceeding is to determine the relative market value of the crushed coals in District 11 in light of the various standards imposed by the Bituminous Coal Act of 1937 as amended. In view of the analytical qualities and uses of crushed coal as revealed by the record, this is essentially a problem of evaluating the relative market value of the screenings made from crushed coal as against natural raw

[2] Old Ben Coal Corporation, Bell and Zoller Coal and Mining Company, Franklin County Coal Corporation, Peabody Coal Company, Wasson Coal Company (hereinafter referred to as the "Southern Illinois interveners").

[3] As used herein, "crushed coal" refers to any lump or double screened coals, or mine run, modified mine run and mine resultants, either raw or mechanically screened, which are crushed, pulverized or reduced, by any method, down to the size dimensions prescribed by Size Groups 13, 14, 15, 16, or coal that is rescreened from such crushed sizes into nut and stoker coals (Size Groups 9–12) and resultant carbon (Size Group 15). However, the crushed coal must be the result of secondary crushing as opposed to "primary crushing"—the latter being that crushing of coal that takes place prior to the sizing, preparation and cleaning of the coal itself in the tipple.

screenings and washed screenings.[4] All evidence is to the effect that the screenings made from crushed coals have a greater value than natural raw screenings from the same mine. However, the issue that must be determined is the extent of the increased value of the crushed coal screenings.

2. *The Examiner's report.* Upon the basis of the facts presented to him, the Examiner proposed certain minimum prices for the various ways in which crushed coal may be sold in the form of unmixed crushings, or when mixed with raw or mechanically cleaned natural screenings, and embodied his proposed prices in Supplement R attached to his Report.

Using evidence as to analytical qualities, size consist and marketability, the Examiner recommended, in the case of screening sizes made from crushed coals, either raw or mechanically cleaned, which are loaded directly into railroad cars and are not mixed with other screenings, a minimum price 15 cents per ton over the prices for Size Group 14 coals for standard mines and 30 cents per ton for substandard mines,[5] finding that such crushed coal should not be priced the same as washed screenings because of uncontroverted testimony as to the superior size consist and marketability of washed screenings.

As to crushed coal made from raw or mechanically cleaned coals from standard mines, which is mixed with the run of mine coal or mixed with the total concurrent production of raw screenings, the Examiner found evidence that the improvement in quality of the raw screenings due to the mixing in of some crushed coal was so small as to fall within the tolerances of quality and preparation found to exist at any good mine from day to day and from car to car, and accordingly, recommended that the prices should be those presently applicable for Size Groups 13–14–15–16, depending upon the size of the crushed coal screenings. The same recommendation was made as to crushed coal made from raw coal from substandard mines which is mixed with the total concurrent production of raw screenings. However, as to crushed coal made from mechanically cleaned coal from substandard mines which is returned to the flow of coal to the raw classification screenings or mixed with the total concurrent production of raw screenings, the Examiner recommended a minimum price 10 cents per ton higher than the prices for Size Groups 13–14–15–16 as the case might be, finding that at certain substandard mines, because of the construction of the tipples, it would be possible to divert coal from the wash boxes and produce raw screenings to which crushed mechanically cleaned coal could be added in such substantial amounts as to materially increase the value of the resulting mixture.

In the case of crushed coal made from mechanically cleaned coal from both standard and substandard mines which is mixed with the total concurrent production of mechanically cleaned screenings of the size dimensions prescribed for Size Groups 23–24–25, the Examiner recommended that the minimum prices should be those for Size Groups 23–24–25, as the case might be, since the mixture of the crushed coal with the washed screenings reduces the quality of the coal so little that it falls within the same reasonable tolerance of variation that would exist at the mine in the washed screenings without any mixture of crushed coal.

As to crushed coal made from raw or mechanically cleaned coal, which is rescreened in the size dimensions prescribed for nut and stoker coals (Size Groups 9-10-11-12), the Examiner proposed to add 10 cents per ton to the prices for Size Groups 9-10-11-12, for standard mines and 15 cents per ton for substandard mines. Lastly, as to the resulting carbon (Size Group 15) made from rescreening crushed coal, the Examiner recommended a 10-cent per ton increase in prices over the prices for Size Group 15 for the standard mines, and such amounts for the substandard mines as would place them on a parity with the crushed rescreened carbon from the standard mines.

3. *Exceptions to the Examiner's report.* (a) District Board 11 stated that in general the Report of the Examiner fairly found the facts and reached a conclusion that was just and equitable but took exception to the following statement in Supplement R attached to the Report:

> All orders, acknowledgments, and invoices shall contain complete description of all sizes before being crushed, pulverized or otherwise reduced and description of size or sizes resulting from such reduction.

District Board 11 contends that such a proposed instruction is both unnecessary and impractical; unnecessary because § 318.6 (a) and § 318.12 (a) 2 in the Marketing Rules and Regulations make ample provision for any such requirement; and impractical because it is impossible for an order or contract to contain a complete description of all sizes before being crushed, for no one knows at the time of accepting an order or entering into a contract, whether the crushed coal will be made from lump, egg, nut or mine run, or a combination of two or more such sizes. At most, District Board 11 suggests, the instruction should read as follows:

> Invoices for coals of the sizes and preparations described in Items 1, 4 and 6 of this supplement shall describe the coal by reference to the Item Number of this supplement.

(b) District Board 4's exceptions are, in summary, as follows:

(1) The relief granted should be limited to sales upon spot orders and should not be applicable to sales upon contracts, for the reason that the crushing of coal is an emergency measure and a producer should not be allowed to deliberately contract in advance to produce such crushed coal.

(2) The proviso in Items Nos. 2, 3, and 4 of Supplement R to the effect that the allotment of crushed coal in a mixture should not exceed 50 percent of the aggregate, should also apply in Item 5.

(3) The minimum prices recommended for resulting carbon produced by rescreening crushed coal should be 10 cents per ton higher than those recommended by the Examiner. Such increase, it is said, is justified by the B. t. u. content of the resulting carbon. Furthermore the argument that the excess of fines in the crushed carbon sizes lowers their value is said to be an unsound one for the reason that the carbon sizes are mainly used in pulverized installations where the excess of fines means less grinding costs and hence is advantageous.

4. *Discussion and conclusions.* (a) District Board 11's objection to having all orders, acknowledgments, and invoices contain a complete description of all sizes before being crushed would seem well taken. This recommendation of the Examiner will not, therefore, be followed. The deletion of that requirement is not intended, of course, to excuse compliance with the Marketing Rules and Regulations and Orders of the Division. Thus, invoices should describe the method of preparation of the crushed coal involved by reference to the appropriate item number in Supplement R attached hereto, and should also set forth the exact size shipped.

(b) (1) District Board 4's desire to limit the relief recommended by the Examiner solely to sales of crushed coal upon spot orders appears to be premised on its belief that the crushing of coal is a privilege rather than a right and is to be engaged in only as an emergency measure. I cannot agree with such a belief for it would tend unduly to restrict the operation of District 11 mines. Although it is true that the crushing of coal is often an emergency measure, it is at other times, by reason of market conditions, a necessary operation that must be engaged in if a mine is to keep running and producing coal on a relatively stable basis. Furthermore, as to District Board 4's fears that competition will be adversely affected "if contracts may be deliberately made to sell such crushed coal, which admittedly is of a superior quality," it is to be pointed out that the prices recommended by the Examiner are designed to fairly evaluate the superior qualities of crushed coal in any market in which it may be sold, whether such sales are made on the basis of spot orders or by contract.

(2) Items 2, 3, and 4 in Supplement R attached to the Examiner's Report contain the proviso that in no case shall the allotment of crushed coal in the mixture described in the item exceed 50 percent of the aggregate. Since crushed coal is admittedly superior to natural raw screenings, the purpose of such a proviso is to prevent a mixture for which the raw screenings price or the raw screenings price plus 10 cents would be improper. However, in Item 5, relating to crushed coal made from mechanically cleaned coal from standard and substandard mines, which is mixed with the total concurrent production of mechanically cleaned screenings of the size dimensions prescribed for Size Groups 23–24–25, it is recommended that the washed screenings prices of Size Groups 23–24–25, as the case may be, be applied. Since the washed screenings price is the highest price that could be reasonably applied to sales of crushed coal, it follows that there is no reason to impose a percentage restriction on the mixture described in Item 5.

(3) With respect to the prices for carbon (Size Group 15) resulting from the rescreening of crushed coals, I am of the opinion that the prices recommended by the Examiner should be increased 5 cents per ton. While the record contains no specific analyses of crushed coal rescreened into resultant carbon or of the actual raw carbon screenings, it is possible to compare the qualities of crushed coal and raw screenings in the 1½" x 0 and 1¼" x 0 sizes. Such a comparison for a number of representative standard mines in the Fifth Vein shows that on an average the crushed coal has about 1 percent less moisture, 2.45 percent less ash, and approximately 480 more B. t. u.'s per pound than the natural raw screenings. About the same differences are shown for other standard mines in the Third, Fourth, and Seventh Veins, although for mines like the Talleydale Mine of the Snow Hill Corporation and the Glendora 28 Mine of the Glendora Coal Company the differences are much greater. As the quality of the crushed coal is generally the same regardless of the size and as the value of the raw carbon size is certainly no greater than that of the 1½" x 0 and the 1¼" x 0 raw screenings, the difference thus set forth must at least exist as between the carbon sizes of crushed coal and raw screenings. Such a difference, in the case of crushed coal in Item 1 loaded directly into railroad cars, gave rise to the Examiner's recommendation that the price of crushed coal should be increased 15 cents per ton over the Size Group 14 prices for standard mines. The record indicates that District Board 11 was aware of the fact that crushed rescreened carbon is analytically better than the carbon produced in the run of mine coals but contended that the crushed product would have a greater percentage of fines under 10 mesh to offset its superior analytical qualities. However, since the crushed carbon sizes are principally used in pulverized installations where the excess of fines is not disadvantageous, I am of the opinion that a like increase in price should be made here as was made in Item 1. Accordingly I find that the minimum price for crushed rescreened carbon from the standard mines should be 15 cents per ton higher than raw carbon prices and for the substandard mines should be increased by such amounts as will place them on a parity with the crushed rescreened carbon from the standard mines.

On the basis of the entire record, I find and conclude that the findings of fact and conclusions of law made by the Examiner are supported by the evidence and should be adopted, except in so far as they concern the requirements for filing information as to the sizes crushed and as to the price for crushed coal rescreened into resultant carbon. As to these two matters, I find that the exceptions taken by District Board 4 and 11 have merit to the extent noted above.

Now, therefore, it is ordered, That the Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner, as modified herein, be, and they hereby are, approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned.

It is further ordered, That effective fifteen (15) days from the date hereof, the Price Instructions and Exceptions in § 331.1 (*Price instructions and exceptions*) in the Schedule of Effective Minimum Prices for District 11 for All Shipments Except Truck be, and they hereby are, amended in accordance with Supplement R hereto attached and made a part hereof.

It is further ordered, That the prayers for relief contained in the petition filed herein are granted to the extent set forth above and in all other respects denied.

Dated: August 15, 1942.

[SEAL] E. BOYKIN HARTLEY,
Acting Director.

NOTE: The material contained in this supplement is to be read in the light of the classifications, prices, instructions, exceptions and other provisions contained in part 331, Minimum Price Schedule for District No. 11 and supplements thereto.

§ 331.1 *Price instructions and exceptions*—Supplement R.

All invoices shall contain description of size or sizes resulting from such reduction, and shall describe the method of preparation of such crushed coal by reference to the appropriate Item Number of this Price Instruction and Exception.

Whenever lump or double-screened coals, or mine run, modified mine run, and mine run resultants, either raw or mechanically cleaned, are secondarily crushed,[a] pulverized, or reduced, by any method, down to the size, dimensions prescribed for Size Groups 13–14–15–16, (hereinafter referred to as "crushed coal") the minimum prices for the various preparations of such crushed coals shall be as follows:

Item No.	Type of preparation	Price group No.	Minimum prices
1	Crushed coal, made from raw or mechanically cleaned coal, loaded direct into railroad cars without being subjected to any subsequent screening or preparation process, or without being mixed with screenings made from the screening of mine run coal.	5, 6, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 20.	15 cents per ton over prices for Size Group No. 14, except that for Size Group 13 coals the amount shall be 25 cents, instead of 15 cents, over prices for Size Group 14.
		18, 2, 3, 4, 7, 18, 19....	30 cents per ton over prices for Size Group No. 14, except that for Size Group 13 coals the amount shall be 40 cents, instead of 30 cents, over prices for Size Group 14.
2	Crushed coal, made from raw or mechanically cleaned coal, which is returned to the flow of coal to the raw coal classification screens, or is mixed with the total concurrent production of raw screenings of the size dimensions prescribed for Size Groups 13, 14, 15, 16: *Provided, however,* That in no case shall the allotment of crushed coal in a mixture exceed 50% of the aggregate.	5, 6, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 20.	Prices for Size Groups 13, 14, 15, 16, as the case may be.
3	Crushed coal, made from raw coal, which is returned to the flow of coal to the raw coal classification screens, or is mixed with the total concurrent production of raw screenings of the size dimensions prescribed for Size Groups 13, 14, 15, 16: *Provided, however,* That in no case shall the allotment of crushed coal in a mixture exceed 50% of the aggregate.	18, 2, 3, 4, 7, 18, 19.....	Prices for Size Groups 13, 14, 15, 16, as the case may be.
4	Crushed coal, made from mechanically cleaned coal, which is returned to the flow of coal to the raw coal classification screens, or is mixed with the total concurrent production of raw screenings of the size dimensions prescribed for Size Groups 13, 14, 15, 16: *Provided, however,* That in no case shall the allotment of crushed coal in a mixture exceed 50% of the aggregate.	18, 2, 3, 4, 7, 18, 19.....	10 cents per ton higher than the prices for Size Groups 13, 14, 15, 16, as the case may be.
5	Crushed coal, made from mechanically cleaned coal, which is returned to the flow of coal to the mechanically cleaned coal classification screens, or is mixed with the total concurrent production of mechanically cleaned screenings of the size dimensions prescribed for Size Groups 23, 24, 25.	5, 6, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 20.	Prices for Size Groups 23, 24, 25, as the case may be.
		18, 2, 3, 4, 7, 18, 19.....	

[4] In the Schedule of Effective Minimum Prices for District No. 11, raw screenings (Size Group 14) and washed screenings (Size Group 24) are each a base size used in the coordination of the prices for the various size groups. For standard Fifth Vein mines there is a differential of 25 cents per ton between Size Groups 14 and Size Group 24 coals.

[5] The mines in Price Groups 1, 2, 3, 4, 7, 18, and 19 ("substandard" mines), produce raw screenings which due to impurities are priced 15 cents per ton less than the raw screenings from mines in the same seam in Price Groups 5, 6, 8, 9, 10, 11, 12, 13, 14, 16, 17, and 20 ("standard" mines). However, in the domestic sizes, the coals of the substandard and standard mines, with few exceptions, are similar in quality, and, as a result, crushed coal from substandard and standard mines, being produced from the crushing of the domestic sizes, is similar in quality. Hence, in order to place the price of crushed coal from substandard mines on a parity with the price of crushed coal from standard mines, it is necessary to add 15 cents more in the case of substandard mines.

[a] Secondary crushing, as herein used, refers to any crushing of coal other than "primary crushing," and primary crushing is defined as that crushing of coal that takes place prior to any sizing, preparation or cleaning of the coal itself in the tipple.

[Docket No. A-792]

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT NO. 8

WEST VIRGINIA COAL AND TRANSPORTATION CO.—NORTHERN STATES POWER CO.

Memorandum opinion and order concerning exceptions, approving and adopting the proposed findings of fact, proposed conclusions of law, and recommendations of the examiner as modified, and granting relief in the matter of the petition of West Virginia Coal and Transportation Company, a code member of District No. 8 for preliminary, or temporary, and permanent order for establishment of free alongside prices for coal produced in District No. 8 by code members and shipped in river barges to the Northern States Power Company, St. Paul and Minneapolis, Minnesota.

This proceeding was instituted upon petition filed with the Bituminous Coal Division by West Virginia Coal and Transportation Company (the "Petitioner"), a code member in District No. 8 in behalf of the Northern States Power Company (the "Power Company"), pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, seeking an Order permitting certain District No. 8 coals in Size Group Nos. 20, 21 and 22 to be sold at f. o. b. mine prices for free alongside delivery to the Power Company for consumption at its plants located at Minneapolis and St. Paul, Minnesota.

Petitions of intervention were filed by District Boards 2, 7, 10 and 11, and a notice of appearance filed by the Consumers' Counsel.

Pursuant to appropriate Orders therefor, hearings were duly held before Floyd McGown, a duly designated Examiner of the Division, at Washington, D. C. All interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard.

Because of the location of its plants away from river's edge, the Power Company has been entitled to only "ex-river" prices for coals from District 8. Petitioner sought relief under the "future developments" clause of the "Special Cases" provisions, § 328.13 (iii) (a) of the Special River Price Instruction and Exceptions in the District 8 schedule.

Following the first hearing, at which the report of the Examiner was waived, Director Gray under date of October 8, 1941, found as facts that the improvement of the channel of the Mississippi River constituted a "future development" within the contemplation of the above "Special Cases" provision, but that there was a failure to prove that the Power Company would have purchased District 8 coals moving by river at such prices and under such conditions that they would not be competitive with coal of comparable quality moving by ex-lake dock, or would have regularly purchased them at a saving over available prices of comparable coal moving ex-lake dock. The Director considered as inconclusive the testimony regarding the river transportation charges which are a large element in the delivered price computations, and was dissatisfied with the testimony regarding the opinion of an official of the Power Company upon certain ultimate facts, which he did not consider a substitute for factual testimony upon which the Director might base his own conclusion. For these reasons he denied relief.

Following the granting of Petitioner's request therefor, and the issuance of an appropriate Order, the hearing was reopened and on February 24, further testimony was received for the purpose of establishing (1) the transportation charges for shipping to the Power Company coals produced in District 8, and (2) the prospect that these coals would be purchased from Petitioner by the Power Company. On May 14, 1942, the Examiner filed his report, in which he proposed a finding that $3.45 was a reasonable charge for river transportation, and that the use of this figure with other available data on handling costs resulted in an apparent saving of at least .08 cents per million B. t. u. in comparison with the ex-lake dock coals of District 7 used by the Power Company, and that the coals "are and would be competitive." He recommended a finding that while there was clearly no assurance that the Power Company would buy District 8 coals, their purchase depending upon acceptability after tests, a case had been proven requiring relief under the Special Cases provision.

The intervenors, District Boards 7 and 11, have filed exceptions to the Examiner's report, for the proper disposition of which it is necessary briefly to consider the origin and purpose of the controversial "Special Cases" provisions. As shown by the findings in General Docket No. 15, elaborate studies of distribution showed that delivered prices of coals shipped via river often reflected the saving of that cheaper form of transportation. In some places, particularly river destinations and plants, purchases for river delivery were at prices lower than by all rail or other transportation, and river coal dominated the market, so that an inference was drawn that river deliveries were not competitive with other deliveries. In other places, particularly inland destinations, although both river and all-rail coal moved in, the great predominance of coal shipped by rail or ex-lake dock had been so reduced in price as actively to compete with that shipped by river; moreover, in some instances not all the river saving had been passed along to the purchaser. In the former case the same level of mine prices was provided for river or free alongside delivery as for rail delivery, thus preserving the river coal's dominance without depriving the rail coals of established outlets. In the latter cases, in order to preserve existing fair competitive opportunities as required by the Act, prices for river and other delivery were equalized by the rules as they had been before by economic forces, with resulting price coordination for all coals. There immediately appeared instances where individual consumers, although located inland, because of location, trade connections or other factors had customarily enjoyed savings not available to others. In such instances as were proved, the consumer was permitted to purchase at prices for free alongside delivery by river so that he could continue to benefit and so that the producers who had enjoyed his patronage apparently free from other than river competition might continue to enjoy it. For those in the same position who had not legally established their rights, machinery was provided in the "Special Cases" provision whereby they might make the same showing and thus preserve existing relationships. And because the Act was not intended to freeze all commerce in coal in its present mold, but within the standards thereof to allow normal development, and to include the benefits from the river improvements constantly being made at public expense, the second paragraph § 328.13 (iii) (a) of the "Special Cases" provision was inserted in order to provide at all times for application to any pertinent future development and to any consumer or retail dealer as nearly as possible the same standards for consideration of river coals as were applied in General Docket No. 15.[1]

[1] These provisions are set out in the Examiner's report and in the District 8 price schedule, and are not here reported.

Considering the requirements of the "Special Cases" provisions as applied to future developments, in the light of their origin and purpose, it appears that the following three general questions are presented:

(1) Is the consumer or retail dealer in question one which in the absence of established minimum f. o. b. mine prices and by virtue of some future development, (a) would have customarily purchased coal moving by river at such prices and under such conditions that the coal moving by river would not be competitive with coal of comparable[2] quality moving by rail, truck or ex-lake dock, or (b) would have regularly purchased coal moving by river at a savings over available prices of comparable coal moving by rail, truck or ex-lake dock?

(2) Are the coals for which relief is sought such as would move via river to the consumer or retail dealer in question?

(3) Assuming (1) and (2) are shown, shall use of minimum f. o. b. mine prices for free alongside delivery be subject to any conditions necessary to accomplish the objectives of the Act and maintain the prescribed minimum prices?

The "future development" here is proved beyond question and can be dismissed without discussion. Both the Director based on the earlier hearing and the Examiner later found that the improvement in the Mississippi River making possible the movement of barges northward from the Ohio River constitutes a "future development," and this was not challenged.

The Power Company is the type of customer which because of great bargaining power generally receives the savings from river transportation regardless of the treatment of other consumers. It finally established its right to use river prices for shipment from District 10 in 1940, purchases heavily from Illinois producers in barge lots, and has gone so far as to enlarge its river coal handling facilities in St. Paul. Although these factors in themselves might be sufficient to establish this customer's status under the "Special Cases" provision, the Examiner has further determined from study of the delivered values of the coals from Districts 7, 8 and 10 which are actually involved, that at river prices petitioner's coals will deliver to the Power Company for at least .08 cents per million B. t. u. less than comparable District 7 coals. This relationship he characterizes as "competitive," although he considers upon the whole record that it constitutes a saving which would have made this a prospective coal, to a customer eligible to purchase it at prices for free alongside delivery.

Petitioner's witness, a resident of St. Paul, testified that petitioner was organized for the purpose of mining coal and distributing it by river to the Twin Cities. Petitioner began operating in the spring of 1940 and by fall had sold 18,000 tons of 2" and 1½" screenings in the Twin Cities market. Petitioner leases barges and tow boats with their crews upon a long term basis and operates them to transport coal both from its own mines and from the mines of other producers in District 8. Petitioner's total cost of operation, including chartering of the barges and tugs and insurance, is $5.10 per ton round trip. In addition to transporting coal, petitioner has a contract to haul 15,000 tons of scrap iron from Minnesota to the Pittsburgh area at $2.25. There was evidence that notwithstanding certain competitive disadvantages, petitioner would be able to make return hauls of additional scrap tonnage. There also appears to be a demand for river transportation of other bulk commodities from Minnesota. On the basis of the return haul at $2.25 per ton plus the proposed transportation charge of $3.25 per ton for coal to Minneapolis, petitioner asserts that it would make 40 cents profit per round trip. Petitioner's witness testified that even if the coal were transported for $3.00 per ton the coal could be transported at a profit.[3] Petitioner's witness testified that the proposed transportation charge of $3.25 per ton from all points on the Kanawha River to the Twin Cities is a fair and reasonable one and, with a return load, is compensatory. He stated that with a full tow and with a return load petitioner could contract at such a price with numerous private carriers to perform the same service.

In this instance transportation by private or contract carrier appears to be more economical than similar transportation by common carrier. I know of no reason why the more economical method of transportation may not be used. The proposed rate of $3.25 appears to be a reasonable one and should be employed in computing the free alongside price. Basing computations on this price rather than on the higher common carrier rate used by the Examiner results in a delivered price of $5.08 per ton. On the basis of the average of 12,250 B. t. u. and handling charges of 28 cents per ton, both of which figures were employed by the Examiner, I find that petitioner's coal would deliver at the Power Company's plants for 20.73 cents per million B. t. u. or a theoretical saving of 0.9 cent per million B. t. u. over District 7 coals moving ex-lake dock. Under such circumstances the delivered price of $5.08 for these screenings cannot be considered "competitive" with the $5.525 delivered ex-lake dock price or the $6.80 all rail price for identical coals, within the meaning of the "Special Case" provisions of the Price Schedule. Moreover, although the Examiner considered the evidence with respect to the ex-river transportation charges to the larger St. Paul plant to be indefinite and vague, I find that due to recent construction of its dock and to the fact that petitioner performs its own unloading, the actual charges are considerably less than those employed in these calculations and made applicable to the Minneapolis plant. Such reduction in costs would represent a further saving to the Power Company.

District 8 coals are such as would move via river to the Power Company.[4] In the first hearing, testimony showed that the Power Company made preliminary analyses and burning tests to determine the coals suitable for use in its plant, then computed the B. t. u. valuation of suitable coals and purchased the coals showing the lowest cost, other factors being the same. The Power Company had tested a sample of petitioner's coal and had found it satisfactory at a proper price; it had also found satisfactory District 8 coals off the Duluth docks. Witness believed that in 1940 nearly ⅓ of its coal was taken via river from southern Illinois, and had a verbal understanding with officials of the Power Company that at a price of $5.08 (which I find proper) the Power Company would purchase his coal in competition with these Illinois coals which do not store as well. He did not sell coal to the Power Company in the past because shipping facilities were limited by river conditions.

At the second hearing it appeared that Illinois coal is less desirable than District 8 high volatile coal with respect to deterioration, freezing, and spontaneous combustion in storage. Consumption of coal has been increasing rapidly due to power demands of war industries; the St. Paul plant has been enlarged, and an 18-inch natural gas pipe line installed in order to insure constant fuel supply. A letter from the Power Company states that if sale at prices for free alongside delivery is allowed, use of various coals produced in District 8 will be considered, after test. The witness repeated the facts that the Power Company buys some District 8 coals shipped from Duluth, and that preliminary test of one car of petitioner's District 8 coal had shown it to be satisfactory.

In view of the above testimony, the widely varying characteristics of District 8 screenings and their reputation as steam coals, it appears too clear for doubt that in the absence of effective minimum prices the Power Company would have purchased some of them and probably those of petitioner.[5] The exceptions taken to the finding to that general effect should be overruled.

District Board 7 excepted to the Examiner's use of effective minimum prices as a factor in reaching the conclusion that petitioner's coals (and others of District 8) would deliver at a lower B. t. u. cost than District 7 coals. District Board 7 contends that it was error to

[2] "Comparable" as here used means, for example, suited to and susceptible of comparison for the purpose intended by the purchaser.

[3] There was evidence that in April 1942 in a commercial transaction petitioner charged $3.30 per ton for a total of 5,000 tons of coal produced by another operator and shipped from Huntington, West Virginia, to Minnesota.

[4] Failure to produce as a witness the Power Company's Manager of Supplies and Testing was explained, although it must be conceded that direct testimony of such person is much more valuable than the large amounts of hearsay with which it is frequently replaced.

[5] District 8 coals have already been priced for free alongside delivery, with proper equalization among themselves according to mine location.

base any conclusion, in part, upon the minimum prices, since the "future development" clause of the special cases provisions substantially provides that determinations thereunder are to be made "in the absence of established minimum f. o. b. mine prices." This contention is unsound. The character of consumer to whom relief shall be granted is one "who, in the absence of established minimum f. o. b. mine prices and by virtue of some future development, would have customarily purchased," etc., and this is established. It so happens in this case that the evidence shows that the established prices were about the same as open competition prices for the Minneapolis-St. Paul area. But, in any case, the future development and availability of supply of river coal took place after the effective date of minimum prices, in which situation those are the only "available prices" to be considered. The exception is not valid.

With respect to the transportation costs used by the Examiner in making his computations, District Board 7 excepts to the alleged failure to include cost of an originating truck movement from petitioner's mines to the common tipple at the river. This cost is absorbed in the minimum f. o. b. mine price established for petitioner's coals at the common tipple, which price was used by the examiner. The exception should be denied.

Exception is taken to the finding of the Examiner that free alongside prices should extend to coals of all producers in District 8, and to the proposed conclusion resulting therefrom. The evidence substantiates this finding as to all coals in Size Groups Nos. 20, 21, and 22, which are covered by the petition. Notice of and Order for Hearing, and testimony. Since there is no testimony regarding other than these screenings sizes, relief should be limited to them. To this extent the exception should be granted.

District Board 7 excepts to the consideration of quality and price relationships in the absence of a showing of analytical qualities of the various coals, and to an alleged failure to consider other than B. t. u. values of the comparable coals. Sufficient analytical data was furnished in view of the fact that acceptability by only one customer was involved and it had approved petitioner's coal and was purchasing others of District 8. The savings upon the B. t. u. basis as I have calculated them are so great as to make allowance for any probable differences of efficiency in combustion.

Exception is taken to the Examiner's conclusion that the establishment of f. a. s. prices for District 8 producers will not give the latter a competitive advantage over District No. 10 producers, but will establish the coordination that existed prior to the granting of f. a. s. prices to the Power Company from District No. 10 sources. I do not adopt this finding because, in my opinion, it is not necessary to the result and is not clearly established by the facts. The facts do, however, tend to show that the river coal from these two districts will be competitive at the Power Company if relief is granted, but not otherwise.

Exception is taken to the conclusion of the Examiner that District 8 coals moving by river would not be competitive with coal of comparable quality moving by rail, truck or ex-lake dock, and would have been purchased at a savings, when the Examiner had found these coals "competitive with District 7 coals ex-lake dock." Exceptants appear to conclude that such competition requires denial of relief.[6] I do not believe this is so. It is sufficient to establish one of the alternative conditions in order to justify the granting of relief. Although in General Docket No. 15 the conclusion of non-competition was sometimes drawn from the fact of large movements at a saving, I find that the conclusion here should be limited to a statement that the Power Company would have regularly purchased coal moving by river at a savings over comparable coals moving otherwise within the meaning of the "Special Cases" provision.

After a consideration of the record in this proceeding, I find that substantial evidence supports the Proposed Findings of Fact, and the Proposed Conclusions of Law of the Examiner except as herein noted and that the exceptions of District Boards 7 and 11 other than as herein noted, are not well taken and should be denied. I further find that the Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner herein, except as otherwise noted, should be approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned.

In reaching a conclusion contrary to that reached by Director Gray in his findings of October 8, 1941, I have not departed from any policy announced by him; the changed conclusion is founded entirely upon evidence introduced at the reopened hearing both by way of supplement to and explanation of the evidence earlier introduced. The figures before the Director where such as not to prompt the conclusion that District 8 coal shipped by river would be purchased at a savings over comparable quality coal moving by rail or ex-lake dock; but the figures made available at the reopened hearing show otherwise. In the earlier hearing petitioners failed to demonstrate a need for the establishment of f. a. s. prices for District 8 coals for sale to the Power Company; at the reopened hearing further evidence was introduced showing the Power Company's interest in petitioners' coal if it were authorized to be sold on an f. a. s. basis. This is not to say that there is an assurance that the Power Company will buy such coal. I do not believe that Director Gray in his October 8 findings meant to indicate that the establishment of f. a. s. prices is dependent upon a showing that there is a guaranteed market for coal. Like the Examiner, I believe that it is sufficient in satisfaction of the "would have customarily purchased river borne coals" requirement of the "Special Cases" provision if it can be demonstrated that a customer eligible to accept f. a. s. deliveries (within the meaning of the "Special Cases" provision) has expressed an interest in particular coal and the producer is so located as to be able to ship such coal by river.

It is, therefore, ordered, That the exceptions of District Board 7 and District Board 11 to the Report, Proposed Findings of Fact, Proposed Conclusions of Law, and Recommendations of the Examiner, be, and the same hereby are sustained to extent herein noted, and in all other respects denied.

It is further ordered, That the Proposed Findings of Fact and the Proposed Conclusions of Law, as herein modified, be and the same are hereby adopted as the Findings of Fact and Conclusions of Law of the undersigned.

It is further ordered, That effective fifteen (15) days from the date hereof the Schedule of Effective Minimum Prices for District No. 8, for All Shipments Except Truck, be and the same hereby is amended by adding to § 328.13 (a) (1) (iii) (b) (*Special prices—Prices for river (free alongside deliveries) and ex-river shipments—Special river price instructions and exceptions—Special cases*) the following:

[Docket No. A-1590]

PART 343—MINIMUM PRICE SCHEDULE, DISTRICT NO. 23

HUSKY MINE

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 23 for Change in the rail shipping point for the Husky Mine (Mine Index No. 109) in District No. 23.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting a change in the rail shipping point for the Husky Coal Mining Company's Husky Mine (Mine Index No. 109) located in Subdistrict "G" of District No. 23; and

It appearing that the coals of the Husky Mine have heretofore originated for rail shipment upon the Northern Pacific Railroad at Kanasket, Washington, in Freight Origin Group 11, whereas petitioner now requests that the rail shipping point for the Husky Mine be changed to Ravensdale, Washington, and that the coals of such mine be permitted to originate for rail shipment upon the Northern Pacific Railroad at Ravensdale, Washington, in Freight Origin Group 11; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, in § 343.4 (*Code member price index*) the rail shipping point of the Husky Coal Mining Company's Husky Mine (Mine Index No. 109) in Subdistrict "G" of District No. 23 is changed from Kanasket, Washington, on the Northern Pacific Railroad in Freight Origin Group 11 to Ravensdale, Washington, on the Northern Pacific Railroad, in Freight Origin Group 11.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this order, unless it shall otherwise be ordered.

Dated: August 25, 1942.

TITLE 32—NATIONAL DEFENSE

Chapter VI—Selective Service System

[Amendment No. 75, 2d ed.]

PART 622—CLASSIFICATION

CLASS IV—F: MORALLY UNFIT

By authority vested in me as Director of Selective Service under 54 Stat. 885; 50 U.S.C., Sup. 301-318, inclusive; E.O. 8545, 5 F.R. 3779, Selective Service Regulations, Second Edition, are hereby amended in the following respect:

1. Amend § 622.61[1] to read as follows:

§ 622.61 *Class IV-F: Morally unfit.* In Class IV-F shall be placed every registrant who is found to be morally unfit. Unless the disqualification is waived by the Director of Selective Service, or the Secretary of War, or the Secretary of the Navy, a registrant shall be found to be morally unfit who:

(a) Has been discharged from the Army, Navy, Marine Corps, or Coast Guard with a form of discharge certificate other than honorable.

(b) Has been convicted of any of the following heinous crimes: Treason, murder, rape, kidnapping, arson, sodomy, pandering, any crime involving sex perversion, or any crime involving illegal dealing in narcotics or other habit-forming drugs.

(c) Has been convicted on two or more occasions of any offense (other than a conviction for an offense committed in violation of the Selective Training and Service Act of 1940, as amended, or the regulations prescribed or orders issued pursuant thereto) for which he could have been punished by death or confinement for a term exceeding 1 year in a penitentiary or prison.

(d) Is a chronic offender with pronounced criminal tendencies.

(e) Is being retained in the custody of any court of criminal jurisdiction or other civil authority. In the event such court or other civil authority releases such registrant from custody, upon final adjudication or otherwise, such registrant may be reclassified. A registrant shall be considered to have been released from custody by an order terminating such custody if and when the registrant is inducted or suspending such custody for the period of military service of the registrant, if inducted, either with or without credit for such period.

If a registrant is otherwise qualified for service and would be placed in Class I-A, except for the fact that he is being retained in the custody of a court of criminal jurisdiction or other civil authority, the local board shall place him in Class I-A and shall request the court or other civil authority to grant an order terminating such custody in order that the registrant may be inducted. In all such cases the registrant shall not be classified in Class IV-F unless and until the local board's request for an order terminating civil custody of the registrant is refused.

When the court or other civil authority grants an order terminating civil custody of the registrant, the local board must be furnished with at least one certified copy of such order. At the time the registrant is ordered to report for induction, the local board shall mail the certified copy of the order to the induction station commander with a letter of explanation so that the commander will have full knowledge of the situation before the induction date.

(f) Is found, irrespective of the foregoing provisions, to be morally unfit for military service.

2. The foregoing amendment to the Selective Service Regulations shall be effective immediately upon the filing hereof with the Division of the Federal Register. (54 Stat. 885; 50 U.S.C. 301-318, inclusive; E.O. 8545, 5 F.R. 3779)

[Order No. 52]

POWELLSVILLE PROJECT

ESTABLISHMENT FOR CONSCIENTIOUS OBJECTORS

I, Lewis B. Hershey, Director of Selective Service, in accordance with the provisions of section 5 (g) of the Selective Training and Service Act of 1940 (54 Stat. 885) and pursuant to authorization and direction contained in Executive Order No. 8675 dated February 6, 1941, hereby designate the Powellsville Project to be work of national importance, to be known as Civilian Public Service Camp No. 52. Said camp, located at Powellsville, Wicomico County, Maryland, will be the base of operations for soil conservation work in the State of Maryland, and registrants under the Selective Training and Service Act of 1940, who have been classified by their local boards as conscientious objectors to both combatant and noncombatant military service and have been placed in Class IV-E, may be assigned to said camp in lieu of their induction for military service.

The work to be undertaken by the men assigned to Civilian Public Service Camp No. 52 will consist of the provision of labor for rehabilitation work on existing drainage systems thereby increasing the production of food crops; also for the maintenance of a fire fighting unit for the protection of a forest area, and shall be under the technical direction of the Soil Conservation Service of the Department of Agriculture insofar as concerns the planning and direction of the work program. The camp, insofar as camp management is concerned, will be under the direction of approved representatives of the National Service Board for Religious Objectors. Men shall be assigned to and retained in camp in accordance with the provisions of the Selective Training and Service Act of 1940 and regulations and orders promulgated thereunder. Administrative and directive control shall be under the Selective Service System through the Camp Operations Division of National Selective Service Headquarters.

PART 1074—VITAMIN A

[General Limitation Order L-40, as Amended August 26, 1942]

Section 1074.1 *General Limitation Order L-40*[2] is hereby amended to read as follows:

§ 1074.1 *General Limitation Order L-40*—(a) *Definitions.* For the purposes of this order:

(1) "Vitamin A" shall include Vitamin A and its "pro-vitamins" such as carotenes and cryptoxanthin derived from plant, animal, fish or marine animal sources.

(2) "Fish liver oils" shall mean oils containing Vitamin A derived, extracted, or processed from livers of the cod, shark, halibut, or other fish.

(3) "Feed" shall mean natural or artificial feedstuffs or rations or other substances intended for poultry, cattle, furbearing or other animals, as a complete ration, or as a component of, or in reinforcement of, other diets.

(b) *General restrictions.* (1) Except as provided in paragraph (b) (2) of this order, no person shall, on or after April 10, 1942, manufacture any preparation represented to contain more than 5,000 U. S. P. XI units of Vitamin A in the largest daily dosage recommended by the manufacturer or seller for adult use.

(2) The restrictions of paragraph (b) (1) of this order shall not apply to the manufacture of preparations represented to contain 25,000 or more U. S. P. XI units of Vitamin A in the smallest daily dosage recommended by the manufacturer or seller for adult use; and the restrictions of paragraph (b) (1) of this order shall not apply to the manufacture of preparations recognized in the U. S. P. or N. F.

(3) Except as provided in paragraph (b) (4) of this order, no person shall manufacture or prepare feeds, which, in the form recommended by the manufacturer or seller to be consumed, contain more than 2,000 U. S. P. XI units of Vitamin A supplied by fish liver oils or other fish oils per pound of total ration; except that for all turkey feeds and poultry breeding feeds the limitation shall be 3,000 U. S. P. XI units of Vitamin A supplied by fish liver oils or other fish oils per pound of total ration.

(4) The restrictions of paragraph (b) (3) of this order shall not apply to stocks of fish liver oils or other fish oils, which, on February 10, 1942, were in the hands of, or in transit to, or blended and held in stock for the account of, persons who have purchased such oil for use by them as one of the ingredients of their manufactured feeds; nor shall the restrictions of paragraph (b) (3) of this order apply to any person who mixes or prepares feeds which are consumed by his own poultry or animals.

(c) *Applicability of General Preference Order M-71, as amended.* All sales, purchases, and deliveries of fish liver oils and other fish oils shall continue to be subject to the provisions and restrictions of General Preference Order M-71, as amended from time to time.

(d) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time.

(e) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(f) *Appeals.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a serious problem of unemployment in his community, or that compliance with this order would disrupt or impair a program of conversion from non-defense to defense work, may appeal to the War Production Board by letter or telegram setting forth the pertinent facts and the reasons why he considers he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(g) *Communications to War Production Board.* All communications concerning this order shall, unless otherwise directed, be addressed to, "War Production Board, Health Supplies Branch, Washington, D. C. Ref.: L-40" (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. PART 1173—RUBBER YARN AND ELASTIC THREAD

[Conservation Order M-124 as Amended August 26, 1942]

Section 1173.1 *Conservation Order M-124* is hereby amended to read as follows:

§ 1173.1 *Conservation Order M-124*—(a) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of priorities regulations of the War Production Board, as amended from time to time.

(b) *Restrictions on use and delivery.* No person shall knit, weave or otherwise process or use, sell, deliver, purchase, order or accept any rubber yarn, latex yarn or elastic thread except:

(1) To be incorporated into products required to be delivered under actual orders or contracts with:

(i) The Army or Navy of the United States, the United States Maritime Commission, the War Shipping Administration, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Selective Service System, the Civil Aeronautics Administration, the National Advisory Committee for Aeronautics, and the Office of Scientific Research and Development;

(ii) Any agency of the United States Government for delivery to, or for the account of, the Government of any country pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act): *Provided, however,* That such yarn or thread shall be used only to the minimum extent necessary to comply with the specifications of the prime contract involved and that any rubber yarn, latex yarn, or elastic thread in the inventory or under the control of any person now or hereafter holding such order or contract not consumed in the performance thereof shall be reported immediately to the War Production Board.

(2) For sale and delivery by or to the Defense Supplies Corporation or its representatives.

(3) Any rubber yarn, latex yarn or elastic thread in a retail merchant's stock as such.

(c) *Reports.* Each person, other than the Defense Supplies Corporation or its representatives, shall report immediately to the War Production Board the total poundage, manufacturer's style number, core size and kind of covering of each item of rubber yarn, latex yarn, or elastic thread in his inventory or under his control, except such yarn or thread which on March 29, 1942, was in a retail merchant's stock as such.

(d) *Appeals.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him may appeal to the War Production Board, setting forth the pertinent facts and the reasons why he considers himself entitled to relief. The Director General for Operations may thereupon take such action as is deemed appropriate.

(e) *Communications.* All reports required to be filed under, and all communications concerning, this order shall be addressed to; War Production Board, Textile, Clothing and Leather Branch, Washington, D. C., Reference M-124.

(f) *Audit and inspection.* All records required to be kept by this order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(g) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(h) *Effective date.* This order shall take effect immediately except that paragraph (b) shall take effect September 9, 1942, as to rubber yarn, latex yarn or elastic thread for industrial inhalators, respirators, hose masks, gas masks, goggles and shoes, and surgical stockings, artificial limbs and surgical elastic bandage for joints. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 26th day of August, 1942.

PART 1188—RAILROAD EQUIPMENT

[Interpretation 1 of Supplementary General Limitation Order L-97-a-1]

The following official interpretation is hereby issued with respect to *Supplementary General Limitation Order L-97-a-1*[1] (§ 1188.3):

A railroad which produces or repairs railroad equipment shall be deemed to be engaged in the same business as a producer of railroad cars within the meaning of paragraph (c) (2) (iii) of Priorities Regulation No. 13 which permits a special sale "by a producer to another producer engaged in the same business as the seller, but only if an order of the Director applicable generally to persons engaged in such business expressly permits such a sale." Accordingly, sales to such a railroad are permitted to the extent and upon the conditions specified in Supplementary General Limitation Order No. L-97-a-1 as amended. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 26th day of August 1942.

PART 1279—ELASTIC FABRICS, KNITTED, WOVEN OR BRAIDED

[Conservation Order M-174 as Amended August 26, 1942]

Section 1279.1 *Conservation Order M-174* is hereby amended to read as follows:

§ 1279.1 *Conservation Order M-174*—(a) *Definition of elastic fabric.* For the

[2] 7 F.R. 4174, 4778, 4779, 5663, 5985, 6208.

purposes of this order, "elastic fabric" shall mean any fabric knitted, woven or braided containing bare rubber core or covered rubber thread, six inches in width or less of any quality or in any condition whatsoever.

(b) *Restrictions on use and delivery.* Notwithstanding the provisions of any other conservation or limitation order, no person shall process, cut, change the form of, attach, sew on, sell, deliver, purchase or accept any elastic fabric except to fill actual orders or contracts with

(1) The Defense Supplies Corporation or its representatives;

(2) The Army or Navy of the United States, the United States Maritime Commission, the War Shipping Administration, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Selective Service System, the Civil Aeronautics Administration, the National Advisory Committee for Aeronautics and the Office of Scientific Research and Development;

(3) Any agency of the United States Government for delivery to or for the account of the Government of any country pursuant to the Act of March 11, 1941, entitled "An Act to promote the Defense of the United States" (Lend-Lease Act): *Provided, however,* That the Director General for Operations may specifically authorize the processing and delivery of elastic fabric for such other products and purposes as in his judgment may be necessary to promote the national defense and public interest.

(c) *Submission of samples.* Each person, except the Governments, departments and agencies described in paragraph (b), possessing any elastic fabric shall immediately submit to the Allocations and Appeals Section of the Textile, Clothing and Leather Branch, War Production Board, Washington, D. C., Reference M–174, a sample not less than three feet long of each construction, width and color of elastic fabric in his inventory or under his control together with a statement showing the cost price, total quantity, and the portion thereof required to fill actual orders or contracts with said Governments, departments and agencies, of each such construction, width and color of elastic fabric.

(d) *General exceptions.* The provisions of paragraphs (b) and (c) shall not apply to

(1) Any elastic fabrics which, on or before the opening of business on June 20, 1942, were already packaged in the customary retail packaging of such fabrics, where such packaging differs in both put-up and amount of fabric from the packaging of the same fabric for distribution to processors, manufacturers, or any persons other than retail distributors or persons selling to retail distributors;

(2) Any elastic fabric heretofore specifically released, after application or appeal, by the Director General for Operations or his predecessor.

(e) *Appeals.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him may appeal by letter to the War Production Board, setting forth the pertinent facts and reasons why he considers himself entitled to relief, provided he complies with paragraph (c) of the order if subject thereto. The War Production Board may thereupon take such action as is deemed appropriate.

(f) *Reports.* Each person participating in any transaction involving elastic fabric shall execute and file with the War Production Board such reports and questionnaires as may be requested by the Board from time to time.

(g) *Communications.* All reports required to be filed under, and all communications concerning, this order shall be addressed to: War Production Board, Textile, Clothing and Leather Branch, Washington, D. C., Reference M–174.

(h) *Records.* Each person participating in any transaction involving elastic fabric shall keep and preserve for a period of not less than two years accurate and complete records of his inventories, production, sales and transactions of such material.

(i) *Audit and inspection.* All records required to be kept by this order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(j) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of priorities regulations of the War Production Board, as amended from time to time.

(k) *Violations.* Any person who wilfully violates any provision of the order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(l) *Effective date.* This order shall take effect immediately except that paragraph (b) shall take effect September 9, 1942 as to elastic fabric for industrial inhalators, respirators, hose masks, gas masks, goggles and shoes, and surgical stockings, artificial limbs and surgical elastic bandage for joints. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

PART 3054—CATTLE TAIL HAIR

[General Conservation Order M–210]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of cattle tail hairs for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3054.1 *General Conservation Order M–210*—(a) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time.

(b) *Definitions.* For the purposes of this order "cattle tail hair" means the hair clipped or otherwise removed from the tails or switches of cattle, including calves and oxen, whether imported or domestic, new or reclaimed, of original color or dyed, washed or unwashed, and includes all such hair mixed in combination with other hair or fiber in any percentage which is not physically incorporated into any product, but does not include used hair unless and until it has been reclaimed.

(c) *Restrictions on sales and use.* Except as provided in paragraph (d) below, no person shall, after the effective date of this order, sell or deliver, or purchase or accept delivery of, or process or use, any cattle tail hair.

(d) *Exceptions to restrictions.* The restrictions imposed by paragraph (c) above shall not apply to:

(1) The processing or use of cattle tail hair in the manufacture of products to be delivered under orders placed by, or contracts held by any person with, the Army or Navy of the United States, the United States Maritime Commission, or the War Shipping Administration.

(2) Sales and deliveries of cattle tail hair to be physically incorporated into products to be delivered under orders placed by, or contracts held by any person with, the Army or Navy of the United States, the United States Maritime Commission or the War Shipping Administration, *provided,* however, that no person shall make any such sale or delivery of any cattle tail hair unless he shall have first received from the purchaser a certificate signed by such purchaser, or by a person authorized to sign in his behalf, in substantially the following form:

The undersigned hereby certifies to his vendor and to the War Production Board subject to the provisions of section 35 (A) of the United States Criminal Code (18 U. S. C. A. 80) that the cattle tail hair to be delivered on the annexed purchase order will be physically incorporated into products to be delivered to or for the account of the Army or Navy of the United States, the United States Maritime Commission, or the War Shipping Administration, or will be resold for such purpose.

(e) *Appeal.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of cattle tail hair conserved, or that compliance with this order would disrupt or impair a program of conversion from nondefense to defense work, may appeal to the War Production Board by letter or telegram, reference M–210, setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(f) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of Priorities assistance.

(g) *Communications to the War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Textile, Clothing and Leather Branch, Washington, D. C., Reference: M–210.

(h) *Effective date.* This order shall take effect on September 2, 1942. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 26th day of August 1942.

§ 1389.152 *Maximum prices for sales of women's fur garments by wholesalers and retailers.* (a) The maximum prices for the sale of any women's fur garment by wholesalers or retailers, except as provided in paragraphs (b) and (c) of this section, shall be the sum of:

(1) The cost to the seller of the garment being priced, and

(2) The seller's initial percentage markup over cost on the same classification of garment of the same kind of skin, (i) *by sellers at wholesale,* during the months of June, July and August, 1941, inclusive; (ii) *by sellers at retail,* during the months of July to December 1941, inclusive: *Provided,* That in no event shall the maximum price be higher than the highest price charged by the seller for the same category of women's fur garment delivered during the period mentioned in (i) or (ii) of this paragraph, if the seller made such delivery; or if he made no such delivery, then the highest initial offering price at which he offered for sale, the same category of women's fur garment during the aforementioned period.

* * * * * *

(c) Any wholesaler or retailer who had unconditionally purchased any women's fur garments on or before July 10, 1942, may sell, deliver and offer for sale such women's fur garments at a maximum price determined, by adding the cost to the seller of the garment being priced, to the seller's initial percentage markup over cost on that classification

*Copies may be obtained from the Office of Price Administration.

of garment and kind of skin, on which he has established the lowest initial percentage markup under paragraph (a) hereof: *Provided*, That only those garments unconditionally purchased on or before July 10, 1942, may be sold, delivered and offered for sale at maximum prices established pursuant to this paragraph: *Provided further*, That before offering any such women's fur garments for sale, he shall file under oath or affirmation with the appropriate district, state or regional office of the Office of Price Administration, a statement setting forth the following:

(1) The name and address of the seller,

(2) The number and description of such women's fur garments, and the name of the supplier of each garment,

(3) Date of purchase of each garment,

(4) Cost to the seller of each garment,

(5) A description of the classification of each garment and the kind of skin on which the seller had the lowest initial percentage markup over cost during the base period, amount of such markup, and

(6) The selling price of each garment.

§ 1389.153 *Maximum prices for sales of women's fur garments by a manufacturer.* Except as provided in paragraph (b) of this section, the maximum price for the sale of any women's fur garment by a manufacturer shall be:

(a) *On sales to wholesalers and retailers.* The sum of:

(1) The direct cost of the garment to the manufacturer, and

(2) The same percentage margin over direct cost received by the manufacturer upon the sale of the same classification of women's fur garment of the same kind of skin, which was delivered to wholesalers and retailers in June, July and August, 1942: *Provided*, That in no event shall the maximum price be higher than the highest price charged by the seller for the same category of women's fur garment delivered during the months of June, July and August, 1941, to wholesalers and retailers:

• • • • • •

(c) *On sales at retail by manufacturers*, the maximum selling prices established pursuant to paragraph (a) or (b) of this section may be increased by an amount not exceeding 20%.

(d) *On sales at retail by manufacturing retailers*, the sum of the direct cost to the seller of the garment being priced and the same percentage margin over direct cost received by the seller upon the sale of the same classification of women's fur garments of the same kind of skin, which was delivered in the months of July to December 1941, inclusive: *Provided*, That in no event shall the maximum price be higher than the highest price charged by the seller for the same category of women's fur garment delivered during the months of July to December 1941, inclusive.

(e) Upon the sale of a woman's fur coat, where a muslin pattern is required and is made especially for the purchaser and at his request, a manufacturer may add an amount not exceeding $15 to the maximum price established pursuant to paragraph (a), (c) or (d) of this section.

§ 1389.154 *Maximum prices for women's fur garments which cannot be priced under §§ 1389.152 and 1389.153.* The seller's maximum price for women's fur garments which cannot be priced under § 1389.152 or § 1389.153 shall be a maximum price in line with the level of maximum prices established by this Maximum Price Regulation No. 178. Such price shall be a price determined by the seller after specific authorization from the Office of Price Administration, as follows:

(a) A retailer or a manufacturing retailer, who did not sell women's fur garments prior to January 1, 1942, or who has since January 1, 1942, but prior to July 10, 1942, substantially expanded his establishment selling at retail, shall file in duplicate an application under oath or affirmation with the appropriate district, state or regional office of the Office of Price Administration, setting forth the following:

(1) A description of each garment for which a maximum price is sought, and its cost to the seller;

(2) The name and address of one of his most closely competitive sellers of the same class;

(3) For each garment, the maximum price established by such competitor for the same garment or the similar garment most nearly like it of the same category; and

(4) Such other information as the Office of Price Administration may deem necessary.

If such authorization be given, it will be accompanied by instructions as to the method of determining the maximum price. Within ten days after such price has been determined, the seller shall report such price to the Office of Price Administration upon a form duly filled out under oath or affirmation which will be furnished to him. The price so reported shall be subject to adjustment by the Office of Price Administration.

(b) All other sellers who seek an authorization to determine their maximum prices under the provisions of this section shall file with the Office of Price Administration in Washington, D. C., an application setting forth:

(1) A description in detail of the commodity for which the maximum price is sought;

(2) A statement of the reasons why they cannot price this garment under § 1389.152 or § 1389.153; and

(3) Such other information as the Office of Price Administration may deem necessary.

If such authorization be given, it will be accompanied by instructions as to the method of determining the maximum price. Within ten days after such price has been determined, the seller shall report such price to the Office of Price Administration upon a form duly filled out and filed under oath or affirmation, which will be furnished him. The price so reported shall be subject to adjustment by the Office of Price Administration.

(i) Jackets and capes under 32 inches in length.

• • • • • •

(vii) Women's fur hats of which the entire external part is completely made of furs.

• • • • • •

(9) "Initial percentage markup" shall be determined by the following procedure:

(i) From the total of all the selling prices at which each separate purchase of each classification of garment of each kind of skin was first offered for sale during the applicable base period, there shall be subtracted:

(ii) The total of the cost to the seller of those garments, and

(iii) The remainder thus obtained shall be divided by the total of the cost to the seller as determined in (ii) of this paragraph;

(10) "Manufacturer" shall include any person who fabricates a woman's fur garment from skins owned by him, except a manufacturing retailer;

(10a) "Manufacturing retailer" shall include any manufacturer who customarily sells more than 75% of his output at retail and maintains an establishment selling at retail;

• • • • • •

(15) "Seller" means a seller of women's fur garments. For the purposes of this section where a seller during his last selling season made sales through separate departments or separate units, each separate department and each separate unit or place of business shall be deemed to be a separate seller.

PART 1398—OFFICE AND STORE MACHINES

[Amendment 4 to Revised Rationing Order 4[1]]

NEW AND USED TYPEWRITERS

Amended: §§ 1398.101, 1398.104 (a) and (c), 1398.110 (g).

Added: §§ 1398.102 (a) (8), 1398.104 (a) (1), (a) (2), (a) (3), and (b) (1), 1398.110 (j).

§ 1398.101 *Restrictions of sales and deliveries of typewriters.* On and after August 29, 1942, regardless of any contract of sale, contract to sell, agreement, lease or other obligation, no person shall sell or deliver a typewriter, or offer to sell or deliver a typewriter, and no person shall buy or receive a typewriter, or offer to buy or receive a typewriter, except in accordance with the provisions of §§ 1398.102, 1398.103, 1398.104 and 1398.105. No manufacturer, wholesaler, or dealer shall divert to his use any typewriter from his stock carried for resale or rental, except in accordance with the provisions for receipt, purchase, or rental of typewriters in §§1398.103, 1398.104 and 1398.105.

Provided, however, That nothing in this section shall be deemed to prohibit or regulate the sale or delivery of any typewriter manufactured prior to January 1, 1915; or of any of the following makes of typewriters: Blickensderfer, Oliver, Barlock, Pittsburgh Visible, Fox, Harris, Rex, Demountable, Emerson, Fay Sholes, Hammond, Sholes Visible, Victor, Wellington, Barr-Morse; or of any model of "stripped" portable typewriter on which the seller's retail selling price, exclusive of Federal excise tax, is $40.00 or less, and which lacks any one or more of the following features: four rows of keys, upper and lower case type, two-color ribbon device, variable line spacer, right and left hand margin stops, and back spacer.

§ 1398.102 *Persons eligible to receive typewriters without application*—(a) *New typewriters.* • • •

(8) The Procurement Division of the Treasury Department for the agencies of the federal government within the applicable quota assigned: *Provided*, That purchases for government agencies other than the Army, Navy, or Maritime Commission shall require the prior approval of the Director of Industry Operations of the War Production Board pursuant to application made to the Bureau of Governmental Requirements of the War Production Board. Any person who sells or delivers a typewriter in exchange for a purchase order issued by the Procurement Division of the Treasury Department shall retain a copy of such order in accordance with § 1398.107.

• • • • • •

§ 1398.104 *Rental of typewriters*—(a) *Limitations on rentals.* On and after August 29, 1942, the following typewriters shall not be rented, leased, or loaned: new non-portable typewriters; new portable typewriters, except "stripped" portables released for unrestricted sale pursuant to § 1398.101; and used non-portable typewriters manufactured after January 1, 1935. No person shall rent, lease, or lend any other typewriter to another person, or renew a rental, lease, or loan of any typewriter to another person, except as provided in subparagraphs (1), (2), and (3) of this paragraph. *Provided*, That any person who is eligible to buy or receive a typewriter without application pursuant to § 1398.102, or any person, in exchange for an Authorization issued pursuant to § 1398.102 or certificate issued pursuant to §§ 1398.103 and 1398.105 for the purchase of a typewriter, may buy, receive, or lease such typewriter, whenever manufactured, under any form of agreement, including, but not limited to, a lease with option to purchase or rental credit provision.

(1) *Rental of typewriters regardless of eligibility to buy.* Any person may rent, lease, or borrow from any other person any used non-portable typewriter manufactured prior to January 1, 1935, or any used portable typewriter.

(2) *Lease, rental, and loan periods.* A lease, rental, or loan under this section may be made for a period not to exceed three months, and may be renewed only at the expiration of each rental period for an additional period not to exceed three months.

(3) *Terms and provisions of leases, rentals and loans.* No rental fee shall be charged or accepted in advance for a period exceeding three months. No rental, lease, or loan made under the provisions of subparagraph (1) of this section shall contain an option to purchase or any provision to credit rentals, deposits, or other sums paid toward the purchase price of the rented typewriter. This provision shall not be construed to prevent parties to a typewriter rental agreement, upon the purchase of the rented typewriter pursuant to § 1398.102, or in exchange for a Certificate issued pursuant to § 1398.103 (a) or (b), or after the typewriter has been released for unrestricted sale by the Office of Price Administration, from crediting previously paid rentals toward the purchase price of the typewriter.

(b) • • •

(1) *Recapture of used non-portable typewriters manufactured since January 1, 1935.* On or before September 15, 1942, all rentals, leases, bailments for use, licenses, hirings, or loans of non-portable typewriters manufactured after January 1, 1935 shall be canceled or revoked by the lessors, bailors, licensors, or lenders, as the case may be, and the typewriters recaptured or repossessed. On or before September 15, 1942, all persons in possession of such typewriters shall return, deliver, or surrender such typewriters to their lessors, bailors, licensors, or lenders, as the case may be. Any dealer, wholesaler or manufacturer, or other person who fails to secure the repossession or return of any such typewriter shall, not later than September 22, 1942, give notice thereof in writing, addressed to State Director, Office of Price Administration, specifying the name and address of the lessee, bailee, licensee, or borrower; the date of original delivery of the typewriter to him; the model, make, and serial number of the typewriter; and the efforts made to secure the return of the typewriter.

Provided, That any person, in exchange for an Authorization issued by the War Production Board pursuant to § 1398.102 or a certificate issued by a Local Board pursuant to §§ 1398.103 (a) and 1398.105, may retain upon rental the number of non-portable typewriters manufactured after January 1, 1935, specified in such authorization or certificate; and any wholesaler, dealer, or manufacturer may retain as lessee any non-portable typewriter manufactured after January 1, 1935 which he holds on lease or rental.

[1] 7 F.R. 2317, 2792, 4179, 5188.

(c) *Rental-credit provisions and options to purchase.* Any rental-credit provision (or other provision for crediting rentals paid toward the purchase price of a rented typewriter) or option to purchase contained in an agreement for the rental of a typewriter made prior to March 6, 1942, which rental-credit provision or option was not prior to March 6, 1942, invoked or exercised in writing by the lessee, shall be enforceable only upon presentation of an Authorization or Certification issued pursuant to § 1398.102, or §§ 1398.103 and 1398.105.

* * * * * * *

§ 1398.110 *Definitions.* When used in the Revised Rationing Order No. 4, the term:

* * * * * * *

(g) "Typewriter", unless expressly otherwise stated, includes non-portable typewriters (including noiseless and electric types), and portable typewriters. The term shall not include continuous forms handling machines having carbon paper handling devices constructed as an integral part of the machine; shorthand writing machines; telegraphically controlled typewriters; Braille typewriters; toy typewriters; linotype machines or monotype machines.

* * * * * * *

(j) "Board", "Local Board", or "Local Rationing Board" means a War Price and Rationing Board.

* * * * * * *

§ 1398.112 *Effective dates of amendments.* * * *

(d) Amendment No. 4, (§§ 1398.101, 1398.102 (a) (8), 1398.104 (a), (a) (1), (a) (2), (a) (3), (b) (1), (c), 1398.110 (g), (j)) to Revised Rationing Order No. 4 shall become effective August 29, 1942.

* * * * * * *

§ 1400.155 *Exempt sales.* * * *

(b) Sales and deliveries of printed woven decorative fabrics when such sales or deliveries are made by a person whose principal business with respect to such fabrics during the period between January 1, 1941 and March 31, 1942 was in fabrics selling at a price of less than 35 cents per yard.

* * * * * * *

§ 1400.160 *Petitions for amendment and adjustment.* * * *

(c) A manufacturer who is prepared to show that:

(1) He has maintained prior to July 13, 1942 a cut length sales department separate from his manufacturing business, and

(2) That his maximum prices for sales of woven decorative fabrics by this department as determined in accordance with § 1400.163 subject the department to substantial hardship, may file a petition for the adjustment of his maximum prices for sales by such department. Such a petition shall be filed in accordance with Procedural Regulation No. 1 [2] and shall contain, in addition to the evidence required above, a statement of the reasons why the petitioner believes that the granting of relief in his case will not defeat or impair the purposes of the Emergency Price Control Act of 1942 and of this Maximum Price Regulation No. 39.

§ 1400.161 *Definitions.* * * *

(4) "Woven decorative fabrics" means any finished textile fabric (i) woven on a loom (ii) composed of such fibers as cotton, silk, wool, mohair, synthetic fibers or any mixtures of the foregoing fibers, and (iii) customarily used for furniture coverings, draperies, furniture or automobile slip covers or bedspreads: *Provided*, That the term shall not include bedspread fabrics for which maximum prices are established by Maximum Price Regulation No. 118.[3]

* * * * * * *

(9) "Cut length sales department" means a department or branch operated by a woven decorative fabric manufacturer, the principal business of which consists of selling woven decorative fabrics in cut lengths of specified yardage to interior decorators.

PART 1499—COMMODITIES AND SERVICES

[Order 30 Under § 1499.18 (b) of the General Maximum Price Regulation]

SUPERIOR PRODUCTS CO.

For the reasons set forth in an opinion issued simultaneously herewith, it is ordered:

§ 1499.330 *Adjustment of maximum prices for Sue Pree' Nail Polish manufactured by Superior Products Company—* (a) *Manufacturer.* On and after August 26, 1942, Superior Products Company, Dallas, Texas, may charge for a bottle containing 11/32 of an ounce of Sue Pree' Nail Polish the prices charged by it during March 1942 for the original size containing 16/32 of an ounce of the Sue Pree' Nail Polish, namely $.56 per dozen bottles.

For a period of three months after it commences to sell its reduced size of Sue Pree' Nail Polish, Superior Products Company shall mark each case with a notice or shall enclose in each case a notice as follows: "Sale of reduced size of this product at maximum prices established for any seller for original size is authorized by Office of Price Administration Order No. 30 under § 1499.18 (b) of the General Maximum Price Regulation, issued August 25, 1942."

(b) *Wholesalers and retailers.* On and after August 26, 1942 any wholesaler or retailer may charge for Superior Products Company's reduced size of Sue Pree' Nail Polish (1) the maximum prices established for such seller for Superior Products Company's original size of Sue Pree' Nail Polish or (2) if no maximum prices have been established for such seller for Superior Products Company's original size of Sue Pree' Nail Polish, the maximum prices established for such seller under section 2 of the General Maximum Price Regulation for Superior Products Company's reduced size of Sue Pree' Nail Polish.

(c) All discounts, trade practices, and practices relating to the payment of shipping charges in effect in March 1942, on the sale by Superior Products Company of Sue Pree' Nail Polish shall apply to the maximum price set forth in paragraph (a).

(d) This Order No. 30 may be revoked or amended by the Price Administrator at any time.

(e) This Order No. 30 (§ 1499.330) is hereby incorporated as a section of Supplementary Regulation No. 14, which contains modifications of maximum prices established by § 1499.2.

(f) This Order No. 30 (§ 1499.330) shall become effective August 26, 1942. (Pub. Law 421, 77th Cong.)

PART 1499—COMMODITIES AND SERVICES

[Amendment 14 to Supplementary Regulation 14 [1] to General Maximum Price Regulation [2]]

STORAGE AND WAREHOUSING OF COTTON

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.*

A new subparagraph (14) is added to paragraph (a) of § 1499.73 as set forth below:

§ 1499.73 *Modification of maximum prices established by § 1499.2 of General Maximum Price Regulation for certain commodities, services and transactions.* (a) The maximum prices established by § 1499.2 of the General Maximum Price Regulation for the commodities, services, and transactions listed below are modified as hereinafter provided:

* * * * *

(14) *Storage and warehousing of cotton and services incident thereto—(i) Maximum prices.* Except as provided in subdivision (ii) below, maximum prices for storage and handling in and out of warehouse of cotton received after the date of this amendment shall be either:

(*a*) Maximum prices computed under section 2 of the General Maximum Price Regulation, or

(*b*) (*1*) for handling of cotton in and out of warehouse, 35¢ per bale;

(*2*) for storage: cotton stored in warehouses operating compress facilities, 17½¢ per bale per month, or fraction thereof, for the first six months of storage and 15¢ per bale per month, or fraction thereof, thereafter; cotton stored in warehouses not operating compress facilities, 20¢ per bale per month, or fraction thereof, for the first six months of storage and 17½¢ per bale per month, or fraction thereof, thereafter.

(ii) The maximum prices set forth in subdivision (i) (*b*) above, shall not apply, and section 2 of the General Maximum Price Regulation shall apply, to the handling in and out of warehouse and storage of cotton owned by the United States Government or any agency thereof.

(iii) Every person engaged in the storage and warehousing of cotton other than United States Government owned cotton, must elect to observe as his maximum prices for storage and handling in and out of the warehouse either maximum prices determined in accordance with subdivision (i) (*a*) above or the maximum prices set forth in subdivision (i) (*b*) above, and must advise the appropriate field office of the Office of Price Administration of such election on the form set forth in Appendix A, attached hereto and made a part hereof, within a period of 30 days from the date of this order.

(b) Effective dates * * * (15) Amendment No. 14 (§ 1499.73 (a) (14)) to Supplementary Regulation No. 14 shall become effective August 25, 1942.

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

Chapter II—Corps of Engineers, War Department

PART 203—BRIDGE REGULATIONS

TRENT RIVER, N. C.

Pursuant to the provisions of section 5 of the River and Harbor Act of August 18, 1894 (28 Stat. 362; 33 U.S.C. 499), the provisions of § 203.354 [1] of Bridge Regulations are extended to include all drawbridges across Trent River above the Atlantic Coast Line Railroad bridge at Pollocksville, North Carolina, the title and regulations being amended as follows:

§ 203.354 *Trent River, N. C.; Atlantic Coast Line Railroad Company bridge at Pollocksville, N. C., and all drawbridges upstream thereof.* (a) The owners of, or agencies controlling, the bridges will not be required to keep draw tenders in constant attendance at the above-named bridges.

(b) Whenever a vessel, unable to pass under the closed bridges, desires to pass through the draw, at least 24 hours' advance notice of the time the opening is required shall be given to the authorized representatives of, or agencies controlling, the bridges.

(c) Upon receipt of such notice, the authorized representative of, or agency controlling, the bridge, in compliance therewith, shall arrange for the prompt opening of the draw at the time specified in the notice for the passage of the vessel.

(d) The owners of, or agencies controlling, the bridges shall keep conspicuously posted on both the upstream and downstream sides of the bridges, in such manner that it can easily be read at any time, a copy of these regulations together with a notice stating exactly how the representative specified in paragraph (b) may be reached.

(e) The operating machinery of the draws shall be maintained in a serviceable condition, and the draws opened and closed frequently enough to make certain that the machinery is in proper order for satisfactory operation. PART 5—ADJUDICATION: DEPENDENTS' CLAIMS

EVIDENCE REQUIRED IN ESTABLISHING PROOF OF BIRTH, RELATIONSHIP, MARRIAGE, DEATH AND DEPENDENCY

Revision of §§ 5.2518 and 5.2582.

§ 5.2518 *Unexplained absence for seven years.* In the event evidence as provided in § 2.1055 cannot be furnished, if satisfactory evidence is produced establishing the fact of the continued and unexplained absence of any individual from his home and family for a period of seven years, and that after diligent search no evidence of his existence after date of disappearance has been found or otherwise received, the death of such absentee as of the date of the expiration of such period may be considered as sufficiently proved. No State law providing for presumption of death shall be applicable to claims for benefits under laws administered by the Veterans' Administration: *Provided*, That, except in a suit brought pursuant to the provisions of section 19 of the World War Veterans Act, 1924, as amended, or section 617 of the National Service Life Insurance Act of 1940, as amended, the finding of death made by the Administrator of Veterans Affairs shall be final and conclusive. (See Public No. 591, 77th Congress (Act of June 5, 1942); also Act of March 13, 1896.)

A determination of whether the evidence furnished is satisfactory will be made by those officials specifically authorized by the Administrator of Veterans Affairs in the same manner as is provided in § 2.1055 (g) for a finding of fact of death. (August 31, 1942) (Public No. 591, 77th Congress)

(f) Awards of service-connected benefits for periods beginning on or after September 1, 1941, to widows or parents of veterans of the World War, Spanish-American War, Philippine Insurrection or Boxer Rebellion, or of veterans whose death resulted from service as comprehended by paragraph I (c) of § 35.012.

(1) On and after September 1, 1941, the rates provided by section 5, Public No. 198, 76th Congress, are payable to the widows and parents of veterans of the World War, the Spanish-American War, Philippine Insurrection and Boxer Rebellion and of veterans whose deaths resulted from service as comprehended by paragraph I (c) of § 35.012, subject to the provisions of subparagraphs (2), (3), and (4) of this paragraph.

(2) During the period beginning September 1, 1941, and ending July 31, 1942, the rates payable under section 5, Public No. 198, shall not be payable while the combined monthly rates of compensation or pension and of yearly renewable term, automatic insurance or National Service Life Insurance payable, equal or exceed the rates prescribed in § 5.2624.

(3) If during the period beginning September 1, 1941, and ending July 31, 1942, the combined monthly rates of compensation or pension payable under the laws in effect prior to August 16, 1937, and insurance do not equal or exceed the rates prescribed in section 5 of Public No. 198, 76th Congress, the amount of compensation or pension payable during such period while the insurance is payable shall be that which equals the difference between the amount of the monthly instalment of insurance and the rate of compensation or pension otherwise payable under section 5, Public No. 198, 76th Congress, subject to the increase at the full rate prescribed therein from the date following the ending date of the insurance award, or August 1, 1942, whichever is the earlier.

(4) On and after August 1, 1942 in no event shall monthly payments of yearly renewable term or automatic, or National Service Life Insurance serve to reduce the amounts of compensation or pension otherwise payable under existing compensation or pension laws. (Public No. 667, 77th Congress)

(g) Awards of service-connected benefits for periods beginning on or after December 19, 1941 to widows, children, or parents of veterans whose death resulted from service since March 4, 1861, as comprehended by paragraph I (c) of [illegible] as amended by the Act of December 19, 1941 (Public No. [illegible] Congress).

comprehended by paragraph I (c) of § 35.012 as amended by Public No. 359, 77th Congress (Act of December 19, 1941) subject to the provisions of subparagraphs (2) and (3) of this paragraph and § 5.2582 (f) (4).

(2) During the period beginning December 19, 1941 and ending July 31, 1942, the rates payable under section 5, Public No. 198, 76th Congress, as amended, shall not be payable while the combined monthly rates of compensation or pension and of yearly renewable term, or automatic insurance, or National Service Life Insurance payable, equal or exceed the rates prescribed in § 5.2624.

(3) If during the period beginning December 19, 1941, and ending July 31, 1942, the combined monthly rates of compensation or pension and insurance do not equal or exceed the rates prescribed in section 5 of Public No. 198, 76th Congress, as amended, the amount of compensation or pension payable during such period while the insurance is payable shall be that which equals the difference between the amount of the monthly instalment of insurance and the rate of compensation or pension otherwise payable under section 5, Public No. 198, 76th Congress, as amended, subject to the increase at the full rate prescribed therein from the date following the ending date of the insurance award, or August 1, 1942, whichever is the earlier. In no event, however, will the rates payable be less than those authorized by paragraph I of § 35.011. (August 31, 1942) (Public No. 359, 77th Congress)

136.107 Appeal.
136.108 Witnesses and witness fees.
136.109 Records confidential.
136.110 Evidence of criminal liability.

AUTHORITY: §§ 136.101 to 136.110, inclusive, issued under R.S. 4450, as amended, sec. 4 (a), (j), 49 Stat. 1381, 50 Stat. 544; 46 U.S.C. 239 (a), (j); Executive Order No. 8976, dated December 12, 1941 (7 F.R. 9741), and Executive Order No. 9083, dated February 28, 1942 (7 F.R. 1609).

§ 136.101 *Scope of rules.* (a) The following rules and regulations shall, during such period of time as Executive Order No. 9083, dated February 28, 1942, remains in effect, govern the conduct of investigations and other proceedings relating to: (1) marine casualties and accidents other than casualties and accidents resulting from enemy action, and (2) acts in violation of sections 170, 214, 215, 222, 224, 224a, 226, 228–234, 239, 240, 361, 362, 364, 371–373, 375–382, 384, 385, 391, 391a, 392, 393, 399, 400, 402–416, 435–440, 451–453, 460–463, 464, 467, 470–481, 482, or 489–498 of title 46 of the United States Code or of any of the regulations issued thereunder, and acts of incompetency or misconduct committed by any licensed officer or holder of a certificate of service, whether or not such acts are committed in connection with any marine casualty or accident.

(b) Investigations and other proceedings relating to marine casualties and accidents resulting from enemy action shall be governed by special procedures prescribed by the Commandant.

§ 136.102 *Definitions.* When used in this part:

(1) The term "marine casualty or accident" shall mean any casualty or accident involving any vessel if such casualty or accident occurs within the navigable waters of the United States, its territories or possessions, and any casualty or accident involving an American vessel, or a vessel owned by any person domiciled in the United States, wherever such casualty or accident may occur.

(2) The term "party in interest" shall mean any person whom the board or officer or employee of the Coast Guard in charge of an investigation or other proceeding shall find to have a direct interest in the subject matter thereof and shall include the owner, charterer, or agent of such owner or charterer, of any vessel involved therein, licensed or certificated personnel, officers or employees of the Government and any other person whose conduct is under investigation or whose interests may be affected thereby.

(3) The term "Commandant" shall mean the officer in charge of all activities of the United States Coast Guard.

(4) The term "Coast Guard District" shall mean the geographical area [illegible] a District Coast Guard Officer has jurisdiction for the purpose of administering the provisions of [illegible]

§ 136.103 *Notice of casualty and voyage records.* (a) Whenever a marine casualty or accident occurs, the master, owner, charterer, or agent of the vessel or vessels involved shall, as soon as possible give notice thereof to the nearest local or district office of the United States Coast Guard or to Coast Guard Headquarters, Washington, D. C. Notices received in local or district offices shall be transmitted to Headquarters immediately. Such notice shall name the vessel involved and the owner or agent thereof, and shall state the nature and cause of the casualty or accident, the locality in which it occurred, and the extent and nature of injuries to persons and damage to property resulting therefrom. Such notice shall be in addition to any other notice required to be given by law or regulation. Any officer or employee of the United States or any other person having material knowledge or information concerning a marine casualty or accident shall immediately bring such information to the attention of the United States Coast Guard. Communications in regard to casualties shall be handled with caution in order that information with respect thereto may not fall into the hands of the enemy.

(b) The owner, charterer, agent, master or other licensed officer of any vessel involved in a marine casualty or accident shall retain the voyage records of the vessel, including both rough and smooth deck and engine room logs, bell books, navigation charts, navigators' work books, compass deviation cards, gyro compass records, stowage plans, records of draft, aids to mariners, radiograms sent and received, and the radio log, and crews' and passengers' lists, which upon request shall be produced for inspection of any duly authorized officer or employee of the United States Coast Guard.

§ 136.104 *Preliminary investigations.* (a) As soon as possible after receiving notice of a marine casualty, other than a casualty resulting from enemy action, the Merchant Marine Inspector in Charge in whose jurisdiction the casualty occurs, or in cases involving casualties occurring on the high seas, to whose jurisdiction the personnel of the vessel or vessels involved first return shall cause a preliminary investigation of such casualty to be made.

(b) The Merchant Marine Inspector in Charge and any other officers and employees who may be authorized by him to conduct such investigations shall have the power to administer oaths, summon witnesses, require persons having knowledge of the subject matter of the investigation to answer questionnaires, and require the production of relevant books, papers, documents and other records.

(c) At the conclusion of the investigation, the Merchant Marine Inspector in Charge shall submit to Headquarters, through the District Coast Guard Officer, a full and complete report of all the facts and circumstances relating to the [illegible] 399, 400, 402–416, 435–440, 451–452, 460–463, 464, 467, 470–481, 482, or 489–498 of

(d) Whenever, in any case not involving a marine casualty or accident, a complaint is made against a licensed officer or holder of a certificate of service or efficiency charging him with any act of incompetency or misconduct while acting under the authority of his license or certificate, or with any act in violation of the provisions of sections 170, 214, 215, 222, 224, 224a, 226, 228–234, 239, 240, 361, 362, 364, 371–373, 375–382, 384, 385, 391, 391a, 392, 393, 399, 400, 402–416, 435–440, 451–453, 460–463, 464, 467, 470–481, 482, or 489–498 of title 46 of the United States Code or of any regulations issued thereunder, the Merchant Marine Inspector in Charge to whom such complaint is made or referred shall make such investigation of such complaint as he may deem necessary to determine whether there is a reasonable basis for such charge.

§ 136.105 *Board investigations.* (a) If as a result of preliminary investigation of any casualty, it appears to the Commandant that the conduct of a further investigation thereof would tend to promote safety at sea and would not be inimical to the public interest, the Commandant will designate an appropriate board to conduct such investigation forthwith. Any board so designated shall have power to administer oaths, summon witnesses, require persons having knowledge of the subject matter of the investigation to answer questionnaires, and require the production of relevant books, papers, documents and other records.

(b) Reasonable notice of the time and place of the board investigation shall be given to any person whose conduct is under investigation and any other party in interest, and all parties in interest shall be allowed to be represented by counsel, to cross-examine witnesses and to call witnesses in their own behalf. A complete record of the proceedings of a board investigation shall be kept and at the conclusion thereof the board shall make a report containing recommendations and findings to the Commandant.

(c) If the Commandant is of the opinion that the public interest would be served thereby, he may make public a statement of the probable cause or causes of the casualty.

§ 136.106 *Suspension or revocation proceedings.* (a) Suspension and revocation proceedings shall be instituted by the Merchant Marine Inspector in Charge in any case in which it appears to him, as a result of any investigation made hereunder, or otherwise, that there are reasonable grounds to believe that a licensed officer or holder of a certificate of service is incompetent, or has been guilty of misbehavior, negligence, or unskillfulness or has endangered life or has wilfully violated any of the provisions of sections 170, 214, 215, 222, 224, 224a, 226, 228–234, 239, 240, 361, 362, 364, 371–373, 375–382, 384, 385, 391, 391a, 392, 393, 399, 400, 402–416, 435–440, 451–452, 460–463, 464, 467, 470–481, 482, or 489–498 of

Marine Inspector in Charge shall prepare charges and specifications against such person and refer such charges and specifications to one of the district hearing officers.

(b) The district hearing officers shall be officers or employees designated by the Commandment to act in such capacity: *Provided*, That the inspector who conducted the investigation may act as hearing officer in any case in which the person charged voluntarily consents thereto in writing.

(c) The hearing officer shall fix the time and place of hearing and shall make all arrangements for the conduct thereof. He shall cause to be served upon the accused either by personal service or registered mail at a time sufficiently in advance of the time set for the hearing to give the accused a reasonable opportunity to prepare his defense, a notice of the time and place of hearing and a copy of the charges and specifications. The notice shall advise the accused that he may waive hearing and reply to the charge in writing if he so desires. Where personal service is made upon the accused, the officer or employee making service shall exhibit the original of the notice to the accused, read it to the accused if he cannot read, and give him a copy thereof and of the charges and specification, and shall make return, under oath, in accordance with the form on the notice. When service is made by registered mail a return receipt shall be requested.

(d) The hearing officer shall open the hearing at the time and place specified in the notice, shall administer all necessary oaths, shall cause a complete record of the proceedings to be kept, and shall regulate and conduct the hearing in such a manner as to bring out all the relevant and material facts, and insure the accused a fair and impartial trial on the charges made against him. When an affidavit or other *ex parte* testimony is admitted in evidence the record shall show why the person whose testimony is so reduced to writing did not appear in person. The accused shall have the right to appear in person, or by counsel, and shall be permitted to call, examine and cross-examine witnesses and to introduce relevant documentary evidence into the record.

(e) The hearing officer shall have power to issue summons requiring the attendance of witnesses or the production of records and other documents.

(f) In any case in which the accused, after having been duly served with notice of a hearing fails to appear, a notation to that effect shall be made in the record. If the accused elects to waive hearing and replies to the charges by letter, such letter shall be made a part of the record.

(g) At the conclusion of the hearing the hearing officer shall consider the [illegible] decision containing his findings and conclusions as to the [illegible]

73d Congress, sections 28 and 31, Title III, Public No. 141, 73d Congress, section 3, Public No. 304, 75th Congress, section 5, Public No. 198, 76th Congress, Public No. 242, 77th Congress, or Public No. 359, 77th Congress, shall be fixed in accordance with the facts found, except that:

(f) Awards of service-connected benefits for periods beginning on or after September 1, 1941, to widows or parents of veterans of the World War, Spanish-American War, Philippine Insurrection or Boxer Rebellion, or of veterans whose death resulted from service as comprehended by paragraph I (c) of § 35.012.

(1) On and after September 1, 1941, the rates provided by section 5, Public No. 198, 76th Congress, are payable to the widows and parents of veterans of the World War, the Spanish-American War, Philippine Insurrection and Boxer Rebellion and of veterans whose deaths resulted from service as comprehended by paragraph I (c) of § 35.012, subject to the provisions of subparagraphs (2), (3), and (4) of this paragraph.

(2) During the period beginning September 1, 1941, and ending July 31, 1942, the rates payable under section 5, Public No. 198, shall not be payable while the combined monthly rates of compensation or pension and of yearly renewable term, automatic insurance or National Service Life Insurance payable, equal or exceed the rates prescribed in § 5.2624.

(3) If during the period beginning September 1, 1941, and ending July 31, 1942, the combined monthly rates of compensation or pension payable under the laws in effect prior to August 16, 1937, and insurance do not equal or exceed the rates prescribed in section 5 of Public No. 198, 76th Congress, the amount of compensation or pension payable during such period while the insurance is payable shall be that which equals the difference between the amount of the monthly instalment of insurance and the rate of compensation or pension otherwise payable under section 5, Public No. 198, 76th Congress, subject to the increase at the full rate prescribed therein from the date following the ending date of the insurance award, or August 1, 1942, whichever is the earlier.

(4) On and after August 1, 1942 in no event shall monthly payments of yearly renewable term or automatic, or National Service Life Insurance serve to reduce the amounts of compensation or pension otherwise payable under existing compensation or pension laws. (Public No. 667, 77th Congress)

(g) Awards of service-connected benefits for periods beginning on or after December 19, 1941, to widows, children, or parents of veterans whose death resulted from service since March 4, 1861, as comprehended by paragraph I (c) of § 35.012 as amended by the Act of December 19, 1941 (Public No. 359, 77th Congress).

(1) On and after December 19, 1941, the rates provided by section 5, Public No. 198, 76th Congress, as amended, are payable to the widows, children, and parents of veterans whose death resulted from service since March 4, 1861, as comprehended by paragraph I (c) of § 35.012 as amended by Public No. 359, 77th Congress (Act of December 19, 1941) subject to the provisions of subparagraphs (2) and (3) of this paragraph and § 5.2582 (f) (4).

(2) During the period beginning December 19, 1941 and ending July 31, 1942, the rates payable under section 5, Public No. 198, 76th Congress, as amended, shall not be payable while the combined monthly rates of compensation or pension and of yearly renewable term, or automatic insurance, or National Service Life Insurance payable, equal or exceed the rates prescribed in § 5.2624.

(3) If during the period beginning December 19, 1941, and ending July 31, 1942, the combined monthly rates of compensation or pension and insurance do not equal or exceed the rates prescribed in section 5 of Public No. 198, 76th Congress, as amended, the amount of compensation or pension payable during such period while the insurance is payable shall be that which equals the difference between the amount of the monthly instalment of insurance and the rate of compensation or pension otherwise payable under section 5, Public No. 198, 76th Congress, as amended, subject to the increase at the full rate prescribed therein from the date following the ending date of the insurance award, or August 1, 1942, whichever is the earlier. In no event, however, will the rates payable be less than those authorized by paragraph I of § 35.011. (August 31, 1942) (Public No. 359, 77th Congress)

AUTHORITY: §§ 136.101 to 136.110, inclusive, issued under R.S. 4450, as amended, sec. 4 (a), (j), 49 Stat. 1381, 50 Stat. 544; 46 U.S.C. 239 (a), (j); Executive Order No. 8976, dated December 12, 1941 (7 F.R. 6441), and Executive Order No. 9083, dated February 28, 1942 (7 F.R. 1609).

§ 136.101 *Scope of rules.* (a) The following rules and regulations shall, during such period of time as Executive Order No. 9083, dated February 28, 1942, remains in effect, govern the conduct of investigations and other proceedings relating to: (1) marine casualties and accidents other than casualties and accidents resulting from enemy action, and (2) acts in violation of sections 170, 214, 215, 222, 224, 224a, 226, 228–234, 239, 240, 361, 362, 364, 371–373, 375–382, 384, 385, 391, 391a, 392, 393, 399, 400, 402–416, 435–440, 451–453, 460–463, 464, 467, 470–481, 482, or 489–498 of title 46 of the United States Code or of any of the regulations issued thereunder, and acts of incompetency or misconduct committed by any licensed officer or holder of a certificate of service, whether or not such acts are committed in connection with any marine casualty or accident.

(b) Investigations and other proceedings relating to marine casualties and accidents resulting from enemy action shall be governed by special procedures prescribed by the Commandant.

§ 136.102 *Definitions.* When used in this part:

(1) The term "marine casualty or accident" shall mean any casualty or accident involving any vessel if such casualty or accident occurs within the navigable waters of the United States, its territories or possessions, and any casualty or accident involving an American vessel, or a vessel owned by any person domiciled in the United States, wherever such casualty or accident may occur.

(2) The term "party in interest" shall mean any person whom the board or officer or employee of the Coast Guard in charge of an investigation or other proceeding shall find to have a direct interest in the subject matter thereof and shall include the owner, charterer, or agent of such owner or charterer, of any vessel involved therein, licensed or certificated personnel, officers or employees of the Government and any other person whose conduct is under investigation or whose interests may be affected thereby.

(3) The term "Commandant" shall mean the officer in charge of all activities of the United States Coast Guard.

(4) The term "Coast Guard District" shall mean the geographical area over which a District Coast Guard Officer has jurisdiction for the purpose of administering the activities and functions of the Coast Guard.

(5) The term "District Coast Guard Officer" shall mean the officer in charge of a Coast Guard District.

§ 136.103 *Notice of casualty and voyage records.* (a) Whenever a marine casualty or accident occurs, the master, owner, charterer, or agent of the vessel or vessels involved shall, as soon as possible give notice thereof to the nearest local or district office of the United States Coast Guard or to Coast Guard Headquarters, Washington, D. C. Notices received in local or district offices shall be transmitted to Headquarters immediately. Such notice shall name the vessel involved and the owner or agent thereof, and shall state the nature and cause of the casualty or accident, the locality in which it occurred, and the extent and nature of injuries to persons and damage to property resulting therefrom. Such notice shall be in addition to any other notice required to be given by law or regulation. Any officer or employee of the United States or any other person having material knowledge or information concerning a marine casualty or accident shall immediately bring such information to the attention of the United States Coast Guard. Communications in regard to casualties shall be handled with caution in order that information with respect thereto may not fall into the hands of the enemy.

(b) The owner, charterer, agent, master or other licensed officer of any vessel involved in a marine casualty or accident shall retain the voyage records of the vessel, including both rough and smooth deck and engine room logs, bell books, navigation charts, navigators' work books, compass deviation cards, gyro compass records, stowage plans, records of draft, aids to mariners, radiograms sent and received, and the radio log, and crews' and passengers' lists, which upon request shall be produced for inspection of any duly authorized officer or employee of the United States Coast Guard.

§ 136.104 *Preliminary investigations.* (a) As soon as possible after receiving notice of a marine casualty, other than a casualty resulting from enemy action, the Merchant Marine Inspector in Charge in whose jurisdiction the casualty occurs, or in cases involving casualties occurring on the high seas, to whose jurisdiction the personnel of the vessel or vessels involved first return shall cause a preliminary investigation of such casualty to be made.

(b) The Merchant Marine Inspector in Charge and any other officers and employees who may be authorized by him to conduct such investigations shall have the power to administer oaths, summon witnesses, require persons having knowledge of the subject matter of the investigation to answer questionnaires, and require the production of relevant books, papers, documents and other records.

(c) At the conclusion of the investigation, the Merchant Marine Inspector in Charge shall submit to Headquarters, through the District Coast Guard Officer, a full and complete report of all the facts and circumstances relating to the casualty or accident together with such recommendations for subsequent action as he deems proper.

(d) Whenever, in any case not involving a marine casualty or accident, a complaint is made against a licensed officer or holder of a certificate of service or efficiency charging him with any act of incompetency or misconduct while acting under the authority of his license or certificate, or with any act in violation of the provisions of sections 170, 214, 215, 222, 224, 224a, 226, 228–234, 239, 240, 361, 362, 364, 371–373, 375–382, 384, 385, 391, 391a, 392, 393, 399, 400, 402–416, 435–440, 451–453, 460–463, 464, 467, 470–481, 482, or 489–498 of title 46 of the United States Code or of any regulations issued thereunder, the Merchant Marine Inspector in Charge to whom such complaint is made or referred shall make such investigation of such complaint as he may deem necessary to determine whether there is a reasonable basis for such charge.

§ 136.105 *Board investigations.* (a) If as a result of preliminary investigation of any casualty, it appears to the Commandant that the conduct of a further investigation thereof would tend to promote safety at sea and would not be inimical to the public interest, the Commandant will designate an appropriate board to conduct such investigation forthwith. Any board so designated shall have power to administer oaths, summon witnesses, require persons having knowledge of the subject matter of the investigation to answer questionnaires, and require the production of relevant books, papers, documents and other records.

(b) Reasonable notice of the time and place of the board investigation shall be given to any person whose conduct is under investigation and any other party in interest, and all parties in interest shall be allowed to be represented by counsel, to cross-examine witnesses and to call witnesses in their own behalf. A complete record of the proceedings of a board investigation shall be kept and at the conclusion thereof the board shall make a report containing recommendations and findings to the Commandant.

(c) If the Commandant is of the opinion that the public interest would be served thereby, he may make public a statement of the probable cause or causes of the casualty.

§ 136.106 *Suspension or revocation proceedings.* (a) Suspension and revocation proceedings shall be instituted by the Merchant Marine Inspector in Charge in any case in which it appears to him, as a result of any investigation made hereunder, or otherwise, that there are reasonable grounds to believe that a licensed officer or holder of a certificate of service is incompetent, or has been guilty of misbehavior, negligence, or unskillfulness or has endangered life or has wilfully violated any of the provisions of sections 170, 214, 215, 222, 224, 224a, 226, 228–234, 239, 240, 361, 362, 364, 371–373, 375–382, 384, 385, 391, 391a, 392, 393, 399, 400, 402–416, 435–440, 451–452, 460–463, 464, 467, 470–481, 482, or 489–498 of title 46 of the United States Code or any of the regulations issued thereunder. To institute such proceedings the Merchant Marine Inspector in Charge shall prepare charges and specifications against such person and refer such charges and specifications to one of the district hearing officers.

(b) The district hearing officers shall be officers or employees designated by the Commandment to act in such capacity: *Provided*, That the inspector who conducted the investigation may act as hearing officer in any case in which the person charged voluntarily consents thereto in writing.

(c) The hearing officer shall fix the time and place of hearing and shall make all arrangements for the conduct thereof. He shall cause to be served upon the accused either by personal service or registered mail at a time sufficiently in advance of the time set for the hearing to give the accused a reasonable opportunity to prepare his defense, a notice of the time and place of hearing and a copy of the charges and specifications. The notice shall advise the accused that he may waive hearing and reply to the charge in writing if he so desires. Where personal service is made upon the accused, the officer or employee making service shall exhibit the original of the notice to the accused, read it to the accused if he cannot read, and give him a copy thereof and of the charges and specification, and shall make return, under oath, in accordance with the form on the notice. When service is made by registered mail a return receipt shall be requested.

(d) The hearing officer shall open the hearing at the time and place specified in the notice, shall administer all necessary oaths, shall cause a complete record of the proceedings to be kept, and shall regulate and conduct the hearing in such a manner as to bring out all the relevant and material facts, and insure the accused a fair and impartial trial on the charges made against him. When an affidavit or other *ex parte* testimony is admitted in evidence the record shall show why the person whose testimony is so reduced to writing did not appear in person. The accused shall have the right to appear in person, or by counsel, and shall be permitted to call, examine and cross-examine witnesses and to introduce relevant documentary evidence into the record.

(e) The hearing officer shall have power to issue summons requiring the attendance of witnesses or the production of records and other documents.

(f) In any case in which the accused, after having been duly served with notice of a hearing fails to appear, a notation to that effect shall be made in the record. If the accused elects to waive hearing and replies to the charges by letter, such letter shall be made a part of the record.

(g) At the conclusion of the hearing, the hearing officer shall consider the record and shall prepare an appropriate decision containing his findings and conclusions as to the guilt or innocence of the accused, and in the event that he finds the accused guilty shall issue and cause to be served upon the accused an

appropriate order of suspension or revocation. Such order shall, in the absence of an appeal as hereinafter authorized, be effective 30 days after service upon the accused.

§ 136.107 *Appeal.* (a) Any person whose license or certificate of service or efficiency is revoked or suspended may, within 30 days after being notified of the decision of the hearing officer take an appeal to the District Coast Guard Officer of the district in which the hearing was held. The appeal shall take effect when received at the office of the proper District Coast Guard Officer.

Every appeal shall be typewritten and shall set forth as briefly as possible the name of the accused, the nature of the charge, the name of the hearing officer who made the decision, the substance of the decision appealed from and a separate statement of each ground for such appeal. The appeal shall be verified by the appellant or his counsel.

(b) The District Coast Guard Officer on appeal may affirm, reverse, or modify the decision of the hearing officer or remand the case for further hearing. The District Coast Guard Officer will not consider evidence which is not a part of the record of the hearing and will not consider any ground of appeal which is not specified by the accused. The decision of the District Coast Guard Officer on appeal will be in writing and will contain his findings.

§ 136.108 *Witnesses and witness fees.* (a) No officer, seaman, or other employee of any public vessel controlled by the Army or Navy (not including the Coast Guard) of the United States, or its allies, shall be summoned or otherwise required to appear as a witness in connection with any investigation or other proceeding without the consent of the Department or Government concerned.

(b) Any attempt to coerce or induce any witness to testify falsely in connection with a shipping casualty, or to induce any witness to leave the jurisdiction of the United States, is punishable by a fine of $5,000.00 or imprisonment for one year, or both such fine and imprisonment.

(c) Witnesses summoned to attend any investigation or other proceeding conducted hereunder shall upon application be paid the same fees as are paid to witnesses who appear before the district courts of the United States, and witnesses whose depositions are taken and persons who take depositions shall upon application be paid the same fees as are paid for like services in the District Courts of the United States.

§ 136.109 *Records confidential.* (a) All reports of investigations and records of proceedings and all information relating thereto, shall be treated as confidential and shall not be open to public inspection or otherwise disclosed except as may be authorized by the Commandant.

(b) No officer or employee of the Coast Guard shall, without the prior approval of the Commandant, give any testimony with respect to any investigation or other proceeding in any suit, action, or other proceeding except proceedings instituted by a duly authorized public officer under the laws and regulations relating to navigation.

§ 136.110 *Evidence of criminal liability.* If as a result of any investigation or other proceeding conducted hereunder, evidence of criminal liability on the part of any licensed officer or holder of a certificate of service or any other person is found, such evidence shall be referred to the Department of Justice.

WISCONSIN

FIVE-ACRE TRACT CLASSIFICATION NO. 22

ORDER REGARDING LEASING

AUGUST 18, 1942.

On August 6, 1942, the vacant public lands in the following-described areas in Wisconsin were classified and opened by the Secretary of the Interior under the five-acre act of June 1, 1938 (52 Stat. 609; 43 U.S.C. 682a), for leasing as home, camp, cabin, recreational, health, and convalescent sites, but not as business sites:

WISCONSIN No. 2

FOURTH PRINCIPAL MERIDIAN

T. 37 N., R. 8 E., sec. 33, lots 8, 11, and 14; lots 1, 6, 7, 14, 15, 16, 17, 18, and 19 of Unity Point Subdivision in lots 9 and 13 of the section, as shown on the official supplemental plat of survey of section 33, accepted June 19, 1928, and filed January 25, 1929.

Lot 13 of the Unity Point Subdivision, containing 0.45 acre, in lot 13 of the section, as shown on the above-mentioned plat, also was classified and opened for leasing under the act but only for community use and development upon proper application.

Lots 1, 6, 7, 14, 15, 16, 17, 18, and 19 of Unity Point Subdivision in lots 9 and 13 of section will be leased in units according to the supplemental plat of survey referred to above, ranging in area from 0.17 to 0.61 acre.

Lots 8 and 11 of the section, containing 8.71 and 29.92 acres, respectively, will be leased in units of not more than about one-third to two-thirds of an acre, each with approximately 100-foot lake frontage.

Lot 14 of the section, containing 5.49 acres, will be leased as a single unit at the present time. An application under the act has been filed for this tract.

On the lands to be leased for individual use, the lessee will be required to construct a substantial dwelling not less than $300 in value.

The lands involved are in the central part of Oneida County, approximately five miles northwest of the town of Rhinelander, Wisconsin, from which they are accessible via a United States highway and a county road, the latter crossing part of the lands. The lots described above in the subdivided portions of Unity Point in lots 9 and 13 of the section border part on Flanner Lake and part on Velvet Lake. Lot 8 of the section borders on Flanner Lake, and lot 11 part on that lake and part on Dumb Bell Lake.

The portions of the lands described not covered by any application under the five-acre act are subject to application for lease under that act, based on the above-mentioned classification, by any qualified persons, in accordance with the regulations issued pursuant to the act, which are contained in Circular 1470a. Applications under the act should be on the prescribed form. Copies of the circular and application form may be obtained by addressing the Commissioner, General Land Office, Washington, D. C., where all applications must be filed.

FRED W. JOHNSON,
Commissioner.

FEDERAL COMMUNICATIONS COMMISSION.

[Docket No. 6245]

AIRFAN RADIO CORP., LTD.

ORDER DENYING PETITIONS, ETC.

In re application of Airfan Radio Corporation, Ltd. (KFSD), San Diego, California, for modification of construction permit.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 18th day of August 1942;

The Commission, having under consideration (1) the petition of the above-described applicant to reconsider and grant without hearing its application for modification of construction permit (Docket No. 6245), and (2) the petition filed pursuant to the Commission's Memorandum Opinion of April 27, 1942, and being fully informed in the premises;

It is ordered, That the petitions be, and the same are hereby, denied;

It is further ordered, That the notice of issues heretofore released on the application in Docket No. 6245 be, and it is hereby, amended to read as follows:

1. To determine whether the operation of Station KFSD as proposed would be consistent with the Standards of Good Engineering Practice, particularly with respect to the transmitter location and population residing within the blanket area (250 mv/m contour).

2. To determine what precautionary measures, if any, would be necessary to avoid causing objectionable interference to the services of other broadcast stations due to external cross-modulation, particularly in view of the distances between Station KFSD and Stations KFMB and KGB.

3. To determine whether the proposed radiating system complies with the Standards of Good Engineering Practice.

4. To determine the cost of completing the construction authorized in the construction permit No. B5-P-2259 and the financial outlay, if any, incurred in connection therewith by the applicant, prior to April 27, 1942.

5. To determine when the construction heretofore authorized in construction permit No. B5-P-2259 was actually commenced.

6. To determine what materials and equipment the applicant has on hand or available for the construction heretofore authorized in construction permit No. B5-P-2259, and the additional equipment and materials, if any, necessary for the completion thereof.

7. To determine whether the granting of this application would be consistent with the policy announced by the Commission in its Memorandum Opinion dated April 27, 1942.

8. To determine whether in view of the foregoing, the granting of this application would serve public interest, convenience and necessity.

By the Commission.

ELECTRIC BOND AND SHARE CO., ET AL.

NOTICE OF FILING OF PETITION FOR EXTENSION OF TIME AND ORDER FOR HEARING

In the Matter of Electric Bond and Share Company, American Power & Light Company, Pacific Power & Light Company, Electric Power & Light Corporation, Utah Power & Light Company, National Power & Light Company, and Ebasco Services Incorporated, respondents.

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 24th day of August, A. D. 1942.

The Commission having heretofore, on August 23, 1941, entered its order herein, pursuant to section 11 (b) (2) of the Public Utility Holding Company Act of 1935, requiring (a) that the existence of National Power & Light Company be terminated and that said Company be dissolved and (b) that National Power & Light Company and Electric Bond and Share Company proceed with due diligence to submit to the Commission a plan or plans for the prompt dissolution of National Power & Light Company, pursuant to section 11 (b) (2) of the Act;

Notice is hereby given that National Power & Light Company, on August 5, 1942, filed a petition herein requesting the Commission to enter an order under section 11 (c) of the Act extending for one year the time for compliance with said order of dissolution dated August 23, 1941.

All interested parties are referred to said petition which is on file in the office of the Commission for full details thereof.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held for the purpose of considering said petition;

It is ordered, That a hearing on said petition be held on September 15, 1942, at 10:00 A. M. in the forenoon of that day at the office of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania, in such room as may be designated on such date by the Hearing Room Clerk. All persons desiring to be heard or otherwise wishing to participate in the proceedings, should notify the Commission in the manner provided by the Commission's Rules of Practice, Rule XVII, on or before September 10, 1942. At said hearing attention will be particularly directed to the questions whether National Power & Light Company has exercised due diligence in its efforts to comply with the Commission's order of August 23, 1941, and whether an extension of time for compliance with said order is necessary or appropriate in the public interest or for the protection of investors or consumers.

It is further ordered, That William W. Swift or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing above ordered. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the Act and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That the Secretary of the Commission shall serve notice of the entry of this order by mailing a copy thereof by registered mail to National Power & Light Company and to Electric Bond and Share Company, and that notice shall be given to all other persons by publication thereof in the FEDERAL REGISTER.

By the Commission.

PART 1226—GENERAL INDUSTRIAL EQUIPMENT

[Amendment 1 to General Limitation Order L–123]

Section 1226.1 *General Limitation Order L–123*,[2] is hereby amended in the following respects:

1. Paragraph (a) (6) is amended to read as follows:

(6) "Approved orders" means:

(i) Any order for general industrial equipment bearing a preference rating of A–1–c or higher.

(ii) Any order for general industrial equipment for the Army, the Navy, the Maritime Commission, the War Shipping Administration, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Committee for Aeronautics, and the Office of Scientific Research and Development.

(iii) Any order for general industrial equipment which the Director General for Operations authorizes for delivery pursuant to paragraph (b) (2) hereof.

2. Paragraph (b) is amended to read as follows:

(b) *Restrictions on acceptance of orders for, and production and distribution of general industrial equipment*—(1) *General restrictions.* (i) No person shall accept any order for general industrial equipment or commence production of any general industrial equipment in fulfillment of any order, whether accepted or not; unless such order is an approved order.

(ii) No person shall deliver, and no person shall accept delivery of, any general industrial equipment, except pursuant to an approved order; provided, however, that the provisions of this paragraph (b) (1) shall not prohibit the production and delivery, prior to October 1, 1942, of General Industrial Equipment in fulfillment of an order accepted prior to August 27, 1942 and bearing a preference rating of A–9 or higher; and provided, further, that nothing in this order shall prevent shipment of general industrial equipment from any manufacturer to any distributor to fill approved orders actually received by such distributor or to replace general industrial equipment delivered by such distributor to fill an approved order nor shall this order limit the right of a manufacturer legally to extend any preference rating certificate to secure material for the production of approved orders for general industrial equipment.

(2) *Authorization for orders on books.* Manufacturers or distributors may apply for authorization to commence production of, or to deliver, orders now on their books which are not Approved Orders, by filing with the War Production Board, a list in triplicate, plainly marked Ref: L-123, of all such orders, together with the name of the purchaser or lessee, the date of the order, the number of pieces of equipment or machinery, the rating assigned, the Preference Rating Certificate number, if any (or blanket preference rating order and serial number), a description of the machinery, the value of the machinery, the specified delivery date, the extent of completion of the order, and the expected use to which the machinery will be put. The Director General for Operations may thereupon authorize the production or delivery of any such orders, or the assignment of preference ratings thereto.

3. Items 7, 8, 9, and 14 of List A are amended to read as follows:

List A

7. Industrial pumps, mechanically operated, including centrifugal, power, reciprocating, turbine, deep well turbine, rotary, cam, screw, gear, valve and jet types; but not including pumps for farm use as defined in General Limitation Order L–26, measuring and dispensing pumps, vertical submerged reciprocating or turbine type pumps used in oil wells for petroleum production, or boiler feed pumps used in the operation of steam generating boilers above 100 pounds pressure, which are to be used for any purpose. Notwithstanding any other provision of this order, a pump shall be deemed to be "new", and therefore included within the provisions of the order, until such pump has been sold by a manufacturer or distributor to a person acquiring it for use, regardless of whether such pump may have theretofore been leased to any person or persons temporarily by such manufacturer or distributor.

PART 1283—PATTERNS FOR GARMENTS MADE OF WOOL, SILK, RAYON, COTTON, LINEN AND OTHER MATERIALS

[General Limitation Order L–153]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of wool, silk, rayon, cotton, linen and other materials for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense.

§ 1283.1 *General Limitation Order L–153*—(a) *Definitions.* (1) "Pattern" means the design for making a garment from any fabric, cut or outlined in the actual measurements to which such garment is to conform.

(2) "Master pattern" means the original pattern from which patterns for sale are made.

(b) *Restrictions on making master patterns.* No person shall, after September 1, 1942, make any master pattern the measurements of which, exclusive of seams, exceed the maximum measurements prescribed by General Limitation Order L–85,[1] L–116[2] or L–118,[3] as such applicable order may be amended as of the date of making such master pattern, for the manufacture from cloth other than wool cloth of finished garments of the same type as the garment to be made from such pattern.

(c) *Restrictions on sales and deliveries of patterns.* No manufacturer of patterns shall, after February 1, 1943, sell, deliver, or distribute any pattern the measurements of which, exclusive of seams, exceed by more than 5 per cent the maximum measurements prescribed by General Limitation Order L–85, L–116 or L–118, as such applicable order may be amended as of the date of such sale or delivery, for the manufacture from cloth other than wool cloth of finished garments of the same type as the garment to be made from such pattern.

(d) *Communications to the War Production Board.* All communications concerning this order, or any reports which may be required to be filed hereunder, shall, unless otherwise directed, be in writing and be addressed to: War Production Board, Textile, Clothing and Leather Branch, Washington, D. C. Reference L–153.

(e) *Appeal.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him may appeal to the War Production Board by letter or telegraph, Reference Order L–153, setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(f) *Violations.* Any person who willfully violates any provision of this order, or who in connection with this order, willfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction, may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

PART 1334—SUGAR, CONFECTIONERY AND SOFT DRINKS

[Amendment 3 to Revised Price Schedule 60[1]]

DIRECT-CONSUMPTION SUGARS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Paragraphs (a) and (d) of § 1334.52 are amended, a new paragraph (e) is added to § 1334.52, and a new § 1334.58a is added, as set forth below:

§ 1334.52 *Maximum prices for sales of direct-consumption sugars at wholesale*

by persons other than primary distributors. On and after March 31, 1942, regardless of any contract, agreement, lease, or other obligation no person shall sell or deliver direct-consumption sugars at wholesale, and no person shall buy or receive direct-consumption sugars at wholesale in the course of trade or business at prices higher than the maximum prices established by this section. These maximum prices are gross prices and include prevailing commissions, discounts, and all other charges.

(a) The basic maximum price shall be the highest price at which the seller sold such sugars of similar grade, package, and amount to a similar purchaser during either the period October 6, 1941, to October 11, 1941, inclusive, or the period December 1, 1941, to December 6, 1941, inclusive. The seller may select either period at his option. However, once having selected a period, the seller must use the period selected for all purposes of this section. The maximum price for sugars acquired subsequently at a higher net purchase cost shall be determined by adding to the basic maximum price the amount, if any, by which the said higher net purchase cost exceeds the net purchase cost of the sugars upon which the basic maximum price was based: *Provided*, That the seller has first sold his entire inventory of lower cost sugars, and: *Provided further*, That in calculating said maximum prices, the amount by which any net purchase cost exceeds the maximum prices established by § 1334.51 shall not be included. In determining the maximum price for a particular grade or package the seller shall employ the differential for such grade or package which he used during the period selected by him. If he made no sale of such grade or package during the period selected by him he shall employ the differential for such grade or package in accordance with the applicable differential for grades and packages published or in effect during such period of the primary distributor from whom the seller purchased such sugar.

* * * * *

(d) The seller's maximum price for direct-consumption sugars sold at wholesale which cannot be priced under paragraph (a) of this section shall be a maximum price in line with the level of maximum prices established thereunder. Such maximum price shall be a price determined by the seller after specific authorization from the Office of Price Administration. A seller who seeks an authorization to determine a maximum price under the provisions of this paragraph shall file with the Office of Price Administration in Washington, D. C., an application setting forth (1) the location of the seller; (2) the territory in which he sells or will sell and the prevailing prices at wholesale therein; (3) a detailed description of the sugars to be sold; and (4) the terms of sale. If such authorization is given, it will be accompanied by instructions as to the method for determining the maximum price. Within ten days after such price has been determined, the seller shall report the price to the Office of Price Administration in Washington, D. C., upon a form, duly filled out and signed under oath or affirmation, which will be furnished him. The price so reported shall be subject to adjustment at any time by the Office of Price Administration.

(e) The Office of Price Administration, or any duly authorized officer thereof, may by order adjust the maximum price established by this section for any seller at wholesale in any case in which the seller shows:

(1) That such maximum price causes him substantial hardship and is abnormally low in relation to the maximum prices established for competitive sellers of direct-consumption sugars; and

(2) That establishing for him a maximum price, bearing normal relation to the maximum prices established for competitive sellers of direct-consumption sugars, will not cause or threaten to cause an increase in the level of retail prices for direct-consumption sugars.

Applications for adjustment under this paragraph (e) shall be filed in accordance with Procedural Regulation No. 1.[1]

§ 1334.58a *Applications for adjustment.* Any person seeking relief, for which no provision is made in this Revised Price Schedule No. 60, from a maximum price established under this schedule may present the special circumstances of his case in an application for an order of adjustment. Such an application shall be filed in accordance with Procedural Regulation No. 1[1] and shall set forth the facts relating to the hardship to which such maximum price subjects the applicant together with a statement of the reasons why he believes that the granting of relief in his case and in all like cases will not defeat or impair the policy of the Emergency Price Control Act of 1942 and of this Revised Price Schedule No. 60 to eliminate the danger of inflation.

§ 1334.60a *Effective dates of amendments.* * * *

(c) Amendment No. 3 (§ 1334.52 (a), (d) and (e), and § 1334.58a) to Revised Price Schedule No. 60 shall become effective August 31, 1942.

(Pub. Law 421, 77th Cong.)

Issued this 26th day of August 1942.

Administrator.

PART 1364—FRESH, CURED, AND CANNED MEAT AND FISH

[Maximum Price Regulation 209]

SALES BY CANNERS OF CALIFORNIA SARDINES

In the judgment of the Price Administrator the prices of California sardines have risen to an extent and in a manner inconsistent with the purposes of the Emergency Price Control Act of 1942. The Price Administrator has ascertained and given due consideration to the prices of California sardines prevailing between October 1 and October 15, 1941, and has made adjustments for such relevant factors as he has determined and deemed to be of general applicability. So far as practicable, the Price Administrator has advised and consulted with representative members of the industry which will be affected by this regulation.

In the judgment of the Price Administrator, the maximum prices established by this regulation are and will be generally fair and equitable and will effectuate the purposes of said Act. A statement of the considerations involved in the issuance of this regulation has been issued simultaneously herewith and has been filed with the Division of the Federal Register.[*]

The maximum prices established herein are not below the average price of such commodities in the year 1941.

Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, and in accordance with Procedural Regulation No. 1,[1] issued by the Office of Price Administration, Maximum Price Regulation No. 209 is hereby issued.

Sec.
1364.201 Prohibition against dealing in California sardines at prices above the maximum.
1364.202 Conditional agreement.
1364.203 Sales for export.
1364.204 Less than maximum prices.
1364.205 Evasion.
1364.206 Records and reports.
1364.207 Enforcement.
1364.208 Petitions for amendment.
1364.209 Applicability of General Maximum Price Regulation.
1364.210 Definitions.
1364.211 Effective date.
1364.212 Appendix A: Maximum canners' prices for California sardines.

AUTHORITY: §§ 1364.201 to 1364.212, inclusive issued under Pub. Law 421, 77th Cong.

§ 1364.201 *Prohibition against dealing in California sardines at prices above the maximum.* On and after August 31, 1942, regardless of any contract, agreement or other obligation, no canner, or agent or other person acting on behalf, or under the control of such canner shall sell or deliver any California sardines, and no person in the course of trade or business shall buy or receive from a canner any California sardines at prices higher than those set forth in Appendix A hereof, incorporated herein as § 1364.212; and no person shall agree, offer, solicit, or attempt to do any of the foregoing. The provisions of this section shall not be applicable to sales or deliveries of California sardines to a purchaser if, prior to August 31, 1942, such California sardines have been received by a carrier, other than a carrier owned or controlled by the seller, for shipment to such purchaser.

§ 1364.202 *Conditional agreement.* No canner of California sardines shall enter into an agreement permitting the adjustment of the prices to prices which may be higher than the maximum prices

[1] 7 F.R. 971, 3663.

[*] Copies may be obtained from the Office of Price Administration.

provided by § 1364.212, in the event that this Maximum Price Regulation No. 209 is amended or is determined by a court to be invalid or upon any other contingency: *Provided*, That if a petition for amendment has been duly filed, and such petition requires extensive consideration, the Administrator may grant an exception from the provisions of this section permitting the making of contracts adjustable upon the granting of the petition for amendment.

§ 1364.203 *Sales for export.* The maximum price at which a person may export California sardines shall be determined in accordance with the provisions of the Revised Maximum Export Price Regulation [1] issued by the Office of Price Administration.

§ 1364.204 *Less than maximum prices.* Lower prices than those set forth in § 1364.212 may be charged, demanded, paid, or offered.

§ 1364.205 *Evasion.* The price limitations set forth in this Maximum Price Regulation No. 209 shall not be evaded, whether by direct or indirect methods, in connection with an offer, solicitation, agreement, sale, delivery, purchase, or receipt of, or relating to California sardines, alone or in conjunction with any other commodity, or by way of any commission, service, transportation, or other charge, or discount, premium, or other privilege, or by tying-agreement or other trade understanding, or by changing the selection or style of processing or the canning, wrapping, or packaging of California sardines.

§ 1364.206 *Records and reports.* (a) Every person subject to this regulation making a purchase or sale of California sardines in the course of trade or business, or otherwise dealing therein, after August 31, 1942, shall keep for inspection by the Office of Price Administration for a period of not less than two years, complete and accurate records of each such purchase or sale, showing the date thereof, the name and address of the buyer and of the seller, the price contracted for or received, the quantity and a description of the grade or brand, style of pack, and container size of California sardines.

(b) Such persons shall submit such reports to the Office of Price Administration and keep such other records in addition to or in place of the records required in paragraph (a) of this section as the Office of Price Administration may from time to time require.

§ 1364.207 *Enforcement.* (a) Persons violating any provision of this Maximum Price Regulation No. 209 are subject to the criminal penalties, civil enforcement actions, and suits for treble damages provided for by the Emergency Price Control Act of 1942.

(b) Persons who have evidence of any violation of this Maximum Price Regulation No. 209 or any price schedule, regulation, or order issued by the Office of Price Administration or of any act or practices which constitute such a violation are urged to communicate with the nearest district, state, field or regional office of the Office of Price Administration or its principal office in Washington, D. C.

§ 1364.208 *Petitions for amendment.* Persons seeking modification of any provision of this Maximum Price Regulation No. 209 or an adjustment or exception not provided for therein may file petitions for amendment in accordance with the provisions of Procedural Regulation No. 1, issued by the Office of Price Administration.

§ 1364.209 *Applicability of General Maximum Price Regulation.*[2] The provisions of this Maximum Price Regulation No. 209 supersede the provisions of the General Maximum Price Regulation with respect to sales and deliveries for which maximum prices are established by this regulation.

§ 1364.210 *Definitions.* (a) When used in this Maximum Price Regulation No. 209 the term:

(1) "Person" includes an individual corporation, partnership, association, any other organized group of persons, legal successor or representative of any of the foregoing, and includes the United States, any agency thereof, any other government, or any of its political subdivisions, and any agency of any of the foregoing.

(2) "Canner" means a person who preserves California sardines by processing and hermetically sealing in metal containers.

(3) "California sardine" means canned Pacific pilchards (Sardina caerulea) of the sizes customarily packed and marketed under the trade designations, sardines or pilchards, regardless of the location of the cannery.

(4) "Price per case" means, as to No. 1 ovals and No. 1 talls, the price for a lot of forty-eight cans packed for shipment in the usual domestic fiber container; as to 8 oz., the price for a lot of ninety-six cans packed for shipment in the usual domestic fiber container; and, as to 5 oz., the price for a lot of one hundred cans packed for shipment in the usual domestic fiber container.

(5) "No. 1 oval" means No. 1 oval drawn cans (607 x 406 x 105).

(6) "No. 1 tall" means No. 1 citrus cans (300 x 407) or No. 1 food cans (300 x 409).

(7) "8 oz." means 8 Z short cans (211 x 300).

(8) "5 oz." means 6 Z cans (202 x 309).

(b) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 shall apply to other terms used herein.

§ 1364.211 *Effective date.* This Maximum Price Regulation No. 209 (§§ 1364.201 to 1364.212, inclusive) shall become effective August 31, 1942.

§ 1364.212 *Appendix A: Maximum canners' prices for California sardines.* (a) The prices set forth below are maximum prices per case for California sardines, f. o. b. locality of cannery. The maximum prices are gross prices and the seller shall deduct therefrom his customary allowances, discounts, and differentials to purchasers of different classes.

Description		Maximum price per case
Container size and type	Style of pack.	
No. 1 ovals standard pack.	Tomato sauce, mustard.	$4.62
No. 1 ovals standard pack.	Natural	4.52
No. 1 talls standard pack.	Tomato sauce, mustard.	3.95
No. 1 tall: standard pack.	Natural	3.60
8 oz. standard pack	Tomato sauce	5.25
8 oz. standard pack	Natural	5.00
5 oz. standard pack	Tomato sauce	4.65
5 oz. standard pack	Natural	4.40

(b) For container sizes or types and styles of pack not listed in paragraph (a), the price shall be a price determined by the Office of Price Administration to be in line with the prices listed in paragraph (a). Such determination shall be made upon written request, addressed to the Office of Price Administration, Washington, D. C., and accompanied by a sworn statement showing costs and usual differentials.

(c) To the maximum prices per case specified in paragraph (a) or determined pursuant to paragraph (b) there may be added, as compensation for special packaging costs for California sardines packed in wooden export cases the sum of twelve cents per case and for California sardines packed in waterproof solid fiber satisfying government specifications the sum of nine cents per case.

Issued this 26th day of August 1942.

PART 1372—SEASONAL COMMODITIES

[Maximum Price Regulation 210]

FALL AND WINTER SEASONAL COMMODITIES

In the judgment of the Price Administrator, it is necessary and proper to establish maximum prices for the sale at retail and wholesale of certain commodities which, because of their seasonal nature, were not generally sold at retail or wholesale in March 1942.

The maximum prices established by this regulation are, in the judgment of the Price Administrator, generally fair and equitable, and in conformity with the general level of prices established by the General Maximum Price Regulation.[1] A statement of the considerations involved in the issuance of this regulation

1372.112 Appendix A: List of fall and winter seasonal commodities.

AUTHORITY: §§ 1372.101 to 1372.112, inclusive, issued under Public Law 421, 77th Cong.

§ 1372.101 *Applicability of this Maximum Price Regulation No. 210—(a) What commodities must be priced under this regulation.* This regulation applies only to the particular commodities listed in Appendix A (§ 1372.112) of this regulation. These commodities are called "fall and winter seasonal commodities."

(b) *To what types of sellers this regulation applies.* This regulation applies only to sellers at retail and at wholesale.

(c) *Purpose of this regulation.* This regulation estebilishes maximum prices for the particular fall and winter seasonal commodities which are listed in Appendix A (§ 1372.112). On and after August 31, 1942, the date this regulation takes effect, regardless of any contract or other obligation, no person is permitted to sell or deliver at retail or wholesale any of the listed commodities at a price which is higher than the maximum price fixed by this regulation, and no person is permitted to buy or receive any of these commodities in the course of trade or business at a price higher than that maximum price.

§ 1372.102 *Maximum prices for fall and winter seasonal commodities—(a) How a seller calculates his maximum prices under this regulation.* The seller is required to calculate each maximum price as follows:

(1) The seller should first find both his "average cost" and his "current cost" for the commodity he is pricing. The meaning of these terms is explained in paragraph (b) of this section.

(2) The seller will then find the maximum price by adding to the *lower* of these two cost figures the mark-up which he took during the last six months of 1941. This mark-up, called the "initial percentage mark-up," is explained in paragraph (b) of this section.

*Copies may be obtained from the Office of Price Administration.

(b) *Meaning of terms—(1) How a seller calculates his "average cost" for the commodity which he is pricing.* (i) The seller should first find from his invoices or other records and information the quantities of the commodity delivered to him between January 1, 1942 and August 26, 1942, and the total of the costs of all the lots delivered (that is, the total price of all the lots less all discounts except for cash). The seller should then find his "average cost" for the commodity by dividing the total of these costs by the total number of articles in all the lots.

(ii) In his calculation, the seller should include only deliveries of the commodity for sale by him during the 1942–1943 fall and winter season. If he received no such deliveries, he may disregard "average cost" in calculating his maximum price.

(2) *How a seller calculates his "current cost" for the commodity which he is pricing.* A seller should use for "current cost" a figure which is the same as the price asked for the commodity by a supplier from whom the seller has customarily bought fall and winter seasonal commodities in substantial quantities. For this calculation, the seller should use his supplier's price on May 11, 1942 (less all usual discounts to him except for cash). If the supplier did not offer the commodity for sale until a later date, the price on that date should be used. If, however, none of the seller's customary suppliers has offered the commodity for sale since May 11th, then the seller should use as his "current cost" the price asked by a supplier from whom the seller's competitors have been buying in substantial quantities.

(3) *How a seller calculates his "initial percentage mark-up."* Three different rules are given for this calculation. Every seller is required to use Rule 1 if he has or can obtain invoices or other records and information showing the purchases and sales of the same commodity as the one being priced which he made during the last six months of 1941. If the seller dealt in the same commodity during that period but does not have the information needed for Rule 1, he should use Rule 2. If the seller did not deal in the same commodity during that period, he should use Rule 3.

Rule 1. Calculation of "initial percentage mark-up" by commodity. The seller should first find the total of the costs (that is, the total price less all discounts except for cash) for all the lots of the same commodity as the one being priced which he bought to sell during the last six months of 1941. The seller should then find for all these lots the total of the prices (all discounts disregarded) at which he first offered articles from each lot during the same period. The seller should next subtract the total costs from the total of these first offering prices. The difference, which is his total dollar mark-up, should be divided by the total costs to get the "initial percentage mark-up."

The following example shows how the "initial percentage mark-up" should be calculated for a commodity under Rule 1:

Lots purchased for sale during last 6 months of 1941	Cost per article on each lot	Total costs	Prices at which articles from each lot were first offered for sale during last 6 months of 1941	Total first offering prices
1. 120 articles	$1.00	$120	$1.50	$180
2. 60 articles	1.05	63	1.50	90
3. 240 articles	1.20	288	1.75	420
4. 360 articles	1.25	450	1.75	630
Total		921		1,320

$1,320 (total of first offering prices) minus $921 (total of costs) leaves $399 (total dollar mark-up). $399 divided by $921 results in an "initial percentage mark-up" over cost of 43.3%.

Rule 2. Calculation of "initial percentage mark-up" by department or business establishment. Some sellers, who in the last six months of 1942 have offered for sale the same commodity as the one being priced, will not have and cannot obtain the invoices or other records and information required by Rule 1 and must therefore use this Rule 2. For each commodity being priced under this Rule 2, the seller should use as his "initial percentage mark-up" the *average* of the "initial percentage mark-ups" which he took during the same period on all commodities sold in the department in which he sells the commodity being priced. If the seller does not sell his merchandise in departments, he should use his store or establishment average instead of a department average. The seller should base the average which he is calculating on his available records and information as to the purchasing, pricing, and selling practices which he followed, especially in the sale of fall and winter seasonal commodities, during the last six months of 1941. The seller should thus consider the total of the costs of the commodities bought by him, the total of the prices received for the commodities sold, and the extent to which the prices received may have been lower than the prices at which he first offered the commodities for sale.

Rule 3. Calculation of "initial percentage mark-up" where the same commodity was not sold in the last six months of 1941. In this case the seller should use the "initial percentage mark-up" of the similar commodity most nearly like the one he is pricing. He should calculate this mark-up for the similar commodity by using Rule 1 above, if he has or can obtain the invoices or other records and information needed. If not, or if the seller did not sell any similar commodity in the last six months of 1941, he should follow Rule 2 above.

§ 1372.103 *Maximum prices where the rules of § 1372.102 cannot be applied.* A seller will be unable to use any of the rules provided in the preceding section for the calculation of his maximum prices if he was not engaged in selling fall and winter seasonal commodities during the last six months of 1941. In this case the seller's maximum price is required to be the same as the maximum price set under this regulation by the most closely competitive seller of the same class (a) for the same commodity, or, (b) if no such maximum price has been set for that commodity, then for the similar commodity most nearly like it.

§ 1372.104 *Adjustment of maximum price for different classes of purchasers.* In case the seller had a practice during the last six months of 1941 of giving to different classes of purchasers allowances, discounts or other price differentials, he is required to continue that practice and his maximum price calculated for any commodity must be reduced by the seller to reflect such allowances, discounts and price differentials. No seller shall change his customary allowances, discounts and price differentials if the change results in a higher net price.

§ 1372.105 *Records.* To aid in the enforcement of this regulation every seller is required to keep certain records for inspection by the Office of Price Administration. These records are described in the three paragraphs which follow:

(a) *Records of purchases and sales on which the seller's calculation of maximum prices was based.* The seller must preserve all existing records showing (1) the cost of the fall and winter seasonal commodities which the seller bought for sale during the last six months of 1941 and (2) the prices at which the seller offered those commodities for sale.

(b) *Records of calculations made by the seller in setting each maximum price.* The seller must prepare and preserve (in a form which will permit filing on demand with the Office of Price Administration) records showing, as accurately as possible, the basis on which the seller set each maximum price. These records should include the "average cost", the "current cost", the "initial percentage mark-up", and the purchasing, offering, and selling prices wherever required in any step in the seller's calculation of a maximum price. Articles or lots of a commodity for which records are kept should be fully identified by the supplier's name, address, and style or lot number.

(c) *Customary records of prices charged.* The seller must continue to keep records of the same kind as he has customarily kept showing the prices actually charged by him for the fall and winter seasonal commodities which he sells after the effective date of this regulation.

§ 1372.106 *Relation between Maximum Price Regulation No. 210 and the General Maximum Price Regulation.* (a) Maximum prices previously set under the General Maximum Price Regulation will not apply to fall or winter seasonal commodities listed in Appendix A which are sold or delivered on or after August 31, 1942. All such fall and winter commodities must be priced under this regulation and not under the General Maximum Price Regulation. However, the following sections of the General Maximum Price Regulation are made a part of this regulation and the seller must comply with them:

(1) Determination of maximum prices by sellers at retail operating more than one retail establishment (§ 1499.4a).

(2) Transfers of business or stock in trade (§ 1499.5).

(3) Sales for export (§ 1499.6).

(4) Maximum prices of cost-of-living commodities; statement, marking or posting (§ 1499.13).

(5) Sales slips and receipts (§ 1499.14).

(6) Applications for adjustment (§ 1499.18).

(7) Petitions for amendment (§ 1499.19).

(b) The tax provisions of § 1499.7 of the General Maximum Price regulation shall apply to every person selling at wholesale or retail any commodity covered by this Maximum Price Regulation No. 210. However, the March, 1942, period used in the General Maximum Price Regulation does not apply to this regulation. Therefore, the words "during the last six months of 1941" shall be substituted for the words "during March, 1942" in § 1499.7, and the words "after December 31, 1941," shall be substituted for the words "after March 31, 1941" in § 1499.7.

(c) The registration and licensing provisions of §§ 1499.15 and 1499.16 of the General Maximum Price Regulation shall apply to every person selling at wholesale or retail any commodity covered by this Maximum Price Regulation No. 210.

§ 1372.107 *Less than maximum prices.* Lower prices than those established by this Maximum Price Regulation No. 210, may be charged, demanded, paid or offered.

§ 1372.108 *Evasion.* The price limitations set forth in this Maximum Price Regulation No. 210 shall not be evaded, whether by direct or indirect methods, in connection with any offer, solicitation, agreement, sale, delivery, purchase or receipt of or relating to any fall and winter seasonal commodity, alone or in conjunction with any other commodity or by way of commission, service, transportation, or any other charge, or discount, premium, or other privilege, or by tying-agreement or other trade understanding, or otherwise.

§ 1372.109 *Enforcement.* Persons violating any provisions of this Maximum Price Regulation No. 210 are subject to the criminal penalties, civil enforcement actions, suits for treble damages and proceedings for suspension of licenses provided by the Emergency Price Control Act of 1942.

§ 1372.110 *Definitions.* (a) When used in this Maximum Price Regulation No. 210, the term "fall and winter seasonal commodity" means only the commodities designated as such in Appendix A (§ 1372.112).

(b) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 and in § 1499.20 of the General Maximum Price Regulation [3] shall apply to other terms used herein.

§ 1372.111 *Effective date.* This Maximum Price Regulation No. 210 (§§ 1372.101 to 1372.112, inclusive) shall become effective August 31, 1942.

§ 1372.112 *Appendix A—List of fall and winter seasonal commodities.* Any commodity which falls within any of the following classifications is designated as a fall and winter seasonal commodity.

NOTE: The commodities listed below are not intended to include any article subject to (a) any Maximum Price Regulation or Price Schedule, other than the General Maximum Price Regulation, in effect on August 31, 1942 or issued at any time thereafter, or (b) any commodity exempted from the General Maximum Price Regulation [3] by any supplementary regulation thereto, in effect on August 31, 1942 or issued at any time thereafter, unless otherwise provided in any such price regulation.

COTTONSEED HULLS IN TEXAS AND OKLAHOMA

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

A new subparagraph (11) is added to paragraph (a) of § 1499.73 as set forth below:

§ 1499.73 *Modification of maximum prices established by § 1499.2 of the General Maximum Price Regulation for certain commodities, services and transactions.* (a) The maximum prices established by § 1499.2 of the General Maximum Price Regulation for the commodities, services and transactions listed below are modified as hereinafter provided:

(11) *Certain sales of cottonseed hulls in Texas and Oklahoma.* Until October 1, 1942 the maximum price, f. o. b. mill, for sales of cottonseed hulls to feeders in Texas and Oklahoma by mills located therein which have exhausted their supply from the 1941 crop shall be computed as follows:

(i) For cottonseed hulls purchased from an unaffiliated mill producing the same, cost of the cottonseed hulls delivered to the mill plus $1.00 per ton.

(ii) For cottonseed hulls purchased from an affiliated mill the cost of the cottonseed hulls delivered to the mill.

In no event shall the maximum price to the feeder determined pursuant to this amendment, exceed $12.00 per ton, *Provided,* That nothing in this Amendment shall prevent a seller of cottonseed hulls

PART 1499—COMMODITIES AND SERVICES

[Order 25 Under § 1499.18 (c) of the General Maximum Price Regulation—Docket GF3-952]

GORTON-PEW FISHERIES COMPANY, LTD.

For the reasons set forth in an opinion issued simultaneously herewith, it is ordered:

§ 1499.375 *Adjustment of maximum prices for salt codfish produced by Gorton-Pew Fisheries Company, Ltd.* (a) Gorton-Pew Fisheries Company, Ltd., of 327 Main Street, Gloucester, Massachusetts, may sell and deliver, and any person may buy and receive from Gorton-Pew Fisheries Company, Ltd., salt codfish at prices not higher than those set forth below:

(1) 1 lb. cartons @ $.24, f. o. b. packing plant

(2) 1 lb. wood boxes @ $.28, f. o. b. packing plant

(3) Regular strips @ $.24 per pound, f. o. b. packing plant

(4) Large strips @ $.25 per pound, f. o. b. packing plant

(b) Any person selling at wholesale or retail salt codfish produced by Gorton-Pew Fisheries Company, Ltd., may sell and deliver, and any person may buy and receive from wholesale or retail distributors salt codfish so produced at prices not higher than the sum resulting from adding to the maximum prices heretofore chargeable by the seller the amounts set forth below:

(1) For 1 lb. cartons, 3½¢

(2) For 1 lb. wood boxes, 5¢

(3) For regular strips, 5¢ per pound

(4) For large strips, 5¢ per pound

(c) Any maximum retail price computed hereunder to a fraction of a cent, shall be adjusted to the nearest lower cent if such fraction is less than one-half cent and shall be adjusted to the nearest higher cent if such fraction is one-half cent or more.

(d) The permission granted to sellers of salt codfish in paragraphs (a) and (b) of this Order No. 25 is subject to the following conditions: (1) that Gorton-Pew Fisheries Company, Ltd. shall affix to or enclose in every case or carton of salt codfish sold by it for a period of three months after August 31, 1942, a printed statement clearly setting forth the amount of the increase allowed by this Order No. 25, per pound of salt codfish and also explaining the additions which sellers at wholesale or retail may make to their existing maximum prices for salt codfish produced by Gorton-Pew Fisheries Company, Ltd.; (2) that any seller at wholesale or retail who, in March 1942, sold or delivered salt codfish, produced by a processor other than Gorton-Pew Fisheries Company, Ltd., which had been sold or delivered by the processor at prices as high as or higher than the prices set forth in paragraph (a), of this Order No. 25, shall in no event charge more for salt codfish produced by Gorton-Pew Fisheries Company, Ltd. than the seller's maximum prices for salt codfish produced by other processors, as determined under paragraph (a) of section 2 of the General Maximum Price Regulation or as adjusted under paragraphs (a) or (b) of section 18 of said regulation.

(e) All prayers of the application not granted herein are denied.

(f) This Order No. 25 may be revoked or amended by the Price Administrator at any time.

(g) This Order No. 25 (§ 1499.375) is hereby incorporated as a section of Supplementary Regulation No. 14, which contains modifications of maximum prices established by § 1499.2.

(h) This Order No. 25 (§ 1499.375) shall become effective August 28, 1942.

Issued this 27th day of August 1942.

[Order 26 Under § 1499.18 (c) of the General Maximum Price Regulation[1]—Docket GF3-633]

MISSOURI, FLOWER AND FEATHER CO.—L. B. PRICE MERCANTILE CO.

On June 17, 1942, Missouri Flower and Feather Company, 1708 Delmar Boulevard, St. Louis, Missouri filed a Petition for Amendment of the General Maximum Price Regulation (Docket No. GF3-633) requesting specific adjustment of the maximum prices established for its curtains #506 and #528. Petitioner seeks this adjustment solely with respect to its sale to the L. B. Price Mercantile Company of 50,000 pairs of curtains #506 on order #6320 and 25,000 pairs of curtains #628 on order #6321. The adjustment is requested on the grounds that the established maximum prices for the above listed curtains cause petitioner substantial hardship. By a supplementary petition, the petitioner has requested if relief cannot appropriately be granted under other provisions of the regulation, that its petition be given consideration as an application for adjustment under § 1499.18 (c). Due consideration has been given to the petition, and an opinion in support of this order, issued simultaneously herewith, has been filed with the Division of the Federal Register.* For the reasons set forth in the opinion and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, it is ordered:

§ 1499.376 *Adjustment of maximum prices for certain curtains manufactured by Missouri Flower and Feather Company*—(a) *Adjustments.* On and after August 28, 1942, Missouri Flower and Feather Company may charge $1.22 per pair, subject to all discounts given in March 1942, for the following curtains when delivered to L. B. Price Mercantile Company pursuant to the following orders:

Quantity	Style No.	Order No.
50,000 pairs	506	6320
25,000 pairs	528	6321

(b) All prayers of the application not granted herein are denied.

*Copies may be obtained from the Office of Price Administration.

PART 1499—COMMODITIES AND SERVICES

[Order 27 Under § 1499.18 (c) of the General Maximum Price Regulation]

BLAIR MILLING COMPANY

For the reasons set forth in an opinion issued simultaneously herewith, it is ordered:

§ 1499.377 *Adjustment of maximum prices for pancake flour and buckwheat pancake flour sold by Blair Milling Company.* (a) Blair Milling Company of Atchison, Kansas may sell and deliver and any person may buy and receive from Blair Milling Company, the following commodities at prices not higher than those set forth below:

Price zone	Carload quantity maximum delivered price per case of 24-20 ounce packages	
	Pancake flour	Buckwheat pancake flour
Kansas, Nebraska, Iowa, and Missouri	$1.27	$1.40
Minnesota, Wisconsin, and the northern peninsula of Michigan	1.29	1.42
Arkansas, Louisiana, Oklahoma, Texas (except El Paso), Colorado, Wyoming, South Dakota, and all states east of the Mississippi River not mentioned above except Florida	1.33	1.46
El Paso, Texas, New Mexico, Arizona, Utah, Idaho, Montana, North Dakota, and Florida	1.41	1.54

This maximum price for carload quantities may be increased for sales in cases of 12-20 ounce packages and for sales in pool cars, mixed cars, or less-than-carload quantities by the differential in cents applied or which would have been applied by Blair Milling Company for such sales during March, 1942.

(b) The adjustment granted to Blair Milling Company in paragraph (a) is subject to the following conditions:

(1) Maximum prices so determined shall be subject to the discounts, allowances, and terms no less favorable than those given during March, 1942.

(c) All prayers of the application not granted herein are denied.

(d) This Order No. 27 may be revoked or amended by the Price Administrator at any time.

(e) This Order No. 27 (§ 1499.377) is hereby incorporated as a section of Supplementary Regulation No. 14, which contains modifications of maximum prices established by § 1499.2.

(f) This Order No. 27 (§ 1499.377) shall become effective August 28, 1942.

(Pub. Law No. 421, 77th Cong.)

Issued this 27th day of August 1942.

Chapter XVII—Office of Civilian Defense

PART 1902—INSIGNIA

[Regulations No. 2]

Sec.
1902.1 Prescribed insignia.
1902.2 Official articles.
1902.3 Licenses to manufacture and sell.
1902.4 Sale and distribution.
1902.5 Wear and use of official articles.
1902.6 Wear and use of arm bands or brassards.
1902.7 Prohibitions on use of insignia.
1902.8 Violations.

By virtue of the authority vested in me by Executive Order No. 8757, dated May 20, 1941, as amended by Executive Order No. 9134, dated April 15, 1942, and Executive Order No. 9088, dated March 6, 1942, and pursuant to the Act of June 29, 1932, as amended by the Act of May 22, 1939 and Section 2 of the Act of January 27, 1942, and in accordance with Articles 12 and 13 of Executive Order No. 9088, dated March 6, 1942, authorizing the Director of Civilian Defense to make and issue such rules, regulations and orders as he may deem necessary or desirable relating to the wearing of official insignia and to carry out the purposes of the aforementioned Act of January 27, 1942, §§ 1902.1 to 1902.8, inclusive, of this chapter[1] (Sections 1 to 8, inclusive, of Office of Civilian Defense Regulations No. 2) are hereby amended, to become effective immediately, to read as follows:

AUTHORITY: 42 Stat. 1286, as amended by 45 Stat. 437, and Pub. Law 415, 77th Congress, and under E.O. 8757, 9088, 9134; 6 F.R. 2517, 7 F.R. 1775, 2887.

§ 1902.1 *Prescribed insignia*—(a) *Basic insigne.* The prescribed basic insigne of the Office of Civilian Defense shall be a design, in the form of an applique emblem granted by Letters Patent No. D-129797 of October 7, 1941, and shall consist of the letters "CD" in red centered in a white equilateral triangle, embossed on a circular field of blue.

(b) *Insignia of Administrative Staff.* The prescribed insignia for the Administrative Staff shall consist of the basic insigne of the Office of Civilian Defense, which, when used by persons employed or appointed in any capacity in the Washington office and regional offices of the Office of Civilian Defense, may be superimposed on the letters "US" (in the form of an applique emblem granted by Letters Patent No. D-129812 of October 7, 1941), and when used by members of State Defense Councils or Local Defense Councils, or committees thereof, including the local Civilian Defense Volunteer Office, or persons who are employed or appointed by such councils or committees as staff members or employees, may be used together with the name, or abbreviation of the name, of the particular State or community.

(c) *Insignia of Defense Corps, Service Corps, Civil Air Patrol, Forest Fire Fighters Service, Evacuation Service, and Auxiliary Group.* The prescribed insignia for units of the United States Citizens Defense Corps (hereinafter referred to as "Defense Corps"), the United States Citizens Service Corps (hereinafter referred to as "Service Corps"), the Civil Air Patrol, the Forest Fire Fighters Service, the Civilian Evacuation Service (hereinafter referred to as "Evacuation Service"), and the Civilian Defense Auxiliary Group (hereinafter referred to as "Auxiliary Group"), shall consist of a white equilateral triangle embossed on a circular field of blue similar to the basic insigne of the Office of Civilian Defense, but with an identifying device (in red or blue, as hereinafter indicated), described below for the respective units, substituted in lieu of the letters "CD" appearing in the basic insigne. The identifying devices for the prescribed insignia of the present units of the Defense Corps, the Service Corps, the Civil Air Patrol, the Forest Fire Fighters Service, the Evacuation Service, and the Auxiliary Group, and the Letters Patent covering such insignia, are as follows:

(d) *Modification of prescribed insignia.* Prescribed insignia may not be altered or modified in any manner, and no additional words or devices may be superimposed on prescribed insignia, except the letters "US" on the basic insigne of the Civil Air Patrol within the segment of the circle below the triangle. However, the name of a State or community or the designation of the occupation or profession of the wearer may be placed on official articles in addition to the prescribed insigne.

(e) *Additional insignia.* The Director of the Office of Civilian Defense (hereinafter referred to as the "Director") may from time to time prescribe, by order, other designs as insignia for additional units of the Defense Corps, or for any other group established or designated by order of the Director.

(f) *"CD".* The use of the letters "CD" alone, and not in connection with prescribed insignia of the Office of Civilian Defense or any branch or unit thereof, is restricted to arm bands for registered trainees for the Defense Corps.

§ 1902.2 *Official articles.* Any prescribed insignia may be embodied in arm bands, brassards, buttons, pins, automobile plates, decalcomania, certificates of membership, and other articles of identification (hereinafter referred to as "official articles") which shall be worn or used only by persons specified in § 1902.5 of this chapter (section 5 of Office of Civilian Defense Regulations No. 2) and which shall constitute the official identification of such persons. Official articles shall conform to the specifications established by order or instruction of the Director, and may be worn or used only in the manner specified by order or instruction of the Director.

§ 1902.3 *Licenses to manufacture and sell.* The Director may enter into license agreements authorizing the manufacture, sale, and distribution of official articles. Official articles (except certificates of membership and identification cards) shall not be manufactured, sold, or distributed except pursuant to and in accordance with the terms of such license agreement unless otherwise permitted by the Director. Each licensee shall comply with all the terms and conditions prescribed in the license agreement. Official articles shall not be sold or distributed by licensed manufacturers until production samples have been approved by the Director. The licensee or any other person or corporation shall not sell any official articles at a price in excess of the price set forth in the license agreement pursuant to which such articles were manufactured, and shall not sell or distribute official articles except as prescribed in such license agreement and in accordance with rules, regulations, orders, and instructions of the Director.

§ 1902.4 *Sale and distribution.* Official articles embodying the prescribed insignia of the Defense Corps, the Service Corps, the Evacuation Service, the Auxiliary Group, or any other group designated by order of the Director, shall not be sold or distributed by a manufacturer unless such sale or distribution is approved by the appropriate Regional Director of the Office of Civilian Defense, or by the State Defense Council of the State of sale or distribution in the event that the appropriate Regional Director of the Office of Civilian Defense has delegated such power of approval to the State Defense Council, or otherwise in accordance with orders of the Director: *Provided, however,* That the foregoing shall not apply to official articles embodying Nurses' Aides insigne, which shall not be sold or distributed by a manufacturer except to or with the approval of the American Red Cross. Official articles for wear or use by enrolled members of the Civil Air Patrol shall not be sold or distributed by a manufacturer unless such sale or distribution is approved by the National Commander or a Wing (State) Commander of the Civil Air Patrol, or otherwise in accordance with orders of the Director. Official articles for wear or use by enrolled members of the Forest Fire Fighters Service shall not be sold or distributed by a manufacturer unless such sale or distribution is approved by the National Coordinator or a State Coordinator of the Forest Fire Fighters Service, or otherwise in accordance with orders of the Director. Records shall be kept by the approving authority of all approved sales or distributions and shall be held available for examination by the Office of Civilian Defense.

§ 1902.5 *Wear and use of official articles.* (a) It shall be unlawful for any person to wear or use any official article except:

(1) Persons who are employed or appointed in any capacity in the Washington office or any regional office of the Office of Civilian Defense, which persons are authorized to wear and use the United States insigne of the Administrative Staff.

(2) Members of any State Defense Council or Local Defense Council or committees thereof, including the Civilian Defense Volunteer Office, or persons who are employed or appointed by such Councils or committees as staff members or employees, which persons are authorized to wear or use the State insigne of the Administrative Staff.

(3) Persons who are members, after having successfully completed prescribed courses of training or instruction, or meeting any other requirements prescribed at any time by rules, regulations, orders, or instructions of the Director, of the Defense Corps, the Service Corps, the Civil Air Patrol, the Forest Fire Fighters Service, the Evacuation Service, the Auxiliary Group, or any other group designated by rules, regulations, or orders of the Director: *Provided, however,* That the organized personnel certified by the American Red Cross to a Commander of the Defense Corps for emergency feeding, housing, and clothing services, if such personnel is satisfactory to the Commander and is placed under his command in an emergency, may be authorized by the Commander to wear and use official articles embodying the prescribed insigne of the Emergency Food and Housing Unit of the Defense Corps, notwithstanding the fact that such persons are not members of the Defense Corps.

(4) Persons who have been duly enrolled for a course of training or instruction, approved by the Office of Civilian Defense in the Defense Corps, the Service Corps, the Civil Air Patrol, or any other group designated by rules, regulations, or orders of the Director: *Provided, however,* That the right of any such persons to wear or use any official article, with or without any prescribed additional designation to indicate the training status of such persons, and the conditions upon which such official articles may be so worn or used, shall have been specifically authorized by rules, regulations, orders, or instructions of the Director. Trainees for the Nurses' Aides Unit of the Defense Corps may wear the prescribed insigne on uniform sleeves while engaged in practice work in hospitals.

(b) The right of any such authorized person to wear or use any official article shall exist only so long as he shall comply with all rules, regulations, orders, and instructions made at any time by the Director with respect to the use or wearing of prescribed insignia, and the eligibility, training, qualifications, or duties of such persons, and such right shall be subject at all times to the terms and conditions of any such rules, regulations, orders, or instructions.

(c) Any person so authorized to wear or use official articles may wear or use only articles bearing the insigne prescribed by the Director for the particular office or council of which such person is an official, member, or worker, or for the group or unit of which such person is a member or trainee.

§ 1902.6 *Wear and use of arm bands or brassards.* The wear and use of arm bands or brassards embodying prescribed insignia, shall constitute a substitute for a uniform, and shall be restricted to members of, or trainees (subject to the limitations of § 1902.5 (a) (4) of this chapter (section 5 (a) (4) of Office of Civilian Defense Regulations No. 2)) for, the Defense Corps (except the Instructors unit), the Civil Air Patrol, the Forest Fire Fighters Service, the Auxiliary Group or any other group designated by order of the Director, as well as persons certified by the American Red Cross and authorized as provided in § 1902.5 (a) (3) of this chapter (section 5 (a) (3) of Office of Civilian Defense Regulations No. 2), while actively engaged in the performance of duties or while in transit to or from their places of duty.

§ 1902.7 *Prohibitions on use of insignia.* (a) The Director may prohibit or restrict, in his discretion, the manufacture, sale, distribution, wearing, or use of articles embodying the prescribed insignia, or the reproduction or imitation of any prescribed insignia, or the photographing, printing, or in any other manner making or executing any engraving, printing, or impression in the likeness of any prescribed insignia.

(b) Accurate reproduction of prescribed insignia for advertising, display, or any other commercial purposes, other than in connection with official articles, is authorized, subject to paragraph (a) of this section, except where such reproduction, in the opinion of the Director, would tend to bring discredit on the Office of Civilian Defense, any State Defense Council or any Local Defense Council, or to mislead, confuse, misrepresent or defraud.

(c) The reproduction of prescribed insignia in connection wtih any publication or article used for political purposes is prohibited.

§ 1902.8 *Violations.* Any person found guilty of violating the above-prescribed regulations respecting the manufacture, sale, distribution, wear, and use of prescribed insignia, shall, upon conviction, be subject to the penalties provided in section 2 of the Act of January 27, 1942, and section 2 of the Act of June 29, 1932, as amended on May 22, 1939.

GENERAL ELECTRIC CO., ET AL.

NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 25th day of August, A. D. 1942.

In the matter of General Electric Company, Electrical Securities Corporation and G. E. Employees Securities Corporation.

General Electric Company and Electrical Securities Corporation having filed a joint and several application for an order amending, or extending the effectiveness of, the order of this Commission pursuant to section 10 of the Public Utility Holding Company Act of 1935, dated August 18, 1941, which authorized General Electric Company through G. E. Employees Securities Corporation and Electrical Securities Corporation to acquire 40,000 shares of the common stock of Community Power and Light Company on the condition that such applicants sell or otherwise dispose of a sufficient number of the 40,000 shares of said Common Stock in order that at the close of business on August 31, 1942 said applicants did not directly or indirectly own, control or hold with power to vote 5% or more of the outstanding voting securities of Community Power and Light Company, by providing that said Electrical Securities Corporation and G. E. Employees Securities Corporation shall not be required to reduce their holdings of such Common Stock of Community Power and Light Company, or any successor company, below 5% of the outstanding voting securities until August 31, 1943: and

General Electric Company, Electrical Securities Corporation and G. E. Employees Securities Corporation having filed a joint and several application for an order extending the period of effectiveness of an order of this Commission pursuant to section 3 (a) (3) of the Act, dated August 18, 1941, exempting said applicants from the provisions of the Public Utility Holding Company Act of 1935 which would require them to register under said Act, from August 31, 1942 to at least August 31, 1943.

It is ordered, That a hearing on such matters under the applicable provisions of said Act and the Rules and Regulations thereunder be held on September 4, 1942 at 10 A. M., E. W. T., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania. On such date, the hearing room clerk in Room 318 will advise as to the room where such hearing will be held.

It is further ordered, That William W. Swift or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing on such matters. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the Act and to a trial examiner under the Commission's Rules of Practice.

Notice of such hearing is hereby given to such applicants and to any other person whose participation in such proceeding may be in the public interest or for the protection of investors or consumers. It is requested that any such person desiring to be heard or to be admitted as a party to such proceeding shall file notice to that effect with the Commission on or before the date of the hearing.

It is further ordered, That the period of effectiveness of the Commission's order dated August 18, 1941 with respect to General Electric Company, Electrical Securities Corporation and G. E. Employees Securities Corporation be and hereby is, in all respects, extended until further order of this Commission.

By the Commission.

NORTHERN INDIANA PUBLIC SERVICE CO., ET AL.

NOTICE OF FILING

In the matter of Northern Indiana Public Service Company, Chicago, South Shore and South Bend Railroad, and Utilities Building Incorporated.

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 26th day of August, A. D. 1942.

Notice is hereby given that an application-declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above named parties; and

Notice is further given that any interested person may, not later than September 11, 1942, at 5:30 p.m., E.W.T., request the Commission in writing that a hearing be held in such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Philadelphia, Pennsylvania. At any time thereafter such application-declaration as filed or as amended may become effective or may be granted as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act, or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof.

All interested persons are referred to said application-declaration, which is on file in the office of said Commission, for a statement of the transactions therein proposed which are summarized below:

Utilities Building Incorporated, an indirect subsidiary of Midland Utilities Company, a registered holding company in reorganization under section 77B of the Bankruptcy Act proposes to sell its real property, all situated in the City of South Bend, Indiana, and consisting of two lots, characterized as Lots #72 and #73, each of which has been improved by the erection of buildings thereon, and all other assets, except cash, to two associate companies, Northern Indiana Public Service Company and Chicago, South Shore and South Bend Railroad, on the basis hereinafter set forth.

It is proposed that Chicago, South Shore and South Bend Railroad, a direct subsidiary of Midland Utilities Company, acquire "the east 86 feet of Lot #72 together with the building and improvements thereon" for a cash consideration of $75,000.

By the terms of the application-declaration the balance of Utilities Building Incorporated's real property (consisting of the remaining portion of Lot #72 and Lot #73, upon which latter named lot a three story brick building is located, said building now being used as an office building by Northern Indiana Public Service Company) and all other assets, except cash, are to be sold to Northern Indiana Public Service Company, a direct operating utility subsidiary of Midland Utilities Company. The proposed consideration to be given by Northern Indiana Public Service Company is the reduction by $135,000 of indebtedness of Utilities Building Incorporated presently held by Northern Indiana Public Service Company.

Upon the consummation of the foregoing steps, Utilities Building Incorporated proposes to apply its cash, the sole remaining asset, on its liabilities and dissolve.

The application-declaration has designated sections 9 (a), 10 and 12 (f) of the Act and Rule U-43 promulgated thereunder as applicable to said transactions.

By the Commission.

AUTHORITY: §§ 963.1 to 963.23, inclusive, issued under 48 Stat. 31, 670, 675, 49 Stat. 750, 50 Stat. 246, 52 Stat. 215, 53 Stat. 784, Public Law No. 445, 77th Congress; 7 U.S.C. 1940 ed., 601 *et seq.*

It is provided in Public Act No. 10, 73d Congress (May 12, 1933), as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (hereinafter referred to as the "act"), that the Secretary of Agriculture of the United States (hereinafter referred to as the "Secretary") shall, subject to the provisions of the act, issue orders regulating such handling of certain agricultural commodities, including hops and the products thereof, as is in the current of interstate or foreign commerce, or which directly burdens, obstructs, or affects interstate or foreign commerce in such commodities.

The Assistant to the Secretary, having reason to believe that the execution of the marketing agreement and the issuance of an order would tend to effectuate the declared policy of the act with respect to the establishment and maintenance of such orderly marketing conditions for (1) hops grown in the States of Oregon, California, Washington, and Idaho and (2) the products from such hops as would establish prices to the producers of such hops and the hop products produced from such hops at a level that would give such hops and hop products a purchasing power, with respect to articles that the producers thereof buy, equivalent to the purchasing power of such hops and hop products during the base period, August 1909 to July 1914, gave notice on May 11, 1942, of a public hearing to be held in Yakima, Washington, on May 28, 1942, in Salem, Oregon, on June 1, 1942, and in Santa Rosa, California, on June 5, 1942, on a proposed marketing agreement and a proposed order regulating such handling of such hops and the products thereof as is in the current of interstate or foreign commerce, or which directly burdens, obstructs, or affects such commerce;

and the aforesaid hearing was held in Yakima, Washington, on May 28 and 29, 1942, in Salem, Oregon, on June 1 and 2, 1942, and in Santa Rosa, California, on June 5 and 6, 1942.

On the basis of the evidence introduced at the aforesaid hearing and the record thereof, it is hereby found that:

§ 963.1 *Findings.* (a) The terms and provisions of this order prescribe, so far as practicable, such different terms, applicable to different production areas, as are necessary in order to give due recognition to the difference in production and marketing of such hops and the products therof;

(b) This order is limited in its application to the smallest original production area that is practicable, consistently with carrying out the declared policy of the act, and the issuance of several orders applicable to any subdivision of said production area specified herein would not effectively carry out the declared policy of the act;

(c) At the time of the hearing, the prices received by the producers of hops grown in the States of Oregon, California, Washington, and Idaho were at a level that gave such hops a purchasing power, with respect to articles that the producers thereof buy, appreciably below the purchasing power of such hops during the aforesaid base period;

(d) The regulation of the shipments of hops and hop products by proration, as provided in this order, will tend to establish and maintain a more stable market for said hops, and will tend to restore prices to producers of said hops to a level that will have a purchasing power, with respect to articles that producers buy, equivalent to the purchasing power of said hops in the aforesaid base period;

(e) The method of regulating shipments of hops and hop products, respectively, as provided in this order, is fair and equitable;

(f) The method of apportioning the salable quantity among producers, as provided in this order, is fair and equitable;

(g) The basis stated in this order for the contribution of handlers toward the expenses of the administrative agencies, established by this order, is fair and equitable;

(h) This order and all of the terms and provisions of this order will tend to effectuate the declared policy of the act with respect to hops produced in said production area, specified in this order, and the hop products by establishing and maintaining such orderly marketing conditions for said hops and the products thereof as will tend to establish prices to the producers of such hops at a level that will give such hops and hop products a purchasing power, with respect to articles that the producers thereof buy, equivalent to the purchasing power of such hops in the base period, August 1909 to July 1914, and by protecting the interest of the consumer by (1) approaching the level of prices, which it is declared in the act to be the policy of Congress to establish, by a gradual correction of the current level of prices at as rapid a rate as the Secretary deems to be in the public interest and feasible in view of the current consumptive demands in domestic and foreign markets, and (2) by authorizing no action which has for its purpose the maintenance of prices to producers of such hops above the level which it is declared in the act to be the policy of Congress to establish.

It is further found that:

(i) The marketing agreement, drafted subsequent to, and upon the basis of the evidence adduced at, the aforesaid hearing, regulating (1) the handling of hops grown in the States of Oregon, California, Washington, and Idaho, and (2) the handling of hop products produced from such hops, tentatively approved by the Secretary on August 5, 1942, was signed by handlers (excluding cooperative associations of producers who were not engaged in processing, distributing, or shipping the commodity or product thereof covered by this order) who, during the marketing season, August 1, 1941, to July 31, 1942, both dates inclusive, handled not less than fifty (50) percent of the volume of such commodity or product thereof covered by this order;

(j) This order regulates the handling of such hops and hop products in the same manner as the aforesaid marketing agreement, and it is made applicable only to persons in the respective classes of industrial and commercial activity specified in the said marketing agreement;

(k) The issuance of this order is approved or favored by at least two-thirds (⅔) of the producers who participated in the referendum, conducted by the Secretary, and who, during the representative period determined by the Secretary, were engaged, within the production area specified herein, in the production for market of the commodity specified herein; and

(l) The issuance of this order is approved or favored by producers who participated in the referendum, conducted by the Secretary, and who, during the representative period determined by the Secretary, produced for market, within the production area specified herein, at least two-thirds (⅔) of the volume of such commodity produced for market, within the production area specified herein.

It is therefore ordered, That,

§ 963.2 *Order relative to handling.* Such handling of hops grown in the States of Oregon, California, Washington, and Idaho and hop products produced from such hops as is in the current of interstate or foreign commerce, or so as directly to burden, obstruct, or affect interstate or foreign commerce, shall, from and after the time hereinafter specified, be in conformity to and in compliance with the terms and conditions of this order.

§ 963.3 *Definitions.* As used herein, the following terms have the following meanings:

(a) "Secretary" means the Secretary of Agriculture of the United States or any officer or employee of the United States Department of Agriculture who is, or who may hereafter be, authorized to perform the duties of the Secretary under the act.

(12) Harris Perlstein, Chicago, Illinois, as member, and his alternate is William Bruckmann, Cincinnati, Ohio, to represent the brewers;

(13) Karl F. Schuster, San Francisco, California, as member, and his alternate in Alvin C. Gluek, Minneapolis, Minnesota, to represent the brewers;

(14) G. L. Becker, Ogden, Utah, as member, and his alternate is Charles J. Lick, Los Angeles, California, to represent the brewers;

Dealer Members

(15) Ludwig S. Lyon, 535 Fifth Avenue, New York City, New York, as member, and his alternate is Franz Bing, 150 Nassau Street, New York City, New York, to represent the dealers;

(16) Robert Oppenheim, 33 Water Street, New York City, New York, as member, and his alternate is Al Seidenberg, 493 Nostrand Avenue, Brooklyn, New York, to represent the dealers.

Each of the aforesaid members and his respective alternate shall serve for a term ending on March 1, 1944, and in the event that the respective person's successor has not been selected and has not qualified by March 1, 1944, such person shall serve until his successor has been selected and has qualified.

(b) *Nomination and selection of succeeding members.* (1) The members and alternates of the Control Board to succeed those selected for the aforesaid term ending on March 1, 1944, shall be selected in accordance with the provisions of this section, and shall serve thereafter for a term ending at the time of the termination hereof. Eight members of the Control Board shall represent growers of hops. Two members of the Control Board shall represent grower-dealers. Two members of the Control Board shall represent dealers. Four members of the Control Board shall represent brewers. The grower representatives on the Control Board, selected subsequent to the initial members, shall be growers of hops who are not grower-dealers; and two of the grower members of the board shall be growers of hops in and residents of the State of Oregon, and two grower members of the board shall be growers of hops in and residents of the State of California, and two of the grower members of the board shall be growers of hops in and residents of the States of Washington or Idaho, and two of the grower members of the board shall be growers of hops in and residents of any of the States in the area. One of the grower-dealer members on the Control Board shall be a grower-dealer having his or its principal office in the area; and the other grower-dealer member of the board shall be a grower-dealer having his or its principal office outside of the area. Each of the four brewer members on the Control Board shall be a brewer. Each of the two dealer members on the Control Board shall be a dealer in hops. An officer, agent, or employee of a business unit which is not an individual person but which constitutes a grower, grower-dealer, dealer, or brewer shall be eligible for membership or alternate membership on the Control Board in the respective classification to which such business unit belongs pursuant to the provisions hereof.

(2) Each of the State Advisory Committees, established pursuant to § 963.6 hereof, shall designate, and submit to the Secretary the names of, two qualified persons as grower members, and two qualified persons as their alternates, from the State or States represented by the respective committee; and the Secretary shall select, from among such nominees or from among other qualified persons, six grower members and their respective alternates. The six grower members thus selected by the Secretary shall designate and submit to the Secretary the names of, two qualified persons to serve as additional grower members of the Control Board, and two qualified persons to serve as their alternates; and the Secretary shall select, from among such nominees or from among other qualified persons, two grower members of the Control Board and their respective alternates.

(3) The grower-dealers whose principal offices, respectively, are within the area shall nominate to the Secretary, by means of an election in which all and only such grower-dealers shall be entitled to participate, one qualified person as the grower-dealer member in the area, and one qualified person as his alternate. The Secretary shall select such grower-dealer member of the Control Board and his alternate from among such nominees or from among other qualified persons.

(4) The grower-dealers, whose principal offices, respectively, are outside the area, and all dealers shall nominate to the Secretary, by means of an election in which all and only such grower-dealers and all dealers shall be entitled to participate, one qualified person as the grower-dealer member outside the area, and one qualified person as his alternate, and two qualified persons as the dealer members, and two qualified persons as their alternates. The Secretary shall select such grower-dealer member of the Control Board and his alternate, and such dealer members of the Control Board and their alternates, from among such nominees or from among other qualified persons.

(5) The brewers shall nominate to the Secretary, by means of an election in which all and only brewers shall be entitled to participate, four qualified persons as the brewer members, and four qualified persons as their alternates. The Secretary shall select such brewer members of the Control Board and their

alternates from among such nominees or from among other qualified persons.

(6) Each election for the purpose of nominating members or alternates of the Control Board to succeed those whose terms of office expire on March 1, 1944, shall be held on or before February 15, 1944, and shall be conducted and supervised by the Control Board. Regulations prescribing the method or methods for, and the rules governing, the election of nominees as hereinbefore provided, and which shall assure to all persons eligible to take part in such elections reasonable opportunity to select candidates and to vote for nominees, shall be adopted by the Control Board and submitted to the Secretary on or before December 1, 1943; and such regulations as shall be approved by the Secretary shall govern each such election.

(7) In the event any of the groups entitled hereunder to submit nominees to the Secretary shall fail to do so within twenty days after the time hereinbefore specified, the Secretary may select each such member or alternate without waiting for a nominee or nominees to be elected.

(8) Each person selected as a member or alternate of the Control Board, including those designated herein as the original members and alternates, shall promptly qualify by filing with the Secretary a written acceptance of the appointment. The failure of an appointee to qualify within twenty days after the appointment of such person shall be cause for the Secretary to appoint another person in his stead.

(c) *Alternates.* (1) There shall be an alternate for each member of the Control Board. Each alternate shall be of the same qualifications, be nominated and selected in the same manner, and hold office for the same term, as the member for whom he is alternate. An alternate for a member of the Control Board shall, in the event of that member's absence, act in the place and stead of that member; and, in the event of such member's removal, resignation, disqualification, or death, the alternate for such member shall act in the place and stead of said member until a successor for the unexpired term of said member has been selected.

(2) In the event any member of the Control Board and his alternate are both unable or fail to attend a meeting of the Control Board, any alternate for any other member nominated by the same group that nominated the absent member may be designated by the absent member to serve in the place and stead of the absent member and his alternate; and in the event such other alternate cannot attend, or there is no such other alternate, then the absent member, or in the event of his disability or a vacancy, his alternate, may designate, subject to the approval of the Secretary, a temporary substitute to attend such meeting with the power to act in the place and stead of that member, or pending such designation the Secretary may designate such temporary substitute.

(d) *Vacancies.* To fill any vacancy which occurs prior to March 1, 1944, occasioned by the failure of any person, selected as a member of the Control Board or as an alternate member thereof, to qualify, or the death, removal, resignation, or disqualification of any qualified member or alternate member of the Control Board, a successor for his unexpired term of office shall be nominated and selected in the manner herein specified for the nomination and selection of successors to the initial members and alternate members of the Control Board representing the same industry group as was represented by the respective member or alternate member thus to be succeeded. In the event such nomination for such vacancy is not made within twenty days after the beginning of the vacancy, the Secretary may select a person to fill such vacancy without waiting for the nomination to be made.

(e) *Compensation.* The members of the Control Board, and their respective alternates, shall serve without compensation, but shall be reimbursed for expenses necessarily incurred in the performance of their respective duties.

(f) *Powers.* The Control Board shall have the following powers:

(1) To administer, as herein specifically provided, the terms and provisions hereof;

(2) To make administrative rules and regulations to effectuate the terms and provisions hereof;

(3) To receive, investigate, and report to the Secretary complaints of violations hereof; and

(4) To recommend to the Secretary amendments hereto.

(g) *Duties.* The duties of the Control Board shall be as follows:

(1) To act as intermediary between the Secretary and any grower or handler;

(2) To keep minutes, books, and records which will clearly reflect all of its acts and transactions, and which shall be subject at any time to examination by the Secretary or his designated representative;

(3) To provide, subject to approval by the Secretary, for the making of scientific and other studies, to conduct research, and to assemble data, on the growing, handling, shipping, and marketing conditions relative to hops and hop products;

(4) To furnish to the Secretary at his request such information as may be available to the Control Board;

(5) To perform such duties as may be assigned to it from time to time by the Secretary in connection with the administration of Section 32 of the Act to Amend the Agricultural Adjustment Act, and for other purposes, Public Act No. 320, 74th Congress, approved August 24, 1935, as amended;

(6) To submit to the Secretary from time to time a budget of expenses, including but not being limited to the expenses of the Growers Allocation Committee and of the Advisory Committees; and to report from time to time to the Secretary expenditures made by the Control Board;

(7) To cause the books of the Control Board to be audited by one or more competent accountants at least once each fiscal year and at such other times as the Control Board may deem necessary, or as the Secretary may request, and to file with the Secretary a copy of each audit report made;

(8) To employ a Managing Agent who, during his employment as such, shall not be a grower, dealer, grower-dealer, or brewer, nor in the employment thereof, and who shall serve as the secretary of the Control Board and the secretary of the Growers Allocation Committee, and shall have such other duties as are specified for him herein or by the Control Board; and to employ or retain such other employees, agents, and representatives as the Control Board may deem necessary; and to determine the salaries and define the duties of such Managing Agent, employees, agents and representatives;

(9) To give to the Secretary, or his designated representative, the same notice of meetings of the Control Board as is given to the members of the Control Board; and

(10) To defend (i) all legal proceedings against any member or alternate member (individually or as a member or alternate), officer, representative, employee, or agent of the Control Board arising out of any act or commission done or made in good faith pursuant to the provisions hereof, or (ii) any legal proceeding to enjoin or compel action by the Control Board, or the members thereof, under the provisions hereof.

(h) *Procedure.* (1) The Control Board shall adopt rules and regulations governing its procedure and the performance of its duties and powers hereunder, and shall select a chairman and such other officers as it may deem advisable.

(2) The Control Board shall not exercise any of its powers or duties hereunder while there are more than six vacancies in its membership, not inclusive of alternates. A quorum shall consist of eleven members, or alternate members or substitutes then serving in the place and stead of any members, in attendance at the meeting, and all decisions of the Control Board shall be made by not less than nine affirmative votes.

(3) The Control Board may provide for voting by mail or other means of communication upon due notice to all members; any member voting other than by mail or in person at an assembled meeting shall promptly thereafter confirm in writing his vote so cast.

(i) *Funds and other property.* (1) All funds received by the Control Board pursuant hereto shall be used solely for the purposes specified herein, and the Secretary may require the Control Board and its members to account for all receipts and disbursements.

(2) Whenever any person ceases to be a member or alternate member of the Control Board, such person shall account for all receipts and disbursements hereunder and deliver all property, funds, books, and records (in his possession) of the Control Board, to his successor in office or to such person as the Secretary may designate and shall execute such assignments and other instruments as may be necessary or appropriate to vest in such successor or in such designated person the right to all of the property, funds or claims vested in such member.

(3) The Control Board, with the approval of the Secretary, may maintain in its own name, or in the names of its members, legal action against any handler for the collection of that handler's pro rata share of expenses which may be due hereunder.

§ 963.5 *Growers Allocation Committee*—(a) *Members.* The grower members and the grower-dealer members of the Control Board shall constitute the "Growers Allocation Committee". Said committee shall have such duties and powers as are expressly specified herein for that committee and such other duties and powers as may be incident thereto. The Growers Allocation Committee may incur only such expenses as from time to time are authorized by the Control Board.

(b) *Procedure.* The Growers Allocation Committee shall select one of its members as its chairman and such other officer as it may deem advisable. It shall keep proper records of all its proceedings, and shall adopt regulations governing its procedure. It may provide for voting by mail or other means of communication upon due notice to all members. Any member voting other than by mail or in person at an assembled meeting shall promptly thereafter confirm in writing his vote so cast.

(c) *Alternates.* The alternate of each grower member or grower-dealer member of the Control Board shall have the same right to serve in lieu of a member of the Growers Allocation Committee as such alternate has to serve in lieu of a member of the Control Board.

§ 963.6 *Growers Advisory Committees*—(a) *Membership.* (1) A Growers Advisory Committee of twelve members is hereby established for each of the States of Oregon and California, and of thirteen members for the combined States of Washington and Idaho. Each of said committees shall consist of members who shall be growers or grower-dealers, or officers or employees of growers or grower-dealers, engaged in growing hops in and shall be residents of the State or States for which the respective committee is established; one of the members of the Advisory Committee for the States of Washington and Idaho shall be a grower, or an officer or employee thereof, engaged in growing hops in and a resident of the State of Idaho.

(2) The initial members of said Growers Advisory Committees shall be as follows:

(i) Oregon Advisory Committee:

Name and Address

C. H. Eismann, Rt. 2, Grants Pass, Oreg.; L. S. Christofferson, Box 366, Eugene, Oreg.; William Krebs, Jefferson, Oreg.; D. P. MacCarthy, Independence, Oreg.; W. L. Hughes, Dallas, Oreg.; Drexel White, Route 2, Woodburn, Oreg.; Louie Schwabauer, Hubbard, Oreg.; Ray Kerr, St. Paul, Oreg.; Ferd Hartwick, Banks, Oreg.; Hobart M. Mitchell, 269 SE Morrison St., Portland, Oreg.

(ii) California Advisory Committee:

Name and Address

Mrs. Bertha Poe, 5725 "J" St., Sacramento, Calif.; George Beitzel, Rt. 2, Box 2198, Elk Grove, Calif.; P. M. Rooney, 1332 43rd Street, Sacramento, Calif.; Fred L. King, 2664 6th Avenue, Sacramento, Calif.; E. H. Peterson, 921 Wright Street, Santa Rosa, Calif.; I. D. Wood, 280 Brittain Lane, Santa Rosa, Calif.; E. S. Ballard, Rt. 1, Box 356, Healdsburg, Calif.; Thom. J. Grace, 2nd and Wilson Street, Santa Rosa, Calif.; L. M. Hildreth, Ukiah, Calif.; Warren Brown, Ukiah, Calif.; Alex R. Thomas, Ukiah, Calif.; C. H. Smith, Redwood Valley, Calif.

(iii) Washington-Idaho Advisory Committee:

Name and Address

Paul Patnode, Moxee City, Wash.; A. J. Toupin, Moxee City, Wash.; J. D. McKelheer, Rt. 1, Yakima, Wash.; Amos Brulotte, Rt. 2, Grandview, Wash.; Joe Faucher, Rt. 1, Wapato, Wash.; Clinton Merrill, Harrah, Wash.; Roger W. Batt, Wilder, Idaho; Art Hanses, Rt. 5, Yakima, Wash.; Guy Anderson, Rt. 6, Yakima, Wash.; K. P. Bates, Rt. 5, Yakima, Wash.; Ben Gonter, Rt. 2, Box 269, Puyallup, Wash.; W. H. Coplan, Orting, Wash.; C. W. Van Roy, National Bank of Washington, Tacoma, Wash.

Each of the initial members shall serve for a term ending on February 1, 1944, and in the event that the respective person's successor has not been selected by February 1, 1944, such person shall serve until his successor has been selected.

(3) The successors to the initial members of each Advisory Committee shall be selected on or before February 1, 1944, and shall serve thereafter so long as the provisions hereof are effective. Such selection shall be at an election held, under the supervision of the Managing Agent or his designated representative, by the growers and grower-dealers in each district; and in such election each grower and each grower-dealer residing or producing hops in that district shall have opportunity to participate. No delay in the selection of any member shall invalidate such selection. Said elections shall be conducted by districts, as follows:

(i) The Advisory Committee for the State of Oregon shall delimit that State fairly and equitably into twelve election districts. Growers and grower-dealers who reside or produce hops in any such district shall be entitled to vote for and select for that district one member of the Advisory Committee.

(ii) The Advisory Committee for the State of California shall delimit that State fairly and equitably into three election districts. Growers and grower-dealers who reside or produce hops in any such district shall be entitled to vote for and select for that district four members of the Advisory Committee.

(iii) The Advisory Committee for the States of Washington and Idaho shall delimit those States and equitably into four election districts, one of which districts shall include all of the State of Idaho and a portion of the State of Washington. Growers and grower-dealers who reside or produce hops in the district which includes the State of Idaho shall be entitled to vote for and select for that district four members of the Advisory Committee, at least one of whom shall be a grower of hops in the State of Idaho; and growers and grower-dealers who reside or produce hops in any of the other districts shall be entitled to vote for and select for that district three members of the Advisory Committee.

(4) At any such election each grower or grower-dealer present shall, on behalf of himself, his agents, partners, affiliates, subsidiaries, and representatives, cast only one vote for each nominee for membership on the aforesaid Advisory Committee. No grower or grower-dealer shall vote in more than one district in any one State. There shall be no voting by proxy. The Control Board shall prescribe and submit to the Secretary rules and regulations governing elections of Advisory Committee members, which shall become effective if not disapproved by the Secretary within twenty days after having been submitted to him.

(5) Each member of an Advisory Committee may designate in writing addressed to the Managing Agent a grower or grower-dealer to act as his alternate at any meeting of the Advisory Committee at which that member is not present; and such alternate must be a resident of the State, and a resident of or grower of hops in the district thereof, represented by the member.

(6) Any vacancy in the membership of an Advisory Committee shall be filled, for the balance of the term of the member whose place is vacant, by a grower or grower-dealer, residing or growing hops in the same district as that represented by the former member, selected by majority vote of the remaining members of that committee.

(7) The members of each Advisory Committee may be reimbursed by the Control Board for all travel and other expenses necessarily incurred in the performance of their duties.

(b) *Functions.* (1) Each Advisory Committee shall promptly nominate to the Secretary a successor to any grower from that State whose term on the Control Board as a member or alternate shall expire or whose place on the Control Board for any reason may become vacant. Grower members of an Advisory Committee, as well as other growers, shall be eligible for nomination by that Advisory Committee to serve on the Control Board.

(2) Each Advisory Committee shall select from its membership a chairman and such other officers as the respective committee may deem advisable, and shall keep proper records of all of its proceedings. It shall hold meetings upon the call of four members, or upon the call of its chairman, or the Control Board, or the Managing Agent. Each Advisory Committee shall serve the Control Board in an advisory capacity con-

cerning the administration hereof in the State or States for which such committee is established, and in general shall perform such functions as the Control Board may, from time to time, specify. Each Advisory Committee may incur only such expenses as are authorized by the Control Board.

§ 963.7 *Limitation of total quantity to be handled*—(a) *Salable quantity of 1942 crop.* In order to effectuate the declared policy of the act, and in consideration of the estimated consumptive demand for hops and hop products, the estimated carryover of hops and hop products, and the estimated quantity of hops which will be produced during the year 1942, the total quantity of hops (expressed in pounds of hops, net dry weight), produced during the year 1942, which, during the effective period hereof, all handlers may handle, in the form of hops or in the form of any hop product, in the current of interstate or foreign commerce, or so as directly to burden, obstruct, or affect interstate or foreign commerce in hops or any product thereof, hereby is limited to 41,000,000 pounds: *Provided*, That nothing contained in this paragraph shall prevent the handling of hops or any hop product pursuant to the provisions of § 963.8 (b) (3) or § 963.8 (d) hereof. The aforesaid quantity of 41,000,000 pounds shall be known, and is referred to hereinafter, as the "salable quantity" of the 1942 crop of hops.

(b) *Recommendation by Control Board for 1943 and 1944.* The total quantity of hops (expressed in pounds of hops, net dry weight) produced during each of the years 1943 and 1944 which, during the effective period hereof, all handlers may handle, in the form of hops or in the form of any hop product, in the current of interstate or foreign commerce, or so as directly to burden, obstruct, or affect interstate or foreign commerce in hops or any product thereof, shall be determined and limited in the manner and to the extent hereinafter provided. As early in the respective year as the Control Board shall find to be feasible, the Control Board shall estimate the total quantity of hops which will be produced during that respective year, and shall ascertain or estimate the total carryover, within the United States, of hops and hop products, produced in or outside the area prior to that year and which, if produced within the area, are eligible for handling pursuant to the terms hereof, and shall estimate the total consumptive demand for hops produced during that respective year. In estimating such consumptive demand, there shall be included the quantity of such hops estimated to be used as hops and the quantity of such hops estimated to be used in the form of hop products. Thereafter, and based upon its aforesaid estimates and findings, the Control Board shall make and transmit to the Secretary its recommendation of the maximum quantity of hops (expressed in pounds of hops, net dry weight), produced during that respective year which should, during the effective period hereof, in order to effectuate the declared policy of the act, be handled in the form of hops or in the form of any hop product, in the current of interstate or foreign commerce, or so as directly to burden, obstruct, or effect interstate or foreign commerce in hops or any product thereof, and, with such recommendation, shall transmit to the Secretary its estimates and findings on which its recommendation is based.

(c) *Determination of salable quantity of 1943 and 1944 crops.* For the purpose of obtaining additional information pertinent to a determination of the maximum quantity of hops (expressed in pounds of hops, net dry weight) produced during each of the years 1943 and 1944 which, during the effective period hereof, should be handled, in the form of hops or in the form of any hop product, the Secretary each year may hold a meeting or meetings, within the area, after such notice as the Secretary shall deem proper. On the basis of the aforesaid estimates, data, and recommendations of the Control Board submitted pursuant to § 963.7 (b) hereof, and such other pertinent information as the Secretary may have, the Secretary shall determine, fix, and announce such maximum quantity of hops produced during that respective year which, during the effective period hereof, may be handled in the form of hops or in the form of any hop product, in the current of interstate or foreign commerce, or so as directly to burden, obstruct, or affect interstate or foreign commerce in hops or any product thereof, as the Secretary may find to be proper in order to effectuate the declared policy of the act: *Provided*, That nothing contained in this paragraph shall prevent the handling of hops pursuant to the provisions of § 963.8 (b) (3) or § 963.8 (d) hereof. Such maximum quantity of hops which shall be fixed by the Secretary as aforesaid shall be known, and is referred to hereinafter, as the "salable quantity" of that respective year's crop of hops. The quantity of hops produced prior to the year 1942, and of hop products (expressed in pounds of hops, net dry weight) derived from such hops which may be handled, during the effective period hereof, is hereby limited as hereinafter provided.

(d) *Increase of salable quantity.* The Secretary may at any time increase the salable quantity for any year, but the Secretary may not decrease said salable quantity.

§ 963.8 *Apportionment of salable quantity among producers*—(a) *Determination of quantity available for market.* (1) As the basis for apportioning equitably among growers the salable quantity of each year's crop, the Growers Allocation Committee each year, as soon after the beginning of the harvest of that year's crop of hops as the committee shall find to be feasible, shall determine, or cause to be determined under its supervision, the total quantity of hops (expressed in pounds of hops, net dry weight) available for market or estimated will become available for market by each grower from his production of hops during that year: *Provided*, That such determination shall include the quantity, if any, of such hops found to have been converted into hop products except that insofar as lupulin sweepings are concerned there shall be included, in the computation, only the pounds of lupulin found to be in such quantity of lupulin sweepings, and, insofar as unharvested hops are concerned, shall include (expressed in pounds of hops, net dry weight) only hops of that respective year's crop grown to maturity and remaining unharvested on the living vines. The Growers Allocation Committee shall adopt and submit to the Secretary reasonable regulations governing the method of making determinations of production pursuant to this paragraph; and such regulations may provide, among other things, that there shall be included in the determination of the quantity of hops grown to maturity and remaining unharvested on the living vines only such hops as are found to be on vines which remain strung or trained and from which hops have not been picked, and which have not been removed from the wires or poles. In the event any grower does not permit the Growers Allocation Committee, or its representatives, access to any hops grown by that grower, or to any product thereof, or shall fail or refuse to make available to said committee, or its representatives, information relative to such hops or hop products which the Growers Allocation Committee finds to be desirable in order properly to make such determination in accordance with the provisions hereof, the Growers Allocation Committee shall determine or cause to be determined, in such manner as said committee shall find to be feasible and proper under the circumstances, the respective grower's production, as aforesaid. After completing its determination of production by each individual grower, the Growers Allocation Committee shall, by means of addition, compute the production by all growers.

(2) The investigation and determination pursuant to § 963.8 (a) (1) hereof for each member or alternate member of the Growers Allocation Committee shall not be made by any member or alternate member of such committee, but such investigation and determination shall be made, and reported in writing to the Secretary and to the Growers Allocation Committee, by such person or persons as the Managing Agent shall designate for that purpose. Any protest by a member or alternate member of the Growers Allocation Committee concerning such determination, by the person or persons thus appointed by the Managing Agent, shall be made directly to, and be determined by, the Secretary.

(3) The Growers Allocation Committee shall cause to be mailed to each grower notice of the determination, pursuant to § 963.8 (a) (1) hereof, of the respective grower's production for the respective year, and, also, the computation of the total quantity determined pursuant to § 963.8 (a) (1) hereof, produced by all growers during that year. The committee shall also publicly announce said total quantity.

(4) The Growers Allocation Committee shall prescribe regulations, subject to modification and approval by the Secretary, which provide a reasonable means whereby any grower who may be dissatisfied with the determination, pursuant to §963.8 (a) (1) hereof, of his production may protest to that committee, or its representative concerning that determination. In the event of such protest the determination of that quantity as to that grower shall be reconsidered by the Growers Allocation Committee and revised to any such extent as the committee shall find to be proper. Such regulations shall further provide a reasonable means whereby such grower may appeal to the Secretary from the final decision of the Growers Allocation Committee on his protest. The decision of the Secretary on such appeal shall be conclusive.

(5) Upon expiration of such time for protest as may be specified pursuant to § 963.8 (a) (4) hereof, and after completion of action by that committee upon all protests, the Growers Allocation Committee shall report to the Secretary all findings, determinations, and computations made by or for that committee pursuant to § 963.8 (a) hereof, together with the data on which the same were based. On the basis of such findings, determinations, computations, data, and other pertinent information which the Secretary may have, the Secretary shall determine and notify the Growers Allocation Committee of the total quantity of hops (expressed in pounds of hops, net dry weight) available for market or estimated will become available for market by each grower from his production of hops during that year: *Provided*, That such determination shall include the quantity, if any, of such hops found to have been converted into hop products except that insofar as lupulin sweepings are concerned there shall be included, in the computation, only the pounds of lupulin found to be in such quantity of lupulin sweepings, and, insofar as unharvested hops are concerned, shall include (expressed in pounds of hops, net dry weight) only hops of that respective year's crop grown to maturity and remaining unharvested on the living vines. The Secretary, after having determined each grower's production, as aforesaid, shall, by means of addition, determine the production by all growers; and such production by all growers is hereinafter referred to as the "aggregate production" for that respective year. Immediately upon receipt of notice thereof from the Secretary, the Growers Allocation Committee shall publicly announce the aforesaid determination by the Secretary of the aggregate production during that respective year.

(b) *Allocation among growers.* (1) The "salable percentage" of the aggregate production, determined pursuant to § 963.8 (a) (5) hereof, shall be computed by dividing the salable quantity of that year's crop, determined in or pursuant to § 963.7 hereof, by the aforesaid aggregate production. Each grower's allotment of the salable quantity of that year's crop shall be that same salable percentage applied to that grower's production as determined pursuant to § 963.8 (a) (5) hereof: *Provided, however*, That in any year in which the salable percentage, determined pursuant to this section, exceeds ninety-eight percent, each grower's allotment shall be the total quantity, produced by such grower, determined pursuant to § 963.8 (a) (5) hereof: *Provided further*, That in the event the Growers Allocation Committee shall find and determine, after completion of the harvest of any year's crop, that the total quantity of hops produced, harvested, and dried during that year by all growers (not including hops theretofore destroyed by fire or otherwise) is less than the total salable quantity theretofore fixed for that year's crop pursuant hereto, then the Growers Allocation Committee shall report to the Secretary said determination; and if the Secretary finds that (i) such determination is correct, and (ii) to permit allocation on the basis hereinafter specified will be equitable and fair to all growers and will tend to effectuate the declared policy of the act, the Secretary shall issue an order to the effect that each grower's salable allotment of that year's crop shall be the quantity of hops determined by the Growers Allocation Committee to have been produced, harvested, and dried by that grower during that year, and such salable allotment shall supersede any allotment previously determined and issued to that grower for that year's crop. Each allotment determined hereunder shall be expressed in pounds, net dry weight, of hops and shall be known as the respective grower's "salable allotment" of that respective year's crop.

(2) The Growers Allocation Committee shall mail to each grower notice of his salable allotment computed by that committee as herein provided. A list of the salable allotments of all growers for each year's crop shall be compiled and maintained by the Growers Allocation Committee at its office in each of the States of Oregon, California, and Washington, where the same shall be available during all reasonable hours for inspection by any interested person.

(3) The Control Board shall each year issue or cause to be issued, prior to the issuance of final allotments applicable to that year's crop, to any grower who may apply therefor to the Managing Agent, a preliminary allotment representing such proportion of that grower's total production of hops during that year as the Managing Agent shall determine will be not in excess of eighty percent (or such higher percentage as the Control Board, with the approval of the Secretary, may specify for the computation of preliminary allotments) of that grower's probable salable allotment for that year's crop. Such preliminary allotments shall be issued pursuant and subject to uniform regulations prescribed by the Control Board, subject to approval by the Secretary. After issuance to a grower of such a preliminary allotment, the hops covered thereby, and any hop product derived from such hops, shall be eligible for certification, marking, and handling, as though the final salable allotment had been issued, and subject to the same terms, conditions, and regulations as are applicable to such certification, marking, and handling of hops and hop products under a final salable allotment.

(c) *Joint allotments.* (1) In the event that more than one grower shall participate jointly in the production of hops, whether as landlord and tenant, as partners, or otherwise, and said growers report that fact to the Managing Agent on forms which shall be prescribed and supplied for that purpose by the Growers Allocation Committee, then a single salable allotment covering such joint production shall accrue to said joint growers. In the event that thereafter the interests of those growers in the crop produced or being produced are segregated, the Managing Agent, upon written application signed by all of said interested growers, shall segregate and distribute said single salable allotment among said growers in accordance with their respective segregated interests in the crop covered thereby as shown by their aforesaid application.

(2) Upon application of any bona fide incorporated cooperative association of growers which engages to market hops or hop products included within the salable allotments of its members, the individual salable allotments of such of the members of that association as join in such application, covering a specific year's crop, shall be pooled and thereafter hops produced by those members (who joined in that application) of that association during that year, and hop products derived from such hops, may be certified and handled by that association, within the aggregate total of all the allotments thus pooled, without regard to the limits of the individual allotments of those members. Any application for such pooling shall be made in writing signed by the duly authorized officers of such association and by each of the growers whose allotment is to be pooled. Such application shall be filed with the Managing Agent prior to determination of the initial salable allotments covering that year's crop.

(d) *Revision of allotments.* (1) In the event the Growers Allocation Committee shall find, at any time, that no determination, pursuant to § 963.8 (a) (5), has been made as to a particular grower entitled thereto pursuant to the provisions hereof, or that a previous determination as to a particular grower was substantially in error, the committee shall make such determination for that grower with regard to the respective grower's production during that respective year, and such determination by the committee shall be in accordance with the specifications and requirements set forth in § 963.8 (a) (1) hereof; and thereupon the committee shall submit such determination, and the findings, computations, data, and other pertinent information which the committee may have with regard to such grower's production, to the Secretary, and the committee shall notify the grower with regard to such determination by the com-

mit to the Secretary its recommendation of the maximum quantity of hops (expressed in pounds of hops, net dry weight), produced during that respective year which should, during the effec-

vision, the total quantity of hops (expressed in pounds of hops, net dry weight) available for market or estimated will become available for market by each grower from his production of hops dur-

pursuant to § 963.8 (a) (1) hereof, produced by all growers during that year. The committee shall also publicly announce said total quantity.

mittee. The grower may protest such determination, and appeal to the Secretary from the committee's decision on such protest; and such protest and appeal shall be in accordance with the provisions of § 963.8 (a) (4) hereof. The Secretary shall determine, and notify the Growers Allocation Committee of, the total quantity of hops (expressed in pounds of hops, net dry weight) available for market or estimated will become available for market by each grower from his production of hops during that year: *Provided*, That such determination shall include the quantity, if any, of such hops found to have been converted into hop products except that insofar as lupulin sweepings are concerned there shall be included, in the computation, only the pounds of lupulin found to be in such quantity of lupulin sweepings, and, insofar as unharvested hops are concerned, shall include (expressed in pounds of hops, net dry weight) only hops of that respective year's crop grown to maturity and remaining unharvested on the living vines.

(2) The Growers Allocation Committee shall adopt rules and regulations, subject to approval by the Secretary, whereby any grower who may be dissatisfied with the determination by said committee, acting pursuant to § 963.8 (b) (1) hereof, and the Secretary's order issued pursuant thereto, with regard to the quantity of hops produced, harvested, and dried by such grower from his crop of hops during that year, may protest to the Growers Allocation Committee with regard to such determination; and thereupon the Growers Allocation Committee shall reconsider its former determination of the quantity of hops produced, harvested, and dried by such grower, and the Growers Allocation Committee shall revise such determination to such extent as said committee may find to be necessary in order to state correctly the quantity of hops produced, harvested, and dried by such grower from his production during that year, and shall inform the respective grower of the decision of the Growers Allocation Committee with respect to such protest. The aforesaid rules and regulations shall also provide a reasonable means whereby any grower, dissatisfied with the decision of the Growers Allocation Committee on a protest filed by the respective grower, may appeal to the Secretary; and the decision of the Secretary on such appeal shall be conclusive. Such grower shall be entitled to a salable allotment for the amount stated in the decision by the Growers Allocation Committee, if such grower does not appeal therefrom; and in the event of an appeal, the grower shall be entitled to an allotment for the amount stated in the decision by the Secretary.

(3) In the event the Growers Allocation Committee or the Managing Agent shall find, at any time, that the salable allotment previously issued to a grower was incorrectly computed or is erroneous by reason of mathematical or clerical error, the Growers Allocation Committee or the Managing Agent shall correct and revise said allotment to the extent found to be proper, and shall notify the respective grower and the Secretary of such correction.

(4) Whenever there is mailed to a grower the notice of correction, by the committee or the Managing Agent, of the determination of production available for market by, or the salable allotment of, that grower, as hereinbefore provided in this paragraph regarding the revision of allotments, any previously issued salable allotment of that grower for the respective crop shall automatically be suspended to the extent that it may exceed allotment as thus corrected, and to the extent that hops or hop products shall not already have been certificated and handled under the previous allotment. Any corrected salable allotment issued pursuant to this paragraph regarding the revision of allotments shall supersede any salable allotment previously issued to the respective grower with regard to the crop of hops produced during that year.

§ 963.9 *Allotments for handlers.* The alloted quantity of hops of each year's crop which any handler may handle, in the form of hops or in the form of any hop product, is hereby fixed for that handler as the quantity which is apportioned to each respective grower of hops under § 963.8 hereof, and certificated under § 963.10 hereof, as that grower's salable allotment of that year's crop, and is limited as herein provided.

§ 963.10 *Certification of hops and hop products.* (a) Each grower for whom a salable allotment is determined and issued pursuant hereto shall be entitled, upon application to the Control Board or its representative, to have a quantity of hops of the crop to which that allotment relates, produced by that grower, or acquired by that grower pursuant to § 963.11 (b) hereof, and a quantity of hop products derived from those hops, certificated, to the extent of that salable allotment, as being covered by and within the limits of such allotment. Such certification shall consist of the marking or tagging of each bale or other container of such hops or hop products by an authorized representative of the Control Board pursuant to applicable regulations of the Board.

(b) The Control Board shall promulgate, with the approval of the Secretary, regulations which shall prescribe means and methods of marking or tagging each bale or other container of hops, the grower of which (or the grower who has acquired such hops pursuant to the provisions of § 963.11 (b)), shall make application to the Control Board for certification of such hops and hop products as being covered by and within that grower's salable allotment. Such regulations shall also prescribe means and methods of marking or tagging each container of any hop product if the Control Board or its duly authorized representative finds such hop product or hop products to have been derived from hops which had been certificated as aforesaid, or which had been duly certificated pursuant to the provisions of Order No. 28 or Order No. 49, or derived from hops which were entitled to be certificated as within the applicable salable allotment of the grower of those hops, or derived from hops certificated pursuant to § 963.10 (c) hereof. Such regulations may provide for the issuance and delivery of a "handling certificate" to each grower and handler for whom hops or hop products are duly certificated pursuant to this section, which certificate shall be in the nature of a certificate by an authorized representative of the Control Board that pursuant to the provisions hereof a specified quantity of hops or hop products has been duly certificated, for the grower and the handler named in said certificate, as being eligible for handling pursuant to the terms hereof.

(c) Any person who owns or is in possession of any hops grown in the State of Idaho prior to the year 1942, or any hop product produced from hops grown in the area, defined in § 963.3 hereof, prior to the effective date hereof, shall be entitled upon application to the Control Board, or its representatives, to have all of said hops and hop products, respectively, certificated by an authorized representative of the Control Board: *Provided*, That application for such certification shall be made and delivered to the Control Board within thirty days after the effective date hereof, or within such other time as the Control Board, with the approval of the Secretary, may specify. Such certification shall be by means of marking or tagging each bale or container of such hops or hop products in such manner as shall be prescribed by regulations of the Control Board approved by the Secretary. No assessment shall be payable in connection with such certification.

(d) The Control Board shall maintain a correct and complete record of all hops and hop products certificated, and of all handling certificates issued, pursuant to this section. The Control Board shall also maintain a correct and complete record of the salable allotment of each grower and the unused balance thereof under the provisions hereof, and under the provisions of Order No. 28 and Order No. 49, respectively.

(e) Certification of any hop product produced subsequent to the effective date hereof shall be charged against the applicable salable allotment of the grower of the hops from which the hop product was processed, and against the allotment of the handler of such hop product, unless it shall be found and determined by the Control Board's representative that (1) such hops had previously been certificated as provided in this § 963.10, or (2) if such hops produced prior to the year 1942, such hops had been duly certificated or were entitled to be certificated under Order No. 28 or Order No. 49. Such charge or deduction shall be at such uniform conversion ratio or ratios between hops and the respective hop products (expressed in pounds of hops, net dry weight) as the Control Board shall determine, subject to approval by the Secretary; and such conversion ratio or ratios thus approved by the Secretary shall be promptly announced by the Control Board, or its representatives, so as to bring such conversion ratio or ratios to the attention of the interested persons. Any hop product produced subsequent to the effective date hereof shall be certificated only in the event such is within the respective grower's salable allotment and such hop product is derived from hops duly certificated pursuant hereto, or entitled to be certificated pursuant hereto or certificated pursuant to Order No. 28 or Order No. 49, respectively, or entitled to be certificated thereunder.

(f) The Control Board may promulgate, with the approval of the Secretary, regulations which prescribe means and methods of marking or tagging every bale or other container of hops or any hop product not as yet certificated pursuant to this section, and may require reports from time to time as to the disposition or location of such uncertificated hops or hop products.

§ 963.11 *Limitation of handling to certificated hops or hop products.* (a) No person, as principal, agent, broker, legal representative, or otherwise, shall handle any hops or hop products unless: (1) prior to such handling, if the hops were produced in 1942 or a subsequent year, there shall have been duly issued pursuant hereto a salable allotment or preliminary allotment, as herein provided, applicable to all such hops handled and applicable to the hops, if produced in 1942 or a subsequent year, from which the particular hop product handled was derived; (2) prior to such handling such hops, if produced in the State of Idaho prior to the year 1942, shall have been duly certificated pursuant to § 963.10 hereof; (3) prior to such handling such hop product, if produced prior to the effective date hereof, shall have been duly certificated pursuant to § 963.10 hereof; (4) such hops, if produced prior to the year 1942 in the States of Oregon, California, or Washington, are covered by an allotment certificate or certificates duly issued pursuant to Order No. 28 or Order No. 49; (5) each bale or other container of said hops or hop products shall have been duly marked or tagged in such manner as the Control Board may, by regulations duly adopted by the Control Board and approved by the Secretary, have prescribed for the purpose of identifying such hops or hop products as being covered by a duly issued salable allotment or as being properly certificated, but such hops, if produced prior to the year 1942, shall have been duly marked or tagged in such manner as prescribed by regulations made effective pursuant to Order No. 28 and Order No. 49, respectively; and (6) the respective handler shall have complied with the regulations, effective pursuant hereto, relative to the salable allotment and the regulations, effective pursuant hereto, relative to such handler's allotment covering such hops or hop products, and the identification and marking thereof.

(b) In the event hops produced in 1942, or any subsequent year, whether harvested or unharvested, in the control of the respective grower thereof, are destroyed, or are so damaged or deteriorated as in the judgment of the grower to be unmarketable, or if because of quality or type such hops are unsatisfactory to the grower, the grower thereof may, if the lupulin has not been removed from such hops, replace such hops, within the limits of his salable allotment for that respective year, by acquiring uncertificated hops of that year's crop from the growers thereof: *Provided*, That such purchasing grower shall first submit a written statement to the Managing Agent setting forth the year of production, location, and the quantity of hops which such grower desires so to replace (and, if the hops to be replaced have been destroyed, the time, place, and cause of such destruction, together with proof of such destruction satisfactory to the Managing Agent), and the name and address of each grower from whom he proposes to acquire uncertificated hops for that purpose, and makes proper arrangements with the Managing Agent whereby the unmarketable or unsatisfactory hops which are thus to be replaced will be effectively diverted from or disposed of out of the normal channels of trade, and such disposal or diversion shall be in such manner as may be prescribed by uniform regulations of the Control Board approved by the Secretary: *Provided*, That such hops shall not be diverted or disposed of into hop products, as defined in § 963.3 hereof. Any grower duly acquiring uncertificated hops in accordance with the foregoing shall be entitled to have such hops, and hop products derived therefrom, certificated; and such hops or hop products so certificated may be handled under and within the limit of that grower's own salable allotment which was applicable to the hops thus duly replaced. The Managing Agent shall prepare, and from time to time shall revise, a list of the names and addresses of growers known to have uncertificated hops for sale pursuant to the provisions of this paragraph; and a list of the names and addresses of growers who report to the Managing Agent that they desire to purchase or acquire uncertificated hops pursuant to this paragraph. The Managing Agent shall make such lists available at each office of the Control Board in Oregon, California, and Washington to any grower of hops.

§ 963.12 *Expenses and assessments*—(a) *Expenses.* The Control Board is authorized to incur such expenses as the Secretary finds, from time to time, may be necessary in order to enable the Control Board, the Growers Allocation Committee, and the Advisory Committees, to perform their functions in accordance with the provisions hereof. The funds to cover such expenses shall be acquired by the levying of assessments upon handlers as provided in this section.

(b) *Assessments.* (1) Each handler shall pay to the Control Board the assessment provided hereinafter with respect to all hops and hop products which are handled or to be handled by that handler as the first handler thereof, except (i) such hops or hop products as are duly certificated pursuant to § 963.10 (c) hereof, and (ii) such hop products as have been derived from duly certificated hops with respect to which such assessment previously had been paid: *Provided, however*, That any grower who markets or transports to market within the State of production hops produced by that grower, or any hop product produced by that grower from hops produced by that grower, shall not be deemed to be the first handler thereof insofar only as payment of assessments pursuant to the provisions of this paragraph may be concerned. Said assessment shall be paid to the Control Board prior to or at the time of such handling, or at such subsequent time as the Control Board may specify.

(2) Beginning with the effective date hereof, the aforesaid assessment shall be at the rate of one-fourth of one cent per pound, net dry weight, of hops handled, and said rate shall continue in effect until changed by the Control Board with the approval of the Secretary; and the assessment rate on any hop product shall be based upon the assessment rate for hops, and shall be computed at such conversion ratio or ratios between hops and the respective hop product as determined pursuant to § 963.10 (e) hereof: *Provided, however*, That the Secretary shall not approve any assessment rate for hops exceeding two-fifths of one cent per pound unless he shall have held, prior thereto and subsequent to such notice as he may deem proper, a meeting or meetings within the production area covered hereby for the specific purpose of obtaining information with respect to such assessment rate. The Secretary shall reduce the assessment rate if the Secretary finds that the assessment rate when thus reduced will provide an amount of money sufficient to enable the Control Board and other committees properly to perform their respective functions hereunder. Any change in the assessment rate shall not apply retroactively. A grower who pursuant to § 963.11 (b) hereof acquires uncertificated hops from the grower thereof shall not, by reason of such acquisition, or the marketing or transportation of said hops within the State of production, be deemed to be the first handler of those hops within the provisions of this paragraph. In the event any grower who handles hops or any hop product is not covered by this section as the first handler thereof, then the person who handles any of such hops or any hop product next following such handling thereof by said grower shall constitute the first handler thereof within the provisions of this section.

(c) *Liquidation of net assets.* Upon the termination hereof the net assets of the Control Board shall be liquidated and disbursed pursuant to § 963.17 hereof.

(d) *Funds to be used to pay expenses.* From the funds acquired pursuant to this section, the Control Board shall pay the salaries of the employees, agents, and representatives thereof; and, also, pay the expenses necessarily incurred in the performance of the functions or duties or exercise of the powers of the Control Board, Growers Allocation Committee, and Advisory Committee, respectively.

§ 963.13 *Compliance.* Each handler shall comply strictly with all provisions hereof and all regulations duly effective hereunder. No handler shall handle any hops or any hop product in violation of any of the provisions hereof or in violation of any regulation effective pursuant hereto.

§ 963.14 *Reports, books, and records*—(a) *Books and records.* Each handler and each subsidiary or affiliate thereof shall keep adequate books and records which will clearly show the details of its handling of hops and hop products.

(b) *Reports to Managing Agent.* To enable the Control Board, the Growers

revise said allotment to the extent found to be proper, and shall notify the respective grower and the Secretary of such correction.

from hops certificated pursuant to § 963.10 (c) hereof. Such regulations may provide for the issuance and delivery of

spective grower's salable allotment and such hop product is derived from hops duly certificated pursuant hereto, or en-

growers thereof: *Provided*, That such purchasing grower shall first submit a written statement to the Managing Agent

cerned. Said assessment shall be paid to the Control Board prior to or at the

(b) *Reports to Managing Agent.* To enable the Control Board, the Growers

Allocation Committee, and each Advisory Committee to perform its functions hereunder, each handler shall furnish to the Managing Agent complete information, in such form and at such time and substantiated in such manner as may be prescribed by the Control Board, relating to (1) the volume of hops and hop products handled by the respective handler; (2) the names and addresses of the growers and other persons from whom hops or hop products were acquired; (3) quantities of hops grown by that handler; and (4) the total quantity of hops and hop products owned by the respective handler. Such information furnished to the Managing Agent shall be confidential and shall not be disclosed to any person (including members of the Control Board as well as other persons) except to the Secretary at his request, or to such person as the Secretary may specify: *Provided*, That the Managing Agent may compile such information in such form as will not reveal the identity of individual informants and may make such compilations available to the Control Board, Growers Allocation Committee, any Advisory Committee, or to the public. The Managing Agent shall not disclose any information acquired under this section, except as herein expressly authorized.

§ 963.15 *Amendments*—(a) *Proposal.* Amendment hereof may, from time to time, be proposed by the Control Board or by the Secretary.

§ 963.16 *Agents.* The Secretary may, by a designation in writing, name any person, including but not being limited to any officer or employee of the Government or any Bureau or Division in the Department of Agriculture, to act as his agent or representative in connection with any of the provisions hereof.

§ 963.17 *Effective time and termination*—(a) *Effective time.* The provisions hereof, or of any amendment hereto, shall become effective at such time as the Secretary may declare, and shall continue in force unless terminated in one of the ways hereinafter specified, so long as the provisions of the act authorizing the same are in effect.

(b) *Termination.* (1) The Secretary may, at any time, terminate the provisions hereof whenever he finds that the provisions hereof obstruct or do not tend to effectuate the declared policy of the act; and such notice of the termination shall be given as the Secretary deems proper.

(2) The Secretary shall terminate the provisions hereof whenever he finds that such termination is favored by the majority of the growers of hops who, during such representative period as may be determined by the Secretary, have been engaged in the production of hops within the area for market: *Provided*, That such majority have, during such period, produced for market more than fifty percent of the total volume of hops produced for market in said area during such period. Such termination shall become and be effective on and after the first day of July subsequent to the announcement thereof by the Secretary.

(3) The provisions hereof shall terminate in any event whenever the provisions of the act authorizing them cease to be in effect.

(c) *Proceedings after termination.* Upon the termination of the provisions hereof, the members of the Control Board then functioning shall continue as trustees (for the purpose of liquidating the affairs of said Control Board) of all funds and property then in the possession or under the control of the Control Board, including but not being limited to claims for any funds unpaid or property not delivered at the time of such termination; but the procedural rules governing the activities of said trustees, including but not being limited to the determination as to whether action may be taken by only a majority vote of the trustees, shall be prescribed by the Secretary. Said trustees shall continue in such capacity until discharged by the Secretary, and from time to time shall account for all receipts and disbursements, and deliver all funds and property on hand, together with all books and records of the Control Board and the trustees, to such person as the Secretary may direct, and shall, upon the request of the Secretary, execute such assignments or other instruments necessary or appropriate to vest in such person the right to all of the funds or claims vested in the Control Board or the trustees pursuant hereto. Any funds collected for expenses pursuant to § 963.12 hereof and held by such trustees or such person over and above amounts necessary to meet outstanding obligations and the expenses necessarily incurred by the trustees or such other person, in the performance of their duties hereunder, shall, as soon as practicable after the termination of the provisions hereof, be disbursed among the handlers pro rata in proportion to their contributions pursuant hereto. Any person to whom funds, property, or claims have been delivered by the Control Board or its members, upon direction of the Secretary as herein provided, shall be subject to the same obligations and duties with respect to said funds, property, or claims as are hereinabove imposed upon the members of said Board or upon said trustees.

§ 963.18 *Duration of immunities.* The benefits, privileges, and immunities conferred by virtue hereof shall cease upon termination hereof except with respect to acts done under and during the existence hereof; and the benefits, privileges, and immunities conferred hereby shall cease upon the termination hereof except with respect to acts done under and during the existence hereof.

§ 963.19 *Separability.* If any provision hereof is declared invalid or the applicability thereof to any person, circumstance, or thing is held invalid, the validity of the remainder hereof or the applicability thereof to any other person, circumstance, or thing shall not be affected thereby.

§ 963.20 *Derogation.* Nothing contained herein is, or shall be construed to be, in derogation or in modification of the rights of the Secretary or of the United States (a) to exercise any powers granted by the act or otherwise, or (b) in accordance with such powers, to act in the premises whenever such action is deemed advisable.

§ 963.21 *Right of the Secretary.* Each member of the Control Board, Growers Allocation Committee, and Growers Advisory Committee, including successors and alternates, and any agent, representative, or employee appointed or employed by the Control Board, shall be subject to removal or suspension by the Secretary at any time. Each regulation, decision, determination, or other act of the Control Board, Growers Allocation Committee, or any Growers Advisory Committee, shall be subject to the continuing right of the Secretary to disapprove of the same at any time, and, upon such disapproval, shall be deemed null and void except as to acts done in reliance thereon or in compliance therewith prior to such disapproval by the Secretary.

§ 963.22 *Liability of Control Board members.* No member of the Control Board, Growers Allocation Committee, or any Advisory Committee, nor any agent, representative, employee, or legal counsel thereof, shall be held liable individually in any way whatsoever to any other person for errors in judgment, mistakes, or other acts either of commission or omission as such member, employee, representative, or legal counsel, except for acts of dishonesty. The liability of the parties hereun 'er is several and not joint, and no party shall be liable for the default of any other party.

§ 963.23 *Effect of termination or amendment.* Unless otherwise expressly provided by the Secretary, the termination hereof or of any regulation issued pursuant hereto, or the issuance of any amendment to either thereof, shall not (a) affect or waive any right, duty, obligation, or liability which shall have arisen prior thereto, or (b) release or extinguish any violation hereof or of any regulation issued hereunder, or (c) affect or impair any right or remedy of the United States, or of the Secretary, or of any other person with respect to any such violation.

Issued at Washington, D. C., this 28th day of August 1942, to be effective on and after 12:01 a. m., P. w. t., September 1, 1942. Witness my hand and the seal of the United States Department of Agriculture.

Chapter III—Bituminous Coal Division

[Dockets Nos. A-1553 and A-1554; A-1555 and A-1574]

PART 321—MINIMUM PRICE SCHEDULE, DISTRICT NO. 1

ORDER GRANTING RELIEF

Order of consolidation and order granting temporary relief and conditionally providing for final relief in the matter of the petitions of Springfield Coal Corporation, Springfield No. 5 Mine, Mine Index No. 153, for approval of agreement to purchase the entire production of the Hurd Mine, Mine Index No. 2928, of John P. Hurd, and the entire production of the Flick Mine, Mine Index No. 743, of Carl W. Flick, code members in District No. 1, for changes in freight origin group numbers and shipping points for the coals of Mine Index Nos. 2928, 743, and 153, for rail shipments, and for permission to mix the coals of these mines and in the matter of the petitions of Peale, Peacock, and Kerr, Inc., for approval of agreement in respect to the purchase of 250 net tons of coal per day produced at Kriswal No. 1 Mine, Mine Index No. 656, of Kriswal Mining Company for delivery to the buyer's Victor No. 18 Mine, Mine Index No. 526, and for approval of agreement to purchase 300 net tons of coal per day produced at the same mine for delivery to the buyer's Victory No. 19 Mine, Mine Index No. 590, for change in freight origin group numbers and shipping points for the coals of Mine Index Nos. 656, 526 and 590; and for permission to mix the coals of these mines.

Original petitions having been duly filed with this Division by the above-named parties, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, requesting the approval of agreements attached thereto and requesting temporary and permanent relief to load and mix the coals produced by Mine Index Nos. 2928 and 743 with the coals of Mine Index No. 153 and permission to load and mix the coals of Mine Index No. 656 with the coals of Mine Index Nos. 526 and 590; and

It appearing that the above-entitled matters raise similar and related issues; it further appearing that the proposed agreements attached to the original petitions do not comply with the Marketing Rules and Regulations promulgated by the Division; it appearing, however, that a reasonable showing of necessity has been made for granting temporary relief in the manner hereinafter set forth; no petitions of intervention having been filed with this Division in the above-entitled matters; and the following action being deemed necessary in order to effectuate the purposes of the Act;

It is therefore ordered, That the above-entitled matters be, and the same hereby are, consolidated.

It is further ordered, That pending final disposition of the above-entitled matters, temporary relief be, and the same hereby is, granted as follows: Commencing forthwith, § 321.7 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, which supplement is hereinafter set forth and hereby made a part hereof, and commencing forthwith the Freight Origin Group numbers and shipping points appearing in the aforesaid Supplement R for the mines mentioned therein are effective in place of the Freight Origin Group numbers and shipping points heretofore established for these mines and the mixing of the coals of Mine Index Nos. 743 and 2928 with the coals of Mine Index No. 153 and the coals of Mine Index No. 656 with the coals of Mine Index Nos. 526 and 590 is hereby approved.

It is further ordered, That nothing in this Order shall be construed as approval of the contracts attached to the original petitions inasmuch as the said contracts do not comply with the Marketing Rules and Regulations promulgated by the Division.

It is further ordered, That pleadings in opposition to the original petitions in the above-entitled matters, and applications to stay, terminate, or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless otherwise ordered.

Dated: August 18, 1942.

PART 323—MINIMUM PRICE SCHEDULE, DISTRICT NO. 3

ORDER GRANTING RELIEF

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 3 for the establishment of price classifications and minimum prices for rail and truck shipments and for changes in shipping points for the coals of certain mines in District No. 3 for rail shipments.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices and for changes in Freight Origin Group Numbers and shipping points for the coals of certain mines in District No. 3 for rail shipments; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 323.6 (*Alphabetical list of code members*) is amended by adding thereto Supplement R–I, § 323.8 (*Special prices*—(b) *Railroad fuel prices for all movements except via lakes*) is amended by adding thereto Supplement R–II, § 323.8 (*Special prices*—(c) *Railroad fuel prices for movement via all lakes—all ports*) is amended by adding thereto Supplement R–III, and § 323.23 (*General prices*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof; and commencing forthwith the shipping points appearing in the aforesaid Supplement R–I for the mines mentioned therein are effective in place of the shipping points heretofore established for these mines.

No relief is granted herein for the coals of the Shriver Mine, Mine Index No. 990 of Paul Crumrine for the reason that the coals of this mine were priced in Docket No. A–1535.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

[Docket No. A–967 Part II]

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT NO. 8

ORDER GRANTING RELIEF

Order granting temporary and conditionally final relief in Docket No. A–967 Part II in the matter of the petition of District Board No. 8 for the establishment of price classifications and minimum prices for the coals of Mine Index Nos. 798 and 5075 in District No. 8.

On August 7, 1941, 6 F.R. 4022, a Memorandum Opinion and Order severing Docket No. A–967 Part II from Docket No. A–967, and granting temporary relief and establishing temporary price classifications and minimum prices for the coals of Mine Index Nos. 798 and 5075 of Consumers Mining Corporation for all shipments except truck, was issued. Conditionally final relief was not granted therein, pending the establishment of permanent relief in Docket No. A–355.

On October 16, 1941, 6 F.R. 5330, an order was issued establishing permanent relief in Docket No. A–355.

It appears that in order to relate the coals of Mine Index Nos. 798 and 5075 with other coals in the Red Ash Seam in District No. 8 in accordance with the said Order dated October 16, 1941, in Docket No. A–355, and in accordance with the Order of August 7, 1941, the following price classifications should be established for the coals of Mine Index Nos. 798 and 5075 for All Shipments Except Truck: "C" in Size Groups 1 and 2, "D" in Size Groups 3 and 4, "A" in Size Groups 5, 6, and 7, and "H" in Size Groups 8, 9, and 10.

It is therefore ordered, That the relief granted by the Order dated August 7, 1941, in this matter be terminated.

It is further ordered, That commencing fifteen days from the date hereof, § 328.21 (*Alphabetical list of code members*) in the Schedule of Effective Minimum Prices for District No. 8 For All Shipments Except Truck is supplemented to include price classifications and minimum prices shown in Supplement R, annexed hereto and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: August 18, 1942.

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT NO. 8

ORDER GRANTING RELIEF

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board 8 for the establishment of price classifications and minimum prices for the coals of certain mines in District No. 8.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 8; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows:

Commencing forthwith, § 328.11 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 328.34 (*General prices for high volatile coals in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: August 15, 1942.

PART 329—MINIMUM PRICE SCHEDULE, DISTRICT NO. 9

ORDER GRANTING RELIEF

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 9 for the establishment of price classifications and minimum prices for the coals of certain mines in District No. 9.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 9; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith § 329.5 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 329.24 (*General prices in cents per net ton for shipment into any market area*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applica-

tions to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

No relief is granted as to the coals of the Wolf Hills Coal Company (Mine Index No. 530) for Truck Shipments for the reason set forth in an order severing that portion of Docket No. A–1569 which relates to them and designating such portion as Docket No. A–1569, Part II and scheduling a hearing therein.

Dated: August 18, 1942.

PART 338—MINIMUM PRICE SCHEDULE, DISTRICT NO. 18

ORDER GRANTING RELIEF

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 18 for the establishment of price classifications and minimum prices for the Gloria Mine.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of the Gloria Mine (Mine Index No. 171) of code member Nick Luciani & Sons for truck shipments; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith § 338.2 (*Code member price index*) is amended by adding thereto Supplement T–I, and § 338.21 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T–II, which supplements are hereinafter set forth and hereby made a part hereof.

No price classifications or minimum prices were proposed by petitioner for the coals of the Gloria Mine in Size Groups Nos. 14 and 15. However, the Order issued in Docket No. A–1530 on July 28, 1942, 7 F.R. 6143, established price classifications and minimum prices for the coals, in those size groups, produced from all other mines presently operating in Subdistrict 3 of District No. 18. For the purpose of uniformity, it is deemed advisable to establish classifications and prices for the coals of the Gloria Mine which will correspond with those in effect for the coals produced from other mines in Subdistrict 3 of District No. 18. Accordingly, price classifications and minimum prices for the coals of the Gloria Mine in Size Groups Nos. 14 and 15 have been included in the attached schedule marked Supplement T–I.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: August 20, 1942.

Acting Director.

motor trucks for defense, for private account and for export, the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 976.18 *Supplementary Limitation Order L–1–h*—(a) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to the provisions of applicable priorities regulations, as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this order shall govern.

(1) *Protection of production schedules.* Producers under the terms of this order may, notwithstanding the provisions of Priorities Regulation No. 1 (Part 944), schedule production of heavy trucks (including off-the-highway motor vehicles when produced under this order) without regard to purchase orders or contracts placed with them for other materials on ratings lower than AA–4.

(b) *Definitions.* For the purposes of this order:

(1) "Heavy truck" means a complete motor truck or truck-tractor with a gross vehicle weight rating of 16,000 pounds or more, as authorized by the manufacturer thereof, or the chassis therefor, including off-the-highway motor vehicles.

(2) "Off-the-highway motor vehicle" means a motor truck, truck-tractor and/or trailer, operating off the public highway, normally on rubber tires and specially designed to transport materials, property or equipment on mining, construction, logging or petroleum development projects.

(3) "Producer" means any individual, partnership, association, corporation or other form of business enterprise engaged in the manufacture of heavy trucks and off-the-highway motor vehicles.

(4) "G. V. W. group" means gross vehicle weight classification, as authorized by the producer.

(c) *Production of 4,000 heavy trucks authorized.* Irrespective of the terms of Supplementary General Limitation Order L–1–E, issued April 11, 1942,[1] and in order to replace four thousand (4,000) heavy trucks heretofore or hereafter withdrawn for use by the Army, Navy and Lend-Lease Administration since June 1, 1942, from stocks intended for rationing to civilians under General Conservation Order M–100,[2] the Producers named below are hereby authorized to produce during the period from August 1, 1942, to December 31, 1942, an aggregate of four thousand (4,000) heavy trucks according to the following schedules:

(e) *Records.* All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production and sales.

(f) *Reports.* All persons affected by this order shall execute and file with the War Production Board such reports and questionnaires as the Board shall from time to time require.

(g) *Audit and inspection.* All records required to be kept by this order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(h) *Violations.* Any person who wilfully violates any provisions of this order or who in connection with this order wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control and may be deprived of priorities assistance.

(i) *Appeals.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a serious problem of unemployment in the community, or that compliance with this order would disrupt or impair a program of conversion from nondefense work, may apply for relief by addressing a letter to the War Production Board, setting forth the pertinent facts and the reason such person considers that he is entitled to relief. The Director General for Operations may thereupon take such action, if any, as is deemed appropriate.

(j) *Communications.* All communications concerning this order shall be addressed to, War Production Board, Automotive Branch, Washington, D. C., Ref: Order L–1–h. (P.D. PART 1499—COMMODITIES AND SERVICES

[Maximum Price Regulation 211]

COTTON GINNING SERVICES

A statement of the considerations involved in the issuance of this Maximum Price Regulation No. 211 has been issued simultaneously herewith and filed with the Division of the Federal Register.*

In the judgment of the Price Administrator, it is necessary and proper to establish maximum prices for cotton ginning services. So far as practicable, the Price Administrator has advised and consulted with members of the industry which will be effected by this Maximum Price Regulation No. 211.

In the judgment of the Price Administrator the maximum prices established by this Maximum Price Regulation No. 211 are, and will be, generally fair and equitable, and will effectuate the purposes of the Emergency Price Control Act of 1942.

Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, and in accordance with Procedural Regulation No. 1 [1] issued by the Office of Price Administration, Maximum Price Regulation No. 211 is hereby issued.

Sec.

1499.551 Prohibition against dealing in cotton ginning services above the maximum prices.
1499.552 Maximum prices for cotton ginning services.

AUTHORITY: §§ 1499.551 to 1499.570, inclusive, issued under Pub. Law 421, 77th Cong.

§ 1499.551 *Prohibition against dealing in cotton ginning services above the maximum prices.* On and after August 29, 1942, regardless of any contract or obligation:

(a) No person shall sell or supply any cotton ginning services at a price higher than the maximum prices permitted by Maximum Price Regulation No. 211;

(b) No person in the course of trade or business shall buy or receive any cotton ginning services at a price higher than the maximum prices permitted by Maximum Price Regulation No. 211;

(c) No person shall agree, offer, solicit or attempt to do any of the foregoing.

§ 1499.552 *Maximum prices for cotton ginning services.*—(a) *Maximum prices for cotton ginning services which are the same as or substantially similar to those sold by the ginner during the base period.* The maximum price for cotton ginning services which are the same as or substantially similar to the cotton ginning services sold or supplied by the ginner during the base period shall be:

(1) 105 per cent of the highest dollars-and-cents price [2] charged by the ginner for selling or supplying such services to a purchaser of the same general class during the base period; [3] or

(2) 25 cents per hundred weight of seed cotton for ginning picked cotton, 27½ cents per hundred weight of seed cotton for ginning bollies or snapped cotton, and $1.50 for bagging and ties, for which prices the ginner shall render such other cotton ginning services (or services substantially similar thereto) as he sold or supplied to purchasers of the same general class during the base period; or

(3) In the event that a ginner is unable to determine his maximum price for ginning in accordance with subparagraph (2), 65 cents per hundred weight of lint cotton, gross weight bale, for ginning picked cotton, 71½ cents per hundred weight of lint cotton, gross weight bale, for ginning bollies or snapped cotton, and $1.50 for bagging and ties, for which prices the ginner shall render such other cotton ginning services (or services substantially similar thereto) as he sold or supplied to purchasers of the same general class during the base period.

(b) *Maximum prices for cotton ginning services which are not the same as or substantially similar to those sold by the ginner during the base period.* The maximum price for cotton ginning services which are not the same as or substantially similar to the cotton ginning services sold or supplied by the ginner during the base period shall be the price issued by the Office of Price Administration upon application by the ginner. This application shall be filed by the ginner with the appropriate Regional Office of the Office of Price Administration in accordance with Appendix B, incorporated herein as § 1499.568, and shall set forth:

(1) The kinds and the quality of cotton ginning services supplied by the applicant during the base period;

(2) The highest charges he made during the base period for such services in a single transaction;

(3) The cotton ginning services which the applicant now wishes to sell or supply, with a complete description of the manner in which such services differ from the cotton ginning services sold or supplied by the ginner during the base period;

(4) If the applicant is discontinuing any cotton ginning services supplied during the base period, the charge he made for such services, or, if he made no charge, the highest charges received therefor during the base period by his most closely competitive ginners;

(5) If the applicant is adding any cotton ginning services which he did not supply during the base period, the highest charge received for such services by his most closely competitive ginners during the base period;

(6) The maximum prices established under this Maximum Price Regulation No. 211 for such cotton ginning services for his most closely competitive ginners; and

(7) A detailed analysis of the cost to him of the cotton ginning services which the applicant desires to add or discontinue.

§ 1499.553 *Prohibition against using more than one pricing method set forth in § 1499.552 (a).* No ginner whose maximum price is established by paragraph (a) of § 1499.552 shall employ more than one of the three pricing methods set forth therein.

§ 1499.554 *Less than maximum prices.* Prices lower than the maximum prices established by this Maximum Price Regulation No. 211 may be charged, demanded, paid or offered.

§ 1499.555 *Transfer of business or stock in trade.* If the business, assets or stock in trade of a ginner are sold or otherwise transferred on or after the effective date of this Maximum Price Regulation No. 211, and the transferee carries on the business, the maximum prices of the transferee shall be the same as those to which his transferor would have been subject if no such transfer had taken place and his obligation to keep records sufficient to verify such prices shall be the same. The transferor shall either preserve and make available, or turn over to the transferee, all records of transactions prior to the transfer which are necessary to enable the transferee to comply with the record provisions contained in this regulation.

§ 1499.556 *Adjustable pricing.* No ginner shall enter into an agreement permitting the adjustment of prices to prices which may be higher than the maximum prices established herein in the event that this Maximum Price Regulation No. 211 is amended or upon any other contingency: *Provided*, That in an appropriate situation when a petition for amendment or adjustment or exception requires extended consideration, the Price Administrator may, upon application, grant permission to the ginner to agree with the buyer to adjust prices upon deliveries made during the pendency of the petition in accordance with the disposition of the petition.

§ 1499.557 *Applicability of other regulations.* This Maximum Price Regulation No. 211 shall apply and Maximum Price Regulation No. 165, as amended [4] the General Maximum Price Regulation,* Revised Price Schedule No. 49 [6] and Maximum Price Regulation No. 118 [7] issued by the Office of Price Administration shall not apply to cotton ginning services for which maximum prices are established by this regulation.

§ 1499.558 *Reports to be submitted by ginners to the appropriate Regional Office of the Office of Price Administration.* On or before September 19, 1942, each ginner shall submit to the appropriate Regional Office of the Office of Price Administration, with respect to each of his ginning stablishments a report containing (a) his name, (b) his address, (c) the pricing method he employed in determining his maximum price for cotton ginning services in accordance with § 1499.552 (a), (d) the highest price he charged during the base period for ginning cotton, (e) the highest price he charged during the base period for bagging and ties, (f) the highest price he charged during the base period for any other cotton ginning services, (g) his maximum price, if determined by one of the three pricing methods set forth in § 1499.552 (a), and (h) such other information as the Office of Price Administration may from time to time require.

§ 1499.559 *Prohibition against doing business after September 1942, unless a report has been filed with the appropriate Regional Office of the Office of Price Administration.* On and after September 19, 1942, no ginner shall supply any cotton ginning services unless he has filed a report for each of his cotton ginning establishments with the appropriate Regional Office of the Office of Price Administration in accordance with § 1499.558.

§ 1499.560 *Posting of maximum prices in each ginning establishment.* On and after August 29, 1942, each ginner shall keep posted in each of his ginning establishments in a manner plainly visible to and understandable by the purchasing public:

(a) His maximum prices for cotton ginning services, and

(b) His actual selling prices for cotton ginning services.

§ 1499.561 *Evasion.* The price limitations set forth in this Maximum Price Regulation No. 211 shall not be evaded, whether by direct or indirect methods, in connection with an offer, solicitation, agreement, sale, delivery, purchase or receipt of or relating to cotton ginning services alone or in conjunction with any other commodity or services, or by way of commission, service transportation or other charge, or discount, premium or other privilege, or by tying agreement or other trade understanding, or by the selling or supplying by a ginner at a price established by one of the pricing methods set forth in paragraph (a) of § 1499.552 of cotton ginning services which are not the same as or substantially similar to cotton ginning services sold or supplied by a ginner to a purchaser of the same general class during the base period.

§ 1499.562 *Licensing.*—(a) *License required.* A license as a condition of selling is hereby required of every ginner subject to this regulation now or hereafter selling or supplying cotton ginning services for which maximum prices are established by this regulation.

(b) *License granted.* Every ginner subject to this regulation, now or hereafter selling or supplying cotton ginning services for which maximum prices are established by this regulation, is hereby granted a license as a condition of selling or supplying any such services. The provisions of this Maximum Price Regulation No. 211 shall be deemed to be incorporated in the license hereby granted, and any violation of any provision so incorporated shall be a violation of the provisions of said license. Such license shall be effective on August 29, 1942, or when any person becomes subject to the maximum price provisions of this regulation, and shall, unless suspended as provided by the Act, continue in force so long as and to the extent that said regulation or any amendment or supplement thereto remains in force.

(c) *Licensing sections of the General Maximum Price Regulation [8] and Maximum Price Regulation No. 165, as amended,* superseded.* This section supersedes the provisions of §§ 1499.15 and 1499.16 of the General Maximum Price Regulation and § 1499.111 of Maximum Price Regulation No. 165 insofar as said sections may be applicable to ginners selling or supplying cotton ginning services.

§ 1499.563 *Enforcement.* Persons violating any provision of this Maximum Price Regulation No. 211 are subject to the criminal penalties, civil enforcement actions, proceedings for the suspension of licenses and suits for treble damages provided for by the Emergency Price Control Act of 1942.

§ 1499.564 *Petitions for adjustment and amendment.* (a) Any ginner who finds that the maximum price for cotton ginning services established for him under the provisions of § 1499.552 (a) is abnormally low in relation to the maximum prices for the same or substantially similar services rendered by competitive ginners, and that this abnormality sub-

[2] This pricing method shall not be used by a ginner who charged for cotton ginning services during the base period exclusively on a toll basis.

[3] In using this pricing method a ginner shall determine his ceiling from a single base-period transaction. He shall not, for example, select the highest price he charged for ginning in one transaction and the highest price he charged for bagging and ties in another transaction.

Under this pricing method a ginner who, during the base period, had different charges for bollies or snapped cotton as contrasted to picked cotton should compute a separate maximum price for each such kind of cotton.

(b) Persons seeking modifications of this Maximum Price Regulation No. 211, or an adjustment or exception not provided for therein may file petitions for amendment in accordance with the provisions of Procedural Regulation No. 1,[9] issued by the Office of Price Administration.

§ 1499.565 *Definitions.* (a) When used in this Maximum Price Regulation No. 211 the term:

(1) "Person" means an individual, corporation, partnership, association, or any other organized group of persons, or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency of the foregoing:

(2) "Ginner" means any person who owns or operates a ginning establishment in which cotton ginning services are performed for a consideration.

(3) "Ginning" means the process of separating lint cotton from cotton seed.

(4) "Cotton ginning services" means the sale or supplying by a ginner of (i) ginning, bagging and ties and (ii) such services performed incident thereto as baling, wrapping, tying, weighing, stenciling, cleaning, drying, hull extracting, storing and hauling.

(5) "Base period" means the period between August 1 and October 31, 1941, inclusive.

(6) "Substantially similar" refers to cotton ginning services which, as compared with the cotton ginning services sold or supplied during the base period to a purchaser of the same general class, (i) consist of services equivalent in number and kind, (ii) produce lint cotton of a quality equivalent to that produced by the ginner during the base period and (iii) would during the base period have been supplied for the same or approximately the same price.

(7) "Ginning establishment" means a plant in which ginning is performed.

(8) "Bagging" means the fabric commonly used as the outer covering for a bale of lint cotton, composed of jute, cotton, sugar-bag cloth or other material or fiber.

(9) "Ties" means the metal strips with which a bale of lint cotton is commonly bound.

(10) "General class" as used in the phrase "purchaser of the same general class" means a class of purchasers which was charged during the base period prices different from those charged other classes of purchasers because of (i) differences in the kind or quality of cotton ginning services rendered, (ii) differences in geographic location of the purchasers, or (iii) other reasons. Thus, for example, growers for whom during the base period the ginner hauled cotton to the ginning establishment for no added charge constitute a different general class of purchasers from growers who paid an added charge to the ginner for hauling during the base period.

(11) "Appropriate Regional Office" means the Regional Office of the Office of Price Administration for the region in which the particular cotton ginning establishment is located.[11]

(12) "Administrator" means the Price Administrator of the Office of Price Administration, Washington, D. C., or such person as he may appoint or designate to carry out any of his duties.

(b) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 shall apply to other terms used herein.

§ 1499.566 *Effective date.* This Maximum Price Regulation No. 211 (§§ 1499.551 to 1499.570 inclusive) shall become effective August 29, 1942.

§ 1499.567 *Appendix A: Procedure for the adjustment of maximum prices under § 1499.564* (a)—(a) *Rule 1: Right to file petition.* A petition for adjustment may be filed by any ginner subject to the provisions of Maximum Price Regulation No. 211 who requests an adjustment of his maximum price in accordance with paragraph (a) of § 1499.564.

(b) *Rule 2: Form of petition.* Each petition shall contain, upon the first page thereof, the title of Maximum Price Regulation No. 211 and the section under which the petition is filed. An original and four copies of the petition and all accompanying briefs and documents shall be filed. Each copy shall be printed, typewritten, mimeographed or prepared by a similar process, and shall be plainly legible. Copies shall be double spaced, except that quotations shall be single spaced and indented.

(c) *Rule 3: Contents of petition.* Every petition filed in accordance with paragraph (a) of § 1499.564 and this § 1499.567 shall set forth the following:

(1) The name and post-office address of the petitioner and a description of his business;

(2) The name and post-office address of the person filing the petition on behalf of the petitioner and the name and post-office address of the person to whom all communications from the Office of Price Administration relating to the petition shall be sent;

(3) A clear and concise statement of the reasons why the petitioner seeks an adjusted maximum price;

(4) A clear and concise statement of all facts in support thereof; and

(5) A statement of the adjusted price requested by the petitioner.

(d) *Rule 4: Application must be verified.* A petition for adjustment shall be signed by the petitioner and shall contain a statement, signed and sworn to by the petitioner, that the statements made in the application are known by him to be true and correct. Unless otherwise prohibited by law, every employee of the Office of Price Administration who is authorized to administer oaths shall, without charge, administer the oath required by this rule.

(e) *Rule 5: Place for filing petitions and number of copies.* An original and four copies of a petition for adjustment shall be filed with the appropriate Regional Office of the Office of Price Administration. A list of the Regional Offices with an enumeration of the states included in each region is set forth in Appendix D, incorporated herein as § 1499.570.

(f) *Rule 6: Investigation of petition by Regional Administrator.* On receipt of a petition for adjustment, the Regional Administrator or the appropriate State or District Office, acting under the direction of the Regional Administrator, shall make such investigation of the facts involving the petition, hold such conferences and require the filing of such additional information and affidavits as may be necessary to the proper disposition of the petition.

(g) *Rule 7: Action by Regional Office.* After due consideration the Regional Administrator may grant, or deny, in whole or in part, any petition for adjustment which is properly pending before him. The decision of the Regional Administrator shall be accompanied by a statement of the reasons for his action. In cases of unusual difficulty or importance the Regional Administrator shall refer the petition for decision to the Administrator in Washington, D. C.

(h) *Rule 8: Review by Administrator.* Any petitioner whose petition for adjustment has been denied in whole or in part by the Regional Office may, within fifteen days after the date on which such order of denial was mailed to him, file with the Regional Office a request for review by the Administrator of the order of denial. Requests for review shall be filed, in duplicate, in the manner set forth in Appendix C, incorporated herein as § 1499.569.

(i) *Rule 9: Action by Administrator.* After due consideration, the Administrator shall grant, or deny, in whole or in part, any petition for adjustment which is properly pending before him. The decision of the Administrator shall be accompanied by a statement of the reasons for his action.

(j) *Rule 10: Protest of denial of petition.* Any petitioner whose petition for adjustment is denied in whole or in part by the Administrator, may within sixty days after the issuance of the Administrator's order finally denying such petition, file a protest against such order in accordance with the provisions of Procedural Regulation No. 1.[12]

§ 1499.568 *Appendix B: Procedure for the filing of an application for a maximum price under § 1499.552* (b)— (a) *Rule 1: Right to file application.* An application for a maximum price may be filed by a ginner subject to the provisions of Maximum Price Regulation No. 211 who requests a maximum price in accordance with paragraph (b) of § 1499.552 for cotton ginning services which are not the same as or substantially similar to the services he sold or supplied in the base period.

(b) *Rule 2: Contents of application.* Every application filed in accordance with paragraph (b) of § 1499.552 and this § 1499.568 shall set forth the following:

(1) The name and post-office address of the applicant and a description of his business;

(2) The name and post-office address of the person filing the application on behalf of the applicant and the name and post-office address of the person to whom all communications from the Office of Price Administration shall be sent;

(3) The maximum price which the applicant seeks; and

(4) A clear and concise statement of all facts, including those required in paragraph (b) of § 1499.552, in support thereof.

(c) *Rule 3: Other procedural requirements.* An application for a maximum price filed in accordance with paragraph (b) of § 1499.552 and this §1499.568 shall be subject in all other respects to the provisions of paragraphs (c) to (j), inclusive, of § 1499.567.

§ 1499.569 *Appendix C: Form for request for review of order of Regional Office concerning a petition for adjustment or application for a maximum price.*

[This request shall be filed in duplicate with the appropriate Regional Office of the Office of Price Administration]

----------, a petitioner for adjustment of his maximum price for cotton ginning services or an applicant for a maximum price pursuant to §§ 1499.552 (b) or 1499.564 (a) of Maximum Price Regulation No. 211, Cotton Ginning Services, hereby requests the Office of Price Administration, Washington, D. C., to review the order of denial of such a petition for adjustment (Docket No. ------) in whole or in part, or order granting a maximum price entered by the ---------- Regional Office and mailed to the petitioner or applicant on ----------, 194--.

The petitioner's or applicant's objections to such order are as follows: (Petitioner or applicant should state briefly and concisely, and separately number his objections.)

PART 1341—CANNED AND PRESERVED FOODS

[Amendment 1 to Maximum Price Regulation 207[1]]

FROZEN FRUITS, BERRIES AND VEGETABLES

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

A new § 1341.206a, and a new § 134.215 are added as set forth below.

§ 1341.206a *Information to purchasers from packers.* (a) Any packer selling any frozen fruits, berries or vegetables packed after the 1941 pack to any wholesaler, retailer or other purchaser, shall, before or at the time of delivery, disclose in writing to his purchaser, for each such kind, grade, brand and container size included in the sale, (1) the packer's weighted 60-day average price, as defined in paragraph (b) (1) of § 1341.202, adjusted to reflect the storage prescribed in paragraph (a) (1) therein, designated as the "base price", (2) the packer's maximum price, as computed under the provisions of this Regulation, designated as the "maximum price", and (3) the amount of the difference between such "base price" and such "maximum price", designated as the "permitted increase". Such statement may also contain similar information for any other brand, kind, flavor and container type and size of frozen fruits, berries and vegetables covered by this Regulation.

(b) When any packer has established a maximum price for any kind, grade and container size by using the maximum price of his competitor, as provided in paragraph (c) of § 1341.202, his base price shall be deemed to be the same as the base price of such competitor.

(c) When any packer makes application to determine a maximum price after specific authorization by the Office of Price Administration, as provided in paragraph (d) of § 1341.202, such authorization will be accompanied by instructions as to the method for determining the price to be deemed the base price.

§ 1341.215 *Effective dates of amendments.* (a) Amendment No. 1 (§§ 1341.206a and 1341.215) to Maximum Price Regulation No. 207 shall become effective on August 28, 1942.

PART 1341—CANNED AND PRESERVED FOODS

[Maximum Price Regulation 212]

FROZEN FRUITS, BERRIES AND VEGETABLES AT WHOLESALE AND RETAIL

In the judgment of the Price Administrator, the determination of maximum prices for the packers of frozen fruits, berries and vegetables under Maximum Price Regulation No. 207 will result in maximum prices which will not be generally fair and equitable to wholesalers and retailers as applied to the 1942 pack and which will seriously impair the distribution of such commodities. This Maximum Price Regulation No. 212 is issued by the Price Administrator in order to establish maximum prices in sales at wholesale and retail which are fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942. A statement of the considerations involved in the issuance of this Regulation has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

The Price Administrator has ascertained and given due consideration to the prices of frozen fruits, berries and vegetables prevailing between October 1 and October 15, 1941, and has made adjustments for such relevant factors as he has determined to be of general applicability. So far as is practicable, the Price Administrator has advised and consulted with representative members of the industry which will be affected by this Regulation.

The maximum prices established herein are not below prices which will reflect to the producers of the raw agricultural commodities from which frozen fruits, berries and vegetables are manufactured, prices for their commodities equal to the highest of any of the following prices therefor determined and published by the Secretary of Agriculture: (1) 110 per centum of the parity price for each such commodity, adjusted by the Secretary of Agriculture for grade, location and seasonal differentials; (2) the market prices prevailing for each such commodity on October 1, 1941; (3) the market prices prevailing for each

such commodity on December 15, 1941; or (4) the average prices for each such commodity during the period July 1, 1919 to June 30, 1929.

Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, Maximum Price Regulation No. 212 is hereby issued.

AUTHORITY: §§ 1341.251 to 1341.268 inclusive, issued under Pub. Law 421, 77th Cong.

§ 1341.251 *Prohibition against dealing in frozen fruits, berries and vegetables above maximum prices.* On and after August 28, 1942, regardless of any contract or other obligation,

(a) No wholesaler or retailer shall sell or deliver any frozen fruits, berries or vegetables at a price higher than the maximum price established pursuant to the provisions of this Maximum Price Regulation No. 212.

(b) No person in the course of trade or business shall buy or receive any frozen fruits, berries or vegetables from a wholesaler or retailer at a price higher than the maximum price established pursuant to the provisions of this Maximum Price Regulation No. 212; and

(c) No wholesaler or retailer or other person shall agree, offer, solicit or attempt to do any of the foregoing.

§ 1341.252 *Wholesaler's maximum prices for frozen fruits, berries and vegetables.* (a) The wholesaler's maximum price per dozen for each kind, grade, brand and container size of frozen fruits, berries and vegetables, shall be:

(1) His maximum price per dozen for such kind, grade, brand and container size determined in conformity with the provisions of the General Maximum Price Regulation,[1] except that in the case of sales to institutional purchasers the month of October 1941 shall be substituted as a base for the month of March 1942 in computing the maximum price in conformity with §§ 1499.2 and 1499.3 of the General Maximum Price Regulation; plus

(2) The amount reported by his supplier as the permitted increase per dozen for such kind, grade, brand and container size, pursuant to the provisions of § 1341.206a of Maximum Price Regulation No. 207.

(b) No wholesaler shall so determine his maximum price for any brand and container size of any kind and grade of such frozen fruits, berries and vegetables until he has purchased or contracted to purchase from the 1942 pack a quantity which equals or exceeds 10 per centum of his total purchases of such kind and grade from the 1941 pack. If at the time of computing his maximum price for any kind, grade, brand and container size of such frozen fruits, berries or vegetables, the wholesaler has purchased or contracted to purchase the same kind, grade and container size from two or more packers, he shall use as the amount to be added pursuant to paragraph (a) (2) of this section the amount reported as the permitted increase by the packer from whom the largest amount of such kind, grade, brand and container size was purchased.

§ 1341.253 *Retailer's maximum prices for frozen fruits, berries and vegetables.* (a) The retailer's maximum price per package for each kind, grade, brand and container size of frozen fruits, berries or vegetables, shall be:

(1) His maximum price per package for such kind, grade, brand and container size determined in conformity with the provisions of the General Maximum Price Regulation; plus

(2) The amount reported by his supplier as the permitted increase per package for such kind, grade, brand and container size, pursuant to the provisions of § 1341.254 of this Maximum Price Regulation No. 212.

(b) The retailer's maximum price for each kind, grade, brand and container size of such frozen fruits, berries and vegetables shall be so determined after receipt by him of his first delivery of such kind, grade, brand and container size after August 28, 1942.

§ 1341.254 *Information to purchasers from wholesalers.* Every wholesaler, before or at the time of his first delivery to any purchaser for resale of any frozen fruits, berries and vegetables covered by this Maximum Price Regulation No. 212 after the wholesaler's maximum price therefor has been established under § 1341.252, shall supply to such purchaser a written statement identifying each such item included in the sale, and shall clearly indicate for each such item the increase which the purchaser is entitled to add to his maximum price under the General Maximum Price Regulation in computing the purchaser's maximum price under § 1341.253 of this regulation. In every such statement the information prescribed by this paragraph shall be preceded by the following announcement:

Your new ceiling price under the frozen fruits and vegetables regulation (MPR No. 212) for each item listed below is your March ceiling price *plus* the permitted increase shown per package.

Although no form for presenting the prescribed information which follows such announcement is established by this regulation, an example of an approved form which may be helpful to many wholesalers is set forth below.

Item			Permitted increase per package (cents)
Kind	Brand	Container size (ounces)	
Asparagus cuts	Eagle	12	2
Asparagus spears	Eagle	12	2
Strawberries	Famous	16	1
Lima Beans	Star, etc.	40	5

Such statement may also contain similar information for any other items covered by this regulation even though they are not included in the sale. The amount of the retailer's permitted increase in each case shall be determined by the wholesaler by dividing by twelve the amount of the wholesaler's permitted increase per dozen, as reported to the wholesaler by the wholesaler's supplier and otherwise determined under § 1341.252 hereof. When making such division, the wholesaler shall adjust fractions of one-half cent or more to the next higher cent and fractions of less than one-half cent to the next lower cent.

§ 1341.255 *Less than maximum prices.* Lower prices than those established by this Maximum Price Regulation No. 212 may be charged, demanded, paid or offered.

§ 1341.256 *Customary allowances or discounts.* No wholesaler or retailer shall change his customary allowances or discounts unless such change results in the same or a lower price.

§ 1341.257 *Transfer of business or stock in trade.* If the business, assets or stock in trade of a wholesaler or retailer are sold or otherwise transferred on or after August 28, 1942, and the transferee carries on the business, the maximum prices of the transferee shall be the same as those to which his transferor would have been subject if no such transfer had taken place and his obligation to keep records sufficient to verify such prices shall be the same. The transferor shall either preserve and make available, or turn over to the transferee, all records of transactions prior to the transfer which are necessary to enable the transferee to comply with the record provisions contained in this regulation.

§ 1341.258 *Evasion.* The price limitations set forth in this Maximum Price Regulation No. 212 shall not be evaded, whether by direct or indirect methods, in connection with an offer, solicitation, agreement, sale, delivery, purchase or receipt of or relating to frozen fruits, berries or vegetables, alone or in conjunction with any other commodity or by way of any commission, service, transportation, or other charge or discount, premium or other privilege, or by tying-agreement or other trade understanding, or otherwise.

§ 1341.259 *Enforcement.* Persons violating any provisions of this Maximum Price Regulation No. 212, are subject to the criminal penalties, civil enforcement actions, license suspension proceedings and suits for treble damages provided for by the Emergency Price Control Act of 1942.

§ 1341.260 *Records and reports.* (a) Every person who makes sales of frozen fruits, berries or vegetables at wholesale or retail on or after August 28, 1942, shall (1) preserve for examination by the Office of Price Administration for a period of two years all his existing records which were the basis for the computations required by §§ 1341.252 and 1341.253, and (2) preserve for the same period all records of the same kind as he has customarily kept, relating to the prices which he charged for frozen fruits, berries and vegetables sold on and after August 28, 1942, and (3) preserve for the same period all existing records showing as precisely as possible, the basis upon which he determined his maximum prices for each kind, grade, brand and container size of frozen fruits, berries and vegetables, and (4) preserve for the same period a true copy of each statement filed with the Office of Price Administration pursuant to the provisions of paragraph (b).

(b) Within 30 days after establishing his maximum price per dozen under this Maximum Price Regulation No. 212 for any kind, grade, brand and container size of frozen fruits, berries and vegetables, each wholesaler shall prepare a statement in writing showing (1) his maximum price, as determined under paragraph (a) (1) of § 1341.252, designated as the "base price", (2) his maximum price, as determined under § 1341.252, designated as the "maximum price", and (3) the difference between the "base price" and the "maximum price", designated as the "permitted increase", and shall file such statement with the nearest Regional, State, District, or Field Office of the Office of Price Administration. Such statement may also contain similar information for any other kind, grade, brand and container size of frozen fruits, berries and vegetables.

§ 1341.261 *Licensing: Applicability of the registration and licensing provisions of the General Maximum Price Regulation.* The registration and licensing provisions of §§ 1499.15 and 1499.16 of the General Maximum Price Regulation are applicable to every person selling at wholesale or retail any frozen fruits, berries or vegetables covered by this Maximum Price Regulation No. 212. When used in this section the terms "selling at wholesale" and "selling at retail" have the definitions given to them by §§ 1499.20 (p) and 1499.20 (o) respectively of the General Maximum Price Regulation.

§ 1341.262 *Petitions for amendment.* Any person seeking a modification of this Maximum Price Regulation No. 212 may file a petition therefor in accordance with the provisions of Procedural Regulation No. 1,[2] issued by the Office of Price Administration.

§ 1341.263 *Applications for adjustment.* (a) The Office of Price Administration, or any duly authorized officer thereof, may by order adjust the maximum price established under this Maximum Price Regulation No. 212 for any seller at retail in any case in which such seller shows:

(1) That such maximum price is abnormally low in relation to the maximum prices of the same or similar commodities established for other sellers at retail; and

(2) That this abnormality subjects him to substantial hardship.

Applications for adjustment under this paragraph (a) shall be filed in accordance with Temporary Procedural Regulation No. 2.[3]

(b) The Office of Price Administration, or any duly authorized officer thereof, may by order adjust the maximum price established under this Maximum Price Regulation No. 212 for any seller at wholesale in any case in which such seller shows:

(1) That such maximum price causes him substantial hardship and is abnormally low in relation to the maximum prices established for competitive sellers of the same or similar commodities; and

(2) That establishing for him a maximum price, bearing a normal relation to the maximum prices established for competitive sellers of the same or similar commodities, will not cause or threaten to cause an increase in the level of retail prices.

Applications for adjustment under this paragraph (b) shall be filed in accordance with Procedural Regulation No. 1.

(c) Any person seeking relief, for which no provision is made in the foregoing paragraphs (a) and (b) of this section, from a maximum price established under this Maximum Price Regulation No. 212 may present the special circumstances of his case in an application for an order of adjustment. Such an application shall be filed in accordance with Procedural Regulation No. 1 and shall set forth the facts relating to the hardship to which such maximum price subjects the applicant together with a statement of the reasons why he believes that the granting of relief in his case and in all like cases will not defeat or impair the policy of the Emergency Price Control Act of 1942 and of this Maximum Price Regulation No. 212 to eliminate the danger of inflation.

§ 1341.264 *Applicability.* The provisions of this Maximum Price Regulation No. 212 shall be applicable to the United States and the District of Columbia.

§ 1341.265 *Applicability of the General Maximum Price Regulation.* (a) The provisions of the General Maximum Price Regulation No. 212 supersede the provisions of the General Maximum Price Regulation with respect to sales and deliveries of frozen fruits, berries and vegetables at wholesale and retail for which maximum prices are established by this Maximum Price Regulation No. 212, except as provided in § 1341.261 hereof and hereinafter in paragraph (b).

(b) The provisions of the General Maximum Price Regulation shall apply to all sales and deliveries of any kind, grade, brand and container size of frozen fruits, berries and vegetables of the 1941 pack, or any earlier pack, until the wholesaler or retailer has established a maximum price for such kind, grade, brand and container size under the provisions of this Maximum Price Regulation No. 212.

§ 1341.266 *Export sales.* The maximum prices at which a person may export frozen fruits, berries and vegetables shall be determined in accordance with the provisions of the Revised Maximum Export Price Regulation[4] issued by the Office of Price Administration.

§ 1341.267 *Definitions.* (a) When used in this Maximum Price Regulation No. 212 the term:

(1) "Person" includes an individual, corporation, partnership, association, any other organized group of person, legal successors or representatives of any of the foregoing and includes the United States, any agency thereof, any other Government, or any of its political subdivisions and any agency of any of the foregoing.

(2) "Packer" means a person who freezes and packs, either as a quick freezer or as a cold packer, any of the products defined herein as frozen fruits, berries and vegetables.

(3) "Frozen fruits, berries and vegetables" means any fruits, berries or vegetables which have been frozen and packed.

(4) "Institutional purchaser" shall mean any hotel, restaurant, club, hospital, sanitarium, asylum, charitable home, school, recreational camp, or other similar institution, and the armed forces of the United States, but not including service post exchanges.

(5) "1941 pack" of any frozen fruits, berries or vegetables shall be that pack the major portion of which was frozen and packed during the calendar year 1941.

(6) "Sale at retail" or "selling at retail", or words of similar import, means a sale or selling to an ultimate consumer other than an industrial, institutional or commercial user.

(7) "Sale at wholesale" or "selling at wholesale", or words of similar import, means a sale by a person who receives delivery of any frozen fruits, berries and vegetables for resale other than at retail.

(8) "Kind", when referring to any frozen fruits, berries or vegetables, also refers to the style of the pack of such frozen fruits, berries or vegetables.

(b) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 shall apply to other terms used herein.

§ 1341.268 *Effective date.* This Maximum Price Regulation No. 212 (§§ 1341.251 to 1341.268, inclusive) shall become effective August 28, 1942.

Issued this 28th day of August 1942.

DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. A-1597]

DISTRICT BOARD 8

ORDER GRANTING TEMPORARY RELIEF IN PART AND REQUIRING FILING OF SUPPLEMENTAL DATA

In the matter of the petition of District Board No. 8 for the establishment of temporary price classifications for all coals in District No. 8 otherwise unclassified in size groups 24 to 27, inclusive.

District Board No. 8, on August 15, 1942, filed with this Division an original petition pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, requesting the issuance of temporary and permanent orders permitting the sale, the offer for sale, and delivery of all coals produced by code members in District No. 8 not otherwise classified in Size Groups 24 to 27, inclusive, at not less than the minimum prices represented by the Classification "A" in such size groups. In substance, the petitioner contends that the demand for retort gas, water gas, and by-product coals (Size Groups 24 to 27, inclusive) produced by code members in District No. 8 is, because of the exigencies of the war, substantially in excess of the supply of such coals which have heretofore been classified and priced, and that the prohibition against shipment of unpriced coals, imposed by the Order of the Director in General Docket No. 19, is depriving war industries of their requirements. Petitioner alleges that it presently has no information concerning such unpriced coals, except that it does know the seam designation and the whereabouts of the mining properties in the case of certain of the mines producing such coals. Petitioner admits that proposal of classifications and minimum prices in accordance with the standards of the Coal Act will require examination by the Classification and Price Committee of District Board No. 8 of the various factors affecting classifications under the Act, but urges that in view of the immediate need for by-product coals, their sale be permitted, such as requested, despite the failure of the Board to submit sufficient information upon which proper classifications under the Act may be based.

On August 19, 1942, petitioner filed a Memorandum in Support of Temporary Relief, stating in part that the Board had, since the filing of the petition herein, been advised of particular instances where the situation complained of in the petition is seriously impeding the production of products from the carbonization of coal which are vitally needed for the manufacture of steel for war purposes. It referred particularly to the great need for by-product coals by Hamilton By-Product Coke Ovens, Ltd., at Hamilton, Ontario. In this connection, it listed the specific mines (all located in the Hazard No. 4 Seam) from which Hamilton had sought, but been unable, to purchase unpriced by-product coals. In addition, petitioner specified several other particular mines, whose coals in Size Groups 24 to 27, inclusive, are presently unpriced, and which presently are being called upon to supply such coals.

The Bituminous Coal Act of 1937 provides that classification and minimum prices be established for coals produced by code members in accordance with specified standards. Compliance with such standards is not only important to assure proper execution by the Division of its statutory functions, but is essential to maintain a sound price structure for bituminous coals. It is, therefore, unfortunate the District Board No. 8, petitioner in this proceeding, has not submitted specific and detailed information concerning the factors which should be considered in establishing classifications and minimum prices for the coals of the District No. 8 mines presently unpriced in Size Groups 24 to 27. District boards should in the future anticipate increases in demands for coals produced by mines in their districts and, in conformance with the standards of the Act, should propose classifications and minimum prices for such coals supported by detailed information in time to permit consideration of such data by the Division. However, since such demands have apparently not been anticipated in this case and since immediate shipment of by-product coals from District No. 8 mines is essential to the prosecution of the war, the Acting Director is of the opinion that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth.

Temporary relief is, however, restricted to the mines named by petitioner in its Memorandum in Support of Temporary Relief. However, no temporary relief is granted herein for the coals of the Sunfire Mine (Mine Index No. 454) of the Kentucky Sun Coal Company, the Allock Mine (Mine Index No. 10) of the Carrs Fork Coal Company, and the Midland Mine (Mine Index No. 330) of the Old King Coal Company since classifications and minimum prices for the coals of those mines in Size Groups 24 to 27, inclusive, have been established in an Order Granting Temporary and Conditionally Final Relief, issued in Docket No. A-1583. Nor is temporary relief granted for the coals of the Nugym Mine (Mine Index No. 584) of the C. & C. Coal Company, the Ethel No. 1 Mine (Mine Index No. 103) of the Ethel Chilton Mine, Inc., and the Ethel No. 2 Mine (Mine Index No. 199) of the Chilton Block Coal Company since classifications and minimum prices for the coals of those mines in Size Groups 24 to 27, inclusive, have heretofore been established in an Order Granting Temporary Relief and Conditionally Final Relief, issued in Docket No. A-1571.

Accordingly, it is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, the Schedule of Effective Minimum Prices for District No. 8, For All Shipments Except Truck, is supplemented to include the price classifications and minimum prices appearing in Supplement R annexed hereto and made a part hereof.[1]

It is further ordered, That on or before sixty (60) days from the date of this order, petitioner shall file with this Division a Supplemental affidavit setting forth specific information concerning the coals for which temporary classifications and minimum prices are herein granted and making proposals for the establishment of permanent classifications and minimum prices for such coals in strict conformance with the provisions of section 4, Part II, of the Coal Act, and orders and regulations of the Division.

It is further ordered, That the relief granted herein may be terminated, modified, revised, or withdrawn and is subject in all respects to further order of the Division.

Dated: August 20, 1942.

Acting Director.

DEPARTMENT OF AGRICULTURE.

Agricultural Marketing Administration.

[Docket No. AO 72-A 6]

TOLEDO, OHIO, MARKETING AREA

HEARING ON MILK HANDLING

Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 1940 ed. 601 *et seq.*), and in accordance with the applicable rules of practice and procedure thereunder (7 CFR 900.1-900.17; 6 F.R. 6570, 7 F.R. 3350), notice is hereby given of a hearing to be held in the Waldorf Hotel, Toledo, Ohio, beginning at 10:00 a. m., c. w. t., September 3, 1942, with respect to proposed amendments to the tentatively approved marketing agreement, as amended, and the order, as amended, regulating the handling of milk in the Toledo, Ohio, marketing area. These amendments have not received the approval of the Secretary of Agriculture.

This public hearing is for the purpose of receiving evidence with respect to the economic or marketing conditions which relate to the amendments, or any modification thereof, which are hereinafter set forth. Such evidence may also include economic or marketing data relative to the provisions of the said tentatively approved marketing agreement and order which will be affected by approval of the proposed amendments or any modification thereof. The amendments which have been proposed are as follows:

A. Proposed by the Northwestern Co-operative Sales Association, Inc.:

1. Delete § 930.5 (a) (1) and substitute therefor the following:

(1) Class I milk price—To the price determined pursuant to subparagraph (4) of this paragraph, add 95 cents: *Provided,* That such price shall not go below $3.25 per hundredweight.

2. Review the Class II price under § 930.5 (a) (2).

3. Delete § 930.5 (a) (3) and substitute therefor the following:

(3) *Class III milk price.* The Class III price shall be the highest of the prices determined pursuant to subparagraph (4) of this paragraph.

4. Delete § 930.5 (a) (4) and substitute therefor the following:

(4) *Basic formula price.* The basic formula price per hundredweight to be used in determining the class prices pursuant to this paragraph shall be the highest of the prices computed pursuant to the following formulas:

(i) Determine the average of the basic or field prices per hundredweight ascertained to have been paid for milk of 3.5 percent butterfat content received during the delivery period at the following plants: Van Camp Milk Company, Wauseon, Ohio; Pet Milk Company, Deta, Ohio; Defiance Milk Products Company, Defiance, Ohio; Pet Milk Company, Hudson, Michigan.

(ii) Multiply by 3.5 the average price per pound of 92-score butter at wholesale in the Chicago market, as reported by the United States Department of Agriculture for the delivery period during which such milk was received, and add 20 percent: *Provided,* That such price shall be subject to the following adjustments: (1) add 3½ cents per hundredweight for each full one-half cent that the price of dry skim milk for human consumption is above 5½ cents per pound, or (2) subtract 3½ cents per hundredweight for each full one-half cent that the price of such dry skim milk is below 5½ cents per pound. For purposes of determining this adjustment the price per pound of dry skim milk to be used shall be the average of the carlot prices for dry skim milk for human consumption, f. o. b. manufacturing plant, as published by the United States Department of Agriculture for a Chicago area during the delivery period, including in such average the quotations published for any fractional part of the previous delivery period which were not published and available for the price determination of such dry skim milk for the previous delivery period. In the event the United States Department of Agriculture does not publish carlot prices for dry skim milk for human consumption, f. o. b. manufacturing plant, the average of the carlot prices for dry skim milk for human consumption, delivered at Chicago, shall be used. In the latter event the Class III price shall be subject to the following adjustments: (1) add 3½ cents per hundredweight for each full one-half cent that the price of dry skim milk for human consumption, delivered at Chicago, is above 7½ cents per pound, or (2) subtract 3½ cents per hundredweight for each full one-half cent that such price of dry skim milk is below 7½ cents per pound.

(iii) (*a*) Multiply the average wholesale price per pound of 92-score butter at Chicago for said delivery period as reported by the United States Department of Agriculture by six (6).

(*b*) Add 2.4 times the average weekly prevailing price per pound of "Twins" during said delivery period on the Wisconsin Cheese Exchange at Plymouth, Wisconsin: *Provided,* That if the price of "Twins" is not quoted on the Wisconsin Cheese Exchange the weekly prevailing price of "Cheddars" shall be deemed to be the prevailing price for "Twins" and shall be used in determining the price pursuant to this paragraph.

(*c*) Divide by seven (7), the sum so determined being hereafter referred to in this paragraph as the "combined butter and cheese value."

(*d*) To the combined butter and cheese value add 30 percent thereof.

(*e*) Multiply the sum computed in (*d*) above by 3.5.

5. Add at the end of § 930.7(c) the following:

5½ cents if the average butter price used in § 930.5(a) is more than 45 cents but not more than 50 cents.

6 cents if the average price used in § 930.5(a) is more than 50 cents but not more than 55 cents.

6½ cents if the average butter price used in § 930.5 (a) is more than 55 cents.

B. Proposed by the Toledo Milk Distributors Association:

1. Under § 930.4 (b) reclassify chocolate milk and milk drinks from Class I to Class III milk.

2. Delete § 930.5 (b) and substitute therefor the following:

(b) *Price of Class I milk disposed of outside the marketing area.* The price to be paid by a handler for milk received from producers and disposed of as Class I milk outside the marketing area shall be the price for Class I milk (other than relief milk) determined pursuant to paragraph (a) (1) of this section less 46 cents.

3. Under § 930.5 (a) (4) use prices for the month preceding the delivery period.

4. In § 930.4 (b) (3) replace the period with a comma and then add "and milk and cream purchased as an emergency supply."

C. Proposed by Driggs Dairy Farms, Inc.:

Reconsider § 930.1 (a) (9) and all references to emergency milk in other sections of the order.

D. Proposed by Dairy and Poultry Branch, Agricultural Marketing Admin-

istration, United States Department of Agriculture:

Add a new section, as follows:

Agents. The Secretary may, by designation in writing, name any officer or employee of the United States, or name any bureau or division of the United States Department of Agriculture, to act as his agent or representative in connection with any of the provisions hereof.

Copies of this notice of hearing and of Order No. 30, as amended, now in effect, may be procured from the Hearing Clerk, Office of the Solicitor, United States Department of Agriculture, in Room 1019 South Building, Washington, D. C., or may be there inspected.

FEDERAL COMMUNICATIONS COMMISSION.

[Docket No. 6401]

WESTERN UNION TELEGRAPH CO.

ORDER POSTPONING HEARING, ETC.

In the matter of changes in directory of station listings and increased rates of The Western Union Telegraph Company for service to and from various points in the United States and Canada.

At a session of the Federal Communications Commission held at its offices in Washington, D. C. on the 25th day of August, 1942;

It appearing that there have been filed with the Commission Supplements Nos. 64, 66, and 67 to The Western Union Telegraph Company Tariff F. C. C. No. 217, effective August 31, 1942, and September 1 and 8, 1942, respectively, changing said company's directory of station listings at the various points set forth in the attached list, marked Exhibit "A",[2] and made a part hereof, and providing for the discontinuance of certain public telegraph offices and for an increase in the rates and charges applicable to the receipt, transmission, and delivery of telegraph messages to and from such points;

It further appearing that said Supplements Nos. 64, 66, and 67 to The Western Union Telegraph Company Tariff F. C. C. No. 217, make increases in rates and charges and state regulations and practices effecting such increases in rates and charges for the receipt, transmission and delivery of telegraph messages in interstate and foreign commerce; that the rights and interests of the public may be injuriously affected thereby; and it being the opinion of the Commission that the effective dates of said tariff supplements, insofar as they relate to increases in rates, should be postponed pending hearing and decision thereon;

It is ordered, That the Commission, upon its own motion, without formal pleading, enter upon a hearing concerning the lawfulness of the rates, charges, regulations and practices contained in said Supplements Nos. 64, 66, and 67 to The Western Union Telegraph Company Tariff F. C. C. No. 217, insofar as they relate to changes in such company's directory of station listing at the various named points set forth in Exhibit "A";

It is further ordered, That the operation of said tariff supplements, insofar as they provide for an increase in rates and charges for the receipt, transmission and delivery of interstate or foreign telegraph messages to and from the points set forth in Exhibit "A", be suspended; and that the use of the rates, charges, regulations and practices therein stated as applicable to such points, insofar as they provide for an increase in such rates and charges, be deferred for a period of three months beyond the time when they would otherwise go into effect, unless otherwise ordered by the Commission; and during said period of suspension, no change shall be made in the rates, charges, regulations and practices herein suspended or in the rates or charges sought to be increased or in the regulations and practices relating thereto unless authorized by special permission of the Commission;

It is further ordered, That an investigation be, and the same is hereby, instituted into the lawfulness of the rates, charges, classifications, regulations, practices and services of The Western Union Telegraph Company for and in connection with service to and from the points named in Supplements 64, 66, and 67 to The Western Union Telegraph Company Tariff F. C. C. No. 217;

It is further ordered, That in the event a decision as to the lawfulness of the charges herein suspended has not been made during the suspension period, and said charges shall go into effect, The Western Union Telegraph Company and all other carriers participating in service provided under the tariff provisions suspended herein, shall, until further order of the Commission, each keep accurate account of all amounts charged, collected or received by each of them by reason of any increase in charges affected thereby; in which accounts each such carrier shall specify by whom and in whose behalf such amounts are paid;

It is further ordered, That the Western Union Telegraph Company and each participating carrier shall file with this Commission a report, under oath, on or before the 10th day of each calendar month, commencing January 10, 1943, showing the amounts charged, collected or received and accounted for as aforesaid, during the previous calendar month;

It is further ordered, That a copy of this order shall be filed in the office of the Federal Communications Commission with said tariff supplements herein suspended in part; that copies hereof be served upon the carrier parties to such supplements and tariffs; and that said carrier parties be, and they are hereby, each made a party respondent to this proceeding;

It is further ordered, That the hearing in this proceeding be, and the same is hereby, postponed to 10:00 a. m. on the 23rd day of September, 1942, at the offices of the Federal Communications Commission in Washington, D. C.

FEDERAL POWER COMMISSION.

[Docket Nos. G-408, G-410]

OHIO FUEL GAS CO. AND PANHANDLE EASTERN PIPE LINE CO.

ORDER CONSOLIDATING PROCEEDINGS FOR AND FIXING DATE OF HEARING

In the matter of The Ohio Fuel Gas Company and in the matter of Panhandle Eastern Pipe Line Company.

Upon consideration of the application filed August 24, 1942, by The Ohio Fuel Gas Company in Docket No. G-408 for a certificate of public convenience and necessity under section 7 (c) of the Natural Gas Act as amended for the construction and operation of a connection between its facilities and those of Panhandle Eastern Pipe Line Company in Lucas County, Ohio; and

Upon consideration of the application filed August 21, 1942, by Panhandle Eastern Pipe Line Company in Docket No. G-410 for a certificate of public convenience and necessity under section 7 (c) of the Natural Gas Act as amended for the construction and operation of a connection between its facilities and those of The Ohio Fuel Gas Company in Lucas County, Ohio; and

It appearing to the Commission that:

(a) The connection of facilities proposed in the aforesaid applications was requested by a letter of J. A. Krug, Chief, Power Branch, War Production Board, addressed July 24, 1942, jointly to The Ohio Fuel Gas Company and Panhandle Eastern Pipe Line Company, as essential in order to assure adequate supplies of natural gas to the war industries in the regions served by The Ohio Fuel Gas Company;

(b) The proceedings in the aforesaid matters involve similar facts, issues and requests for substantially the same authorization, and may be considered more effectively and expeditiously if consolidated for the purpose of hearing;

The Commission *Orders,* That: (a) The proceedings in the matters of The Ohio Fuel Gas Company (Docket No. G-408) and Panhandle Eastern Pipe Line Company (Docket No. G-410) be and they are hereby consolidated for the purpose of hearing thereon;

(b) A public hearing on the aforesaid matters be held, commencing at 9.45 A. M. (EWT) September 4, 1942, in the Hearing Room of the Commission at 1800 Pennsylvania Avenue NW., in the City of Washington, D. C.;

(c) Interested State Commissions may participate in the said hearings, pursuant to the Commission's Provisional Rules of Practice and Regulations under the Natural Gas Act.

FEDERAL TRADE COMMISSION.

[Docket No. 4821]

SOUTHGATE BROKERAGE COMPANY, INC.

COMPLAINT AND NOTICE OF HEARING

The Federal Trade Commission, having reason to believe that the party respondent named in the caption hereof and hereinafter more particularly designated and described, since June 19, 1936, has violated and is now violating the provisions of subsection (c) of section 2 of the Clayton Act (U.S.C. Title 15, Sec. 13) as amended by the Robinson-Patman Act, approved June 19, 1936, hereby issues its complaint, stating its charges with respect thereto as follows:

PARAGRAPH 1. Respondent Southgate Brokerage Company, Inc., is a corporation organized and existing under the laws of the State of Virginia with its principal office and place of business located at 249 West Taswell Street, Norfolk, Virginia. The respondent also operates four branch offices and warehouses located at Winston-Salem, Charlotte, Wilmington, and Greensboro, North Carolina. The respondent is engaged in the purchase, sale, and distribution of food products, canned goods and miscellaneous merchandise.

PAR. 2. Respondent is now and for many years last past, has been engaged in business, principally, as a jobber, buying in its own name for resale various food products, canned goods and miscellaneous merchandise and reselling such products. To a minor extent, respondent acts as a broker of food products, canned goods and miscellaneous merchandise.

PAR. 3. Respondent, in the course and conduct of its said business as a jobber, purchases a substantial portion of its requirements of food products, canned goods, and miscellaneous merchandise from sellers located in states other than the states in which the respondent is located. Pursuant to said purchases and instructions such commodities are caused to be shipped and transported by the respective sellers thereof across state lines to the respondent or to respondent's customers.

PAR. 4. Respondent, since June 19, 1936, in connection with the purchase of its requirements of food products, canned goods, and miscellaneous merchandise, in interstate commerce, in its own behalf and for its own account, for resale, from numerous sellers located in states other than the states where the respondent is located, has been and is now receiving and accepting from numerous sellers of said food products, canned goods, and miscellaneous merchandise, brokerage fees or allowances and discounts in lieu of brokerage in substantial amounts.

The respondent receives such brokerage fees, discounts and allowances in lieu thereof in many ways, including the following four ways:

(1) By purchasing food products, canned goods and miscellaneous merchandise from sellers at prices lower than the same sellers sell such commodities and commodities of like grade and quality to other purchasers.

(2) By obtaining such commodities at prices that are lower than the prices at which such commodities and commodities of like grade and quality are sold by such sellers to other purchasers and which correspond to an amount which reflects all or a part of the brokerage fees currently being paid by such sellers to brokers for selling in behalf of such sellers of such commodities.

(3) By making deductions in lieu of brokerage from the invoices of certain sellers when paying such invoices.

(4) By receiving from certain sellers monthly rebate checks representing the customary brokerage fees of such sellers.

PAR. 5. A representative but by no means a complete list of sellers who since June 19, 1936 have sold and delivered food products, canned goods, and miscellaneous merchandise to respondent for its own account, and who have allowed, granted, and paid, directly or indirectly, as hereinabove set out, or otherwise, brokerage fees or allowances or discounts in lieu thereof on respondent's purchases fo: its own account from said sellers is as follows:

C. H. Musselman & Company, Biglerville, Pennsylvania.
Connell Brothers Company, Ltd., Monterey, California.
Eastern Shore Canning Company, Inc., Machipongo, Virginia.
E. H. Hamlin Company, Seattle Washington.
Fruitvale Canning Company, Inc., Oakland, California.
The Larsen Company, Green Bay, Wisconsin.
Morgan Packing Company, Austin, Indiana.
Pomona Products Company, Griffin, Georgia.
Rosenberg Brothers & Company, San Francisco, California.
Whitney & Company, Seattle, Washington.
Windsor Products Company, Bridgeton, New Jersey.

PAR. 6. The receipt and acceptance by the respondent of brokerage fees or allowances and discounts in lieu of brokerage by respondent as set forth above is in violation of subsection (c) of section 2 of the Clayton Act, as amended.

Wherefore, the premises considered, The Federal Trade Commission on this 25th day of August, A. D. 1942, issues its complaint against said respondent.

Notice

Notice is hereby given you, Southgate Brokerage Company, Inc., a corporation, respondent herein, that the 2nd day of October, A. D. 1942, at 2 o'clock in the afternoon, is hereby fixed as the time, and the offices of the Federal Trade Commission in the City of Washington, D. C., as the place, when and where a hearing will be had on the charges set forth in this complaint, at which time and place you will have the right, under said Act, to appear and show cause why an order should not be entered by said Commission requiring you to cease and desist from the violations of the law charged in the complaint.

You are notified and required, on or before the twentieth day after service upon you of this complaint, to file with the Commission an answer to the complaint. If answer is filed and if your appearance at the place and on the date above stated be not required, due notice to that effect will be given you. The Rules of Practice adopted by the Commission with respect to answers or failure to appear or answer (Rule IX) provide as follows:

In case of desire to contest the proceeding the respondent shall, within twenty (20) days from the service of the complaint, file with the Commission an answer to the complaint. Such answer shall contain a concise statement of the facts which constitute the ground of defense. Respondent shall specifically admit or deny or explain each of the facts alleged in the complaint, unless respondent is without knowledge, in which case respondent shall so state.

Failure of the respondent to file answer within the time above provided and failure to appear at the time and place fixed for hearing shall be deemed to authorize the Commission, without further notice to respondent, to proceed in regular course on the charges set forth in the complaint.

If respondent desires to waive hearing on the allegations of fact set forth in the complaint and not to contest the facts, the answer may consist of a statement that respondent admits all the material allegations of fact charged in the complaint to be true. Respondent by such answer shall be deemed to have waived a hearing on the allegations of fact set forth in said complaint and to have authorized the Commission, without further evidence, or other intervening procedure, to find such facts to be true.

Contemporaneously with the filing of such answer the respondent may give notice in writing that he desires to be heard on the question as to whether the admitted facts constitute the violation of law charged in the complaint. Pursuant to such notice, the respondent may file a brief, directed solely to that question, in accordance with Rule XXIII.

In witness whereof, the Federal Trade Commission has caused this, its complaint, to be signed by its Secretary, and

its official seal to be hereto affixed, at Washington, D. C., this 25th day of August, A. D. 1942.

By the Commission.

AMERICAN PUBLIC WELFARE TRUST

NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 27th day of August, A. D., 1942.

American Public Welfare Trust, a registered management investment company, has filed an application for an order under and pursuant to the provisions of section 17 (b) of the Investment Company Act of 1940 exempting from the provisions of section 17 (a) of said Act the following proposed transactions: (1) The sale by Halifax Power & Pulp Company, Ltd., an affiliated person of the applicant, to applicant of $38,000 face amount of Hygienic Products Corporation's 5% First Mortgage Sinking Fund Collateral Trust Bonds, due 1963, at a price of $38,000 and accrued interest; (2) The purchase by Halifax Power & Pulp Company, Ltd. from applicant of $38,000 face amount of Hygienic Products Corporation's 5% First Mortgage Sinking Fund Collateral Trust Bonds, due 1963, and $38,000 face amount of Participating Certificates based on one year 5% income note of Halifax Power & Pulp Company, Ltd. at a price of $41,800 and accrued interest; and (3) The purchase by A. P. W. Paper Company, Inc., another affiliated person of applicant, from applicant of $38,000 face amount of Hygienic Products Corporation's 5% First Mortgage Sinking Fund Collateral Trust Bonds, due 1963, in consideration of the transfer to applicant of 4,008 shares of Class A stock of A. P. W. Properties, Inc. together with $21,968 in cash.

It is ordered, That a hearing on the aforesaid application be held on the 4th day of September, 1942 at 10:00 o'clock in the forenoon of that day in the hearing room of the Securities and Exchange Commission Building, 18th and Locust Streets, Philadelphia, Pennsylvania. On such day the hearing room clerk in Room 318 will advise the interested parties where such hearing will be held.

It is further ordered, That William W. Swift or any officer or officers of the Commission designated by it for that purpose shall preside at the hearing on such application. The officer so designated to preside at any such hearing is hereby authorized to exercise all the powers granted to the Commission under sections 41 and 42 (b) of the Investment Company Act of 1940 and to trial examiners under the Commission's Rules of Practice.

Notice of such hearing is hereby given other person or persons whose participation in such proceedings may be in to the above named applicant and to any the public interest or for the protection of investors.

PROCLAMATION 2567

NATIONAL DEFENSE PIPE LINE—PROJECT FIVE PIPE LINE CORPORATION

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS, the Act of Congress entitled "An Act to facilitate the construction, extension, or completion of interstate petroleum pipe lines related to national defense, and to promote interstate commerce", approved July 30, 1941 (Public Law 197, 77th Congress), vests in the President certain powers relating to the construction, extension, completion, operation and maintenance of interstate pipe lines related to national defense:

NOW, THEREFORE, I, Franklin D. Roosevelt, President of the United States of America, under and by virtue of the authority vested in me by said Act do hereby find and proclaim: That

(1) For national defense purposes it is necessary that there be constructed and completed a pipe-line system for the transportation and distribution of petroleum products moving in interstate commerce originating in the vicinity of El Dorado, Arkansas, and extending in a northeasterly direction to a point near Helena, Arkansas, the route for which is generally indicated on a map which is on file in the Office of Petroleum Coordinator for War, detailed survey maps of which shall be on record in said Office, with terminal facilities for loading at barge loading docks on the Mississippi River, and with carloading racks on one or both sides of the Mississippi River;

(2) That Project Five Pipe Line Corporation, a private corporation organized under the laws of the State of Delaware, has commenced the work necessary for the construction of said pipe line and facilities, and represents that it is prepared to complete said pipe line and facilities; and

(3) For the purposes of construction, completion, operation and maintenance of said pipeline system it is necessary that said Project Five Pipe Line Corporation have the right, as provided in the aforesaid Act, by the exercise of the right of eminent domain, to acquire along the route, and at, and between the points above identified, and such portions thereof as may be along or across or under any railroad, public highway, road, street, or alley, and any public stream (a) easements and rights of way not in excess of one hundred feet in width, for the construction, completion, operation, maintenance and removal of the pipe lines, including right of access thereto over adjoining lands, and (b) parcels of land or any interest therein not in excess of one hundred acres in each separate parcel, for location of its storage tanks, pumping stations, delivery and receiving facilities, and other facilities in connection therewith; and said right to exercise the right of eminent domain is hereby granted to said Project Five Pipe Line Corporation, provided that such right of eminent domain be exercised by Project Five Pipe Line Corporation for the aforesaid purposes prior to June 30, 1943, and provided further that said pipe line and facilities herein identified shall be constructed, completed, operated and maintained subject to such terms and conditions as the President may hereafter from time to time prescribe as necessary for national defense purposes;

(4) For national defense purposes I do deem it advisable to do so, and do hereby relieve the person or persons operating said pipe line pursuant to request for action of the Petroleum Coordinator for War addressed to Gulf Refining Company, Socony-Vacuum Oil Company, Incorporated, The Texas Company, Lion Oil Refining Company, and Premier Oil Refining Company of Texas for the period of time ending April 1, 1948, in the doing of any act or thing or the omission to do any act or thing, from any and all duty or liability under those provisions of (i) an Act approved February 4, 1887

(24 Stat. 379–387, Chapter 105), "An Act to regulate commerce", known as the "Interstate Commerce Act", as amended, and of (ii) an Act approved February 19, 1903 (32 Stat. 847–849, Chapter 708), "An Act to further regulate commerce with foreign nations and among the States", known as the "Elkins Act", as amended, which now appear in the United States Code under Title 49, Transportation, and read as follows:

(a) U.S.C., Title 49, section 2:

"If any common carrier subject to the provisions of this chapter shall, directly or indirectly, by any special rate, rebate, drawback, or other device, charge, demand, collect, or receive from any person or persons a greater or less compensation for any service rendered or to be rendered, in the transportation of passengers or property, subject to the provisions of this chapter, than it charges, demands, collects, or receives from any other person or persons for doing for him or them a like and contemporaneous service in the transportation of a like kind of traffic under substantially similar circumstances and conditions, such common carrier shall be deemed guilty of unjust discrimination, which is prohibited and declared to be unlawful."

(b) U.S.C., Title 49, section 3 (1):

"It shall be unlawful for any common carrier subject to the provisions of this chapter to make, give, or cause any undue or unreasonable preference or advantage to any particular person, company, firm, corporation, association, locality, port, port district, gateway, transit point, region, district, territory, or any particular description of traffic, in any respect whatsoever; or to subject any particular person, company, firm, corporation, association, locality, port, port district, gateway, transit point, region, district, territory, or any particular description of traffic to any undue or unreasonable prejudice or disadvantage in any respect whatsoever."

(c) U.S.C., Title 49, section 6 (7):

"• • • nor shall any carrier charge or demand or collect or receive a greater or less or different compensation for such transportation of passengers or property, or for any service in connection therewith, between the points named in such tariffs than the rates, fares, and charges which are specified in the tariff filed and in effect at the time; nor shall any carrier refund or remit in any manner or by any device any portion of the rates, fares, and charges so specified, nor extend to any shipper or person any privileges or facilities in the transportation of passengers or property, except such as are specified in such tariffs."

(d) U.S.C., Title 49, section 41 (1):

"• • • it shall be unlawful for any person, persons, or corporation to offer, grant, or give, or to solicit, accept, or receive any rebate, concession, or discrimination in respect to the transportation of any property in interstate or foreign commerce by any common carrier subject to said chapter whereby any such property shall by any device whatever be transported at a less rate than that named in the tariffs published and filed by such carrier, as is required by said chapter, or whereby any other advantage is given or discrimination is practiced. Every person or corporation, whether carrier or shipper, who shall, knowingly, offer, grant, or give, or solicit, accept, or receive any such rebates, concession, or discrimination shall be deemed guilty of a misdemeanor • • •"

(e) U.S.C., Title 49, section 43:

"Whenever the Interstate Commerce Commission shall have reasonable ground for belief that any common carrier • • • is committing any discriminations forbidden by law, a petition may be presented alleging such facts to the district court of the United States sitting in equity having jurisdiction; • • • whereupon it shall be the duty of the court summarily to inquire into the circumstances • • • and upon being satisfied of the truth of the allegations of said petition said court shall • • • direct and require a discontinuance of such discrimination • • •"

in so far as such relief may be necessary to remove any bar which may be created by those statutory provisions to the payment out of funds, if any remain after payment of the expenses of operation and maintenance of said pipe line, derived from transportation or other common carrier services, furnished at rates established pursuant to the provisions of the Interstate Commerce Act, as amended and supplemented, of (1) indebtedness of Project Five Pipe Line Corporation, incurred for acquiring, financing and constructing said pipe line; (2) liquidating dividends to stockholders at any time; and (3) annual dividends to stockholders not exceeding seven per centum (7%) of the valuation for rate making purposes, of such common carrier's property owned and used for common carrier purposes, made under the authority of the Interstate Commerce Commission; and further to remove any bar which may be created by those statutory provisions to the acceptance by Project Five Pipe Line Corporation from its stockholders of petroleum products for shipment, in such amounts that the use, by agreement of the stockholders, of the capacity of the pipe line available to them as shippers over a common carrier pipe line and not used in the performance of its common carrier obligations to other shippers, will be in amounts proportionate to the stock ownership as it may exist from time to time, of such stockholders desiring to utilize the capacity of the pipe line or any part thereof, provided that this authorization shall not permit the rejection in disregard of the common carrier obligations of Project Five Pipe Line Corporation, of any petroleum products offered for shipment.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States to be affixed.

TITLE 7—AGRICULTURE

Chapter VIII—Sugar Agency

PART 802—SUGAR DETERMINATIONS

DETERMINATION OF PROPORTIONATE SHARES FOR FARMS IN THE TERRITORY OF HAWAII FOR THE 1942 CROP

Pursuant to the provisions of subsections (a) and (b) of section 302 of the Sugar Act of 1937, as amended, the following determination is hereby issued:

§ 802.36e *Proportionate shares for farms in the Territory of Hawaii for the 1942 crop*—(a) *Proportionate share for any farm.* The proportionate share for any farm in the Territory of Hawaii for the 1942 crop shall be the amount of sugar, raw value, commercially recoverable from sugarcane grown on such farm and marketed (or processed by the producer) for the extraction of sugar during the calendar year 1942.

(b) *Adherent planter protection.* The provisions of this determination shall be subject to the following conditions: (1) that no changes in the planter-plantation sugarcane production relationship shall have been made, and (2) that no reduction in the number of planters shall have been made under programs carried out pursuant to the Act, except such as are considered justified and are approved by the Chief of the Sugar Agency and the Director of the Division of Special Programs of the Agricultural Adjustment Agency, acting either jointly or severally. (Section 302, 50 Stat. 910; 7 U.S.C. 1940 ed 1131).

Done at Washington, D. C. this 29th day of August 1942. Witness my hand and the seal of the Department of Agriculture.

TITLE 17—COMMODITY AND SECURITIES EXCHANGE

Chapter II—Securities and Exchange Commission

PART 210—REGULATION S–X UNDER SECURITIES ACT, SECURITIES EXCHANGE ACT AND INVESTMENT COMPANY ACT

AMENDMENT OF REGULATION

The Securities and Exchange Commission, acting pursuant to authority conferred upon it by the Securities Act of 1933, particularly sections 7 and 19 (a) thereof; the Securities Exchange Act of 1934, particularly sections 12, 13, 15 (d), and 23 (a) thereof; and the Investment Company Act of 1940, particularly sections 8, 30, and 38 (a), thereof, and deeming such action necessary and appropriate in the public interest and for the protection of investors and necessary for the execution of the functions vested in it by the said Acts, hereby amends paragraph (c) of Rule 1–01 of Regulation S–X to read as follows:

(c) Supplemental or periodic reports under section 13 of the Securities Exchange Act of 1934 filed on Form 10–K, 11–K, 13–K, 14–K, or 24–K;

Effective August 28, 1942.

PART 239—FORMS, SECURITIES EXCHANGE ACT OF 1934

AMENDMENT TO THE INSTRUCTION BOOK FOR CERTAIN FORMS

The Securities and Exchange Commission, acting pursuant to authority conferred upon it by the Securities Exchange Act of 1934, particularly sections 13 and 23 (a) thereof, and deeming such action necessary and appropriate in the public interest and for the protection of investors, hereby amends Form 24–K and the Instruction Book therefor as follows:

I. Item 11 of Form 24–K is amended by deleting the following instructional sentence set forth in parentheses thereunder:

(The financial statements and schedules are to be set forth at this point in the annual report)

II. All matter appearing in the Instruction Book under the caption "Item 11. Instructions as to financial statements", down to and including the schedule entitled "Schedule IX. Income from dividends", is rescinded and deleted from the Instruction Book.

III. The following new instructions are inserted in the Instruction Book in lieu of the above-mentioned caption and the instructions thereunder:

ITEM 11. *Financial statements.* The following instructions specify the balance

sheets and profit and loss statements required to be filed as a part of annual reports on this form. Regulation S–X governs the certification, form and content of such balance sheets and profit and loss statements and prescribes the statements of surplus and the schedules to be filed in support thereof.

The definitions contained in Rule 1–02 of Regulation S–X shall also apply to the terms therein defined which are used in the following instructions.

The financial statements shall be bound and filed as a separate part of the annual report.

1. *Registrant.* There shall be filed for the registrant a balance sheet as of the close of the fiscal year and a profit and loss statement for the fiscal year.

2. *Subsidiaries.* (a) Subject to Article 4 of Regulation S–X, there shall be filed for each majority-owned subsidiary of the registrant which is a bank or bank holding company a balance sheet as of the close of the registrant's fiscal year and a profit and loss statement for the fiscal year.

(b) Subject to Article 4 of Regulation S–X, there shall be filed for each other majority-owned subsidiary of the registrant a balance sheet as of the close of the fiscal year of the registrant or the subsidiary and a profit and loss statement for the fiscal year. If the fiscal year of any such subsidiary ends within 105 days before the date of filing the report, or ends after the date of filing, and the subsidiary's financial statements are filed on the basis of its own fiscal year, they may be filed as an amendment to the report within 105 days after the end of the subsidiary's fiscal year.

(c) No financial statements need be filed for any subsidiary, whether domestic or foreign, which is not a significant subsidiary. Statements of subsidiaries may be so omitted, however, only to the extent that all of the subsidiaries for which statements are so omitted, considered in the aggregate, would not constitute a significant subsidiary.

3. *Certification.* Except as provided in Rule 9–05 of Regulation S–X, the statements required by the preceding instructions shall be certified.

Effective August 28, 1942.
By the Commission.

PART 239—FORMS, SECURITIES EXCHANGE ACT OF 1934

AMENDMENT TO THE INSTRUCTION BOOK FOR CERTAIN FORM

The Securities and Exchange Commission, acting pursuant to authority conferred upon it by the Securities Exchange Act of 1934, particularly sections 13 and 23 (a) thereof, and deeming such action necessary and appropriate in the public interest and for the protection of investors, hereby amends Form 14–K and the Instruction Book therefor as follows:

I. Item 12 of Form 14–K is amended by deleting the following instructional sentence set forth in parentheses thereunder:

(The financial statements and schedules are to be set forth at this point in the annual report)

II. The instructions to Item 12 in the Instruction Book are amended to read as follows:

Item 12. *Financial statements.* 1. The following financial statements shall be filed as a part of the report.

(a) A certified statement of the assets and liabilities of the committee as of the close of the period of report.

(b) A certified statement of the cash receipts and disbursements of the committee for the period of report and also for the period from the date of its inception to the close of the period of report.

2. Regulation S–X, which contains rules governing the form and content of financial statements, shall be applicable to the statements specified above.

3. The financial statements shall be bound and filed as a separate part of the annual report.

III. The Instruction Book is further amended by deleting therefrom the forms for statements of assets and liabilities and statements of cash receipts and disbursements which are set forth at the end of the Instruction Book following the instructions as to exhibits.

Effective August 28, 1942.
By the Commission.

PART 239—FORMS, SECURITIES EXCHANGE ACT OF 1934

AMENDMENT TO THE INSTRUCTION BOOK FOR CERTAIN FORM

The Securities and Exchange Commission, acting pursuant to authority conferred upon it by the Securities Exchange Act of 1934, particularly sections 13 and 23 (a) thereof, and deeming such action necessary and appropriate in the public interest and for the protection of investors, hereby amends Form 13–K and the Instruction Book therefor as follows:

I. Item 14 of Form 13–K is amended by deleting the following instructional sentence set forth in parentheses thereunder:

(The financial statements and schedules are to be set forth at this point in the annual report)

II. All matter appearing in the Instruction Book under the caption "Item 14. Instructions as to financial statements", down to and including the schedule entitled "Schedule XI. Profit and loss on sale or maturity of investments", is rescinded and deleted from the Instruction Book.

III. The following new instructions are inserted in the Instruction Book in lieu of the above-mentioned caption and the instructions thereunder:

Item 14. *Financial statements.* The following instructions specify the balance sheets and profit and loss statements required to be filed as a part of annual reports on this form. Regulation S–X governs the form and content of such balance sheets and profit and loss statements and prescribes the statements of surplus and the schedules to be filed in support thereof.

The definitions contained in Rule 1–02 of Regulation S–X shall also apply to the terms therein defined which are used in the following instructions.

The financial statements shall be bound and filed as a separate part of the annual report.

1. *Registrant.* There shall be filed for the registrant a balance sheet as of the close of the fiscal year and a profit and loss statement for the fiscal year.

2. *Subsidiaries.* (a) Subject to Rule 4–03 of Regulation S–X as qualified by Rule 4–09 thereof, there shall be filed for each majority-owned subsidiary of the registrant a balance sheet as of the close of the sibsidiary's fiscal year and a profit and loss statement for its fiscal year, prepared in accordance with the appropriate article of regulation S–X.

(b) If the fiscal year of any such subsidiary ends within 105 days before the date of filing the annual report, or ends after the date of filing, the financial statements of the subsidiary may be filed as an amendment to the report within 105 days after the end of the subsidiary's fiscal year.

(c) No financial statements need be filed for any subsidiary, whether domestic or foreign, which is not a significant subsidiary. Statements of subsidiaries may be so omitted, however, only to the extent that all of the subsidiaries for which statements are so omitted, considered in the aggregate, would not constitute a significant subsidiary.

3. *Fifty-percent-owned persons.* If the registrant owns directly or indirectly approximately fifty percent of the voting power of any person approximately fifty percent of the voting power of which is owned directly or indirectly by another single interest, there shall be filed for each such person the financial statements which would be required if it were a majority-owned subsidiary of the registrant. The statements filed for each such person shall identify the other single interest. No statements need be filed, however, for any such person which, if it were a subsidiary, would not be a significant subsidiary.

4. *Certification.* None of the statements required by the preceding instructions need be certified.

Effective August 28, 1942.
By the Commission.

PART 239—FORMS, SECURITIES EXCHANGE ACT OF 1934

AMENDMENT TO THE INSTRUCTION BOOK FOR CERTAIN FORM

The Securities and Exchange Commission, acting pursuant to authority conferred upon it by the Securities Exchange Act of 1934, particularly sections 13 and 23 (a) thereof, and deeming such action necessary and appropriate in the public interest and for the protection of investors, hereby amends Form 11–K and the Instruction Book therefor as follows:

I. Item 9 of Form 11–K is amended by deleting the following instructional sentence set forth in parentheses thereunder:

(The financial statements and schedules are to be set forth at this point in the annual report)

II. All matter appearing in the Instruction Book under the caption "Item 9. Instructions as to financial statements", down to and including the schedule entitled "Schedule XI. Income from Dividends", is rescinded and deleted from the Instruction Book.

III. The following new instructions are inserted in the Instruction Book in lieu of the above-mentioned caption and the instructions thereunder:

Item 9. *Financial statements.* The following instructions specify the balance sheets and profit and loss statements required to be filed as a part of annual reports on this form. Regulation S–X governs the certification, form and content of such balance sheets and profit and loss statements, including the basis of consolidation, and prescribes the statements of surplus and the schedules to be filed in support thereof.

The definitions contained in Rule 1–02 of Regulation S–X shall also apply to the terms therein defined which are used in the following instructions.

The financial statements shall be bound and filed as a separate part of the annual report.

1. *The registrant.* (a) There shall be filed for the registrant a certified balance sheet as of the close of the fiscal year and a certified profit and loss statement for the fiscal year.

(b) In lieu of the profit and loss statement required by paragraph (a), there may be filed a certified consolidated profit and loss statement of the registrant and one or more of its totally-held subsidiaries if all of the following conditions exist:

(1) The registrant is primarily an operating company;

(2) Each of the subsidiaries included is, in practical effect, an operating division of the registrant; and

(3) There is filed, in addition to the balance sheet of the registrant required by paragraph (a), a certified consolidated balance sheet of the registrant and the included subsidiaries only.

2. *The registrant and its subsidiaries consolidated.* Subject to article 4 of Regulation S–X, there shall be filed for the registrant and its subsidiaries a certified consolidated balance sheet as of the close of the fiscal year of the registrant and a certified consolidated profit and loss statement for the fiscal year of the registrant.

3. *Subsidiaries not consolidated.* (a) Subject to Rule 4–03 of Regulation S–X regarding group statements, there shall be filed for each majority-owned subsidiary of the registrant not consolidated a certified balance sheet as of the close of the subsidiary's fiscal year and a certified profit and loss statement for its fiscal year.

(b) If the fiscal year of any such subsidiary ends within 105 days before the date of filing the annual report, or ends after the date of filing, the financial statements of the subsidiary may be filed as an amendment to the report within 105 days after the end of the subsidiary's fiscal year.

(c) No financial statements need be filed for any subsidiary, whether domestic or foreign, which is not a significant subsidiary. Statements of subsidiaries may be so omitted, however, only to the extent that all of the subsidiaries for which statements are so omitted, considered in the aggregate, would not constitute a significant subsidiary.

PART 239—FORMS, SECURITIES EXCHANGE ACT OF 1934

AMENDMENT TO THE INSTRUCTION BOOK FOR CERTAIN FORM

The Securities and Exchange Commission, acting pursuant to authority conferred upon it by the Securities Exchange Act of 1934, particularly sections 13 and 23 (a) thereof, and deeming such action necessary and appropriate in the public interest and for the protection of investors, hereby amends Form 10–K and the instruction book therefor as follows:

I. Item 8 of Form 10–K is amended by deleting the following instructional sentence set forth in parentheses thereunder:

"(The financial statements and schedules are to be set forth at this point in the annual report)"

II. All matter appearing in the Instruction Book under the caption "Item 8. Instructions as to financial statements", down to and including the schedule entitled "Schedule XI. Income from dividends", is rescinded and deleted from the Instruction Book.

III. The following new instructions are inserted in the Instruction Book in lieu of the above-mentioned caption and the instructions thereunder:

ITEM 8. *Financial statements.* The following instructions specify the balance sheets and profit and loss statements required to be filed as a part of annual reports on this form. Regulation S–X governs the certification, form and content of such balance sheets and profit and loss statements, including the basis of consolidation, and prescribes the statements of surplus and the schedules to be filed in support thereof.

The definitions contained in Rule 1–02 of Regulation S–X shall also apply to the terms therein defined which are used in the following instructions.

The financial statements shall be bound and filed as a separate part of the annual report.

1. *The registrant.* (a) There shall be filed for the registrant a certified balance sheet as of the close of the fiscal year and a certified profit and loss statement for the fiscal year.

(b) In lieu of the profit and loss statement required by paragraph (a), there may be filed a certified consolidated profit and loss statement of the registrant and one or more of its totally-held subsidiaries if all of the following conditions exist:

(1) The registrant is primarily an operating company;

(2) Each of the subsidiaries included is, in practical effect, an operating division of the registrant; and

(3) There is filed, in addition to the balance sheet of the registrant required by paragraph (a), a certified consolidated balance sheet of the registrant and the included subsidiaries only.

2. *The registrant and its subsidiaries consolidated.* Subject to article 4 of Regulation S–X, there shall be filed for the registrant and its subsidiaries a certified consolidated balance sheet as of the close of the fiscal year of the registrant and a certified consolidated profit and loss statement for the fiscal year of the registrant.

3. *Subsidiaries not consolidated.* (a) Subject to Rule 4–03 of Regulation S–X regarding group statements, there shall be filed for each majority-owned subsidiary of the registrant not consolidated a certified balance sheet as of the close of the subsidiary's fiscal year and a certified profit and loss statement for its fiscal year.

(b) If the fiscal year of any such subsidiary ends within 105 days before the date of filing the annual report, or ends after the date of filing, the financial statements of the subsidiary may be filed as an amendment to the report within 105 days after the end of the subsidiary's fiscal year.

(c) No financial statements need be filed for any subsidiary, whether domestic or foreign, which is not a significant subsidiary. Statements of subsidiaries may be so omitted, however, only to the extent that all of the subsidiaries for which statements are so omitted, consid-

ered in the aggregate, would not constitute a significant subsidiary.

4. *Uncertified statements of Canadian carriers.* (a) The financial statements of the registrant and its subsidiaries required by the preceding instructions need not be certified if the following conditions exist:

(1) The registrant is organized under the laws of the Dominion of Canada and the principal properties of the registrant and its subsidiaries are operated in the business of a common carrier by rail.

(2) The registrant is a majority-owned subsidiary of a company making annual reports to the Interstate Commerce Commission under section 20 of the Interstate Commerce Act, as amended.

(3) The registrant is required by the laws of the Dominion of Canada to make annual returns to the Board of Railway Commissioners for Canada and the Dominion Bureau of Statistics, which returns are required by such laws to contain approximately the same amount of information in similar detail as required to be set forth in annual reports made by common carriers by rail to the Interstate Commerce Commission under Section 20 of the Interstate Commerce Act, as amended.

(b) If the registrant files uncertified financial statements pursuant to this instruction, it shall include as an exhibit to its annual report a copy of its annual return to the Board of Railway Commissioners for Canada and the Dominion Bureau of Statistics for the fiscal year covered by the annual report.

Effective August 28, 1942.
By the Commission.

TITLE 18—CONSERVATION OF POWER

Chapter I—Federal Power Commission

[Order No. 99]

PART 57—APPLICATIONS FOR CERTIFICATES OF PUBLIC CONVENIENCE AND NECESSITY UNDER SECTION 7 OF THE NATURAL GAS ACT

AMENDMENTS

AUGUST 26, 1942.

Order amending the "Provisional Rules of Practice and Regulations Under the Natural Gas Act, with approved forms, effective July 11, 1938".

The Commission, pursuant to authority vested in it by the Natural Gas Act, particularly sections 7 (as amended February 7, 1942) and 16 thereof, and finding such action necessary and appropriate for carrying out the provisions of said Act, hereby adopts, promulgates and prescribes the following amendments to the "Provisional Rules of Practice and Regulations under the Natural Gas Act, Effective July 11, 1938", as heretofore prescribed and amended:

Part 57 be and it is hereby amended by adding §§ 57.5 to 57.9, inclusive, as follows:

Applications Under Section 7 of the Natural Gas Act as Amended for Certificates of Public Convenience and Necessity for Construction, Extension, Acquisition, Operation, etc. (Non-"Grandfather" Clause Certificates)[1]

AUTHORITY: §§ 57.5 to 57.9, inclusive, issued under 52 Stat. 833; Pub. Law. 444, 77th Cong.; 15 U.S.C. 717–717 w.

§ 57.5 *Contents of application.* Applications for certificates of public convenience and necessity for construction, extension, acquisition, operation, etc., under section 7 of the Natural Gas Act as amended, other than under the "grandfather" clause of section 7 (c), shall set forth in the order indicated the following, incorporating any data already on file with the Commission by reference:

(a) The exact legal name of the applicant; if the applicant is a corporation, the state or territory under the laws of which the applicant was organized, the location of applicant's principal place of business, the names of all states where applicant is authorized to do business; and a concise but comprehensive description of the existing business, operations and properties of the applicant, with particular reference to the transportation and sale of natural gas.

(b) The name, title and post office address of the person to whom correspondence or communications in regard to the application are to be addressed. Unless advised to the contrary, the Commission will serve all notices, orders, and other papers, service of which is required, upon the person so named.

(c) A brief but accurate description of the project or facilities for which a certificate is sought and the dates on which it is intended to begin and complete construction or acquisition.

(d) A statement setting forth the service proposed to be rendered by applicant, showing communities, proposed to be served presently and within the next five years, with the population of each, main line industrial customers, sales or interchange with other natural-gas companies, and any other service. In describing such other service, furnish:

(1) The name of any other gas company rendering service within any county (or other local territorial unit of similar size where not within a county) in which any community or customer to be served by applicant is located, together with a general statement of pertinent facts as to the extent and nature of such existing service, specifying whether such other gas company is serving natural, artificial or mixed gas.

(2) A detailed statement of pertinent facts as to existing service by such gas company, including a showing as to (i) the adequacy of the present service and plant, and available supplies of gas, (ii) the public need for further service, and (iii) the potential market which could be served economically through the proposed extension of facilities.

(e) A description of the facilities proposed to be constructed, acquired, or operated, giving, in so far as such information may be pertinent, the size, capacity, length and location of gathering lines, transmission lines and laterals; the extent of distribution systems; the location, rated horsepower and capacity of all compressor stations; the location and description of other important property units; a description of the proposed manner or method of operating said proposed facilities, including proposed operating pressures, the capacity of the proposed facilities, estimates of maximum and minimum day demands, and any other pertinent facts showing that such facilities will be capable of performing adequately the services which applicant purposes to render. In connection herewith the applicant shall furnish:

(1) A sketch map delineating the size and location of applicant's proposed pipe lines, the communities to be served, the points of connection with existing facilities and the location of any gas fields representing a new source of supply to be utilized in connection with the proposed facilities;

[1] During the war emergency, any applicant filing an application with the War Production Board incidental to an application for a certificate of public convenience and necessity to the Federal Power Commission, should, wherever it is possible to do so, at the same time file its application with the Commission in order to facilitate action by the Commission. In view of the emergency involved, the Commission, in such certificate hearings, will expect all parties, including interveners, to exercise due diligence to move the proceeding forward as rapidly as possible. Where such emergency is involved, the Commission reserves the right to proceed with maximum speed and with minimum notice to parties and interveners.

(2) A statement setting forth all contracts for the construction, purchase or lease of the proposed facilities and giving the affiliation, if any, between applicant and any other party to said contracts.

(f) A statement of the gas reserves which are to supply the market which is proposed to be served, and an estimate of their expected life in years.

(g) A statement setting forth all facts bearing upon economic feasibility, including:

(1) The estimated total overall capital cost of the proposed extension or acquisition, including all expenditures involved in the construction or acquisition of the proposed facilities, proposed costs of financing, franchises, working capital, and other incidental costs, with a brief statement of applicant's proposed plan of financing.

(2) A detailed statement of the extent to which such plan is supported by firm or contingent commitments from all financial sources, including commitments from banks, trust companies, insurance companies, investment bankers, steel companies, pipe line supply companies, or other sources.

(3) A statement showing estimates of (i) total revenues expected from the proposed new facilities to be constructed, acquired or operated, (ii) total fixed charges, (iii) total operating expenses.

(4) A general statement covering the rates proposed to be charged by applicant for each kind of natural gas service proposed to be rendered, and the expected sales, revenues, average revenue per M.c.f. and average revenue per therm, to be derived therefrom.

(h) A general description of the proposed method of supervising the operation of the proposed project, including reference to any relevant service or management contracts, existing or contemplated.

(i) During war or other emergency, a detailed statement of pertinent facts showing the relation, if any, of the proposed facilities and service to such emergency.

(j) A statement of any other facts and circumstances upon which applicant relies to establish that present or future public convenience and necessity require the new construction, acquisition or operation of such facilities.

Wherever volumes of gas are mentioned in an application filed under this section or an exhibit later filed under § 57.6, such volumes shall be computed upon a uniform pressure base and such pressure base shall be clearly set forth therein.

§ 57.6 *Exhibits.* The applicant may be required by the Commission to file, at any time during its consideration of such application, in addition to the application and as part thereof, any or all of the following exhibits. The following exhibits are designed to amplify paragraphs (a) through (l) of § 57.5:

Exhibit A: If applicant is a corporation, a certified copy or photostat of its articles of incorporation and bylaws.

Exhibit A–1: If applicant is a corporation, certified copies or photostats of any and all evidences of domestication in or authorization to do business in any state or states other than the state of incorporation involved in the application.

Exhibit A–2: List of names and business addresses of all officers and directors of applicant.

Exhibit A–3: If applicant is an individual, or group of individuals, satisfactory proof of citizenship of such individual or individuals.

Exhibit A–4: If the applicant or any officer or directly thereof directly or indirectly owns, controls or holds with power to vote 10 per centum or more of the outstanding voting securities of any other person or company engaged in the production, transportation, or sale of natural gas, a detailed statement showing the financial and corporate relationship existing between the applicant or any officer or director thereof and all such other persons or companies, including the percentage of voting power represented by such ownership of such securities. If any person or company directly or indirectly owns, controls, or holds with power to vote, 10 per centum or more of the outstanding voting securities of the applicant, a statement of the financial and corporate relationship existing between the applicant and all such other persons or companies.

Exhibit B: A certified copy or a photostat of the resolution of board of directors or other similar legal authority authorizing the filing of the application.

Exhibit C: A map showing applicant's proposed facilities for the transportation and sale of natural gas, together with the facilities or pipe line systems of other gas companies operating in the general territory of the proposed facilities. This map should be of sufficient scale and in sufficient detail to show the geographical location of the properties, and should show:

(a) the location of applicant's proposed pipe lines and the diameters thereof,

(b) the communities to be served at wholesale or at retail, indicating those served at wholesale by a small square and those at retail by a small circle,

(c) the points of connection with the facilities or pipe lines of other companies,

(d) the location of gas fields which are to be the source of supply for the proposed facilities.

Applicant may also be required to furnish the Commission with alignment (right-of-way) maps in support of the application.

Applicant, if granted a certificate hereunder, is ordered and required to keep on hand in its offices subsidiary alignment and field maps properly marked and maintained showing all the facts required in connection with Exhibit C immediately preceding, and to be prepared to furnish information relative thereto or copies thereof at any time to the Commission.

Exhibit D: A forecast of the business proposed to be obtained in the market proposed to be served, including estimates of the numbers of domestic, commercial, and industrial customers expected to be obtained during each of the first five years of operation, their estimated annual requirements of natural gas, and estimated peak-day demand requirements by character of delivery for each of the first five years.

Exhibit D–1: Copies of any market surveys or studies prepared by or for the applicant. Points of delivery from main transmission lines indicated in such market surveys should be referenced to the general map required as Exhibit C above.

Exhibit D–2: Photostatic or certified copies of all contracts held by the applicant for the sale of natural gas from the proposed facilities.

Exhibit D–3: If applicant intends to engage in the distribution of natural gas from any of the proposed facilities, a statement outlining such distribution plans, including rates to be charged.

Exhibit D–4: Photostatic or certified copies of all franchises held by applicant in connection with the proposed project. Certified copies of any orders of any state or municipal agency in connection with applicant's proposed operations.

Exhibit E: A statement of specifications, prices, estimates, and any other information relating to the cost of construction or acquisition of all the proposed facilities. The estimated cost of construction should be stated separately by operating units, showing pipe lines by sizes, river crossings, compressor stations, and other accessory equipment, with the costs of material separate from the costs of labor.

Exhibit E–1: A statement of depreciation and depletion rates proposed to be established, and the basis therefor, by primary plant accounts prescribed by this Commission in its Uniform System of Accounts for Natural Gas Companies.

Exhibit E–2: Photostatic or certified copies of any and all contracts for the construction, purchase or lease of the proposed facilities, with a statement describing the affiliation of applicant with any other party to said contracts.

Exhibit F: An estimate of the natural gas reserves in the fields from which applicant proposes to secure natural gas to supply the proposed project. This report should show:

(1) Gas reserves (M. c. f.) by fields and producing horizons, classified as operated or unoperated and as owned or controlled,

(2) The methods used in estimating the volumetric gas reserves,

(3) Annual withdrawals of gas (M. c. f.) from each gas reserve for each of the most recent three years,

(4) Average initial and current rock pressures by fields and producing horizons,

(5) The B. t. u. content of the natural gas reserves,

(6) Open flow capacities of producing wells owned or controlled by the applicant, by fields, and the deliverability of these wells under safe operating conditions or conservation limitations, and

(7) The number and location of wells presently owned or controlled by applicant, with a statement of any proposed drilling program which may be planned.

Exhibit F–1: A map of each field from which natural gas is to be procured to supply the proposed project showing clearly all leaseholds, mineral interests, pipe lines, and wells owned, operated or contracted for by the applicant.

Exhibit F–2: Photostatic copies of all contracts or agreements which provide for the purchase of any of the natural gas supply for the proposed project.

Exhibit G: A balance sheet and income statement of applicant, as of the most recent date available.

Exhibit G–1: Full and complete description of applicant's proposed plan of financing, with photostatic or certified copies of all contracts relating thereto.

Exhibit G–2: Photostatic or certified copies of any and all firm or contingent commitments covering the financing proposed by applicant. There should be included copies of mortgages, deeds of trust, indentures, agreements to advance supplies (steel pipe, compressor engines, etc.) or labor in return for applicant's securities, underwriting contracts, or documents of a similar nature.

Exhibit G–3: Full and complete statement of the rates to be charged for service from the proposed facilities. This should be supplemented, if possible, by copies of samples of rate schedules applicant proposes to use.

Exhibit G–4: For the first full year's operation of the proposed new facilities a detailed

statement showing for each point of delivery and by classes of service—

(1) Rate or rate schedule applicable.
(2) Estimated deliveries in M. c. f.
(3) Estimated deliveries in therms.
(4) Estimated revenue.
(5) Average revenue per M. c. f.
(6) Average revenue per therm.

Exhibit G–5: Statement of and comparison with rates charged by other gas companies serving the markets and territory involved.

Exhibit G–6: Estimates by years, for the first five years, of expected operating revenues and operating expenses in connection with the proposed project. In preparing this exhibit, it is desirable to follow as closely as possible the accounting procedure and forms set forth in the Uniform System of Accounts for Natural Gas Companies prescribed by this Commission.

Exhibit H: Photostatic or certified copies of service or management contracts of applicant.

Exhibit I: In case of war or emergency applications where applicant must also file a project or preference rating application with the War Production Board, a copy of such application and any order issued thereon.

Other Exhibits: The applicant may submit as many additional exhibits as may be deemed essential for consideration of the application. Such exhibits may be identified as Exhibit L, M, etc., if supplementary, or may be given subnumbers such as Exhibit C–4, K–1, etc., if in amplification.

§ 57.7 *Form of filing.* An application under § 57.5 except as otherwise provided, shall be executed, filed and served in compliance with §§ 50.31 to 50.40 and in addition the original of the application shall be verified under oath by a person having knowledge of the matters therein set forth.

§ 57.8 *Other information.* Any applicant under § 57.5 may be required to furnish such additional information as the Commission may deem pertinent.

Applications for Temporary Certificates for Construction, Extension, Acquisition, Operation, etc., Under Section 7 (c) of the Natural Gas Act as amended

§ 57.9 *Applications.* In cases of emergency, to assure maintenance of adequate service or to serve particular customers, application may be made to the Federal Power Commission, by letter or telegram, for a temporary certificate under section 7 (c) of the Natural Gas Act as amended, stating clearly and specifically the exact character of the emergency situation, the proposed method of meeting it, and the facts warranting the issuance of a temporary certificate; *Provided*, That, with respect to all emergencies which may continue for more than 30 days, within 10 days after such application for a temporary certificate, the applicant shall file an application for a permanent certificate pursuant to § 57.5.

The amendments to the "Provisional Rules of Practice and Regulations under the Natural Gas Act" adopted, promulgated and prescribed by this order shall become effective September 15, 1942; and the Secretary of the Commission shall cause publication of this order to be made in the FEDERAL REGISTER.

By the Commission.

LEON M. FUQUAY,
Secretary.

TITLE 19—CUSTOMS DUTIES

Chapter I—Bureau of Customs

[T. D. 50711]

PART 6—INVOICES, ENTRY AND ASSESSMENT OF DUTIES

PART 23—CUSTOMS BONDS

TEMPORARY INSTRUCTIONS AS TO BONDS FOR CERTIFIED INVOICES

Article 299 (b), Customs Regulations of 1937, amended so as to remove therefrom certain exemptions from certified invoice requirements, and temporary instructions promulgated concerning bonds given for the production of certified invoices and the cancellation of such bonds.

The following special instructions and amendments to the Customs Regulations of 1937 respecting certified invoices are deemed essential to the more effective prosecution of the war, and any exceptional provisions thereof are made necessary by reasons connected with the war.

Section 6.16 [Article 299 of the Customs Regulations of 1937, as amended] is hereby further amended as follows:

Section 6.16 (b) (11) (i) [paragraph (b) (11) (a)] is amended to read as follows:

(b) * * *

(11) (i) The following articles imported from countries contiguous to continental United States, when unconditionally free of duty or subject only to a specific rate of duty not depending on value:

Forest products, except red cedar shingles and chicle.
Standard newsprint paper.
Pulpwood and woodpulp.
Live domestic animals.

Agricultural products, crude or unmanufactured, except bananas, coca leaves, coffee, raw cotton, dairy products other than milk and cream, guayule, henequen, hides, opium, seeds imported subject to the provisions of the Federal Seed Act (See T.D. 50071) or for seeding (planting) purposes, sisal, skins of all kinds, tea, tobacco, and wool of all kinds, including wool on the skin. Importers shall be required by collectors of customs to furnish satisfactory evidence that seeds are not imported for planting purposes, when such claim is made the basis for exemption from the necessity of producing a certified invoice. When such evidence is not furnished at the time of entry and a bond is given for the production of a certified invoice, the required evidence may be accepted in satisfaction of the bond obligation if produced within the period prescribed in section 484 (b), Tariff Act of 1930. (Sec. 484, 46 Stat. 722, sec. 12, 52 Stat. 1083; 19 U.S.C. 1484.)

Section 6.16 (b) (11) (iii) [paragraph (b) (11) (c)] is amended by deleting the definition of "minerals." (Sec. 484, 46 Stat. 722, sec. 12, 52 Stat. 1083; 19 U.S.C. 1484.)

Section 6.16 (b) [paragraph (b)] is further amended by adding at the end thereof a new item numbered (20), reading as follows:

(20) Fertilizer and fertilizer materials, newsreel films, fish, mother-of-pearl shells, and newspapers, when unconditionally free of duty or subject only to a specific rate of duty not depending on value. (Sec. 484, 46 Stat. 722, sec. 12, 52 Stat. 1083; 19 U.S.C. 1484.)

§ 23.20a *Bonds for production of certified invoices; temporary instructions.* Until six months after the termination of the unlimited national emergency proclaimed by the President on May 27, 1941, collectors of customs shall observe the following instructions respecting bonds for the production of certified invoices, unless such instructions are sooner amended, revoked, or superseded:

(a) Collectors of customs shall be guided by the provisions of the general customs regulations currently in effect in determining the amounts of bonds for the production of certified invoices. However, as the requirement of certified invoices in accordance with § 6.16 [article 299 of the Customs Regulations of 1937, as amended] will not only furnish information for customs purposes but will also aid in the enforcement of import controls, such as those relating to General Imports Order M–63, as amended,[1] of the War Production Board, and the Proclaimed List of Blocked Nationals, and will assist the Department of State in compiling certain statistical data it urgently needs, collectors of customs shall consider these factors in fixing the amounts of bonds pursuant to the authority contained in the second sentence of § 23.4 (a) (8) [article 1254 (a) (8) of the Customs Regulations of 1937]. The Bureau is of the opinion that such amount should in no case be less than $5,000 or an amount equal to the value of *the merchandise, as set forth in the entry*, whichever is lower. These factors shall also be considered in administering the provisions of § 23.20 (a) [article 1270 (a) of the Customs Regulations of 1937] and no case in which liquidated damages have been incurred for failure to produce a certified invoice shall be settled by a collector under that regulation if the merchandise involved is subject to General Imports Order M–63, as amended.

[1] 7 F.R. 4199, 4404, 4878, 5638, 6521, 6737.

(b) Upon the breach of any bond given for the production of a certified invoice covering merchandise subject to General Imports Order M–63, as amended, liquidated damages in the full amount of the bond shall be demanded, and no remission or mitigation thereof will be granted unless the importer shall produce within one month after the expiration of the bond period satisfactory evidence that the importation of the merchandise was not in violation of General Imports Order M–63, as amended, and that the failure to satisfy the conditions of the bond was not due to negligence or lack of good faith on the part of any party to the transaction. (Secs. 484, 623, 46 Stat. 722, 759, secs. 12, 30, 52 Stat. 1083, 1089; 19 U.S.C. 1484, 1623.)

The provisions hereof shall become effective on the thirtieth day after the date of publication in the FEDERAL REGISTER.

[SEAL] W. R. JOHNSON,
Commissioner of Customs.

Approved: August 27, 1942.

HERBERT E. GASTON,
Acting Secretary of the Treasury.

TITLE 22—FOREIGN RELATIONS

Chapter III—Proclaimed List of Certain Blocked Nationals

SUPPLEMENT I

By virtue of the authority vested in the Secretary of State, acting in conjunction with the Secretary of the Treasury, the Attorney General, the Secretary of Commerce, the Board of Economic Warfare, and the Coordinator of Inter-American Affairs, by Proclamation 2497 of the President of July 17, 1941 (6 F.R. 3555), the following Supplement 1 containing certain additions to, amendments to, and deletions from The Proclaimed List of Certain Blocked Nationals, Revision III of August 10, 1942 (7 F.R. 5970), is hereby promulgated.

By direction of the President:

CORDELL HULL,
Secretary of State.
H. MORGENTHAU, Jr.,
Secretary of the Treasury.
FRANCIS BIDDLE,
Attorney General.
JESSE H. JONES,
Secretary of Commerce.
MILO PERKINS,
Executive Director,
Board of Economic Warfare.
NELSON A. ROCKEFELLER,
Coordinator of Inter-American Affairs.

AUGUST 28, 1942.

GENERAL NOTES: (1) The Proclaimed List is divided into two parts: parts I relates to listings in the American republics; part II relates to listings outside the American republics.

(2) In part I titles are listed in their letter-address form, word for word as written in that form, with the following exceptions: If the title includes a full personal name, that is, a given name or initial and the surname, the title is listed under the *surname*. Personal-name prefixes such as *de, la, von*, etc., are considered as part of the surname and the the basis for listing. The listing is made under the next word of the title when the initial word or phrase, or abbreviation thereof, is one of the following Spanish forms or similar equivalent forms in any other language:

Compañía; Cía.; Comp.
Compañía Anónima; C. A.; Comp. Anón.
Sociedad; Soc.
Sociedad Anónima; S. A.; Soc. Anón.

(3) The indication of an address for a name on the list is not intended to exclude other addresses of the same firm or individual. A listed name refers to all branches of the business in the country.

(4) The symbols following additions to the List made with each supplement will appear in subsequent issues, including revisions, and serve to identify the issue of the List in which action to add or amend the name was taken. Thus, the symbol "III–1" means that the name was first added in Revision III, Supplement 1.

TITLE 30—MINERAL RESOURCES

Chapter III—Bituminous Coal Division

[Docket No. A-1548]

PART 333—MINIMUM PRICE SCHEDULE, DISTRICT NO. 13

ORDER GRANTING RELIEF

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 13 for the establishment of price classifications and minimum prices for the coals of certain mines in District No. 13.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 13; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 333.6 (*General prices*) is amended by adding thereto Supplement R–I, § 333.7 (*Special prices—*(a) *Prices for shipment to all railroads and for exclusive use of railroads*) is

amended by adding hereto Supplement R–II, § 333.7 (*Special prices*—(b) *Prices for shipment by railroad, applicable only for blacksmithing use for all destinations in market areas as listed*) is amended by adding thereto Supplement R–III, § 333.7 (*Special prices*—(c) *Prices for shipment by railroad, applicable to all coal sold for steamship vessel fuel*) is amended by adding thereto Supplement R–IV, § 333.24 (*General prices*) is amended by adding thereto Supplement R–V, § 333.25 (*Special prices*—(b) *Prices for shipment to all railroads for locomotive fuel, station heating, power plants and other uses*) is amended by adding thereto Supplement R–VI, § 333.34 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T–I, and § 333.43 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T–II, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

No relief is granted herein as to the coals of the Carr No. 2 Mine (Mine Index No. 1273) of W. C. Carr (Carr Coal Company) or as to the coals of the Tennessee Valley Mine (Mine Index No. 276) of R. D. Campbell (Tennessee Valley Coal Company) for the reasons set forth in an order severing that portion of Docket No. A–1548 which relates to them and designating such portion as Docket No. A–1548 Part II and scheduling a hearing therein.

No provision is made herein for shipment by river for the Nunley Mine (Mine Index No. 1597) of H. Y. Nunley, Phillips Mine (Mine Index No. 1606) of J. T. Phillips and Alexander No. 2 Mine (Mine Index No. 1631) of C. B. Alexander, which are truck mines in Tennessee, for the reason that no request for f. a. s. prices for them has been made. Free alongside prices will only be made applicable to these mines when proposed or requested in a proper 4 II (d) petition.

Dated: August 20, 1942.

[SEAL] DAN H. WHEELER, *Acting Director.*

DISTRICT No. 13

NOTE: The material contained in these supplements is to be read in the light of the classifications, prices, instructions and other provisions contained in Part 333, Minimum Price Schedule for District No. 13 and supplements thereto.

TITLE 32—NATIONAL DEFENSE

Chapter IX—War Production Board

Subchapter B—Director General for Operations

PART 1010—SUSPENSION ORDERS

[Suspension Order No. S–88]

JOSEPH POLLAK CORP.

Joseph Pollak Corporation of Boston, Massachusetts, is a manufacturer of automotive replacement parts and other items. The Company made an application under the Production Requirements Plan on Form PD–25A for the second quarter of 1942. On this application it represented that shipments having a dollar value of approximately $77,000 had been made on an A–2 preference rating during the first quarter of 1942 and that shipments having a dollar value of approximately $19,000 had been made on an A–10 preference rating during the same quarter. Almost all of these shipments were in fact made on unrated orders and, therefore, the Company's certification that such shipments had been made on orders bearing preference ratings of A–2 and A–10 constituted a wilful misrepresentation to the War Production Board in violation of Preference Rating Order P–90 and Priorities Regulation No. 1.

Based on the Company's application, a PD–25A certificate was issued to it entitling it to apply certain preference ratings specified therein to deliveries of certain quantities of steel sheets, cold rolled sheets and strips, and bronze sheets. The Company, however, applied such preference ratings to deliveries of much larger amounts of these materials and also applied a preference rating of A–1–a to the delivery of 8800 pounds of monel sheets although its PD–25A certificate did not permit it to extend any rating for such sheets. These extensions of preference ratings to obtain material in excess of the amounts authorized on Form PD–25A and to obtain other material which had not been authorized on a PD–25A certificate constituted wilful violations of Preference Rating Order P–90.

These violations of Priorities Regulation No. 1 and Preference Rating Order P–90 have hampered and impeded the war effort of the United States by diverting scarce material to uses unauthorized by the War Production Board.

In view of the foregoing facts, *it is hereby ordered:*

§ 1010.88 *Suspension Order S–88.* (a) Joseph Pollak Corporation, its successors and assigns, shall not accept delivery of, process, or fabricate any automotive replacement parts or any steel, copper, bronze, brass or monel sheets except as specifically authorized by the Director General for Operations.

(b) Joseph Pollak Corporation, its successors and assigns, shall not deliver any automotive replacement parts or any steel, copper, bronze, brass or monel sheets or products made therefrom except as specifically authorized by the Director General for Operations.

(c) Deliveries of material to Joseph Pollak Corporation, its successors and assigns, shall not be accorded priority over deliveries under any other contract or order and no preference rating shall be assigned or applied to such deliveries to Joseph Pollak Corporation by means of preference rating certificates, preference rating orders, general preference orders or any other orders or regulations of the War Production Board except as specifically authorized by the Director General for Operations.

(d) No allocation shall be made to Joseph Pollak Corporation, its successors and assigns, of any material the supply or distribution of which is governed by any order of the War Production Board except as specifically authorized by the Director General for Operations.

(e) Nothing contained in this order shall be deemed to relieve Joseph Pollak Corporation from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board except in so far as the same may be inconsistent with the provisions hereof.

(f) This order shall take effect August 30, 1942, and shall expire on February 28, 1943, at which time the restrictions contained in this order shall be of no further effect. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Issued this 28th day of August 1942.

PART 1010—SUSPENSION ORDERS

[Suspension Order S–93]

GOLD SEAL ELECTRIC SUPPLY CO.

Gold Seal Electric Supply Company is a Pennsylvania corporation with its principal place of business at 35 North Seventh Street, Philadelphia, Pennsylvania. The company is engaged in the sale of electrical supplies and fixtures and is a warehouse as defined in General Preference Order M–9–a.[1]

The Gold Seal Electric Supply Company violated General Preference Order M–9–a, as amended February 6, 1942, and May 7, 1942,[1] by making deliveries of substantial amounts of copper wire and cable on unrated orders and on rated orders which failed to bear the required preference ratings.

These violations of General Preference Order M–9–a have impeded and hampered the war effort of the United States by diverting scarce material to uses not authorized by the War Production Board. In view of the foregoing, *It is hereby ordered:*

§ 1010.93 *Suspension Order S–93.* (a) Deliveries of material to Gold Seal Electric Supply Company, its successors and assigns, shall not be accorded priority over deliveries under any other contract or order and no preference ratings shall be assigned or applied to such deliveries by means of preference rating orders, general preference orders, or any other orders or regulations of the Director General for Operations, except as specifically authorized by the Director General for Operations.

(b) No allocation shall be made to Gold Seal Electric Supply Company, its successors and assigns, of any material the supply or distribution of which is governed by any order of the Director General for Operations, except as specifically authorized by the Director General for Operations.

(c) Nothing contained in this order shall be deemed to relieve Gold Seal Electric Supply Company, from any restriction, prohibition, or provision contained in any other order or regulation of the Director General for Operations, except insofar as the same may be inconsistent with the provisions hereof.

(d) This order shall take effect August 29, 1942, and shall expire November 29, 1942, at which time the restrictions contained in this order shall be of no further effect. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 28th day of August 1942.

PART 1174—LAUNDRY EQUIPMENT, DRY CLEANING EQUIPMENT AND TAILORS' PRESSING MACHINERY

[Amendment 1 of General Limitation Order L–91, as Amended June 22, 1942]

Section 1174.1 *General Limitation Order L–91*,[1] as amended June 22, 1942, is hereby amended in the following respects:

1. Section 1174.1 (a) (3) is amended to read as follows:

(a) (3) "Distributor" means any person distributing, selling, or dealing in commercial laundry or dry cleaning machinery, or tailors' pressing machinery (whether new or second-hand) to the extent that he is engaged in such sales, dealing, or distribution, other than sales and distribution outlets controlled by a manufacturer.

2. Section 1174.1 (a) (4) is amended to read as follows:

(a) (4) "Commercial laundry machinery," "commercial dry cleaning machinery," and "tailors' pressing machinery," unless otherwise specified, include machinery of the kinds listed, from time to time, in List A attached to § 1174.1. New machinery of such kinds is machinery which has not previously been used or purchased for use. Second-hand machinery of such kinds is machinery which has previously been used or purchased for use, including rebuilt or reconditioned machinery. "Tailors' pressing machinery" shall include pressing machinery used by custom tailors or by pressing establishments, but shall not include pressing machines used in the mass production of garments or other textiles. "Commercial laundry machinery" and "commercial dry cleaning machinery" shall include machinery used in all types of laundering and cleaning establishments, such as, but not limited to, rug cleaning establishments and fur cleaning establishments, but shall not include electric hand irons, electrically heated steam irons or water spray irons, which are subject to the limitations of General Limitation Order L–65.[2]

3. Section 1174.1 (b) is amended to read as follows:

(b) *Restrictions on delivery.* Regardless of the terms of any contract of sale or purchase or other commitment, or of any preference rating certificate, no manufacturer, distributor, or other person shall accept an order for, or sell, lease, deliver, or otherwise transfer, and no person shall purchase, lease, receive delivery of, or otherwise acquire, either for use or for export, any new commercial laundry or dry cleaning machinery, or tailors' pressing machinery of any value, or any of such kinds of second-hand machinery having a value in excess of $100.00, except as follows:

(1) To fill orders for the Army or Navy of the United States, the Army or Navy of Belgium, China, Czechoslovakia, Free France, Greece, Iceland, Netherlands, Norway, Poland, Russia, Turkey, United Kingdom including its Dominions, Crown Colonies and Protectorates, or Yugoslavia; for the Maritime Commission or War Shipping Administration; or to fill orders to equip a vessel constructed for the Navy, Maritime Commission, War Shipping Administration or Lend-Lease Administration, or a cantonment or other Army or Navy base constructed for the use and operation of the Army or Navy of the United States; or to fill orders for a bag loading or other ordnance plant where the hazard is such that the above-mentioned machinery has been specified as necessary by the Army or Navy; or

(2) Upon express authorization of the Director General for Operations upon Form PD–418.

Nothing in this paragraph shall be construed to prohibit the delivery of machinery from one manufacturer or distributor to another manufacturer or distributor to fill an order, or part of an order, for machinery for use or for export if the filling of the order has been authorized on Form PD–418, or if the order was placed pursuant to the provisions of paragraph (b) (1) of this order.

4. Section 1174.1 (e) is amended to read as follows:

(e) *Non-applicability to rebuilding, reconditioning, repair or maintenance of existing equipment.* The prohibitions of paragraph (b), paragraph (d) (1) and paragraph (d) (2) hereof shall not be construed to restrict the manufacture, acquisition, sale, or delivery, in any manner, of parts to be used to rebuild, recondition, repair or maintain existing machinery, or machinery delivered under the terms of this order. The above provision for parts for rebuilding, reconditioning, repair or maintenance includes replacement parts to be used for such purposes.

5. Section 1174.1 (1) (3) is amended to read as follows:

(1) (3) On or before May 7, 1942, for the month of April, and on or before the seventh day of each month thereafter, for the preceding month, each manufacturer or distributor of commercial laundry or dry cleaning machinery, or tailors' pressing machinery shall file a monthly report on Form PD–419.

6. List A attached to § 1174.1 is amended by the insertion of the item "stills, vacuum" between "sterilizer, general" and "stretchers, trouser," by amending the item "extractor baskets" to read "extractor baskets (no-trux)," by amending "washers, metal" to read "washers, metal type," by amending "washers, metal cylinders" to read "washers, metal cylinder type," by amending "washers, wood" to read "washers, wood type," by amending "washers, wood cylinders" to read "washers, wood cylinder type," and by amending "washers, wood shells" to read "washers, wood shell type."

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 FR. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 28th day of August 1942.

PART 1227—AROMATIC PETROLEUM SOLVENTS

[General Preference Order M–150, as Amended August 29, 1942]

Section 1227.1 *General Preference Order No. M–150*[1] is hereby amended to read as follows:

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of aromatic petroleum solvents for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1227.1 *General Preference Order M–150*—(a) *Definitions.* For the purposes of this order:

(1) "Aromatic petroleum solvents" means solvents or naphthas of petroleum origin, other than benzol and toluol, containing more than 30% by volume of aromatic hydrocarbons as determined by the analytical procedure described as "Proximate Analysis of Hydrocarbon Thinners" published in the Scientific Section Circular No. 568 of the National Paint, Varnish and Lacquer Association, November, 1938, pages 381–388, and having A. S. T. M. 50% distillation point lower than 330° F. Such term also includes all grades of xylol regardless of whether derived from petroleum, coal-tar or other sources.

(2) "Producer" means any person engaged in the production of aromatic petroleum solvents and includes any person who has such materials produced for him pursuant to toll agreement.

(3) "Distributor" means any person who purchases or has purchased aromatic petroleum solvents for resale, excluding, however, any person who sells aromatic petroleum solvents only in containers of capacities of sixty (60) gallons or less.

(b) *Restrictions on use and delivery of aromatic petroleum solvents.* (1) During the period commencing August 29, 1942, the effective date of this amendment, and ending September 30, 1942, no person, subject to the provisions of paragraphs (c) and (d) hereof, shall sell or deliver any aromatic petroleum solvent except to fill orders to which preference ratings of A–2 or higher have been assigned or extended.

(2) On and after October 1, 1942, no producer or distributor shall, subject to the provisions of paragraphs (c) and (d) hereof, deliver, and no person, subject to the provisions of said paragraphs (c) and (d) shall accept delivery of or use any aromatic petroleum solvent except as specifically authorized by the Director General for Operations upon application pursuant to paragraph (f) hereof.

(3) Each person accepting delivery of any aromatic petroleum solvent pursuant to specific authorization of the Director General for Operations shall use such aromatic petroleum solvent only for the purposes specified in such authorization.

(4) Each person affected by this order shall comply with such directions as may be given from time to time by the Director General for Operations, with respect to the use or delivery by such person of any aromatic petroleum solvent.

(c) *Small order exemptions.* The restrictions provided for in paragraph (b) (1) hereof shall not apply to, and the authorization provided for in paragraph (b) (2) hereof shall not be required with respect to, the following:

(1) Use by any person of sixty (60) gallons or less of aromatic petroleum solvents in any one month;

(2) Delivery by any supplier of sixty (60) gallons or less of aromatic petroleum solvents to any one person in any one month, and the acceptance thereof by any such person, subject to the following conditions:

(i) Each supplier desiring to make small order deliveries of any aromatic petroleum solvent pursuant to this paragraph (c) (2), shall apply for authorization to make small order deliveries pursuant to paragraph (f) (2) (ii) hereof, and the aggregate amount of small order deliveries made by any supplier during any month shall not exceed the amount of deliveries which he is specifically authorized to make.

(ii) Each person seeking delivery of sixty (60) gallons or less of aromatic petroleum solvents shall file with his supplier at the time of placing his order therefor a certificate to the effect that, if the delivery covered by such order is made, the deliveree will not have received during the current month in excess of an aggregate of sixty (60) gallons of aromatic petroleum solvents: *Provided, however*, that such certificate shall not be required with respect to deliveries of five (5) gallons or less of any aromatic petroleum solvent.

(d) *Special exemption.* The restrictions provided for in paragraph (b) (1) hereof shall not apply to, and the specific authorization provided for in paragraph (b) (2) hereof, shall not be required with respect to, delivery to, or acceptance of delivery or use by, any person of any intermediate fraction for the manufacture of any aromatic petroleum solvents.

(e) *Production of aromatic petroleum solvents.* Each producer shall comply with such directions as may be given from time to time by the Director General for Operations with respect to the production of any aromatic petroleum solvent.

(f) *Applications and reports.* In addition to such other reports as may from time to time be required by the Director General for Operations:

(1) Each person seeking authorization to use or accept delivery of any aromatic petroleum solvent pursuant to paragraph (b) (2) hereof shall apply therefor on Form PD–600. Such applicant shall file with the War Production Board the original and two copies of such form on or before the 10th day of the month preceding the month for which such authorization is requested and shall file with his supplier one copy of such form on or before the 10th day of such month if the supplier is a producer or on or before the 5th day of such month if the supplier is a distributor, which form shall be prepared in the manner prescribed therein, subject to the following specific instructions:

(i) *Heading.* Specify "aromatic petroleum solvents" and order number "M–150, as amended August 29, 1942" and specify gallons as the unit of measure and in addition to specifying the delivery destination indicate the address to which communications should be directed.

(ii) *Columns 1, 11 and 19.* Specify trade name and number or letter except in the case of xylol, in which case specify "xylol" and the degree range or other common commercial identification.

(iii) *Columns 3, 20 and 22.* In the case of a distributor, specify "Resale subject to further authorization." In the case of a consumer, specify:

Paint.	Lacquer thinner.
Varnish.	Synthetic enamel reducer.
Enamel.	General solvents.
Synthetic enamel.	Dye stuffs.
Lacquer.	Intermediates.
Flameproof composition.	Other organic chemicals.
Natural rubber solution.	Other.
Synthetic rubber solution.	

[1] 7 F.R. 3887, 5352.

If "general solvents," "other organic chemicals" or "other" is specified, describe briefly.

(iv) *Column 4.* In the case of a distributor, disregard. In the case of a consumer, specify:

U. S. Army specification number.	Balloon cloth coating.
U. S. Navy specification number.	Textile finishing.
U. S. Army-Navy aircraft specification number.	Canvas treating.
U. S. Maritime Commission specification number.	Leather coating.
Other U. S. Government Agency specification number.	Artificial leather manufacture.
	Food container lining.
	Shoe manufacture.
	Other.

If "other" is specified, describe briefly.

(2) Each producer and each distributor seeking authorization to deliver any aromatic petroleum solvent shall apply therefor on Form PD–601. Such applicant shall file with the War Production Board, the original and two copies of such form on or before the 15th day of the month preceding the month for which such authorization is requested, which form shall be prepared in the manner prescribed therein subject to the following specific instructions:

(i) *Heading.* Specify "aromatic petroleum solvents" and order number "M–150, as amended August 29, 1942" and specify gallons as the unit of measure, and in addition to specifying the plant or warehouse address indicate the address to which communications should be directed. A separate form must be filed for each grade of solvent.

(ii) *Column 1.* If authorization to fill small orders under paragraph (c) (2) (i) is requested, insert "aggregate small order deliveries" in Column 1 after completing the list of customers and specify in Column 4 the aggregate amount requested to be authorized.

(iii) *Columns 3 and 8.* Specify trade name and number or letter except in the case of xylol, in which case specify "xylol" and the degree range or other common commercial identification.

(g) *Notification of customers.* Producers and distributors of aromatic petroleum solvents shall, as soon as practicable, notify each of their regular customers of the requirements of this order, but failure to give such notice shall not excuse any such person from complying with the terms hereof.

(h) *Miscellaneous provisions*—(1) *Intra-company deliveries.* The prohibitions and restrictions of this order with respect to deliveries of aromatic petroleum solvents, shall apply not only to deliveries to other persons, including affiliates and subsidiaries, but also to deliveries from one branch, division or section of a single enterprise to another branch, division or section of the same or any other enterprise under common ownership or control.

(2) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact, or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of or from processing or using, material under priority control and may be deprived of priorities assistance.

(3) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to; War Production Board, Chemicals Branch, Washington, D. C. Ref: M–150. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

PART 1238—MEN'S AND BOYS' APPAREL FOR MASCULINE LOUNGING WEAR AND CERTAIN OTHER GARMENTS

[General Limitation Order L–130]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of wool, silk, rayon, cotton, linen and other materials for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1238.1 *General Limitation Order L–130*—(a) *Definitions.* For the purpose of this order:

(1) "Boys'" means sizes 2, 4, 6, 8, 10, 12, 14, 16, 18 and 20.

(2) "Men's" means sizes small, medium, large and extra large.

(3) "Wool cloth" means any cloth containing any percentage of new wool, reprocessed wool or reused wool.

(4) "Masculine lounging wear" means men's and boys' robes, bathrobes and beachcoats.

(5) "Put into process" means the first cutting of cloth in the manufacture of any lounging wear for sale, resale, or on commission, including but not being limited to, cutting by the following: manufacturers to the trade, tailors, and home dressmakers.

(6) Measurements—Particular measurements set forth in this order shall refer to finished measurements after all manufacturing operations have been completed and the garment is ready for shipment, as follows:

(i) All measurements for length of robes, bathrobes and beachcoats for all sizes and ranges are to be made from nape of neck to bottom of finished garment. No garment shall exceed its maximum length at any point in its circumference.

(7) "Sweep" means maximum circumference of the garment.

(8) Unless otherwise expressly defined, all trade terms shall have their usual trade meaning.

(b) *Provisions with respect to finished garments, manufacture and sale of articles of masculine lounging wear.* Except as provided in paragraph (c), no person shall put into process or cause to be put into process by others for his account any cloth for the manufacture of, or sell, or deliver any masculine lounging wear:

(1) Of wool cloth, unless made by a manufacturer from fabrics owned by him or in his possession on the effective date of this order.

(2) With another garment at a unit price.

(3) With more than one pocket.

(4) With a cuff.

(5) Exceeding measurements of the following tables:

Maximum Measurements for Men's and Boys' Robes and Beachcoats

SCHEDULE A

	Men's sizes			
	Small	Medium	Large	Extra large
Length	47	49	51	53
Sweep	57	61	65	69
Hem	1	1	1	1

	Boys' sizes								
	2	4	6	8	10	12	14	16	18	20
Length	26	28	30½	35	38	42	43	45	47	48
Sweep	38	40	41	44	47	50	52	54	56	58
Hem	1	1	1	1	1	1	1	1	1	1

(c) *General exceptions.* The prohibitions and restrictions of this order shall not apply to lounging wear:

(1) When manufactured or sold for use as:

(i) Infants' and toddlers' size ranges 1 to 3;

(ii) Lounging wear for persons who, because of unusual height, abnormal size, or physical deformities, requires measurements exceeding maximum measurements of schedule A, paragraph (b) (5) for proportionate length or sweep; provided, however, that the prohibitions of paragraphs (b) (1), (2), (3) and (4) shall nevertheless apply to such lounging wear;

(iii) Historical costumes for theatrical productions; provided, however, that no masculine lounging wear manufactured or sold pursuant to this subparagraph shall be used for any purposes other than those for which it was so manufactured or sold, unless altered to conform to the provisions of this order.

(2) When manufactured for or sold to the Army of the United States, the United States Navy or the United States Maritime Commission.

(3) When manufactured in foreign countries and imported and received in customs in the United States prior to October 1, 1942.

(d) *Appeal.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of cloth conserved, or that compliance with this order would disrupt or impair a program of conversion from non-defense to defense work, may appeal to the War Production Board by letter or telegram, Reference: L–130, setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(e) *Certificate.* No person who has heretofore or shall hereafter put into process or cause to be put into process by others for his account any masculine lounging wear, shall hereafter sell such lounging wear without furnishing to his purchaser, other than an ultimate consumer, a certification, and no such purchaser shall accept delivery of such lounging wear without a certification signed by an individual duly authorized to sign for such person, in substantially the following form:

> The undersigned hereby certifies to his purchaser and the War Production Board that the masculine lounging wear covered by his invoice No. dated has been manufactured or sold in accordance with the curtailments and exceptions of General Limitation Order No. L–130.

(f) *Reports and records.* All persons affected by this order shall execute and file with the War Production Board such reports and questionnaires as may be required by said Board from time to time. The certificate required under paragraph (e) shall be retained by the vendee for a period of one year after receipt.

(g) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 29th day of August 1942.

PART 1261—LABORATORY EQUIPMENT

[Amendment 2 to Limitation Order L–144]

§ 1261.1 *Limitation Order L–144*[1] is hereby amended by adding the following sentence to paragraph (a):

The term does not include reagent chemicals which are defined as any chemical prepared and packed for reagent use in laboratories. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 29th day of August 1942.

PART 3034—MATERIALS ENTERING INTO THE PRODUCTION OF REPLACEMENT STORAGE BATTERIES FOR PASSENGER AUTOMOBILES AND LIGHT TRUCKS, MEDIUM AND HEAVY TRUCKS, TRUCK TRACTORS, TRUCK TRAILERS, PASSENGER CARRIERS AND OFF-THE-HIGHWAY MOTOR VEHICLES

[Limitation Order L–180]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of antimony, lead, tin, rubber, and other materials entering into the production of automotive replacement storage batteries used in the operation of passenger automobiles and light trucks, medium and heavy trucks, truck tractors, truck trailers, passenger carriers and off-the-highway motor vehicles, for defense, for private account, and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3034.1 *Limitation Order L–180*—(a) *Certain orders hereby superseded.* This order, Limitation Order L–180, supersedes Supplementary Limitation Order L–4–b,[2] issued April 25, 1942, and Limitation Order L–35, issued January 22, 1942, as amended.[3]

(b) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to the provisions of applicable priorities regulations, as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this order shall govern.

(1) *Protection of production schedules.* Producers under the terms of this order may, notwithstanding the provisions of Priorities Regulation No. 1 (Part 944), schedule production of automotive replacement storage batteries without regard to purchase orders or contracts placed with them for other materials on ratings lower than A–2.

(c) *Definitions.* For the purposes of this order:

(1) "Person" means any individual, partnership, association, business trust, corporation, or any organized group of persons, whether incorporated or not.

(2) "Passenger automobile" means any passenger vehicle, including station wagons and taxicabs, propelled by an internal combustion engine, and having a seating capacity of less than eleven (11) persons.

(3) "Light truck" means a complete motor truck or truck-tractor with a gross vehicle weight rating of less than 9,000 pounds, as authorized by the manufacturer thereof, or the chassis therefor.

(4) "Medium and/or heavy motor truck" means a complete motor truck or truck-tractor with a gross vehicle weight rating of 9,000 pounds or more, as authorized by the manufacturer thereof, or the chassis therefor.

(5) "Truck trailer" means a complete semi-trailer or full trailer having a load-carrying capacity of 10,000 pounds or more, as authorized by the manufacturer thereof, and designed exclusively for the transportation of property or persons, or the chassis therefor.

(6) "Passenger carrier" means a complete motor coach for passenger transportation, having a seating capacity of not less than eleven (11) persons.

(7) "Off-the-highway motor vehicle" means a motor truck, truck-tractor and/or trailer, operating off the public highway normally on rubber tires and specially designed to transport materials, property or equipment on mining, construction, logging or petroleum development projects.

(8) "Automotive replacement storage battery" means any electric storage battery, designed and built for operating a starter, ignition system, lighting system, or electrical signaling device on any passenger automobile, light, medium and heavy motor truck, truck tractor, truck trailer, passenger carrier or off-the-highway motor vehicle, and which may be used to replace a storage battery delivered as original equipment for any such vehicle. Automotive replacement storage batteries are sometimes referred to hereafter for convenience as "replacement batteries."

(9) "Rebuilt automotive storage battery" means any used automotive storage battery which has been repaired, rebuilt in part or in whole and/or recharged for sale, referred to sometimes hereafter for convenience as "rebuilt batteries."

(10) "Loan or rental storage battery" means any new automotive replacement storage battery or any used automotive

storage battery, repaired, rebuilt in whole or in part, and/or recharged to be used by any person for loaning, or renting, in order to permit the replacing, repairing, rebuilding and/or recharging of a battery.

(11) "Ampere hour capacity" means the ampere hour capacity of an automotive replacement storage battery as developed on or before the third discharge when tested at the 20-hour rate at 80 degrees Fahrenheit.

(12) "Group" means either (i) one division (of those numbered I, II, III, IV, V) of the "Table of Maximum Adjustment Units for Automobile Batteries in Passenger Car Service," as issued in 1939 by the National Battery Manufacturers Association, Inc., now known as Association of American Battery Manufacturers and referred to in paragraph (d) below as AABM; or (ii) A battery number, as shown in Table I, "Battery Classifications, Ratings and Dimensions," appearing on page 103 of the publication entitled "Storage Batteries for Motor Vehicles," issued in 1938 by the Society of Automotive Engineers, Inc., and referred to in paragraph (d) below as SAE.

(13) "Producer" means any individual, partnership, association, corporation, or other form of business enterprise engaged in the manufacture or rebuilding of automotive replacement storage batteries.

(14) "Inventory" means a stock of automotive replacement storage batteries (new and rebuilt) on hand, on consignment, or held for the account of the owner thereof in any other name, manner, or place.

(15) "Distributor" means any person not a producer whose business consists, in whole or in part of the sale from inventory of storage batteries, as defined in sub-paragraphs (8), (9) and (10) above. Distributor includes wholesalers, warehouses, jobbers, dealers, retailers and other persons performing similar functions.

(16) "Consumer" means the owner or operator of the automotive vehicle for which a replacement battery is acquired, or the user of such battery for any other purpose.

(17) "Double insulation" means, in battery construction, the use of a retaining sheet of porous or perforated material between the positive plate and the single separator.

(18) "Single insulation" means, in battery construction, the use of wood separators only.

(d) *Limitations on ampere hour capacities of replacement batteries for passenger automobiles and light trucks.* (1) On and after the effective date of this order, no producer shall manufacture any replacement batteries for passenger automobiles and light trucks except with single insulation and only in the following minimum ampere hour capacities:

AABM	SAE	Minimum ampere hour capacity 20 hour rate 80° F.
Group	*Group*	
I	1M	80
I	1H	90
I		100
IS		90
IS	2L	100
(E-116) (11E-125)	2ME	110
IIH F (Ford)		100
(II-115)	(2M-105) (2H-116)	110
IIS	3L	110
III	3M (3H-133)	120
(Special 12 Volt)		45-50

(2) Notwithstanding the limitations on insulation of replacement batteries specified in paragraph (d) (1) above, a producer may manufacture one (1) model with double insulation in not more than three of the above groups.

(3) From Groups IV and V of AABM, or from Groups 4H and 5H of SAE, a producer may manufacture only one battery in each group. However, such batteries may be constructed either with single or double insulation.

(e) *Limitations on ampere hour capacities and container sizes of replacement batteries for medium and heavy trucks, truck tractors, truck trailers, passenger carriers and off-the-highway motor vehicles.* (1) On and after September 30, 1942, other than as permitted in sub-paragraph (2) below, no producer shall manufacture any replacement batteries for medium and heavy trucks, truck tractors, truck trailers, passenger carriers and off-the-highway motor vehicles except one (1) in each size within the following minimum-maximum ampere hour capacities and minimum-maximum container sizes:

	Ampere hour capacity 20-hour rate 80° F.		Volts	Container sizes					
				Long		Wide		High	
	Minimum	Maximum		Minimum	Maximum	Minimum	Maximum	Minimum	Maximum
				For batteries with double insulation					
Size A	155	165	6	16	16¾	7¾	7¾	9¼	11
Size B	195	230	6	19¾	20½	7¾	7¾	9¼	11
Size C	235	245	6	22¼	23½	7¾	7¾	9¼	11
Size D	385	395	6	21½	22	10¾	10¾	12	12½
Size E	95	105	12	17½	18	7½	8	9¼	11
Size F	95	105	12	19¾	21½	7¾	7¾	9¼	11
Size G	115	125	12	20¾	21½	8½	9	9¼	11
Size H	135	145	12	20¾	21½	9	10	9¼	11
Size I	155	165	12	20¾	21½	10¾	11¾	9¼	11
				For batteries with single insulation					
Size J	195	205	6	16	16¾	6¾	7½	9	10¾
Size K	335	345	6	25	25½	7¾	7¾	9¼	11¾
Size L	140	155	12	20¾	21½	8½	9	9¼	11
Size M	150	170	12	20¾	21½	9	10	9¼	11
Size N	180	205	12	20¾	21½	10¾	11¾	9¼	11

(2) Producers may manufacture replacement batteries in capacities and sizes other than as specified in sub-paragraph (1) of this paragraph (e) only from materials on hand at the effective date of this order, provided:

(i) No additional material is required;

(ii) Such material cannot be consumed without change in form in manufacturing replacement batteries of the capacities and sizes specified in sub-paragraph (1) above;

(iii) Replacement batteries so produced be included in the number authorized for production in the periods specified in paragraph (f) below.

(f) *Restrictions on production of replacement batteries for passenger automobiles, light, medium and heavy trucks, truck tractors, truck trailers, passenger carriers and off-the-highway motor vehicles.* (1) During the period commencing July 1, 1942, and ending September 30, 1942, no producer of replacement batteries shall manufacture more than forty-five (45%) percent of the number of such batteries sold by him during the base period July 1, 1941, to December 31, 1941.

(2) During the period commencing July 1, 1942, and ending December 31, 1942, no producer of replacement batteries shall manufacture more than ninety (90%) percent of the number of such batteries sold by him during the base period July 1, 1941, to December 31, 1941.

(g) *Restrictions on inventories of producers of automotive replacement batteries.* (1) On and after October 1, 1942, no producer shall have in inventory on the first day in any month a stock of replacement batteries and rebuilt batteries as defined in paragraph (c) (8) and (9) above, in excess of the number of batteries sold by him during the sixty (60) day period in 1941 corresponding to the sixty (60) day period following the date of the inventory.

(h) *General restrictions*—(1) *Certificate of compliance required.* No distributor shall order and no distributor or producer shall deliver replacement batteries to a distributor unless each order (or written confirmation thereof, if such order is placed by telephone or telegraph) is accompanied by a certificate in the following form:

Certificate of Compliance with Order L–180

The quantity of replacement batteries on the attached purchase order does not exceed the quantity which I am entitled to order under the provisions of Limitation Order L–180, with the terms of which I am familiar.

(Signed) _____
Firm, partnership or corporation
By _____
Title of individual
_____
Address of firm, partnership or corporation

A copy of each such certificate must be retained by the seller as part of his records.

(2) *Return of used batteries.* On and after the effective date of this order, no producer or distributor shall sell or deliver a new or rebuilt replacement battery to any consumer unless such consumer delivers to the seller concurrently with his purchase one used battery of the same size or larger for each replacement battery delivered to such consumer. The provisions of this paragraph (h) (2) shall not apply to any Federal or Territorial department, bureau or agency, State or political subdivision thereof, which is forbidden by law from making such disposal of used batteries.

(3) *Consumer's certificate.* Notwithstanding the provisions of paragraph (h) (2) above, a producer or distributor may sell and deliver a replacement battery to a consumer without receiving a used battery in exchange therefor, provided that: (i) The producer or distributor does not install such replacement battery in the consumer's vehicle; and (ii) the consumer signs and delivers to the producer or distributor with each purchase order (or written confirmation thereof if such order is placed by telephone or telegraph) a certificate in the following form:

Consumer's Certificate

I hereby certify that: (a) the replacement battery specified on this order is essential for the operation of a vehicle I now own or operate; (b) the replacement battery will be used only to replace a battery, which to the best of my knowledge, cannot be economically reconditioned; and (c) I will within thirty (30) days after receiving the replacement battery here ordered, dispose of through scrap channels, a used automotive battery of similar size for each replacement battery delivered to me.

(Signed) _____
Vehicle owner or operator
(Address) _____

A copy of each such certificate must be retained by the producer or distributor as part of his records.

(i) *General restrictions on inventories.* (1) No distributor shall accept delivery of any replacement batteries and/or rebuilt batteries, which in combination with his existing inventory will aggregate more than a sixty (60) day supply. In any month, a sixty (60) day supply means the aggregate number of replacement batteries and rebuilt batteries sold during the corresponding month in 1941 plus the number sold in the next succeeding month in 1941.

(2) No producer or distributor may keep in his possession, or under his control for a period of more than thirty (30) days any metal-containing parts of any used, traded-in, imperfect or condemned replacement battery or rebuilt battery for the purpose of repairing or rebuilding the same, or for any other purpose, but must dispose of such parts through customary disposal or scrap channels.

(j) *Exceptions to applicability of this order.* The limitations and prohibitions contained in this order shall not be applicable to the manufacture, sale or delivery of replacement batteries under contract or orders for delivery to or for the account of:

(1) The Army or Navy of the United States, the United States Maritime Commission, the War Shipping Administration, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Administration, the National Advisory Committee for Aeronautics, the Office of Scientific Research and Development;

(2) The government of any of the following countries: Belgium, China, Czechoslovakia, Free France, Greece, Iceland, Netherlands, Norway, Poland, Russia, Turkey, United Kingdom, including its Dominions, Crown Colonies and Protectorates, and Yugoslavia;

(3) Any agency of the United States Government, for delivery to, or for the account of, the government of any country listed above, or any other country, including those in the Western Hemisphere, pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States." (Lend-Lease Act)

(k) *Records.* Every person to whom this order applies shall keep and preserve for a period of not less than two years accurate and complete records of his inventories, production and sales.

(l) *Audit and inspection.* All records required to be kept by this order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(m) *Reports.* All persons affected by this order shall execute and file with the War Production Board such reports and questionnaires as said Board shall from time to time require.

(n) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact, or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, materials under priority control and may be deprived of priorities assistance by the Director General for Operations.

(o) *Appeals.* Any person affected by this order who considers that compliance herewith would work an exceptional and unreasonable hardship upon him, may appeal by letter to the War Production Board, Automotive Branch, Ref: L–180, setting forth pertinent facts and the reasons such person considers that he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(p) *Communications to the War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall unless otherwise directed, be addressed to: War Production Board, Automotive Branch, Washington, D. C., Ref: L–180.

(q) *Effective date.* This order shall take effect immediately. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E. O. 9040, 7 F.R. 527; E. O. 9125, 7 F.R. 2719; sec. 2(a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

PART 3062—CONSERVATION OF NEW AUTOMOTIVE VEHICLES SUBJECT TO RATIONING BY FEDERAL AGENCIES

[Conservation Order M-216]

§ 3062.1 *Conservation Order M-216*—(a) *Findings of fact with respect to reserve vehicles.* Approximately 393,000 new passenger automobiles and 130,000 new commercial motor vehicles are in the possession of or under the control of producers, distributors, dealers, sales agencies and finance agencies throughout the United States. These vehicles, hereinafter referred to as "reserve vehicles," are now held for ultimate use in the prosecution of the War through rationing procedures, established as to passenger automobiles by General Conservation Order M-130, effective June 8, 1942, and by Office of Price Administration New Passenger Automobile Rationing Regulations, Order No. 2A, effective March 2, 1942, and as to new commercial motor vehicles by General Conservation Order M-100, effective March 9, 1942. In view of the discontinuance of production, the stock of reserve vehicles herein referred to constitutes the total available supply of such vehicles in the United States. They are urgently needed for war purposes and for the maintenance of the industrial economy of the nation. The maintenance of these vehicles in prime mechanical condition is indispensable to their full utilization for the war purposes for which they are being reserved. These reserve vehicles can be maintained in prime mechanical condition provided conservation operations are performed upon them as set out in the Standards for Maintenance of New Automotive Vehicles, incorporated herein as Schedule 1.

(b) *Statement of policy with respect to requisitioning reserve vehicles.* The standards for maintenance of new automotive vehicles set out as Schedule 1 to this order and made part thereof, are hereby adopted for the maintenance of reserve vehicles in storage in the possession of or under the control of producers, distributors, dealers, sales agencies and finance agencies. It is declared to be the policy of the War Production Board to require that all reserve vehicles be maintained in accordance with the said standards for maintenance. In order to effectuate this policy and to render all reserve vehicles available for war purposes and for the maintenance of the essential industrial economy, it is further declared to be the policy of the War Production Board to exercise its powers of requisition under existing law, and to seize reserve vehicles in the possession of producers, distributors, dealers, sales agencies and finance agencies, whenever it is found by the War Production Board or any federal agency acting in its behalf, that the mechanical condition of such vehicles has been impaired, or is threatened with impairment, due to failure on the part of the person in possession or control to comply with the Standards for Maintenance.

(c) *Reports on reserve vehicles required.* Every person in possession of reserve vehicles shall file with the Automotive Branch, War Production Board, Washington, D. C., Ref: Order M-216, a report of the condition of such vehicles on Form PD-641. The initial report shall be as of October 1, 1942, and shall be filed not later than October 10, 1942. Subsequent reports shall be filed thereafter at intervals of six months.

(d) *Definitions.* For the purposes of this order:

(1) "Reserve vehicle" means any of the following vehicles which have not been sold or otherwise disposed of under the rationing procedures of the War Production Board or the Office of Price Administration referred to in paragraph (a) above, and which are in storage in the possession of or under the control of producers, distributors, dealers, sales agencies and finance agencies throughout the United States:

(i) Any 1942 model passenger automobile, built upon a standard or lengthened passenger car chassis, having a seating capacity of not more than ten (10) persons, irrespective of the number of miles it has been driven, or any other such passenger automobile of an earlier model which has been driven less than 1,000 miles, including taxis, but not including ambulances, hearses and station wagons.

(ii) Any new commercial motor vehicle, including any light, medium or heavy motor truck, truck tractor or trailer, or the chassis therefor, or any chassis on which a bus body is to be mounted, and which was manufactured subsequently to July 31, 1941; was designed to be propelled or drawn by mechanical power for use on or off the highways for transportation of property, or persons; was manufactured otherwise than under specifications of the United States Army or Navy; has not been transferred to any person other than a sales agency for the purpose of resale; including vehicles of the following types: trucks, truck chassis, truck tractors, off-the-highway motor vehicles, full-trailers, semi-trailers, dollies, attachment third axles, ambulances, hearses, bus chassis, station wagons, carry-all suburbans, sedan deliveries, utility sedans, coupes fitted with pickup boxes, and cab pickups, but not including taxicabs and integral type buses.

(2) "Producer" means any person who manufactures, or has in the past manufactured, any reserve vehicles and now or hereafter has any such reserve vehicles in his possession or under his control.

(3) "Distributor" means any person other than the manufacturer regularly engaged in the business of selling reserve vehicles to dealers.

(4) "Dealer" means any person regularly engaged in the business of offering reserve vehicles for sale at retail to the public.

(5) "Sales agency" means any distributor or dealer and includes any agency or branch of a producer which sells reserve vehicles.

(6) "Finance agency" means any person regularly engaged in the business of financing or making loans, on the security of reserve vehicles, to producers, distributors, dealers or sales agencies, and who now or hereafter has any lien or any claim against any such reserve vehicle as security for a loan or other financing arrangement.

(7) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(e) *Records.* All records required to be kept and reports required to be made under this order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(f) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of or from processing or using, material under priority control and may be deprived of priorities assistance.

(g) *Communications.* All reports required by this order and all communications concerning this order shall be addressed to: War Production Board, Automotive Branch, Washington, D. C. Ref: Order M-216.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Director General for Operations.

[Schedule I to Conservation Order M-216 Issued August 29, 1942]

STANDARDS FOR MAINTENANCE OF NEW AUTOMOTIVE VEHICLES

The following Standards for Maintenance are established for the preservation and care of new passenger automobiles and new commercial motor vehicles while in storage in the possession of or under the control of producers, distributors, dealers, sales agencies, and finance agencies. These vehicles, as defined below, are termed for convenience "reserve vehicles." While set up primarily for the servicing of reserve vehicles, the Standards for Maintenance are equally appropriate for the preservation of similar vehicles whenever the same are to be kept in storage.

Vehicles to Which Standards Are Applicable

The reserve vehicles to which these Standards for Maintenance apply are those new passenger automobiles and new commercial motor vehicles held subject to rationing under orders of the War Production Board and the Office of Price Administration, as to passenger automobiles by General Conservation Order M-130, effective June 8, 1942, and by Office of Price Administration New Passenger Automobile Rationing Regulations, Order No. 2A, effective March 2, 1942, and as to new commercial motor vehicles by General Conservation Order M-100, effective March 9, 1942, while in storage, in the possession of or under the control of producers, distributors, dealers, sales agencies or finance agencies. They are defined as follows:

1. *Any 1942 Model Passenger Automobile,* built upon a standard or lengthened passenger car chassis having a seating capacity of not more than ten (10) persons, irrespective of the number of miles it has been driven, or any other such passenger automobile of earlier model which has been driven less than 1,000 miles, including taxis, but not including ambulances, hearses and station-wagons.

2. *Any New Commercial Motor Vehicle,* including any light, medium or heavy motor truck, truck tractor or trailer, or the chassis therefor, or any chassis on which a bus body is to be mounted, and which was manufactured subsequently to July 31, 1941; was designed to be propelled or drawn by mechanical power for use on or off the highways for transportation of property, or persons; was manufactured otherwise than under specifications of the United States Army or Navy; has not been transferred to any person other than a sales agency for the purpose of resale; including vehicles of the following types:

Trucks, truck chassis, truck tractors, off-the-highway motor vehicles, full-trailers, semi-trailers, dollies, attachment third axles, ambulances, hearses, bus chassis, station wagons, carry-all suburbans, sedan deliveries, utility sedans, coupes fitted with pickup boxes, and cab pickups, but not including taxicabs and integral type buses.

Standards for Maintenance—New Passenger Automobiles and Commercial Motor Vehicles

(These Standards for Maintenance correspond with those of the Revised Price Schedule #85 issued by the Office of Price Administration.)

General Instructions

1. All reserve vehicles must be stored indoors. Select a clean, dry building suitable for the storage of new passenger automobiles and commercial vehicles. Cover all openings through which animals and birds may enter storage space. Prevent water leakage. Remove loose dirt and whitewash lime.

2. Allow sufficient space between vehicles for accessibility to perform all specified maintenance operations.

3. The operations specified under the heading "Maintenance Operations" are of two categories: "Initial" operations, which if not already performed, are to be performed, and "Repeat" operations, which must be performed at intervals of six months, or when necessary, as indicated below.

No.	When to be done	Item	Maintenance operations
#*1	Initial and whenever necessary.	Vehicle	(a) Thoroughly wash vehicle; remove all foreign substances, mud, dirt, grease spots, oil, tar. (b) Check paint, touch up all exposed metal surfaces to prevent rust.
*2	Initial	Windshield wiper	Remove blades; store in glove compartment.
*3	Initial and every six months.	Upholstery and floor coverings.	(a) Clean and moth-proof all upholstery, including seat cushions, seat backs, side walls, headlinings, floor mats and carpets.
	Initial		(b) After moth-proofing upholstery, protect it from direct sunlight, except when on display in customary display room, by one of the following methods: (1) Cover all openings through which light may enter storage space. (2) Cover the inside of all car windows and windshields with paper, using masking tape. (3) Cover the car with a paper or cloth cover. (4) Completely cover all upholstery with paper, using masking tape.
	Initial		(c) Place floor mats in their normal position on floor, not rolled up.
*4	Initial and whenever necessary.	Chrome plated surfaces.	Thoroughly wash and clean all Chrome plated surfaces with clear water; when dry, apply a coating of light oil, liquid wax, or special preparations; wipe off until no excess oil or wax appears on the surface of the Chrome.
†	Initial	Convertible tops	With respect to convertibles, see that the tops are up and leave the shipping cover over the top, or cover it with paper, using masking tape.
*6	Initial	Engine	(a) Drain engine oil and refill crank case with at least ½ charge of rust-inhibiting oil. (b) Run engine for 5 minutes at idle speed or about 1,000 R. P. M. Leave this oil in engine.
*7	Initial	Fuel system and carburetor.	(a) Drain gasoline tank completely and replace filler cap to exclude dust. (b) Run engine until all gasoline is consumed.
*8	Initial	Spark plugs	Remove spark plugs. Inject 2 ounces of rust-inhibiting oil into each cylinder when piston is on the power stroke. Slowly turn engine over a few revolutions with starter. Replace spark plugs.
*9	Initial	Valve compartment (overhead valve engines).	Remove cover. Spray rust-preventive compound or S. A. E. 10-W on mechanism and inside cover, or pack with oil soaked rags. Replace cover.
*10	Initial	Seal engine	Seal the engine. This can be done in the following manner: Remove engine oil filler tube cover and crank case breather cover, if there is one, and seal the openings. Also seal the air cleaner, tail pipe, and any other openings into the engine. Tubes or pipes can be sealed satisfactorily by covering with a small piece of oiled or waxed paper, gathering the edges of the paper around the tube and tying them with a cord. The air cleaner can be sealed conveniently by covering with a paper bag and tying a cord around it at the solid part on the engine side of the air intake openings. Sealing the engine to a large extent prevents air moisture from entering the engine. NOTE.—Since no provision has been made for turning the engine over at regular intervals, it is absolutely essential that the recommended procedure for conserving the engine be followed carefully.
*11	Initial	Battery removal	(a) Remove the battery and store it in a cool place near recharging equipment, to facilitate servicing. Clean battery connections and wipe with light grease.

NOTE: (1) All Maintenance Operations and storage requirements are applicable to new passenger automobiles. (2) Symbol (*) indicates Maintenance Operations applicable to new commercial motor vehicles except trailers, third axles and dollies. (3) Symbol (#) indicates Maintenance Operations applicable to trailers, third axles and dollies.

No.	When to be done	Item	Maintenance operations
*11	Initial	Battery removal	(b) If dealer has portable battery charging equipment, he may elect to leave battery in car. In either case battery must be maintained as per Item 12 below.
*12	Initial and as specified under "Maintenance operations."	Battery maintenance	(a) Check the specific gravity at regular intervals of six weeks, except in extremely hot weather when inspection periods should be cut to three weeks. (b) Check and correct water level at each inspection and recharge batteries as necessary to bring gravity reading to 1.280 or above. In no case should the specific gravity be allowed to fall below 1.220. These specific gravity readings are given for batteries at 60° F. air temperature.
*13	Initial	Cooling system	Completely drain cooling system including radiator, cylinder block, pump, heater, hose and all water connections. Leave system dry. NOTE: If coolant contains anti-freeze and rust-inhibiting solution, it may be left in the cooling system.
*14	Initial	Brakes	Leave all brakes in released position.
*15	Initial	Clutch	Block the pedal of dry clutches in partially disengaged position. It is not necessary to disengage other type clutches.
*16	Initial and as specified under maintenance operations.	Tires	Jack up vehicle in storage location taking weight off the tires. Maintain the air in tires between ½ and ⅔ operating pressure so that vehicles can be pushed or towed out quickly if necessary in an emergency. Tension in cords will be relieved by lowered pressure.
*17	Initial and, if necessary, every six months where applicable.	Hood latches, hinges, brake connections.	Lubricate with light oil all hood latches, hinges, and brake connections.
*18	Initial where applicable	Doors and windows	(a) Close all doors and windows tightly. (b) Close all vent-panes. (c) Leave cowl ventilator open (if screened).

NOTE.—Materials called for in the performance of these Maintenance Operations such as oils, wax and rust-inhibitor, should be of a grade recommended by the vehicle manufacturer.

PART 933—COPPER

[Amendment 6 to Conservation Order M-9-c as Amended May 7, 1942]

ORDER CURTAILING THE USE OF COPPER IN CERTAIN ITEMS

Section 933.4 *Conservation Order M-9-c*[1] is hereby amended in the following respects:

By amending the "Military Exemption List" to be and read as follows:

Military Exemption List of Copper Conservation Order M-9-c as amended May 7, 1942.

Air conditioning equipment (except for comfort use).

Bakery equipment (parts necessary for conducting electricity or where the use of Copper Products or Copper Base Alloy Products is essential to the proper functioning of the parts). For hot water heaters, tanks and coils see below on this List.

Bells (for use on board ship).

Binoculars.

Boxes, cans, jars and other containers (for radio and communication equipment and for powder charges).

Carbonated beverage dispensing units for use on board ship (functional parts subject to corrosive action or which come in contact with food, only).

Conduits and pipe (for radio and electrical communication equipment).

Chronometer and watch cases.

Dishwashing machines.

Fans (parts necessary for conducting electricity, only).

Field ranges and ski stoves.

Floats for liquid level control (for use in aircraft and on board ship).

Furniture hardware (for use within magnetic circle on board ship).

Hoists, for handling powder, projectiles and explosives (for use on board ship).

Hot water heaters, tanks and coils for hospital, laundry and bakery projects.

Insect screens and screening.

Kitchen utensils, devices, machines and appliances (parts necessary for conducting electricity or which come in contact with food or where the use of Copper Products or Copper Base Alloy Products is essential to the proper functioning of the parts).

Ladders and stairs, for use in gasoline stowage spaces on board ship (treads, only).

Lanterns, gasoline (generators, valves and controls, only).

Laundry equipment, for use on board ship (parts necessary for conducting electricity or where the use of Copper Products or Copper Base Alloy Products is essential to the proper functioning of the parts). For hot water heaters, tanks and coils see above on this List.

Laundry equipment, mobile, for field use (parts necessary for conducting electricity or where the use of Copper Products or Copper Base Alloy Products is essential to the proper functioning of the parts). For hot water heaters, tanks and coils see above on this List.

Lights, lamps and accessories (for use in aircraft and on board ship).

Locks and latches (for use on board ship).

Name, identification and medal plates of a gauge of .03125 inch or less (for use in aircraft and on board ship).

Paint (for ship bottoms and flying boat hull bottoms).

Photographic equipment and supplies.

Pins for hinges (for use on board ship).

Prescription scales (health supplies).

Reflectors (for use on board ship, in aircraft searchlights and recognition lights and in hospital operating room lights and therapeutic lights).

Safety lamps, flame (for use on board ship and for use in other places where there is danger of explosion).

Shells and caps for electric sockets (for use in aircraft and on board ship).

Soda fountain equipment for use on board ship (functional parts subject to corrosive action or which come in contact with food, only).

Telescopes.

Unions and union fittings (for use on board ship).

Valve handles (for use within magnetic circle on board ship).

Valves (for use on board ship).

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

[Interpretation 1 to Priorities Regulation 12]

The following official Interpretation is issued with respect to Priorities Regulation No. 12 (§ 944.33)[1]:

Paragraph (d) (2) (i) of Priorities Regulation No. 12 as amended, which permits a PRP unit to rate or rerate its purchase orders, in accordance with a pattern of ratings which it determines in the manner set forth in that paragraph, specifically excludes from the definition of purchase order materials for plant improvement, expansion and construction. Accordingly, even though a PRP unit has calculated a new rating pattern pursuant to Priorities Regulation No. 12, and intends to apply it to purchase orders for materials which it will manufacture, it is not permitted to apply the new pattern to purchase orders for materials for the improvement, expansion, or construction of its own plant. In order to obtain higher ratings for such materials, it must obtain a new or amended Preference Rating Certificate or Order, or a rerating Direction on Form PD-4X.

PART 950—CUTTING TOOLS

[General Preference Order E-2-b]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of cutting tools for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense.

§ 950.3 *General Preference Order E-2-b*—(a) *Definitions.* For the purposes of this order:

(1) "Producer" means any individual, partnership, association, business trust, corporation, or any organized group of persons, whether incorporated or not, engaged in the production of cutting tools.

(2) "Cutting tools" means the following types of carbon or alloy steel tools designed for cutting metals, whether of standard or special design and including those having inserted or brazed edges made with cemented carbide or hard-alloy tips:

Cut thread taps.
Ground thread taps.
Threading dies.
Straight shank drills (including long set drills).
Taper shank drills.
Combined drills and countersinks.
Ship plate countersinks.
Counterbores (all types).
Hand reamers and taper pin reamers.
Inserted blade reamers and blades.
Bridge and car reamers.
All other machine reamers.
Circular saws.
Form cutters (including gear cutters and thread hobs).
Hobs-ground and unground.
Other gear tooth generating cutters and tools.
Gear finishing tools.
Inserted tooth milling cutters and blades.
All other milling cutters.
Form tools—Flat and circular.
Rotary files.
Chasers.
Round broaches.
Flat broaches.
Spline broaches.
All tool bits except those produced by producers of steel.
Cut off blades.
Router bits.
Solid boring bars and boring tools.
Inserted boring bars and boring tools.
Machine knives.
Shear knives.

(3) "Special cutting tool" means any cutting tool of a type or size not listed in a producer's catalogue as of June 1, 1942.

(4) "Total monthly production" means the total dollar value of each type of cutting tool, including both special and standard tools of that type, to be scheduled for production in any given month by a producer. In calculating total monthly production any producer using cutting tools of his own manufacture in his production of cutting tools or machine tools, or using cutting tools of his own manufacture for original tooling on machine tools being produced by him, shall exclude the value of such cutting tools to be scheduled for production in such month.

(5) "Special cutting tools required for original tooling" means those special cutting tools required as a part of the tooling for a new or rebuilt machine tool, or for a machine tool which is being adapted to an operation different from that in which it was previously employed, in order to make such machine tool usable in production for the purposes intended and may in no event exceed three sets of special cutting tools of the same type and size.

(6) "Continental United States" means the territory comprising the several States and the District of Columbia.

(b) *Scheduling of total monthly production.* Commencing with the month of October, 1942, and every month thereafter each producer shall schedule his total monthly production as follows:

(1) 10 per cent of his total monthly production of each type of cutting tool specified in paragraph (a) (2) shall be scheduled for delivery against purchase orders for that type of special cutting tool required for original tooling, subject to the following provisions:

(i) No purchase order shall be scheduled pursuant to paragraph (b) (1) unless it has been received 45 or more days prior to the 1st day of the month in which it is being scheduled for delivery and unless it bears the following endorsement:

All cutting tools specified on this purchase order are special cutting tools required for use by the undersigned for original tooling, or for resale for such use. Their delivery will not at any time effect an increase of such cutting tools in the undersigned's inventory beyond a ninety-day supply, except as permitted in paragraph (d) (3) of General Preference Order No. E-2-b with the terms of which the undersigned is familiar.

Name and Address of Purchaser

Authorized Signature

(ii) The sequence of deliveries on purchase orders bearing the above endorsement, within the percentage limitation on orders which may be filled in any given month pursuant to such endorsement, shall be scheduled according to the terms of Priorities Regulation No. 1 and other applicable priorities regulations.

(iii) Purchasers of special cutting tools who have placed their purchase orders prior to September 15, 1942, and who are entitled to obtain their special cutting tools pursuant to paragraph (b) (1) may apply the endorsement herein specified to their existing purchase orders by mailing a letter on or before September 15, 1942, to the producer stating the date and number of the purchaser's order and setting forth the required endorsement.

(iv) Any portion of the percentage set forth in paragraph (b) (1) which has not been taken up by purchase orders properly endorsed hereunder shall be scheduled for delivery against other purchase orders in accordance with paragraph (b) (2) hereof.

(2) Ninety percent of his total monthly production of each type of cutting tool specified in paragraph (a) (2), together with any portion of the percentage stated in paragraph (b) (1) which has not been taken up by purchase orders properly endorsed thereunder, shall be scheduled for delivery against other purchase orders received by such producer subject to the following provisions:

(i) No purchase order shall be scheduled pursuant to paragraph (b) (2) unless such purchase order bears either the endorsement specified in subparagraph (b) (2) (ii) hereof, or the following endorsement:

The delivery of the cutting tools specified in this purchase order will not at any time effect an increase of such cutting tools in the undersigned's inventory beyond a 90-day supply, except as permitted in paragraph (d) (3) of General Preference Order No. E-2-b, with the terms of which the undersigned is familiar.

(ii) Purchase orders for special cutting tools required by any prime or subcontractor of the Army, Navy, Maritime Commission, or War Shipping Administration as a result of a change in design or other alteration in the specifications of the product being produced by such prime contractor or subcontractor shall be given preference over all other purchase orders scheduled pursuant to paragraph (b) (2). No such purchase order shall be given such preference unless it has been received 15 or more days prior to the 1st day of the month in which such purchase order is being scheduled for delivery and unless it bears the following endorsement:

All cutting tools specified on this order are special cutting tools required by the undersigned as a result of change in design or other alteration in the specifications of the product being produced by a prime or subcontractor of the Army, Navy or Maritime Commission. Their delivery will not at any time effect an increase of such cutting tools in the undersigned's inventory beyond a 90-day supply, except as permitted in paragraph (d) (3) of

(iii) Except as otherwise provided in paragraph (b) (2), the sequence of deliveries of purchase orders scheduled pursuant to paragraph (b) (2), within the percentage limitation on orders which may be filled pursuant thereto, shall be scheduled according to the terms of Priorities Regulation No. 1 and other applicable priorities regulations.

(iv) Purchasers of cutting tools who have placed their purchase orders prior to September 15, 1942, and who are entitled to obtain such cutting tools pursuant to paragraph (b) (2) may apply to their existing purchase orders the endorsement herein specified for such purchase orders by mailing a letter on or before September 15, 1942, to the producer stating the date and number of the purchaser's order and setting forth the required endorsement.

(c) *Effect of endorsement.* Any endorsement made pursuant to this order shall constitute a representation to the seller and to the War Production Board of the truth of the facts therein set forth, upon which the seller shall be entitled to rely unless he knows or has reason to believe the same to be false.

(d) *Restriction on sales and purchases of cutting tools.* (1) Except as provided in (d) (1) (i) and (ii) below, no person shall sell or deliver, nor shall any person buy or accept delivery of, any cutting tools except pursuant to a preference rating of A-9 or higher, or except pursuant to specific permission of the Director General for Operations.

(i) Purchase orders for special cutting tools carrying a rating of A-10 received prior to the date of this order may be completed and delivered.

(ii) Cutting tools produced from steel other than high speed steel as defined in General Preference Order N-14, as amended, which cutting tools do not have inserted or brazed edges with cemented carbide or hard-alloy tips, may be purchased, sold and delivered pursuant to a rating of A-10 or higher.

(2) No person shall sell or deliver, nor shall any person buy or accept delivery of any cutting tools, unless the purchase order for such cutting tools has endorsed thereon the endorsement specified for such purchase order in this order.

(3) No person shall buy or accept delivery of any cutting tools, the delivery of which will at any time effect an increase in the purchaser's inventory thereof beyond a 90-day supply: *Provided, however,* That deliveries of cutting tools, pursuant to the following designated types of purchase orders, shall be permitted to effect such an increase:

(i) Purchase orders for a quantity which is the producer's minimum practicable manufacturing quantity.

(ii) Purchase orders placed by any procurement agency of the United States pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act).

(iii) Purchase orders placed by the Army, Navy or Maritime Commission for cutting tools required for bases or supply depots outside the continental United States, or for bases or supply depots within the continental United States which are maintained for emergency purposes or to supply such bases or supply depots outside the continental United States.

(iv) Any other purchase order specifically excepted from this restriction by the Director General for Operations.

(4) In no event shall any person sell or deliver to the same purchaser, nor shall any person buy or accept delivery from one or more sellers of, more than three sets of special cutting tools of the same type and size pursuant to paragraph (b) (2) (ii) hereof, by reason of any single change in design or other alteration in the specifications of the product being produced by a prime or subcontractor of the Army, Navy or Maritime Commission.

(e) *Continuance of present schedules.* Present schedules of production and delivery of cutting tools as established by Priorities Regulation No. 1 and other applicable regulations shall be continued until October 1, 1942 subject to the restrictions on sales and deliveries thereof contained in paragraph (d) (1) hereof. Thereafter production and delivery shall be scheduled in accordance with this order: *Provided, however,* That present schedules on purchase orders placed by the Procurement Division of the United States Treasury for shipment to the U. S. S. R. shall be maintained notwithstanding priorities regulations or any other provision of this order if the delivery schedules for such order have been established by a specific letter to the producer from the Director General for Operations or his predecessor, the Director of Industry Operations.

(f) *Allocation of cutting tool capacity in emergencies.* Notwithstanding the provisions of this order, the Director General for Operations may allocate to any purchaser, or may order any cutting tools scheduled for production and delivery at a specific time for a specific purchaser. No person other than the Director General for Operations may give any directions concerning sequence of production or deliveries of cutting tools.

(g) *Supplementary Order E-2-a superseded.* This order supersedes Supplementary Order E-2-a issued on August 28, 1941 and all amendments thereto.

(h) *Reports.* Each person to whom this order applies shall execute and file with the War Production Board such reports and questionnaires as said Board shall from time to time require.

(i) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(j) *Appeal.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of material conserved, or that compliance with this order would disrupt or impair a program of conversion from non-defense to defense work, may appeal to the Director General for Operations by addressing a letter to the War Production Board, Washington, D. C., Ref: E-2-b, setting forth the pertinent facts and the reasons he considers he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(k) *Communications to War Production Board.* All reports required to be filed hereunder, and all comunications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Tools Division, Washington, D. C., Ref: E-2-b.

(l) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time.

PART 1047—PETROLEUM MATERIAL CONSERVATION

[Supplementary Order M-68-5]

OIL WELLS IN ILLINOIS, INDIANA, KENTUCKY

General Exception authorized by paragraph (c) (10) of Conservation Order M-68,[1] as amended.

Whereas immediate production of large quantities of oil in the State of Illinois and portions of the States of Indiana and Kentucky is necessary for the continued effective operation of industries engaged in vital war production and for essential civilian uses;

Now, therefore, it is hereby ordered that:

§ 1047.10 *Supplementary Order M-68-5*—(a) *Definitions.* The definitions of Conservation Order M-68, as amended from time to time, shall apply in this order.

[1] 6 F.R. 6687; 7 F.R. 281, 601, 903, 1088, 3806, 4760.

(b) *Oil wells drilled in the State of Illinois and portions of the States of Indiana and Kentucky.* The provisions of paragraph (b of Conservation Order M-68, as amended, shall not apply to any case where material is to be used by an operator to drill, complete or provide additions to any oil well to any sand formation or sand reservoir in the State of Illinois, in the Counties of Clay, Daviess, Dubois, Gibson, Greene, Knox, Martin, Perry, Pike, Posey, Spencer, Sullivan, Vanderburgh, Vigo or Warrick in the State of Indiana, or in the Counties of Breckinridge, Butler, Christian, Daviess, Grayson, Hancock, Henderson, Hopkins, Ohio, Logan, McLean, Muhlenberg, Todd, Union or Webster in the State of Kentucky: *Provided,* that no well shall be "spudded" by such operator unless:

(1) As to any oil well which is drilled to a depth of not more than 2,500 feet;

(i) Such well is drilled on a drilling unit of not less than 10 surface acres,

(ii) The proposed drilling unit upon which such well is located consists entirely of acreage which is not attributable to any well other than such well, (The acreage attributable to wells offsetting the proposed drilling unit shall be determined by assigning to such wells an acreage equivalent to that in the existing well density or drilling pattern contiguous to such wells.)

(iii) All separate property interests in the proposed drilling unit shall have been consolidated prior to the actual commencement of drilling operations at the designated drilling location of such well,

(iv) Such well is drilled at least 466 feet from any drilling or producible well,

(v) Such well is drilled at least 330 feet from any lease line, property line, or subdivision line which separates unconsolidated property interests, and

(vi) Material required to drill, complete or provide additions to such well is on hand and available for such use or is to be obtained without the use of priorities assistance.

(2) As to any oil well which is drilled to a depth of more than 2,500 feet.

(i) Such well is drilled on a drilling unit of not less than 20 surface acres,

(ii) The proposed drilling unit upon which such well is located consists entirely of acreage which is not attributable to any well other than such well, (The acreage attributable to wells offsetting the proposed drilling unit shall be determined by assigning to such wells an acreage equivalent to that in the existing well density or drilling pattern contiguous to such wells. No portion of a drilling unit shall fall within 330 feet of an existing well.)

(iii) All separate property interests in the proposed drilling unit shall have been consolidated prior to the actual commencement of drilling operations at the designated drilling location of such well.

(iv) Such well is drilled at least 900 feet from any drilling or producible well,

(v) Such well is drilled at least 330 feet from any lease line, property line or subdivision line which separates unconsolidated property interests, and

(vi) Material required to drill, complete or provide additions to such well is on hand and available for such use or is to be obtained without the use of priorities assistance.

(c) *Information statement.* Upon the completion of any well pursuant to this supplementary order, the operator shall file with the District Director, Office of Petroleum Coordinator, Suite 1336, 120 South LaSalle Street, Chicago, Illinois, a statement containing the following information: the field in which such well is located, a plat showing the specific location of such well, the depth of such well, the sand to which such well is drilled, the initial production of such well, and the date of the completion of such well.

(d) *Effective date.* This order shall take effect on the date of issuance and shall continue in effect until January 1, 1943. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 31st day of August 1942.

PART 1213—SAFETY EQUIPMENT

[Amendment 3 to General Limitation Order L-114]

GENERAL EXCEPTIONS

Paragraph (c) of § 1213.1 *General Limitation Order L-114*[1] is amended to read:

(c) *General exceptions.* Paragraph (b) shall not apply to safety equipment assembled or manufactured:

(1) Prior to May 5, 1942, or from parts which were finished and ready for assembly on said date, provided such safety equipment is delivered to fill purchase orders bearing preference ratings of A-10 or higher, or

(2) From materials to the extent permitted in Appendix A hereof, or

(3) For delivery to, or for the account of, the Army or Navy of the United States, the Maritime Commission, the War Shipping Administration, the Panama Canal, the Coast and Geodetic Survey, the Civil Aeronautics Administration, the National Advisory Committee for Aeronautics or the government of any country entitled to deliveries under the Act of Congress of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act), provided, and to the extent that the materials designated in paragraph (b) are necessary for efficient functioning and required endurance of safety equipment intended for use:

(i) In or on completed vehicles, aircraft, or ships, or

(ii) Outside of Continental United States, or in Alaska, or

(iii) In the protection of military or naval personnel while not engaged in production, maintenance, or repair.

(4) Any order or contract from any agency or government mentioned in paragraph (c) (3) requiring the incorporation or use of scarce materials designated in paragraph (b) shall constitute a representation that the conditions exist under which such scarce materials may be incorporated or used within the terms of this order. Said representation may be relied on by the person with whom the purchase order or contract is placed, his sub-contractors, and suppliers. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

PART 3058—USED CONSTRUCTION EQUIPMENT

[Limitation Order L–196]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of rubber and other materials used in the production of construction equipment for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3058.1 *Limitation Order L–196*—(a) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this order shall govern.

(b) *Inapplicability of this order.* This order shall not apply to the Army, Navy, Maritime Commission or to any person or agency who has acquired used construction equipment for export outside the continental limits of the United States.

(c) *Definitions.* (1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not, except those excluded by paragraph (b) hereof.

(2) "Construction equipment" means any of those products listed in Schedule A attached hereto and made a part of this order.

(3) "Used" when applied to construction equipment, means any construction equipment which has been delivered to an ultimate consumer.

(d) *Registration of used construction equipment.* Any person who owns construction equipment shall within thirty (30) days after the date of issuance of this order register such equipment by completing, signing, and returning by mail WPB Form 1159 to Used Construction Equipment Regional Specialist in the War Production Board Regional Office in the region in which such equipment is located.

(e) *Registration of change of status of used construction equipment.* Within one week after any used construction equipment (1) is moved from the project on which it is being used; (2) becomes idle after completing its work on that project even if not moved from the project; (3) not being on a project is put into use on a project; or (4) has had its ownership changed, any person owning such equipment shall register such change of status by completing, signing and returning by mail WPB Form 1333 or such other form as may be in the future specified by the Director General for Operations to Used Construction Equipment Regional Specialist in the War Production Board Regional Office in the region in which such equipment is located.

(f) *Records.* All persons affected by this order shall keep and preserve for not less than two (2) years accurate and complete records concerning the movement of used construction equipment from projects.

(g) *Audit and inspection.* All records required to be kept by this order, shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(h) *Violations.* Any person who willfully violates any provision of this order, or who, in connection with this order, willfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control and may be deprived of priorities assistance.

(i) *Appeal.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a serious problem of unemployment in the community, or that compliance with this order would disrupt or impair a program of conversion from non-defense to defense work, may apply for relief by addressing a letter to the War Production Board Regional Office in the region in which the equipment is located setting forth the pertinent facts and the reasons why such person considers that he is entitled to relief. The Director General for Operations may thereupon take such action, if any, as he deems appropriate by the amendment of this order or otherwise.

(j) *Communications.* All communications concerning this order shall be addressed to Used Construction Equipment Regional Specialist in the War Production Board Regional Office in the region in which the equipment is located. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O.9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

PART 1394—RATIONING OF FUEL AND FUEL PRODUCTS

[Ration Order 8]

GASOLINE RATIONING REGULATIONS FOR THE VIRGIN ISLANDS

Pursuant to the authority vested in me by Directive No. 1 of the War Production Board, issued January 24, 1942, and by Supplementary Directive No. 1 J, issued July 1, 1942. *It is hereby ordered that:*

AUTHORITY: §§ 1394.3501 to 1394.4401, inclusive, issued under Pub. Law 671, 76th Cong., as amended by Pub. Law 89, 77th Cong., and by Pub. Law 507, 77th Cong., Pub. Law 421, 77th Cong., W.P.B. Directive No. 1, Supp. Directive No. 1 J, 7 F.R. 562, 5043.

Definitions

§ 1394.3501 *Definitions.* (a) When used in Ration Order No. 8:

(1) "Board" means a War Price and Rationing Board established by the Office of Price Administration.

(2) "Bulk coupon" means any gasoline ration coupon on the face of which word "bulk" has been printed by authority of the Office of Price Administration.

(3) "Bulk transfer" means any transfer of gasoline other than into the fuel tank of a licensed motor vehicle.

(4) "Bus" means any motor vehicle, other than a station wagon or suburban carryall, built or re-built primarily for the purpose of carrying passengers, licensed by a municipality of the Virgin Islands to carry passengers for hire, and having a rated seating capacity of eight or more persons.

(5) "Consumer" means any person acquiring gasoline for use, including use as a component part of any manufactured article, material or compound other than gasoline. The term includes dealers and distributors to the extent that they use gasoline or acquire gasoline for use rather than for transfer.

(6) "Dealer" means any person who operates a service station, filling station, garage, store, pump, or other place of business at which gasoline is regularly transferred directly to consumers.

(7) "Director" means the Director of the Office of Price Administration for the Virgin Islands.

(8) "Distributor" means any person who imports gasoline into the Virgin Islands.

(9) "Evidence" means a token which, under the provisions of Ration Order No. 8, represents a right to receive a transfer of gasoline.

(10) "Fleet" when the term is used in connection with a motor vehicle of any type, means that the vehicle is one of three or more vehicles of such type, owned or leased by and operated by the same person and used principally in connection with the same occupation or related occupations.

(11) "Gasoline" means any liquid fuel, used for the propulsion of motor vehicles, aircraft, or boats by means of internal combustion engines, except liquid fuel with an octane rating of 86 or more, and except Diesel fuel, kerosene, benzene, benzol, and naphtha.

(12) "Inboard motorboat" means any self-propelled water craft the motive power for which is furnished by a gasoline-operated internal combustion engine other than an outboard motor.

(13) "Inventory coupons" means a one-gallon or 100-gallon coupon issued by a Board to represent unfilled storage capacity of a dealer or distributor, or for such other purpose as may be provided in Ration Order No. 8.

(14) "Motorcycle" means any motor vehicle designed for operation on three wheels or less, but does not include tractors.

(15) "Motor vehicle" means and rubber-borne, self-propelled conveyance the motive power for which is furnished by a gasoline-operated internal combustion engine.

Scope of Ration Order No. 8

§ 1394.3551 *Territorial limitations.* Ration Order No. 8 shall apply to the Virgin Islands.

§ 1394.3552 *Scope of restrictions.* (a) Nothing in Ration Order No. 8 shall be construed to limit the quantity of gasoline which may be acquired by the Army, Navy, Marine Corps, Coast Guard, the United States Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, the Civil Aeronautics Authority, the National Advisory Commission for Aeronautics, and Office of Scientific Research and Development.

Administration and Personnel

§ 1394.3601 *Administration.* (a) Ration Order No. 8 shall be administered by the Office of Price Administration through the War Price and Rationing Boards and such Administrative personnel in the Virgin Islands as the Office of Price Administration may designate.

(b) No person participating in the administration of Ration Order No. 8 shall act officially in connection with any matter arising thereunder as to which he has any interest by reason of business connection or relationship by blood or marriage.

§ 1394.3602 *Jurisdiction of Boards.* (a) For the purpose of Ration Order No. 8, a Board shall have jurisdiction over the issuance of all rations for vehicles or equipment customarily kept, garaged, stationed or located in the area which the Board is designated to serve.

§ 1394.3603 *Action on applications.* (a) The Board shall render its decision on an application for a ration within five (5) days after the date of such application. In any case of apparent emergency, such decision shall be made within forty-eight (48) hours, if possible. The Board shall promptly notify the applicant of its decision.

§ 1394.3604 *Records of application.* (a) Each Board shall maintain a file of all applications for rations submitted to it. A rationing officer may act as executive secretary of a Board and maintain custody of its records.

Basic Rations

§ 1394.3651 *Persons entitled to basic rations.* (a) The owner or the person entitled to the use of a licensed passenger automobile or a licensed motorcycle may obtain during the period from September 1, 1942 to March 15, 1943, a basic ration for use with such vehicle, except that no basic ration shall be issued for use with a passenger automobile or motorcycle which is:

(1) A taxicab or vehicle available for public rental;

(2) Specially built or re-built as an ambulance or hearse; or used as a hospital car;

(3) Held by a motor vehicle dealer for sale or resale.

§ 1394.3662 *Basic ration books.* (a) Class A coupon books shall be issued as basic rations for passenger automobiles and motorcycles. Each basic ration book shall contain forty-eight (48) coupons, when issued for a passenger automobile, and twenty-four (24) coupons, when issued for a motorcycle. Coupons contained in Class A books shall be valid for the transfer of gasoline to a consumer only during the periods indicated below:

Coupons numbered:	Valid Period
1	September 16, 1942, to September 30, 1942, inclusive.
2	October 1, 1942, to October 15, 1942, inclusive.
3	October 16, 1942, to October 31, 1942, inclusive.
4	November 1, 1942, to November 15, 1942, inclusive.
5	November 16, 1942, to November 30, 1942, inclusive.
6	December 1, 1942, to December 15, 1942, inclusive.
7	December 16, 1942, to December 31, 1942, inclusive.
8	January 1, 1943, to January 15, 1943, inclusive.
9	January 16, 1943, to January 31, 1943, inclusive.
10	February 1, 1943, to February 15, 1943, inclusive.
11	February 16, 1943, to February 28, 1943, inclusive.
12	March 1, 1943, to March 15, 1943, inclusive.

§ 1394.3653 *Application for an issuance of basic ration books.* (a) During the period from September 1, 1942 to March 15, 1943, application for a basic ration book shall be made at the Board having jurisdiction, on Form OPA VIR–1, by the owner or the person entitled to the use of the vehicle or by the authorized agent of either. A separate application shall be made for each passenger automobile or motorcycle for which a basic ration is sought.

(b) Pursuant to such application a basic ration book shall be issued by the Board. The Board shall remove twenty-four (24) coupons from every Class A book issued as a basic ration for a motorcycle, and shall also remove all expired coupons from any Class A book issued subsequent to October 1, 1942 as a basic ration for a passenger automobile or motorcycle.

(c) Not more than one basic ration may be issued for a vehicle, except as provided in § 1394.4102.

Supplemental Rations

§ 1394.3701 *Supplemental ration books.* (a) Class A or B coupon books may be issued by a Board as supplemental rations to an owner or person entitled to the use of a licensed passenger automobile or licensed motorcycle for which a basic ration may be issued pursuant to § 1394.3651 (a). Sufficient books shall be issued to provide for occupational mileage driven in such vehicle by the owner or the person entitled to the use of the vehicle, to the extent that such mileage is allowed by the Board pursuant to § 1394.3703.

(b) The ration period for which each Class A or B book shall be issued shall be six (6) months in length and shall commence on September 16, 1942. The ration period shall be noted on the cover of each book by the Board and shall authorize the transfer of gasoline to a consumer only during such period.

(c) Class A and B books issued as supplemental rations shall contain numbered coupons which shall be valid during the same period as the corresponding numbered coupons of Class A books issued as basic rations, as set forth in § 1394.3652 (a).

§ 1394.3702 *Application for supplemental ration.* (a) Application for a supplemental ration for each vehicle shall be made separately to a Board on or after September 1, 1942, on Form OPA VIR–2, by the owner or person entitled to the use of a licensed passenger automobile or licensed motorcycle. Application on behalf of an individual may not be made by an agent. In the event that two or more passenger automobiles for which supplemental rations are desired are owned by persons living in the same household and related to each other by blood, marriage, or adoption, all applications for supplemental rations for such vehicle shall, except for good cause shown, be submitted at the same time.

(b) An applicant shall establish his average monthly occupational mileage required for each of the following purposes during the ration period for which such ration is valid:

(1) Driving between home and a fixed place of work in connection with the principal occupation of the applicant or principal user of the vehicle;

(2) Driving in the course of such principal occupation;

(3) Driving to and from or in the course of any other occupation or occupations for which the vehicle is used.

(c) Where two or more vehicles are used in a ride-sharing arrangement of the type described in § 1394.3703 (a), a separate application for a supplemental ration shall be made for each such vehicle, but all such applications must, except for good cause shown, be submitted at the same time. Each such application shall include only the mileage driven in the vehicle for which it is made.

§ 1394.3703 *Allowance of mileage and number of gallons.*—(a) No occupational mileage shall be allowed by a Board for any purpose specified in § 1394.3702 (b), unless the applicant establishes that the transportation is needed for such purpose and that, in connection with the use of the vehicle for that purpose, either:

(1) That a *bona fide* ride-sharing arrangement has been made pursuant to which at least four persons (including the operator) will regularly be carried in the vehicle for the purpose of going to and from or carrying on their occupation: *Provided,* That each such person must certify to his participation in the rid-sharing arrangement by signing the application, or

(2) That no such ride-sharing arrangement can reasonably be made but that the vehicle carries as many persons as could reasonably be expected in the light of the circumstances in which and the purpose for which it is used.

(i) An applicant may establish that four or more persons cannot regularly be carried in the vehicle for which application is made by showing the limited capacity of the vehicle, the absence of a fixed place of work, the necessity of traveling at unusual or irregular hours, the necessity of traveling over routes not feasible for other persons who might be carried, or such other reasons as the Board may find sufficient.

(ii) In the event application is made for a supplemental ration in order to permit the use of the vehicle for which application is made in the pursuit of an occupation other than a gainful occupation, and four or more persons are not regularly carried in such vehicle in connection with their occupations, the application must be certified, as indicated thereon, by a responsible official of the organization for or under the direction of which the work is performed.

(b) Upon the basis of the application and such other facts as the Board may require, the Board shall allow a monthly mileage for any of the purposes listed in § 1394.3702 (b) for which the applicant has applied, with respect to which the applicant has established the facts required by paragraph (a) hereof. The Board shall then compute the number of gallons to be allowed monthly by dividing the monthly mileage allowed by the average actual number of miles obtained per gallon in the vehicle for which application for the Supplemental ration is made: *Provided,* That the Board may not allow more than twelve (12) gallons per month in the case of a passenger car, or six (6) gallons, in the case of a motorcycle, for occupational mileage unless the number of gallons in excess of such 12 or 6 gallons is to be used for preferred mileage as defined in § 1394.3705. The total number of gallons allowed any applicant for occupational mileage shall not exceed thirty-six (36) gallons per month for a passenger car, or eighteen (18) gallons per month for a motorcycle.

§ 1394.3704 *Issuance of supplemental rations.* (a) Supplemental rations shall be issued for the number of gallons allowed by the Board in accordance with § 1394.3703, for the unexpired portion of the ration period for which the ration book issued is valid.

(b) The Board shall issue, in the event that the number of gallons allowed by the Board is eight (8) gallons per month or less for a passenger automobile or motorcycle, sufficient coupons in one Class A book in addition to the Class A book issued as a basic ration, to provide the number of gallons allowed by the Board as occupational mileage for the six-month ration period. In the event that the number of gallons allowed by the Board exceeds eight (8) gallons per month, the Board shall issue sufficient coupons in one Class B and/or Class A books to provide the number of gallons allowed by the Board.

§ 1394.3705 *Preferred mileage.* The mileage given, in a passenger automobile or motorcycle, necessary for carrying out one or more of the following purposes shall be deemed preferred mileage:

(a) By a duly elected or appointed agent, officer, representative, or employee of a Federal, Insurlar, Municipal or foreign government or government agency for performing the official business or carrying out an official function of such government or government agency in a passenger automobile or motorcycle owned or leased either by such government or government agency or by the agent or employee.

(1) For the purpose of this paragraph:

(i) Daily or periodic travel between home and lodgings and a fixed place of work shall not be deemed performance of official business or carrying out an official function:

(ii) Travel by duly elected members of a municipal council between their places of residence and the place where the council convenes, for the sole purpose of attending the council sessions, or committee meetings of the council, shall be deemed the carrying out of an official function.

(b) By public school teachers or officials for the performance of official duties which require travel from school to school.

(c) By a licensed physician, surgeon, osteopath, chiropractor, or veterinarian, or by a midwife or nurse, for making necessary professional calls or rendering necessary professional services.

(d) By a regularly practicing minister of any religious faith who actually serves a congregation, or by any religious practitioner qualified to minister to the religious needs of the members of a congregation, for giving religious comfort, assistance, advice or instruction.

(e) By a farmer, for transporting farm products and necessary farm supplies between farm and market, shipping point or point of delivery, or between one farm establishment and another.

(f) By members of the armed forces of the United States for transportation to, from or between places at which their duties are performed, and between their residences and places at which their duties are performed.

(g) By a worker (including an executive, technician, or office worker, but not including salesmen) or by an employer, employer's representative or representatives of a labor organization in travel to, from, within, or between the establishments or facilities listed below, for purposes necessary to the operation or functioning of such establishments or facilities or to the maintenance of peaceful industrial relations therein:

(1) Naval, military or hospital establishments or facilities;

(2) Establishments or facilities of common carriers; or of other carriers performing services essential to the community or to the war effort; or of plants or establishments engaged in the war production or distribution of heat, light, power, petroleum products, gas, steam or water; or of irrigation, drainage, flood-control or sanitation systems; or of telephone, telegraph, radio, or other communications systems; or newspapers.

(h) By engineers, architects, technicians, supervisors, repair and maintenance men or other workers (but not including salesmen) to enable them to render services or to transport materials and equipment necessary for construction, repair, installation, or maintenance work (other than the repair or maintenance of portable household appliances) which is essential to the war effort or the civilian economy; or for rendering indispensable services of a specialized nature to agricultural, extractive or industrial establishments. "Services of a specialized nature" shall include services related to the natural breeding of livestock; crop or livestock inspection in connection with the marketing or processing thereof; inspection in connection with the improvement of farm sanitation; protection of crops, livestock or farms from blights, diseases or pests; and soil conservation.

(i) In a motorcycle, for delivery or messenger service.

Service Rations

§ 1394.3751 *Service rations.* (a) The owner or the person entitled to the use of a licensed motor vehicle which is found by the Board to be in one or more of the

classes listed below may obtain a service ration providing the number of gallons necessary for the mileage allowed by the Board for the purpose or purposes specified for each class.

(1) A taxicab or vehicle available for public rental: *Provided*, That a lessee of a vehicle available for public rental may not obtain a service ration for such vehicle unless his use of the vehicle is for a purpose specified in this section.

(2) A bus which is part of a regular system for the transportation of persons.

(3) A truck used as a carrier of persons or property in connection with a regular business or occupation, or owned or leased by and operated by a Federal, Insular, municipal, or foreign government or government agency, and used exclusively for the official business of such government or government agency.

(4) A motor vehicle specially built or re-built as an ambulance or hearse used for the transportation of invalids, injured, sick, or deceased persons, or a hospital car used solely and exclusively for the transportation of physicians, nurses, or other hospital employees in connection with rendering medical treatment or performing other duties for the hospital.

§ 1394.3752 *Service ration for owners of leased vehicles.* (a) No owner of a motor vehicle which is in the possession of another person under a lease or rental agreement may obtain a service ration for such vehicle more than five days prior to the expiration date of such lease or rental agreement.

§ 1394.3753 *Service ration books.* (a) Class C books, containing coupons which shall be valid at any time during the ration period, shall be issued as service rations.

(b) The ration period for service rations shall be three months in length and shall commence September 16, 1942, and each three months period thereafter.

§ 1394.3754 *Application for service ration.* (a) Application for a service ration may be made to a Board by the owner or the person entitled to the use of the vehicle, or the agent of either of them, on and after September 1, 1942, on Form OPA VIR–3. One application form may be used for all vehicles for which the applicant seeks a service ration.

§ 1394.3755 *Issuance of service rationing.* (a) Service rations shall be issued to eligible applicants in the manner indicated below:

(1) Taxicabs: One and not more than one Class C coupon book, containing 96 coupons, which shall be valid for the three-month ration period: *Provided*, That the Board may issue more than one Class C coupon book to a taxicab pursuant to the provisions of § 1394.3756 (a).

(2) Buses: Sufficient coupons in Class C coupon books or bulk coupons, if bulk coupons are requested, to provide the number of gallons necessary for the minimum mileage required for the three-month ration period for the operation of the bus on the routes and schedules normally followed by the bus.

(3) Trucks: Sufficient coupons in one or more Class C books to provide the number of gallons allowed by the Board for the monthly mileage required for the three-month ration period. The Board shall allow only a number of gallons absolutely required by the truck for the carrying of persons and property in the course of a business or occupation: *Provided*, That the Board may not allow a monthly number of gallons for trucks in excess of 32 gallons a month, except for essential trucking as provided for in § 1394.3756 (b).

(4) Ambulances, hearses, and hospital cars: Sufficient coupons in Class C coupon books to provide the number of gallons allowed for the minimum mileage required by the ambulance or hearse for the three-month ration period to transport invalids, injured, sick, or deceased persons, or for the hospital car to transport physicians, nurses, or hospital employees in connection with rendering medical treatment or performing other duties for the hospital.

§ 1394.3756 *Issuance of essential service rations to taxicabs and trucks.* (a) On or after October 1, 1942, a Board, in its discretion, may issue one or more additional Class C books for any taxicab which carries persons to or from, or in the course of, an occupation for which preferred mileage is allowed pursuant to § 1394.3705: *Provided*, That such additional Class C books shall be issued for a taxicab only to provide the mileage travelled in the transportation of such essential occupational workers.

(b) On or after October 1, 1942, a Board, in its discretion, may issue one or more additional Class C books for any truck the principal use of which is made in one or more of the following essential services:

(1) To maintain fire-fighting services;

(2) To maintain necessary public police services, or to enforce laws relating specifically to the protection of public health or property;

(3) To maintain garbage and night soil disposal, and other sanitation services;

(4) To carry mail;

(5) To transport ice, water, milk, and fuel;

(6) To transport farm products, including sugar, vegetables, fruits, and other food crops, to processing plants, storage houses, or wholesale or retail establishments, but not from retail establishments to consumers;

(7) To transport food and food supplies to wholesale or retail establishments, but not from retail establishments to consumers;

(8) To transport medicines or medical equipment;

(9) To transport waste and scrap material;

(10) To maintain the essential services of public utilities system;

(11) To transport material and equipment for strictly essential farm, highway, industrial, or government construction, maintenance, or repair.

The Board shall issue such additional coupon books only if a request therefor on the original application is signed by the applicant on or after October 1, 1942.

(c) The Board shall issue sufficient coupons to provide the number of gallons allowed for the minimum mileage required by the taxicab or truck, solely in the carrying of persons to, from or in the course of their occupations for which preferred mileage is allowable, or solely in the performance of an essential truck service or services, for the entire ration period for which the initial service ration was issued.

§ 1394.3757 *Computation of gallons.* (a) The Board shall compute the number of gallons necessary for the mileage allowed pursuant to this section by dividing the mileage allowed by the average actual number of miles obtained per gallon by the vehicle when it is efficiently operated.

Special Rations

§ 1394.3801 *Application for special rations.* (a) The owner or person entitled to the use of a motor vehicle, or of a motor boat or outboard motor, who finds that transportation in such a vehicle, or boat, is necessary for one or more of the purposes specified in paragraph (b) of this section, and who finds that a ration issued for such vehicle or boat is not sufficient to permit its necessary use for such purpose, may apply to a board for a special ration. Application for a special ration on behalf of an individual may not be made by an agent. A special ration may be issued for any period not exceeding six months from the date of application.

(b) Special rations may be issued in order to permit acquisition of gasoline for use in a motor vehicle, motorboat, or outboard motor for one or more of the following purposes:

(1) To obtain necessary medical attention or therapeutic treatment or to procure strictly necessary food and supplies;

(2) To operate a motor vehicle or motorboat held by a motor vehicle or boat dealer for sale or resale, solely for the purpose of demonstrating such vehicle or boat to prospective purchasers or for delivery after sale, or to test the motor for such vehicle, or to remove a purchased or repossessed motor vehicle or motorboat, or a vehicle or boat seized pursuant to judicial process or by a government authority, to a place of storage: *Provided*, That no ration in excess of four (4) gallons per month per vehicle or boat shall be granted for any such purpose.

(3) To remove a vehicle or boat in connection with a *bona fide* change in a place of residence.

(c) Application shall be made on Form OPA VIR–5 and the applicant shall state, in addition to such other information as may be required:

(1) The purpose for which a special ration is sought and the period during which such ration will be needed;

(2) The type and number of ration books already issued for the vehicle, boat, or outboard motor, for which the application is made;

(3) The facts supporting the claim that transportation is necessary for the purpose;

(4) The number of miles of driving or, in the case of a boat or outboard motor, the amount of gasoline claimed to be essential to the accomplishment of the purpose or purposes stated during the period for which the special ration is needed.

§ 1394.3802 *Form and issuance of special rations.* (a) The Board may grant a special ration only if it finds:

(1) That such special ration is needed by the applicant for the purpose claimed.

(2) That any ration previously issued for such vehicle, boat, or outboard motor is not reasonably adequate or cannot be used for such purposes:

(3) That transportation is necessary to the accomplishment of such purpose;

(b) If the Board grants the application, it shall determine the quantity of gasoline which is essential to the applicant for the period for which such ration is sought for the purpose or purposes stated and shall issue a coupon book or books of any appropriate class containing sufficient coupons to allow the applicant the quantity of gasoline determined by it to be essential. It shall mark "Special" any book which it so issues. The Board shall remove from the book and immediately destroy any coupons in excess of the number issued.

Non-Highway Rations

§ 1394.3851 *Non-highway rations.* (a) Any person who requires gasoline for a non-highway purpose may obtain a Class R Coupon book as a non-highway ration authorizing the transfer of the amount of gasoline required for such purpose during the six-month period for which such books shall be valid: *Provided, however*, That in lieu of a Class R coupon book a Board may issue a Class C coupon book as a non-highway ration for a three month period, with the words "Non-Highway" printed plainly on the outside cover of such book. Each non-highway ration book issued with respect to a motorboat or outboard motor for non-occupational use shall be so designated by the Board on the inside cover.

(b) The ration periods for Class R coupon books issued as non-highway rations shall be six months in length and shall commence on September 15, 1942, March 15, 1943 and each six month period thereafter.

§ 1394.3852 *Application for non-highway ration.* (a) Applications for non-highway rations may be made to the Boards, on or after September 1, 1942, on Form OPA VIR–4. Application may be made by an agent.

§ 1394.3853 *Issuance of non-highway rations.* (a) The Board shall determine the amount of gasoline required for the six-month ration period and shall issue to the applicant, subject to the provisions of paragraph (b) of this section, sufficient coupons in one or more Class R coupon books to provide the number of gallons determined by the Board to be needed for the six-month ration period. The Board shall remove from the book and immediately destroy any coupons in excess of the number allotted and shall note the ration period on the cover of each book issued.

(b) If application is made for a non-highway ration for use with a motorboat or outboard motor operated wholly or in part for a non-occupational purpose, the Board shall not allow for the non-occupational purpose an amount of gasoline in excess of the number of gallons determined by the following formulae:

(1) In the case of an inboard motorboat, the number of gallons times the manufacturer's rated horsepower of the motor or motors, but in any more than 144 gallons for the six-month ration period.

(2) In the case of an outboard motor, the number of gallons equal to five times the manufacturer's rated horsepower of such motor, but not in excess of 24 gallons for the six-month ration period.

(c) Except as provided in § 1394.4103 (a), no more than one non-occupational ration may be issued for an inboard motorboat or an outboard motor during any six-month ration period.

Army, Navy, and Certain Other Agencies

§ 1394.3901 *Issuance of ration books by Office of Price Administration.* (a) Coupon books of all types designated in Ration Order No. 8 may be issued by the Director of the Office of Price Administration for the Virgin Islands, in his discretion, to the Army, Navy, Marine Corps, Coast Guard and the law enforcement agencies of the United States, solely for the use of such agencies and for distribution to and use by their officers, agents, or employees in the performance of official duties which depend upon secrecy.

(b) Any agency enumerated in paragraph (a) of this section which requires coupon books for use by such officers, agents, or employees shall make application therefor to the Director of the Office of Price Administration for the Virgin Islands and shall state the number and type of books required and the use for which such books are intended.

§ 1394.3902 *Acknowledgment of delivery and allotment authorization.* (a) The Army, Navy, Marine Corps, Coast Guard, and Maritime Commission of the United States may obtain gasoline in exchange for a duly executed acknowledgment of delivery on Form OPA R–544. Such form shall bear the signature of an authorized officer, agent, or employee of any such agencies and shall be valid as an authorization for the transfer of gasoline by any person to whom it is presented to the extent of the gallonage stated thereon.

(b) The Army, Navy, Marine Corps, and Coast Guard of the United States, may obtain gasoline, and any person authorized by one of such agencies may obtain gasoline needed for the performance of services for such agency, in exchange for an allotment authorization executed by an authorized officer thereof. Such allotment authorization shall be valid as an authorization for the transfer of gasoline by any person to whom it is presented to the extent of the gallonage stated thereon.

§ 1394.3903 *Use of gasoline obtained by Army and other exempt agencies.* (a) Gasoline obtained pursuant to § 1394.3902 may be used without restriction by the agency for which the acknowledgement of delivery form or allotment authorization is issued.

(b) Gasoline obtained pursuant to § 1394.3902 may not be used in a vehicle, boat, or motor not owned, leased, or operated by the agency issuing such acknowledgement of delivery form or allotment authorization unless the person obtaining such gasoline surrenders, to the officer executing such form or to the person transferring such gasoline, valid ration coupons having a gallonage value equal to the amount of gasoline transferred or authorized to be transferred by the Acknowledgement or Allotment Authorization. Coupons so surrendered shall be destroyed by the agency receiving them.

(c) For the purpose of this section the term "Army" shall include Post Exchanges operated by the Army of the United States, and the term "Navy" shall include Naval stores operated by the United States Navy.

Gallon Value of Coupons

§ 1394.3951 *Value of coupons.* (a) Each gasoline ration coupon of the class hereinafter designated shall have the following value in gallons of gasoline:

	Gallons
Class A	1
Class B	4
Class C	1
Class R	4

(b) The value of each coupon in gallons of gasoline may be changed and established from time to time by order or direction of the Office of Price Administration.

General Provisions With Respect to Issuance of Gasoline Rations

§ 1394.4001 *Application forms.* Every applicant for a ration shall fill out and execute the appropriate application form for the class of ration applied for and shall furnish the information required by such form.

§ 1394.4002 *Appearances before boards.* (a) The Board may require any applicant for a ration to appear before it for examination and to produce such witnesses or evidence, or supply such information in addition to that contained in the application form, as it may deem material.

§ 1394.4003 *Presentation of license receipt or other certificate.* (a) No gasoline ration, other than a ration issued pursuant to § 1394.3802, shall be issued for any motor vehicle unless the applicant for a ration presents to the Board a receipt for the payment of a motor vehicle license fee, issued by a municipality of the Virgin Islands, or a registration card or registration certificate of a state of the United States or of any foreign or territorial government, authorizing, or signifying the payment of a fee on, the operation of such vehicle during all or part of the period for which such ration is to be issued.

§ 1394.4004 *Notation on license receipt or other certificate.* (a) At the time of issuing a gasoline ration for a licensed motor vehicle for which a license receipt or other certificate must be presented, the person issuing such ration shall make a clear notation in ink, indelible pencil, or by typewriter, on the front of the license receipt or other certificate presented by the applicant, showing the date of issuance, the class of ration and the serial number of the ration book issued.

§ 1394.4005 *Notation on ration books and applications.* (a) At the time of issuance of any ration book for a licensed motor vehicle, the person issuing such book shall, unless a fleet identification is used as provided in paragraph (b) of this section, make a clear notation on the cover thereof, in ink, indelible pencil, or by typewriter, of the license number of the vehicle for which it is issued and of the name and address of the licensed owner of such vehicle. The Board shall also make a notation on the cover of such book, other than a basic book, and on the application therefor, of the date on which it becomes valid and of its expiration date.

(b) An applicant for a gasoline ration for fleet vehicles may request the Board to note on the ration books issued the name or other identification of the fleet, in lieu of the license number of a particular vehicle. The Board may grant such request with respect to any vehicles in the fleet which are used interchangeably and which bear a clearly discernible fleet name, identification or designation. Any book on which a fleet identification is noted may be used, interchangeably, for all vehicles in the fleet bearing such identification.

(c) At the time of issuance of a nonhighway ration book, the Board shall make a clear notation on such book in ink, indelible pencil, or by typewriter, of the name and address of the applicant and of the period during which such book shall be valid. Such period shall also be noted on the application.

§ 1394.4006 *Change in motor vehicle license number.* (a) The holder of a ration book issued for a licensed motor vehicle, other than a ration book bearing a fleet identification, shall upon any change in the license number of such vehicle, submit such ration book, together with the license certificate or registration card evidencing the new number, to a Board within five (5) days after such change for the purpose of having the notation thereon changed to correspond to the new license number. The person authorized to make the change for the board to which such book is presented shall obliterate the license number appearing thereon; note thereon, in ink, indelible pencil, or by typewriter, the new license number issued for such vehicle, and countersign or initial the change made on the book. Notation on the new license receipt or registration card shall also be made, as prescribed in § 1394.4004.

§ 1394.4007 *Removal of coupons.* The Board shall remove from every ration book, and shall immediately destroy all coupons in excess of the number to be issued under the provisions of Ration Order No. 8.

§ 1394.4008 *Authorization of bulk purchase.* (a) Any person who establishes to the satisfaction of a Board that he wishes, pursuant to a regular business practice, to purchase gasoline in bulk, may, when applying for a gasoline ration, request the Board to issue such ration in the form of bulk coupons, or partly in bulk coupons and partly in books. Such person may also request the Board to make a notation on any coupon books issued to him indicating that coupons in such books may be used for a bulk transfer of gasoline.

(b) If the applicant establishes the facts required by paragraph (a) hereof, the Board shall issue bulk coupons to the extent of the number of gallons allowed by it for which bulk coupons are requested: *Provided*, That the Board shall first determine the type, number and expiration date of the coupons books to which the applicant is entitled; it shall then issue bulk coupons, to the extent requested by the applicant, having a gallon value equal to the value in units of the coupons in the coupon books to which the applicant is entitled and in lieu of which such bulk coupons are issued. Such bulk coupons shall expire on, and may not be used for the transfer of gasoline to a consumer after, the date on which such coupon books would require.

§ 1394.4009 *Loss of destroyed coupon or books.* (a) In the event of the accidental loss, destruction or mutilation of any coupon books or bulk coupons, the holder thereof may apply for replacement thereof to the Board having jurisdiction.

(b) Such application shall be made in writing, under oath or affirmation, and shall set forth:

(1) The name and address of the applicant;

(2) The class, date and place of issuance, and expiration date of such book of coupons;

(3) A description of the motor vehicle boat, equipment, or use for which the book or coupons were issued;

(4) A statement of the number and type of unused coupons so lost, destroyed, or mutilated;

(5) A description of the manner and circumstances of the loss, destruction, or mutilation.

(c) If the Board is satisfied that such book or coupons have been lost or destroyed, or so damaged or mutilated as to be rendered unfit for use, it may issue, in its discretion, a duplicate book or duplicate bulk coupons of the same class and in the same quantity as those sought to be replaced. It shall clearly note on the cover of any duplicate book issued that same expiration date that appeared on the original book.

(d) No person receiving a duplicate book or coupons under paragraph (c) hereof shall use, attempt to use, or permit the use of the original book or coupons, but shall surrender such original book or coupons, if damaged or mutilated, to the Board at the time of issuance of the duplicate book or coupons. In the event that a lost book or lost coupons are found after duplicates have been issued, such original book or coupons shall be surrendered to the Board forthwith.

§ 1394.4010 *Signature on book.* (a) No coupon book shall be valid until the person to whom such book is issued has signed the certification provided for therein.

§ 1394.4011 *Alteration on book.* (a) Any alteration on the face or cover of any coupon book, unless made and countersigned by a person authorized to do so under Ration Order No. 8, shall render such book, and the coupons therein, invalid.

Renewal of Rations and Issuance of Further Rations

§ 1394.4051 *Renewal of rations.* (a) At any time within ten (10) days prior to the expiration of any ration, or at any time thereafter, application for a further ration may be made. Such application shall be made in the same manner as the original application, except as provided in paragraph (b) of this section.

(b) If there have been no substantial changes since the date of the original application in the applicant's gasoline needs, or in the nature, amount, and conditions of use of the motor vehicle for which the original ration was issued, and if such original application accurately calculated the applicant's requirements, application for a further ration other than a basic ration may be made by executing the renewal certificate on such original application. The applicant shall, in such case, note on such renewal certificate any change in the nature or amount used since the date of the original application.

(c) When issuing a further ration prior to the expiration date of a current ration of the same class, the Board shall note on the application and on the front cover of the coupon book representing such further ration the date on which such further ration shall become valid. Such date shall be the day following the expiration date of the current ration.

(d) Except as provided in §§ 1394.3756, and 1394.4052, no further ration of any class may be issued for use prior to, or may be used prior to, the expiration of the current ration of such class.

§ 1394.4052 *Issuance of further ration for use prior to expiration date of current ration.* (a) Any person who finds that, due to a change in occupation or in the location of place of business or residence, or other change in circumstances, or due to seasonal variation in the amount of occupational mileage needed, or miscalculations of needs, a ration of any class other than a basic ration issued to him fails to meet his requirements, may apply for a further ration of such class for use prior to the expiration date of his current ration. Such application shall be made in the same manner as the application for the current ration.

(b) The applicant shall append to the application a statement showing:

(1) That the current ration is insufficient to meet his needs for more than ten (10) days from the date of the application;

(2) The reason or reasons why a further ration will be needed for use prior to the expiration date of the current ration.

(c) If the Board determines that, for one or more reasons specified in paragraph (a) of this Section, more mileage is needed or, in the case of a non-highway ration, more gasoline is required, than that stated in the application on the basis of which the current ration was issued, it may grant a further ration by issuing sufficient further coupons in one or more coupon books, to permit transfer of gasoline in the amount of the further ration allowed.

(d) All of the provisions of Ration Order No. 8 applicable to the issuance of an original ration shall apply to the issuance of a further ration.

Expiration and Revocation of Ration

§ 1394.4101 *Surrender of expired coupons.* (a) No coupon book issued in the Virgin Islands shall be valid for the transfer of gasoline to a consumer in the Virgin Islands after the expiration thereof, or to any consumer at any time outside the Virgin Islands.

(b) The person to whom a ration has been issued shall, within five (5) days after the expiration thereof, surrender to the issuing Board all expired coupon books and all unused coupons representing such ration.

§ 1394.4102 *Expiration of ration.* (a) Every ration shall expire at midnight on the last day of the ration period for which it is issued.

(b) Upon cessation of use or *bona fide* transfer of ownership of any vehicle, boat or equipment, any ration issued for such vehicle, boat or equipment shall expire and all unused coupons and books issued therefor shall, within five (5) days after such cessation or change, be surrendered to the issuing Board by the person to whom such ration was issued. The transferee of such vehicle, boat or equipment may apply for a gasoline ration in accordance with the applicable provisions of Ration Order No. 8.

(c) Upon cessation of use of a ration, other than a basic ration, for a purpose for which such ration may be obtained, such ration shall expire and all unused coupons and books issued therefor shall, within five (5) days after such cessation, be surrendered to the issuing Board by the person to whom such ration was issued.

§ 1394.4103 *Denial of gasoline ration.* (a) No person whose name has been recorded by a Board, in accordance with the provisions of § 1394.4104 (c) for refusal to surrender a gasoline ration book upon direction of the Board, or for failure or refusal, without good cause shown, to appear before such Board for examination shall be entitled to obtain a ration of any type under Ration Order No. 8 while his name remains thus recorded.

§ 1394.4104 *Review by Local Boards of application for gasoline rations.* (a) Any Board may review an application for a gasoline ration of any class, made in the area over which it has jurisdiction, or referred to it by another board, in order to determine whether the holder of the ration was entitled to receive it. The Board may also require the holder of a supplemental, service, non-highway, or special ration to appear before it for examination in order to determine whether such ration is being used in accordance with the provisions of Ration order No. 8. The Board shall give the holder written notice of the time and place fixed for such appearance. The notice shall be deemed sufficient if mailed to the address shown on the application at least five (5) days prior to such time. The Board may designate one or more of its members to perform the functions of prescribed in this section.

(b) If the Board finds that the ration holder was not entitled to receive the ration issued, or, if it finds that a ration issued is being used for a purpose other than one for which such ration may be obtained, it shall revoke such ration and shall direct that any coupons or coupon books issued therefor be surrendered to it. If it finds that the holder is entitled to a ration of a different class or quantity than that issued, it may issue such ration as it finds the holder entitled to receive pursuant to the provisions of Ration Order No. 8 in place of the ration revoked.

(c) The Board shall record the name of any ration holder who refuses to comply with a direction of the Board pursuant to paragraph (b) of this section or who fails or refuses to appear for examination in accordance with a notice sent by the Board pursuant to paragraph (a) of this section: *Provided*, That if a person whose name has been recorded for failure or refusal to appear for examination shows good cause to the Board for such failure or refusal his name shall be stricken from such record, upon compliance with the Board's direction with respect to the disposition of his ration. The Board shall notify the Director of the Office of Price Administration for the Virgin Islands immediately after so recording any name and immediately after striking any name from the record. Any person whose name remains recorded shall be prohibited from securing any ration under the provisions of Ration Order No. 8.

Restrictions on Use of Rations and Gasoline

§ 1394.4151 *Restrictions as to purposes.* (a) No person to whom a special ration has been issued may use or permit the use of such ration for any purpose other than the one for which it was issued. No person to whom a supplemental, service, or non-highway ration has been issued may use or permit the use of such ration for a purpose other than that for which such ration may be obtained.

§ 1394.4152 *Rations not transferable.* (a) No ration may be transferred or assigned. A ration may, however, subject to the provisions of § 1394.4154 be used by anyone entitled to use the vehicle, boat or equipment for which it was issued, if such use is for a purpose for which such ration may be obtained and so long as there is no change in ownership of such vehicle, boat or equipment.

§ 1394.4153 *Change of occupation.* (a) The holder of a supplemental ration based on preferred mileage, as defined in § 1394.3705, shall report to the issuing Board any change in the principal occupation for the pursuit of which such ration was issued. Such report shall be transmitted to the Board within five (5) days after such change and shall describe fully the nature of the new occupation, the exact type of work performed, the business or industry in which such work is performed, and the purpose, if any, for which the motor vehicle will be used in such new occupation. If, on the basis of such report, the Board finds that such motor vehicle will no longer be used for a preferred purpose listed in § 1394.3705, it shall notify such holder, in writing, that his right to such ration is to be reexamined. Such notice shall be mailed to such holder at the address shown on his application (or at the address shown on his report), and shall require him to file a new application for a ration within ten (10) days after the mailing date shown on such notice. If no new application is filed within such time, the Board shall revoke such ration and shall recall all coupon books based on preferred mileage issued in connection therewith. If a new application is filed, and if the Board determines that the motor vehicle will be used for a preferred purpose listed in § 1394.3705, it shall take no further action. If the Board finds that the vehicle will no longer be used for a preferred purpose, listed in § 1394.3705, it shall revoke the ration and recall the coupons or coupon book originally issued and shall issue, in lieu thereof, such ration, if any, as it determines that the holder is entitled to receive on the basis of his new application.

§ 1394.4154 *Use of rations issued for vehicles or boats available for public rental.* (a) A motor vehicle rental

agency may permit a lessee to use a Service ration issued to such agency for a vehicle leased by him, during the period of a *bona fide* lease for one week or less. In the case of any lease other than a *bona fide* lease for one week or less, the lessee may not use or be permitted to use the Service ration issued to such agency for such vehicle, but shall apply for a ration on his own behalf, pursuant to the provisions of paragraph (b) of this section.

(b) A lessee of a vehicle available for public rental who leases such vehicle for a period of more than one week shall be deemed to be a person entitled to the use of such vehicle, within the meaning of § 1394.3702. Such lessee may apply for a ration for use of such vehicle on his own behalf, and his right to such ration shall be determined solely by the nature and extent of his use of the vehicle. Application by such lessee for a ration shall be made on Form OPA VIR–5. Upon termination of the lease, any ration issued to such lessee shall expire and all coupons or coupon books issued to him shall be returned by him to the issuing Board.

(c) A boat rental agency may permit a lessee to use a non-highway ration issued for an inboard motorboat or outboard motor leased to him, only during the period of a *bona fide* lease for one week or less. A lessee of such boat or motor who leases it for a period of more than one week may apply for a non-highway ration on his own behalf.

Restriction on Transfer of Gasoline

§ 1394.4201 *Restriction on transfer to consumers.* (a) On and after September 16, 1942, and notwithstanding the terms of any contract, agreement, or commitment, regardless of when made, no person other than a dealer or distributor shall transfer or offer to transfer gasoline to any consumer, and no consumer shall accept transfer of such gasoline.

(b) On or after September 16, 1942, a dealer or distributor may transfer gasoline to a consumer in the Virgin Islands, and such consumer may accept such transfer of gasoline, only in exchange for valid coupons or other evidences issued in the Virgin Islands.

(c) No gasoline may be exported, or transferred to any person for export or for use or consumption in any country or island other than the Virgin Islands of the United States, unless a written purchase order for such export or transfer is approved by the Director of the Office of Price Administration for the Virgin Islands. The Director shall signify his approval of the export by signing or initialing such purchase order.

(d) Whenever in the opinion of the Director of the Office of Price Administration for the Virgin Islands the supply of motor fuel on the Islands available for civilian use becomes so limited, or threatens to become so limited that it appears to him that such essential functions as fire protection, ambulance and medical service, night soil removal and sanitation services may not be able to be continued because of lack of motor fuel, he may issue an emergency order that all transfers of motor fuel under both basic and supplemental rations shall cease, and such emergency order may provide that all existing supplies of motor fuel shall be held exclusively for the use of such of the essential public services as he may designate: *Provided*, That when such an emergency order is issued, no dealer or other person may transfer any gasoline in exchange for any coupons of any type, but shall transfer gasoline only to the essential service or services designated upon presentation to him of a written authorization from the Director of the Office of Price Administration, which authorization shall set forth the service to receive the transfer and the amount to be transferred: *Provided further*, That the heads of the governmental departments responsible for such essential services may obtain an authorization from the Director of the Office of Price Administration for supplies of motor fuel to carry on such essential services upon application and furnishing proof that such supplies are needed for the purposes set forth.

§ 1394.4202 *Transfer to consumers in exchange for coupons.* (a) A transfer of gasoline may be made in exchange for coupons contained in Class A, B, and C books, under the following conditions:

(1) At the time of transfer, the transferor shall require presentation of the coupon book and must therefrom detach coupons having an aggregate gallon value equal to the amount of gasoline transferred: *Provided*, That if the transferee is able to accept only a portion of the amount of gasoline represented by the gallon value of a coupon, the transferor shall nevertheless detach an entire coupon. No transfer may be made pursuant to this paragraph in exchange for a coupon detached prior to the presentation of the coupon book to the transferor.

(2) Transfer may be made only into the fuel tank of a motor vehicle identified on the coupon book presented: *Provided*, That if such book bears a notation by a Board indicating that bulk transfer is authorized, a bulk transfer may be made in exchange for coupons in such book: *Provided further*, That bulk transfer may also be made of an amount of gasoline, not in excess of a minimum quantity necessary to enable a vehicle stranded for lack of fuel to reach a source of supply. In such case the transferor shall detach the coupon or coupons necessary and shall retain the ration book presented until the vehicle is brought to the place of transfer for identification.

(3) Transfer may be made only during the period of validity of the coupon in exchange for which the transfer is to be made.

(b) Bulk transfer may be made in exchange for coupons contained in a Class R book, under the following conditions:

(1) At the time of transfer, the transferor must require presentation of the coupon book and must detach therefrom coupons having an aggregate gallonage value equal to the number of gallons of gasoline transferred. No transfer may be made pursuant to this paragraph in exchange for a coupon detached prior to the presentation of the coupon book to the transferor.

(2) No transfer in exchange for coupons in a Class R book may be made into the fuel tank of, or knowingly made for use in, a licensed motor vehicle or a motor vehicle held by a motor vehicle dealer for sale or resale.

(c) Transfer may be made in exchange for bulk coupons. The transferor shall require surrender, at or before time of transfer, of bulk coupons having a value in gallons equal to the number of gallons of gasoline transferred: *Provided*, That in the case of any delivery made in the absence of the transferor or his agent, or in the absence of the transferee or his agent, coupons need not be surrendered simultaneously with delivery, but must be forwarded by the transferee to the transferor within forty-eight (48) hours after delivery.

§ 1394.4203 *Emergency transfer.* (a) Transfer may be made in exchange for an emergency receipt on Form OPA R–555, which may be obtained from any dealer.

(b) Any person requiring gasoline in order to meet any emergency involving serious threat to life, health, or valuable property, may obtain such gasoline by signing an emergency receipt in triplicate and stating thereon the emergency purpose for which such gasoline is required and the reason why he is unable to present coupons in exchange for such gasoline. If such gasoline is required for use in a licensed motor vehicle, he shall also state the license number of the vehicle in which such gasoline is to be used.

(c) Any dealer or distributor who has transferred gasoline in exchange for an emergency receipt, shall transmit such emergency receipt, in triplicate, to the Board having jurisdiction over the area in which his place of business is located. The Board, if it is satisfied that the transferor made a transfer, in good faith, of the amount of gasoline specified in such emergency receipt, shall issue to him, in exchange therefor, inventory coupons equal in gallonage value to the amount of gasoline so transferred. The Board shall retain one copy of such receipt in its own files, shall transmit the second copy to the Board having jurisdiction over the area in which the transferee resides, as stated on the receipt, and shall send the third copy to the Director of the Office of Price Administration for the Virgin Islands.

§ 1394.4204 *Transfer of vehicle, boat or equipment.* (a) Nothing in Ration Order No. 8 shall be deemed to forbid the transfer of gasoline actually in the fuel supply tank of a vehicle, boat or equipment, in conjunction with a *bona fide* transfer of such vehicle, boat, or equipment itself; or the consumption by the transferee in such vehicle, boat, or equipment of gasoline actually in the fuel supply tank thereof at the time of transfer.

§ 1394.4205 *Transfer of consumer establishments.* (a) Nothing in Ration Order No. 8 shall be deemed to forbid the transfer of gasoline actually in a storage tank or another container maintained by a consumer as part of an enterprise or establishment, in conjunction with a *bona fide* transfer of such enterprise or establishment itself, or a transfer of gasoline by legal process or operation of law.

(b) Any person to whom a transfer of the character described in paragraph (a) is made shall forthwith report such transfer and the amount of gasoline involved to the Board having jurisdiction over the area in which such gasoline is located. Such person, if not a dealer or distributor, may either:

(1) Transfer all or any part of such gasoline in exchange for coupons or other evidences having a value equal to the number of gallons of gasoline so transferred: *Provided*, That such coupons or other evidences shall forthwith be surrendered by him to the Board for cancellation; or

(2) Consume such gasoline to the extent of any gasoline ration issued to him: *Provided*, That he may consume such gallons of gasoline only for the purpose for which such ration may be issued and shall surrender to the Board, for cancellation, coupons equal in value to the amount of gasoline consumed or to be consumed.

§ 1394.4206 *Transfer from fuel tank to fuel tank of vehicles and boats forbidden.* (a) No gasoline contained in the fuel tank of any licensed motor vehicle, inboard motorboat, outboard motor, or non-highway equipment shall be transferred therefrom to the fuel tank of any licensed motor vehicle, or of any inboard motorboat or outboard motor.

§ 1394.4207 *Discrimination by dealers and distributors.* (a) On and after September 1, 1942, no dealer or distributor shall discriminate in the transfer of gasoline among any consumers lawfully entitled to acquire gasoline under the provisions of Ration Order No. 8 by selling only to favored customers or classes of consumers, or only to regular customers, and refusing to sell to others who are entitled to acquire gasoline under the provisions of Ration Order No. 8. Nothing in this section, however, shall be construed to prohibit a dealer or distributor from adopting restrictions which apply to all consumers or from holding reserve stocks for delivery to persons presenting acknowledgment of delivery or allotment authorization duly executed by an authorized officer of the armed forces of the United States.

§ 1394.4208 *Display of stickers.* (a) No person may use a Class A, B, or C ration issued for a registered motor vehicle unless a sticker identifying the class of ration issued, in such form as may be prescribed by the Office of Price Administration, is affixed to and conspicuously displayed on such vehicle. Such sticker shall be displayed on such vehicle at all times. A person to whom any ration in addition to Class A ration has been issued shall display only the sticker identifying such additional ration.

§ 1394.4209 *Restriction on use of gasoline in vehicle without ration.* (a) On and after September 16, 1942, no gasoline may be used in the Virgin Islands in a motor vehicle licensed in the Virgin Islands unless a sticker, indicating that a gasoline ration has been issued, is displayed on such vehicle in accordance with § 1394.4208.

Records and Audit

§ 1394.4251 *Registration of inventory and capacity.* (a) No dealer having a place of business in the Virgin Islands shall make or receive any transfer of gasoline between the hours of 4 p. m. on September 15, 1942, and 8 a. m. on September 16, 1942. During such hours every dealer shall take an actual physical inventory of his total gasoline supplies on hand and shall register, on Form OPA R–545, in duplicate, with the Board having jurisdiction of the area in which he has such place of business, at the hours provided by the Board, the following matters, together with such other information as may be required:

(1) His total inventory of gasoline on hand as of the close of business on September 15, 1942.

(2) His total gasoline storage capacity.

(3) His name, firm name, business address, and type of business.

(4) A certification as to the correctness of each of the foregoing items of information.

Separate registration shall be made by a dealer for each place of business in Virgin Islands where gasoline is transferred, and shall be made at each respective Board having jurisdiction of the area in which each such place of business is located.

§ 1394.4252 *What constitutes gasoline on hand.* (a) The registrant shall register all gasoline on hand, whether in storage tanks, tank trucks, tank ships, tank barges, or in drums or vessels alongside a dock or at anchor, also all gasoline in drums or other containers, except gasoline in the fuel tank of a motor vehicle. The registrant shall not register gasoline in transit which did not arrive at his place of business prior to the close of business on September 15, 1942. Gasoline shipped to a dealer on or prior to September 15, 1942, but received by him at any time after September 15, 1942, shall be deemed to be gasoline transferred to him after September 15, 1942, and shall require an exchange therefor of coupons or other evidences.

§ 1394.4253 *What constitutes storage capacity.* (a) The registrant shall register the total capacity of all immobile gasoline storage facilities, but not the capacity of tanks, trucks, tank wagons, drums, or other movable containers: *Provided*, That a registrant who maintains no stationary gasoline storage tanks shall register the total capacity of all his delivery facilities.

§ 1394.4254 *Issuance of registration certificates.* (a) The Board, on determining that the information and certification submitted by the registrant are in good order, shall by authorized signature approve the same, file the duplicate, and return the original to the registrant, who shall retain it as a certificate of registration at the place of business to which it applies and shall present it as an identification at the time of transacting business with any Board.

§ 1394.4255 *Issuance of inventory coupons.* (a) The Board shall at the time of its approval of any registration certificate, issue to the registrant inventory coupons in the amount of the difference between the total gasoline storage capacity for each place of business and the total inventory of gasoline on hand as certified by the registrant. A one-hundred gallon inventory coupon may at any time subsequent to registration be exchanged at any Board in the Virgin Islands by a dealer for an equivalent amount of one gallon inventory coupons.

§ 1394.4256 *Restriction on use of inventory coupons.* (a) Every dealer shall retain all inventory coupons issued to him at the place of business for which they were issued, and shall exchange his inventory coupons only when a delivery to him exceeds the number of consumer coupons or other evidences available for exchange: *Provided, however*, That one-gallon inventory coupons may be used at any time to make the difference between the number of gallons in any delivery and the nearest number of gallons which can be represented by the use of consumer coupons or other evidences

§ 1394.4257 *Restriction on transfers.* (a) Except as provided in § 1394.4258 no dealer shall transfer or offer to transfer to, or shall receive a transfer of gasoline from, any other dealer except in exchange for a quantity of coupons or other evidences, at or before the time of the actual delivery of the gasoline, equal in gallonage value to the amount of the gasoline so transferred.

§ 1394.4258 *Night deliveries; third party deliveries.* (a) When a distributor elects to make delivery of gasoline during the hours when the dealer is not open for business, the dealer shall, where the exact amount of the delivery is known in advance, mail or deliver in advance to the distributor coupons or other evidences in an equal gallonage value, or may, at the discretion of the distributor, within twenty-four (24) hours of delivery forward to the distributor an amount of coupons or other evidences equal in gallonage value to the number of gallons so delivered.

§ 1394.4259 *Preservation of coupons, coupon sheets.* (a) Each dealer and distributor shall affix the coupons received by him directly from consumers to a coupon sheet (Form OPA R–542) in the manner directed thereon. Separate coupon sheets shall be maintained for coupons of each separate type; only coupons of one class shall be attached to any one sheet.

§ 1394.4260 *Preservation of acknowledgements.* (a) Each dealer and distributor shall attach the acknowledge-

No. 172——6

ments and allotment authorizations delivered to him by authorized purchasers to a summary of coupons and acknowledgments (Form OPA VIR–806) on which he shall enter for each such Acknowledgement and allotment authorization in order the date of purchase, name of purchaser, and number of gallons sold.

§ 1394.4261 *Summary of coupons.* Each dealer and distributor shall, prior to every delivery by him of coupons or other evidence, except exchange certificates, prepare in duplicate on Form OPA VIR–806 a summary of coupons and acknowledgements in the manner directed thereon, certifying the number of each type of coupon and the number of evidences to be delivered. The original of this summary shall be delivered by him attached to his coupons and other evidences. The copy shall be retained by him at his place of business for a period of not less than one year. Dealers and distributors shall forward such summaries to their vendors.

§ 1394.4262 *Invalidity of Class A and B coupons after expiration of bi-monthly period.* (a) No dealer shall accept any coupon the period of validity of which has expired and no such coupon shall be an evidence of any gallonage value, except on coupon sheets to which it has been attached prior to the expiration of its period of validity.

§ 1394.4263 *Certification of shortage.* (a) Dealers shall be permitted from time to time to apply on Form OPA R–549 for compensation for losses of gasoline through evaporation, handling, accident, or other extraordinary circumstances, and account for unavoidable loss of coupons. The certification of shortage shall be submitted to the Board having jurisdiction of the area in which each dealer or distributor has the place of business to which the shortage is to be attributed, and shall show the nature and quantity of such shortage with a full explanation therefor. If, on consideration, of the certification of such other facts as it may require of the applicant, the Board is satisfied that the applicant has established the fact and reasonableness of such shortage, the Board shall file certification and issue to the applicant a quantity of inventory coupons equal to the amount of the proven loss: *Provided,* That the Board shall not issue, as compensation for a shortage resulting from shrinkage or evaporation, certificates having a gallon value in excess of 1% of the number of gallons delivered each month.

§ 1394.4264 *Exports by distributors.* (a) Every distributor shall, on or before the 5th day of each month, commencing with the month of October, 1942, submit to the Director of the Office of Price Administration for the Virgin Islands a written report for the previous calendar month showing:

(1) The amount of gasoline on hand at the close of business on the last day of the month preceding the month for which the report is made;

(2) The amount of gasoline imported into the Virgin Islands during the month for which the report is made;

(3) The amount of gasoline exported from the Virgin Islands during the month for which the report is made;

(4) The amount of gasoline transferred to and received from other distributors during the month for which the report is made;

(5) The amount of gasoline on hand at the close of business on the last day of the month for which the report is made;

(6) The amount of gasoline transferred to the armed forces of the United States during the month for which the report is made;

(7) The amount of gasoline transferred to dealers or consumers during the month for which the report is made;

Every distributor shall attach to such report all evidences received in exchange for gasoline so transferred by it during the month for which the report is made. The distributor shall include in its report a reconciliation of any difference between the total amount of gasoline reported so transferred and the total amount of gasoline represented by the evidences attached to the report.

§ 1394.4265 *Reports by collector of customs.* (a) As soon after the first of each month as is practicable, commencing with the month of October, 1942, the United States Collector of Customs from the Virgin Islands shall be requested to send to the Director of the Office of Price Administration for the Virgin Islands a written report for the previous calendar month containing the following information:

(1) The total amount of gasoline imported into the Virgin Islands during the previous month, and the amount imported by each distributor.

(2) The total amount of gasoline and the amounts of each distributor exported from the Virgin Islands during the previous month.

(3) The total gasoline inventory of the distributors, and the inventory of each distributor, at the close of business on the last day of the month for which the report is made.

§ 1394.4266 *Explanation by distributor.* (a) The Director of the Office of Price Administration for the Virgin Islands may, at any time, request any distributor to explain a discrepancy existing between the figures supplied in its monthly report and the number of evidences turned in by it to the Office of Price Administration for the Virgin Islands and the monthly report made by the Collector of Customs. Any failure or refusal to explain such discrepancies shall constitute prima facie evidence that such distributor has transferred gasoline without accepting evidences therefor.

§ 1394.4267 *Registration of new or reopened place of business.* (a) Any dealer who opens or reopens a place of business not previously registered by such dealer, shall, prior to receipt or transfer of any gasoline, register such place of business in the manner, provided in § 1394.4251, and shall be issued inventory coupons equal in gallon value to the total capacity of his unfilled gasoline storage facilities as of the time of registration.

§ 1394.4268 *Cessation of business.* (a) Any dealer who ceases to operate as such, disposes of his stocks of gasoline, and closes his place of business without transferring it to another for continued operation, shall, at the time of final closing, deliver to the Board having jurisdiction of the area in which his place of business is located the original certificate of registration of such place of business and a quantity of coupons or other evidences equal in gallon value to the total capacity of the gasoline storage facilities of such place of business.

§ 1394.4269 *Sale of place of business.* (a) Any person acquiring from a dealer a place of business already registered in accordance with the provisions of § 1394.4251 shall, prior to receipt or transfer of any gasoline, register such place of business in the manner provided in §§ 1394.4251 to 1394.4256, inclusive: except that he shall be issued inventory coupons equal in gallon value to the total capacity of the entire gasoline storage facilities of such place of business. He shall ther deliver to the transferor of such place of business a quantity of inventory coupons equal in gallon value to the total amount of gasoline on hand as of the time of transfer. The tranferor shall deliver, to the Board having jurisdiction of the area in which the place of business transferred by him is located, the certificate of registration of such place of business, together with a quantity of coupons or other evidences equal in gallon value to the total capacity of the entire gasoline storage facilities of such place of business.

§ 1394.4270 *Change of storage capacity.* (a) Any dealer in any manner altering the total capacity of the gasoline storage facilities of a place of business shall deliver for cancellation to the Board having jurisdiction of the area in which such place of business is located, his original certificate of registration, and shall obtain a new certificate of registration in the manner provided by §§ 1394.4251 to 1394.4256, inclusive. The Board shall attach to its copy of the new certificate the original and copy of the cancelled certificate. Where the capacity of the gasoline storage facilities is decreased, the dealer shall furnish to the Board a quantity of coupons or other evidences equal in gallon value to the amount of the decrease. Where the capacity of his gasoline storage facilities is increased, the Board shall issue to the dealer in the manner described in § 1394.4253 a quantity of inventory coupons equal in gallon value to the amount of the increase.

§ 1394.4271 *Inspection of records and facilities.* (a) All records, reports, forms, account of other documents by Ration Order No. 8 to be prepared and kept by any person, and the gasoline facilities of any person, shall be subject to the inspection of the Office of Price Administration and its employees or by such persons as the Office of Price Administration may designate for the purpose of making inspections. Such inspections may be made at the place of business of any such person during regular hours, or, in the case of matters prepared on forms of the Office of Price Administration, at any time and place designated by the Office of Price Administration.

Adjustments and Appeal

§ 1394.4301 *Appeals from decisions of Boards.* (a) An applicant may appeal to the Director of the Office of Price Administration for the Virgin Islands from an adverse decision of a Board by filing with the Board a sworn statement in writing setting forth his objections to the decision and the grounds for the appeal. The statement must be filed not later than ten (10) days after receipt of notice of the decision. Within three (3) days after receipt of the statement, the Board shall send the statement to the Director together with its entire record on the application.

(b) The Director may request the applicant to appear before him or to furnish such additional information as he may deem pertinent. The Director shall render his decision on the appeal within five (5) days after receipt of the statement and record, and, in case of apparent emergency, within twenty-four (24) hours, if possible. He shall promptly notify the applicant and the Board, in writing, of his decision. In the event that a decision of a Board is reversed or modified by the Director, the record shall be remanded to the Board for action consistent with his decision.

Enforcement

§ 1394.4351 *Criminal prosecution.* (a) Any person who knowingly falsifies an application or any other record or certificate made pursuant to or required by the terms of Ration Order No. 8, or who otherwise knowingly furnishes false information to a Board, or any other agent, employee or officer of the Office of Price Administration, or who conspires with another person to perform any of the foregoing acts, may upon conviction be fined not more than $10,000.00 or imprisoned for not more than ten years, or both, and shall be subject to such other penalties as may be prescribed by law.

(b) Any person who willfully performs any act prohibited, or willfully fails to perform any act required, by any provisions of Ration Order No. 8 may, upon conviction, be fined not more than $10,000.00, and imprisoned for not more than one year, or both, and shall be subject to such other penalties as may be prescribed by all applicable statutes.

§ 1394.4352 *Suspension orders.* (a) Any person who violates Ration Order No. 8 may by administrative suspension order, be prohibited from receiving any deliveries of, or selling or otherwise disposing of, any gasoline or other rationed product. Such suspension order shall be issued for such period as in the judgment of the Director of the Office of Price Administration for the Virgin Islands is necessary or appropriate in the public interest and to promote the security of the Virgin Islands.

Effective Date

§ 1394.4401 *Effective date.* Ration Order No. 8 (§§ 1394.3501 to 1394.4401) shall become effective August 28, 1942. (Pub. No. 671, 76th Cong., 3rd Sess., as amended by Pub. No. 89, 77th Cong., 1st Sess., and by Pub. No. 507, 77th Cong., 2nd Sess., Pub. No. 421, 77th Cong., 2nd Sess., W.P.B. Directive No. 1, Supp. Dir. No. 1 J, 7 F.R. 562, 5043)

Issued this 28th day of August 1942.

JACOB A. ROBLES,
Director for the Virgin Islands.

PART 1407—RATIONING OF FOOD AND FOOD PRODUCTS

[Ration Order 10]

FOOD RATIONING REGULATIONS FOR THE VIRGIN ISLANDS

Pursuant to the authority vested in the Office of Price Administration by Directive No. 1 of the War Production Board issued January 24, 1942, and by Supplementary Directive No. 1 J of the War Production Board issued July 1, 1942.

It is hereby ordered, That:

AUTHORITY: §§ 1407.601 to 1407.900, inclusive, issued under Pub. Law 671, 76th Cong., as amended by Pub. Law 89, 77th Cong., by Pub. Law 507, 77th Cong., and by Pub. Law 421, 77th Cong.; W.P.B. Directive No. 1, Supp. Dir. No. 1 J, 7 F.R. 562, 5043.

Definitions

§ 1407.601 *Definitions.* (a) When used in Ration Order No. 10:

(1) "Board" means a War Price and Rationing Board established by the Office of Price Administration, and when the context so indicates, the term "The Board" means the Board with which a person is registered pursuant to Ration Order No. 10.

(2) "Book" means War Ration Book One issued in the Virgin Islands.

(3) "Certificate" means a purchase certificate issued by authority of the Office of Price Administration as evidence of a ration.

(4) "Consumer" means any person who receives a rationed commodity for the personal use of himself or members of his family.

(5) "Commercial institution" means a restaurant, hotel, public dining room, or other similar eating place, that serves meals solely as a commercial operation, but not including a boarding house.

(6) "Director" means the Director of the Office of Price Administration for the Virgin Islands.

(7) "Distributor" includes primary distributors, intermediate distributors and retailers subject to Ration Order No. 10.

(8) "Establishment" means a business or operation subject to Ration Order No. 10 conducted at or from a particular location.

(9) "Family" means a group of two or more individuals consisting of all persons customarily living and eating together in the same household, and any other persons regularly eating a majority of their meals in the household.

(10) "Importer" means a person who imports a rationed commodity into the Virgin Islands.

(11) "Industrial establishment" means an establishment in which a rationed commodity is received for use in the production, manufacture, or processing of any product for transfer, except as a part of the operation of a commercial or non-commercial institution.

(12) "Industrial use" means the use of a rationed commodity in the production, manufacture, or processing of any product, except as a part of the operation of a commercial or non-commercial institution.

(13) "Industrial user" means a person who obtains rationed commodities for industrial use at an industrial establishment.

(14) "Institutional use" means the use of a rationed commodity in the preparation for service or the service of meals in a commercial or non-commercial institution.

(15) "Institutional user" means a person who obtains a rationed commodity for institutional use.

(16) "Intermediate distributor" means a person who obtains a rationed commodity from a primary distributor for transfer principally to persons other than consumers.

(17) "Non-commercial institution" means an establishment serving meals as a part of or supplementary to the operation of a prison, hospital, sanitarium, asylum or other similar institution.

(18) "Person" includes an individual, partnership, corporation, association, government, government agency, or any other organized group or enterprise.

(19) "Primary distributor" means any person who manufactures or produces a rationed commodity for transfer, or the agent of any such person, or any person who delivers a rationed commodity to the Virgin Islands for transfer, or any person who takes such delivery for transfer, or the agent of any person who makes or takes such delivery. The term "agent" shall be deemed to include a broker, factor, commission merchant, or a person who takes title but actually performs functions commonly performed by agents, brokers, factors, or commission merchants.

(20) "Ration" means a right to acquire and use a specified quantity of a rationed commodity, or an evidence of such right, as the context requires.

(21) "Ration period" means the space of time designated in Ration Order No. 10 during which a ration is valid.

(22) "Rationed commodity" means any commodity designated in Ration Order No. 10, or any amendments or supplements thereto, as being subject to the provisions of Ration Order No. 10.

(23) "Retailer" means a person who obtains a rationed commodity for resale or re-transfer principally to consumers.

(24) "Sale at retail" means a sale or transfer to a person for use as consumer.

(25) "Sale at wholesale" means a sale or transfer to a person other than a consumer.

(26) "Stamp" means a War Ration Stamp originally contained in a War Ration Book and designated by the Office of Price Administration as an authorization to accept transfer of a specified quantity of a particular rationed commodity.

(27) "Transfer" means to sell, give, exchange, lease, lend, deliver, supply or furnish, and includes the acquisition of title by will, inheritance, foreclosure, or legal process; it also includes the use by primary distributor, intermediate distributor, or retailer of any rationed commodity held for transfer; but does not include the creation of a security interest or security title involving no change of possession. Delivery to a carrier for shipment, or by a carrier in completion of a shipment shall not be deemed to be a transfer to or by such carrier.

(28) "Weight value" means the quantity of a particular rationed commodity authorized to be transferred by a certificate or stamp.

(b) When the context so requires, words in the singular shall include the plural, words in the plural shall include the singular, and the masculine gender shall denote the feminine and neuter.

Scope of Ration Order No. 10

§ 1407.621 *Territorial limitations.* (a) Ration Order No. 10 shall apply to the Virgin Islands of the United States.

§ 1407.622 *Scope of restriction.* (a) Nothing in Ration Order No. 10 shall be construed to limit the quantity of any rationed commodity which may be acquired by the Army, Navy, Marine Corps, Coast Guard, Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, the Civil Aeronautics Authority, the National Advisory Commission for Aeronautics, and the Office of Scientific Research and Development, of the United States.

§ 1407.623 *Commodities subject to Ration Order No. 10.* (a) The following commodities are subject to Ration Order No. 10:

(1) Wheat flour.

Administration and Personnel

§ 1407.641 *Personnel.* (a) Ration Order No. 10 shall be administered by the Office of Price Administration through its local war price and rationing boards in the Virgin Islands and such other administrative personnel as it may designate. Any administrative function of a Board may be performed in its behalf by a rationing officer appointed for such Board by the Director.

(b) The persons referred to in paragraph (a) hereof may be assisted during a registration period by the Superintendents of Education of the Virgin Islands and by teachers and other persons appointed by authority of the Director to act as registrars. The persons mentioned in this paragraph shall serve without compensation and shall be under the supervision of the persons who appointed them.

(c) No person participating in the administration of Ration Order No. 10 shall act officially in connection with any matter arising hereunder as to which he has any interest, by reason of business connection or relationship by blood or marriage. If a majority of the members of a Board should be disqualified to act on any matter, it shall be referred to another Board for decision.

§ 1407.642 *Jurisdiction of Boards.* (a) For the purpose of Ration Order No. 10 a Board shall have jurisdiction over:

(1) The issuance of War Ration Books and Certificates to consumers registered with it: *Provided*, That during a registration period such War Ration Books may be issued by registrars.

(2) The issuance of rations for an establishment located in the area which such Board is designated to serve: *Provided*, That such rations may be issued by a Board upon which jurisdiction over such establishment has been conferred by specific instructions of the Director.

(b) A Board with which a person is registered for a particular purpose shall continue to have jurisdiction over such person until and unless his registration file is transferred to another Board entitled to have jurisdiction in accordance with § 1407.643. Upon the transfer of a registration file in accordance with § 1407.643 such person shall thereafter be deemed to be registered with and under the jurisdiction of the Board to which such file is transferred.

§ 1407.643 *Transfer of registration files.* (a) If a consumer does not reside in the area assigned to the Board with which he is registered, he may apply to the Board having jurisdiction over the area in which he resides for the transfer to it of his registration file. Such application may be made by an agent or any person authorized to register for him. The Board with which such application is filed, after ascertaining that the consumer is residing within the area assigned to it, shall notify the Board with which such consumer is registered. The latter Board shall thereupon transfer the registration file to the Board to which the application was made.

§ 1407.644 *Records confidential.* (a) All records of the Office of Price Administration and of a Board relating to any registration, application, or petition of any person under Ration Order No. 10 shall be confidential and shall be subject to disclosure, inspection, removal, or other disposition only as provided herein or as the Office of Price Administration may from time to time authorize. The records shall at all reasonable times be available for inspection by duly authorized employees or representatives of the Board with which such records are filed or of the Office of Price Administration, the Department of Justice, and Treasury Department, of the United States, or by the person on whose behalf the particular record was filed or his representative.

(b) A record under the custody of a Board may be removed in connection with a transfer of a registration file pursuant to § 1407.743, or in connection with an appeal pursuant to § 1407.802; or may be removed for use in any criminal or civil action either with the prior approval of the person on whose behalf the record was filed and of the Director or with the prior approval of the Director and pursuant to a subpoena duly issued by a court of competent jurisdiction. A copy of such record, certified to be a true copy by the chairman or a clerk of the Board having custody thereof shall be substituted for the original and the original returned to the person from whose custody it was removed as soon as practicable in all such cases.

(c) A record may be posted at the office of each Board stating the name and address of all persons registered with the Board to whom rations have been issued and the type of ration issued.

Restrictions on Transfers and Use of Rationed Commodities

§ 1407.661 *Restrictions on transfers for use.* (a) On and after August 26, 1942, or the effective date of any amendment, with respect to any commodity made subject to Ration Order No. 10 by such amendment, notwithstanding the terms of any contract, agreement, or commitment, regardless of when made, except as otherwise provided in Ration Order No. 10, no person other than a person who has registered as a distributor pursuant to Ration Order No. 10, shall transfer or offer to transfer a rationed commodity to any person for use as a consumer, or as an institutional or industrial user: *Provided*, That this section shall not apply to transfers by a farmer or producer of rationed commodities grown or produced by him if the total value of all products sold by him is less than $75 per month; nor shall it apply to transfers by the American Red Cross or by a Government agency, nor by any person as a part of a service of a meal.

§ 1407.662 *Transfers to consumers.* (a) On and after August 26, 1942, or the effective date of any amendment, with respect to any commodity made subject to Ration Order No. 10 by such amendment, notwithstanding the terms of any contract, agreement, or commitment, regardless of when made, a distributor or other person may transfer a rationed commodity to a consumer, and a consumer may accept such transfer of a rationed commodity, only under the following conditions:

(1) At the time of transfer the transferor shall require presentation of a valid War Ration Book or Certificate issued to the transferee or a person on whose behalf he is acting and shall detach from such War Ration Book Stamps designated for the particular commodity and for the period in which the transfer is made, or shall require surrender of a valid certificate, having a weight value equal to the quantity of the rationed commodity transferred.

(b) No transfer of a rationed commodity shall be made to consumers in, or residing in, the Island of St. Croix or the Island of St. John during the period from August 26 to August 30, 1942, inclusive.

§ 1407.663 *Transfers to institution and industrial users.* (a) On and after August 26, 1942, or the effective date of any amendment, with respect to any commodity made subject to Ration Order No. 10 by such amendment, notwithstanding the terms of any contract, agreement, or commitment, regardless of when made, a distributor or other person may transfer a rationed commodity to an institutional or industrial user for use, and a person may receive a transfer of a rationed commodity for such a purpose, only under the following conditions:

(1) The transferee shall surrender to the transferor, at or before the time of transfer, a valid purchase certificate having a weight value equal to the quantity of the rationed commodity transferred, issued to him for such commodity pursuant to Ration Order No. 10.

§ 1407.664 *Restriction on use.* (a) Rationed commodities may be used only if a ration therefor has been obtained pursuant to Ration Order No. 10 and shall be used only for the purpose for which the ration was issued.

§ 1407.665 *Transfers to dealers, Army, Navy, and certain other persons and agencies.* (a) Notwithstanding any provision of Ration Order No. 10 to the contrary, any person may transfer rationed commodities to the Army, Navy, Marine Corps, or Coast Guard, of the United States, or any other agency named in § 1407.622 or to any person authorized to transfer such commodity; *Provided, however*, That the transferor shall obtain from the duly authorized representative of such service or agency a certificate or receipt of such delivery with the amount, date, and purpose for which the commodity is to be used set forth thereon.

§ 1407.666 *Transfers for supplies of vessel.* (a) Notwithstanding any provision of Ration Order No. 10 to the contrary, any person authorized to transfer rationed commodities may transfer a rationed commodity to an ocean-going vessel engaged in foreign or interstate commerce upon the surrender of a certificate issued by an authorized representative of the Director for an amount of such commodity required as necessary supplies for such vessel for the time required to reach its immediate destination.

§ 1407.667 *Valid period of stamps and certificates.* (a) Each stamp authorizes transfer of the particular commodity or commodities for which it has been designated to a consumer only during the ration period assigned to that stamp in § 1407.687.

(b) Each certificate authorizes transfer of the particular commodity designated therein only during the period of thirty days from the date thereof.

§ 1407.668 *Export.* (a) On and after August 26, 1942, notwithstanding any contract, agreement, or commitment, regardless of when made, no rationed commodity may be exported, nor transferred to a person for export, from the Virgin Islands, except that such commodity may be so exported or transferred for export on written approval of the Director or his authorized representative.

§ 1407.669 *Emergencies.* (a) In the event of a public disaster or similar emergency, the Director may authorize a transfer of a rationed commodity to be made without the surrender of certificates or stamps, or may issue certificates, in an amount deemed necessary under the circumstances to alleviate hardship or suffering and promote the public welfare.

Consumers—Registration and Rations

§ 1407.681 *Eligibility for rations.* (a) Except as is otherwise provided in Ration Order No. 10, every consumer over the age of two years shall be entitled to a War Ration Book as evidence of a right to acquire rationed commodities upon proper registration and application.

(b) No person shall be eligible for a War Ration Book while he is:

(1) Confined indefinitely, or for a fixed period of time in excess of 15 days, in a public or private institution such as a jail, asylum or hospital.

(2) A member of the armed forces of the United States receiving his meals regularly in organized messes or receiving rations in kind.

(3 Receiving all his meals at commercial or non-commercial institutions.

(4) Residing outside the Virgin Islands for a period in excess of 30 days.

§ 1407.682 *Registration and application.* (a) Registration and application for rations shall be made for eligible consumers at a registration site designated for the area in which the consumer resides at the time of registration, during a period designated by the Director, or may be made at any other time at the office of the Board having jurisdiction over the area in which such consumer resides.

(b) Registration and application for rations for all members of a family, including those temporarily absent, shall be made by an adult member, or the oldest member, of the family.

(c) An eligible consumer not a member of a family shall register and apply for rations for himself.

(d) In the event that an eligible consumer not a member of a family is unable to register or if there is no qualified person able to register for the family, registration and application for rations may be made by an agent.

(e) No consumer shall be registered more than once.

(f) Applications received by a registrar shall be filed at the office of the Board for the area in which the application was made.

§ 1407.683 *Information required.* (a) At the time of initial registration and application for rations the registrant shall furnish the following information with respect to the person or persons for whom rations are applied for:

(1) The name and age of each person for whom rations are desired.

(2) The address of the place of residence of the person for whom rations are applied for.

(3) The amount of wheat flour on hand and the number of eligible consumers in the household on the date of registration.

(4) Any additional pertinent information required by the Director.

§ 1407.684 *Certifications.* (a) At the time of the initial registration and application and any subsequent application for a ration the registrant shall certify that the facts stated are true. Such certification shall constitute a representation to the Office of Price Administration by the applicant and by any person on whose behalf such application is made.

§ 1407.685 *Issuance of ration.* (a) Upon proper registration and application each eligible consumer shall be issued a War Ration Book.

(b) War Ration Books issued during a registration period shall be completed and issued by a registrar. War Ration Books issued at a time other than during a registration period shall be completed and issued by a member, or an authorized employee, of the Board, or by authority of the Director.

(c) At the time of issuance of a War Ration Book, stamps for ration periods which have expired shall be detached. In addition, stamps shall be detached having a weight value equal to the amount of wheat flour, or the pro-rata share of the supply of wheat flour of the family, on hand on the date of registration; *Provided*, that no book shall be issued if more stamps would be required to be removed than the stamps to which a weight value for wheat flour has been assigned in § 1407.687. In such a case the book shall be issued at such time as stamps, to which a weight value for wheat flour has been so assigned, may be detached having a weight value equal to such amount.

(d) A book issued prior to the effective date of Ration Order No. 10, by authority of the Director, to or for a consumer eligible under the terms of Ration Order No. 10 may be used in the same manner and shall have the same effect as a book issued pursuant to Ration Order No. 10. The use of a War Ration Book issued prior to the effective date of Ration Order No. 10 shall constitute a representation to the Office of Price Administration that any statements or representation made in connection with the application therefor are true, and that the consumer is a person who is eligible to a book under the provisions of Ration Order No. 10.

(e) In the event that a consumer should require an amount of any rationed commodity in addition to that to which he would otherwise be entitled, for dietary reasons, the Board may issue a certificate for such additional amount on satisfactory proof of such fact.

§ 1407.686 *Surrender of War Ration Books.* (a) Within ten days after the death of a consumer the person having possession of the War Ration Book of the decedent shall surrender it to the Board for cancellation.

(b) If a consumer departs from the Virgin Islands for a period in excess of 30 days, or otherwise becomes ineligible for rations, he or his representative shall surrender his War Bation Book to the Board.

§ 1407.687 *Designation of consumer ration periods, and weight value of stamps valid therein.*

Ration period	Stamp valid during ration period	Weight value of stamp
No. 1.—July 27 to Aug. 9, 1942.	Book 1 stamp 1.	2 pounds wheat flour.
No. 2.—Aug. 10 to Aug. 16, 1942.	Book 1 stamp 2.	2 pounds wheat flour.
No. 3.—Aug. 17 to Aug. 23, 1942.	Book 1 stamp 3.	2 pounds wheat flour.
No. 4.—Aug. 24 to Aug. 30, 1942.	Book 1 stamp 4.	2 pounds wheat flour.
No. 5.—Aug. 31 to Sept. 6, 1942.	Book 1 stamp 5.	2 pounds wheat flour.
No. 6.—Sept. 7 to Sept. 13, 1942.	Book 1 stamp 6.	2 pounds wheat flour.
No. 7.—Sept. 14 to Sept. 20, 1942.	Book 1 stamp 7.	2 pounds wheat flour.
No. 8.—Sept. 21 to Sept. 27, 1942.	Book 1 stamp 8.	2 pounds wheat flour

Commercial and Non-Commercial Institution Registration and Issuance of Rations

§ 1407.701 *Registration.* (a) Each commercial and non-commercial institution for which rations are desired shall be registered on August 31, 1942 at the Office of Price Administration in which the establishment is located, or may be registered thereafter at the discretion of the Director.

(b) Registration for each such institution shall be made by the owner or manager of the institution.

(c) At the time of the initial registration the registrant shall state the name and address of the establishment registered, the name and address of the owner thereof, the number of meals served during the last full week preceding registration, the quantity of each rationed commodity on hand on August 30, 1942, the type of institution operated, the purposes for which the commodity is used, and any additional information required by the Board.

§ 1407.702 *Application for rations.* (a) At the time of the initial registration, and for each ration period thereafter, if rations are desired, application for rations shall be made on a form to be provided by the Office of Price Administration. Such application shall be presented to the Board and shall be signed by a person authorized to register the institution or by an authorized agent.

(b) Application for rations made at the time of registration shall be for the period from the date of registration to the end of the succeeding month.

(c) Subsequent applications for rations shall be made for a period of one calendar month and may be made at any time during, or within five days preceding, the ration period.

(d) At the time of making each application subsequent to the first application the applicant shall report the number of meals served during the last full week preceding such application.

(e) At the time of making the first application for a ration of a commodity made subject to Ration Order No. 10 by an amendment thereto the applicant shall report the quantity of such commodity on hand on the effective date of such amendment.

§ 1407.703 *Basic ration.* (a) The basic ration for each rationed commodity, for one month, to be allowed a commercial or non-commercial institution shall be the amount arrived at by dividing the number of meals served per week, as reported pursuant to § 1407.701 (c) or § 1407.702 (d), by 25 and multiplying the result by the allowance per person for the particular rationed commodity, as specified in § 1407.704.

(b) The basic ration for a ration period longer or shorter than one month shall be the basic monthly ration, adjusted in accordance with the length of the ration period.

§ 1407.704 *Designation of amount of rationed commodities allowed per person served by institutional user.* (a) For computing the amount of the ration of a person for institutional use, pursuant to § 1407.703, the allowance per person served shall be as follows:

Rationed commodity	Allowance per person
Wheat flour	8 pounds per month.

§ 1407.705 *Excess inventory.* (a) Each registered commercial and non-commercial institution shall be entitled to retain as an inventory of a rationed commodity an amount equal to the amount of the basic ration for one month, computed as of the date of the first application for rations of such commodity. Any amount of such commodity on hand, as reported pursuant to § 1407.701 (c) or § 1407.702 (e) in excess of such allowable inventory shall be deducted from the amount of the basic ration to which it would otherwise be entitled for the first and any subsequent ration periods.

§ 1407.706 *Issuance of certificate.* (a) At the time of each application a purchase certificate shall be issued for the basic ration for each rationed commodity for the ration period as adjusted in accordance with § 1407.705.

§ 1407.707 *New business.* (a) A person desiring to obtain rationed commodities for institutional use in connection with the operation of a new establishment may register and apply for rations for such purpose. The application shall be made to the Director of the Office of Price Administration, and shall be in a form approved by the Director. The applicant shall state the name and address of the establishment, the name and address of the owner thereof, the type of establishment operated, the purpose for which each rationed commodity is to be used, the amount on hand at the time of registration, the number of meals which it is estimated will be served per week, and any additional information required by the Board.

(b) On proper registration and application the Board shall allow a temporary ration for a period determined by the Board, which shall be adjusted thereafter in accordance with the actual number of meals served per week in such period.

§ 1407.708 *Certification.* (a) At the time of making any registration, report, or petition, the registrant or applicant shall certify that the facts stated are true. Such certification shall constitute a representation to the Office of Price Administration by the person making it and by any person in whose behalf it is made.

Industrial Use Registration and Ration

§ 1407.721 *Registration.* (a) Each person desiring to obtain rationed commodities for industrial use at an establishment owned or operated by him shall register such establishment on August 26, 1942, at the Office of Price Administration. Registration of such establishment may be made after such date in the discretion of the Director.

(b) Registration shall be made on a form to be provided by the Office of Price Administration, by the owner or manager of the establishment.

(c) At the time of the initial registration the registrant shall state the name and address of the establishment registered, the name and address of the owner thereof, the type of establishment operated, the purpose for which each rationed commodity is to be used, the amount on hand at the time of registration, the number of meals which it is estimated will be served per week, and any additional information required by the Board.

(b) On proper registration and application the Board shall allow a temporary ration for a period determined by the Board, which shall be adjusted thereafter in accordance with the actual number of meals served per week in such period.

§ 1407.708 *Certification.* (a) At the time of making any registration, report, or petition, the registrant or applicant shall certify that the facts stated are true. Such certification shall constitute a representation to the Office of Price Administration by the person making it and by any person in whose behalf it is made.

*Industrial Use,

tinued in substantially the same manner as prior to the transfer, shall be entitled to rations to the same extent as prior to the transfer, regardless of whether there is a change in location or a merger or consolidation of two or more such establishments.

§ 1407.782 *Liquidation of establishments.* (a) In the event of the liquidation or cessation of operation, other than a change in location, of an establishment of an institutional or industrial user, rationed commodities on hand may be transferred but only to persons authorized to accept transfer of such commodity for re-transfer.

(b) The owner, or the person having charge of the disposition of the assets of an establishment being liquidated shall report the facts to the Office of Price Administration and shall surrender all stamps and purchase certificates on hand, to the Office of Price Administration at the time of the completion of such liquidation.

§ 1407.783 *Judicial seizures.* (a) No War Ration Book, certificate, nor other evidence of a ration may be seized by execution, levy, attachment or other judicial process, nor acquired through devise, bequest, or inheritance, other than as provided in § 1407.781.

(b) No provision of Ration Order No. 10 shall be construed to prevent the seizure of a rationed commodity pursuant to judicial process or order issued by a court of competent jurisdiction, or pursuant to any right given by law or contract in connection with the foreclosure of a lien, mortgage, or other security interest or a repossession of property sold under a conditional sales agreement. Rationed commodities so acquired may not be used but may be transferred to any person upon the receipt of valid stamps or certificates having a weight value equal to the amount of such commodity transferred, or may be transferred to a dealer without obtaining stamps or certificates therefor. Stamps or certificates so received shall be surrendered to the Board with which the consumer or establishment is registered.

(c) Upon proper application, the Director of the Office of Price Administration in his discretion, may issue a new purchase certificate to permit a person from whom a rationed commodity is seized in a manner indicated in paragraph (b) of this section to acquire rationed commodities in an amount equal to the quantity so seized.

§ 1407.784 *Lost, destroyed, mutilated, or stolen War Ration Books and certificates.* (a) If a War Ration Book or certificate is lost, stolen, destroyed, or mutilated, the person entitled thereto or his authorized agent may apply to the Office of Price Administration in writing for a replacement thereof. The Director, in a proper case, shall grant the application if he is satisfied that such War Ration Book or certificate was lost, stolen, destroyed, or mutilated. Before issuing a replacement War Ration Book, the Director shall remove all stamps designated for periods which have expired, and all stamps corresponding to those which were removed from the War Ration Book to be replaced.

(b) If a book which has been replaced is found, it shall be immediately surrendered to the Office of Price Administration.

§ 1407.785 *Lost, destroyed, stolen or damaged commodities.* (a) The owner or manager of an establishment registered with a Board pursuant to Ration Order No. 10 whose supply of any rationed commodity, or any substantial part thereof, is lost, destroyed, stolen, spoiled, or damaged may apply to the Office of Price Administration for permission to accept transfer of an amount of such commodity equal to the amount so lost, destroyed, stolen or damaged. The Director, in a proper case, shall grant the application and shall issue a certificate for the amount of the rationed commodity so lost, destroyed, or stolen, or for the amount thereof damaged which cannot be used for the purposes for which the ration was allowed.

(b) A rationed commodity which is damaged may be transferred only pursuant to the provision of Ration Order No. 10 applicable to transfer of rationed commodities or pursuant to paragraph (c) or (d) of this section.

(c) A rationed commodity which is damaged so as to be unfit for reclamation or for human consumption may be transferred to any person, with the prior approval of the Office of Price Administration, without receiving stamps or certificates therefor and regardless of the fact that the transferor has not registered as a Distributor.

(d) A rationed commodity which is damaged but is fit for human consumption or for reclamation may be transferred to any insurer, salvager, or to an institutional or industrial user without obtaining stamps or certificates therefor: *Provided*, That, if the transferor is registered with the Office of Price Administration, the prior approval of the Director shall be obtained: *And provided further*, That, if the transferee is an institution or industrial user, the reclamable portion thereof, as determined by the Director, shall be deducted from subsequent rations of the establishment receiving the transfer.

(e) Transfers of damaged or reclaimed rationed commodities may be made by an insurer or salvager to a primary distributor, intermediate distributor, or retailer, without obtaining stamps or certificates therefor, or to any institutional or industrial user on approval of the Office of Price Administration. The amount so received shall be deducted from subsequent rations, if any, to which the transferee otherwise would be entitled.

§ 1407.786 *Exchanges.* (a) Any person may exchange a rationed commodity of one type for an equal quantity of the same commodity of a different type, providing the exchange is made substantially simultaneously.

§ 1407.787 *Enforcement agencies.* (a) Any investigatory or enforcement agency of the Federal or Insular Government which requires war ration books for the performance of its functions shall be entitled to receive war ration books issued in blank on application to the Director. Such books may be filled out by an authorized officer of such agency and may be used for the purpose of securing transfer of rationed commodities. Any rationed commodity received therewith may be transferred to any public institution or to a Distributor.

§ 1407.788 *Correction of errors.* (a) Any error, omission, or mistake made by a person on any registration or application form or any document filed with the Office of Price Administration, may be corrected by such person to conform with the facts on approval of the Board or the Director.

(b) Any error, omission, or mistake made by a Board or the Director on any document may be corrected to conform to the facts at any time.

§ 1407.789 *Unlawful use or possession.* (a) No person shall at any time use or have in his possession or under his control any war ration book or purchase certificate unless such war ration book or purchase certificate was obtained pursuant to Ration Order No. 10.

(b) Evidence of the possession of any war ration book or purchase certificate not issued to or duly endorsed to the holder, or of the possession by a person as a consumer of an amount of any rationed commodity in excess of the amount declared to be on hand at the time of registration, shall be *prima facie* evidence of a violation of Ration Order No. 10.

Appeals

§ 1407.801 *Appeal to Board.* (a) Any person aggrieved by a decision or action of a registrar may appeal to the Board by petition in such form as may be approved by the Board or the Director. Such appeal shall be taken within five days from the date of the decision or action appealed from. The Board shall consider the matter *de novo* and make such decision thereon as is consistent with the provisions of Ration Order No. 10.

§ 1407.802 *Appeal to director.* (a) Any person aggrieved by a decision or action of a Board may appeal therefrom to the Director by filing a notice of appeal with the Board, specifying the decision or action appealed from and the grounds for appeal. Such notice of appeal shall be filed within ten days from the date of the decision or action appealed from.

(b) Within one day after an appeal is filed with it, the Board shall forward it to the Director, together with the registration file of the appellant and any additional documents and information which the Board deems to be material: *Provided*, That if the Board deems it proper, on the basis of a reconsideration of such matter, it may reverse or modify its previous action or decision in lieu of submitting the appeal to the Director.

§ 1407.803 *Extension of time for appeal.* (a) The Board or the Director may extend the time for taking an appeal.

§ 1407.804 *Action on appeal.* (a) The Director shall promptly consider any appeal submitted to him and shall decide such appeal within five days from the time it is submitted to him, or is resubmitted to him by the Board after securing additional information in accordance with paragraph (b) of this section.

(b) In the event the information submitted with an appeal is deemed by the Director to be insufficient to decide such appeal, the Director may require the appellant to furnish additional information in writing or to appear personally, or he may resubmit the entire matter to the Board for the purpose of securing the additional information required.

(c) In the event an appeal is resubmitted to a Board in accordance with paragraph (b) of this section the Board shall promptly secure the information required and for such purpose may require the appellant to submit such information in writing or to appear before it personally. Any additional information so secured shall be in writing signed by the person submitting such information or in the form of a summary of testimony certified to be a true summary by a member of the Board. The appellant shall be permitted to inspect all documents submitted to the Board or the Director and to submit additional evidence.

(d) Upon securing additional information pursuant to paragraph (c) of this section, the Board shall reconsider the matter, and, if it deems the action or decision appealed from to be inconsistent with Ration Order No. 10, may reverse or modify such action or decision; otherwise, it shall return the entire matter promptly to the Director.

(e) The Director shall make a finding of facts on the basis of the evidence and information submitted to him and shall make such decision upon the appeal as is consistent with Ration Order No. 10 and shall return the entire matter to the Board for action, consistent therewith. A copy of the decision shall be sent to the appellant and to the Board.

§ 1407.805 *Finality of findings.* (a) All findings made by a Board or by the Director shall be final, except as may otherwise be provided in Ration Order No. 10.

Enforcement

§ 1407.821 *Penalties.* (a) Any person who violates any provisions of Ration Order No. 10 or who, by any act or omission, knowingly falsifies a record which he is required to keep or any report which he is required to file with a Board or the Director by the terms of Ration Order No. 10, or who otherwise furnishes false information to a Board or the Director or to the Office of Price Administration or conspires with another person to perform any of the foregoing acts, shall be subject to the penalties, prosecution, or other action provided for in section 35 (a) of the Criminal Code (title 18, U.S.C., Sec. 80), section 301 of the Second War Powers Act, 1942, (Pub., No. 507, 77th Cong., approved March 27, 1942) and other applicable statutes or appropriate action taken thereunder.

(b) In addition to the foregoing penalties the Office of Price Administration may prohibit the sale, transfer, or other disposition of products to any retailer, wholesaler, or other supplier of any retailer, directly or indirectly, who acts in violation of Ration Order No. 10.

Effective Dates

§ 1407.841 *Effective date of Ration Order No. 10.* (a) Ration Order No. 10 (§§ 1407.601 to 1407.841, inclusive) shall become effective August 26, 1942.

Issued this 28th day of August 1942.

JACOB A. ROBLES,
Director for the Virgin Islands.

PART 1410—WOOL

[Correction to Amendment 2 to Maximum Price Regulation 163[1]]

WOOLEN AND WORSTED CIVILIAN APPAREL FABRICS

A statement of the considerations involved in the issuance of this correction has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Paragraph (c), subparagraph (2) of paragraph (f) and paragraph (g) of § 1410.103 should read as set forth below:

§ 1410.103 *Maximum prices for woolen and worsted apparel fabrics sold by jobbers.* * * *

(c) *Sales by secondary jobbers.* * * *

(iv) Men's and women's wear fabrics sold in cut lengths of 11 yards or less to custom or merchant tailors, and to special order departments of manufacturers of apparel and retail establishments, .53.

In cases of sales and deliveries covered by subdivisions (ii), (iii) and (iv) where a secondary jobber has several styles of a woolen or worsted apparel fabric in the same range, and the differential between the manufacturer's net invoice prices of all the styles in the range does not exceed $0.25 per yard, the manufacturer's net invoice price per yard for all the styles may be determined by taking the average of the manufacturer's net invoice prices per yard of all the styles in the range.

* * * * * *

(f) *Customary discounts, trade practices and transportation costs.* * * *

(2) Every person making sales of woolen or worsted apparel fabrics subject to this § 1410.103 shall determine his maximum prices to the closest 2½ cents per yard.

* * * * * *

(g) *Invoice requirements.* (1) On and after June 22, 1942, every person making sales of woolen or worsted apparel fabrics subject to paragraphs (a), (b) or (c) of this § 1410.103, except sales to retail stores, custom or merchant tailors, and special order departments of manufacturers of apparel, shall, with respect to each such sale, deliver to the purchaser an invoice or similar document setting forth, in addition to the terms thereof: (i) the manufacturer's net invoice price, (ii) the freight charges paid, and (iii) the division factor used; or (iv) in the case of mill ends, close outs, seconds and irregular pieces, the manufacturer's maximum price therefor determined in accordance with this Maximum Price Regulation No. 163.

* * * * * *

§ 1410.117 *Effective dates of amendments.* * * *

(e) This correction to Amendment No. 2 (§§ 1410.103, 1410.115 (a), (3), (7), (8), (9) and (10)) to Maximum Price Regulation No. 163 shall become effective as of July 31, 1942.

(Pub. Law 421, 77th Cong.)

Issued this 28th day of August 1942.

LEON HENDERSON,
Administrator.

PART 1499—COMMODITIES AND SERVICES

[Amendment 12 to Supplementary Regulation No. 14[1] of General Maximum Price Regulation[2]]

SEMIFABRICATED ARTICLES CONTAINING NEWLY-MINED DOMESTIC SILVER

A statement of the considerations involved in the issuance of this amendment is issued simultaneously herewith and has been filed with the Division of the Federal Register.*

A new subparagraph (12) is added to paragraph (a) of § 1499.73 as set forth below:

§ 1499.73 *Modification of maximum prices established by § 1499.2 of General Maximum Price Regulation for certain commodities, services and transactions.* (a) The maximum prices established by § 1499.2 of the General Maximum Price Regulation for the commodities, services and transactions listed below are modified as hereinafter provided:

* * * * * *

(12) *Semifabricated articles containing newly-mined domestic silver*—(i) *Maximum prices.* On and after September 3, 1942, the seller's maximum price for any semifabricated article containing newly-mined domestic silver shall be the maximum price for the same article containing silver other than newly-mined domestic silver, as determined in accordance with § 1499.2 of the General

*Copies may be obtained from the Office of Price Administration.

[1] 7 F.R. 4513, 4733, 4734, 5827, 5872.

[1] 7 F.R. 5486, 5709, 6018, 5911, 6271

[2] 7 F.R. 3153, 3330, 3666, 3990, 3991, 4339, 4487, 4659, 4738, 5027, 5192, 5276, 5365, 5445, 5484, 5565, 5775, 5783, 5784, 6007, 6058, 6081, 6216.

Maximum Price Regulation, *plus* 36.125 cents per fine troy ounce of newly-mined domestic silver contained: *Provided, however,* That the seller's maximum price for any such article shall be the price so determined under § 1499.2 of the General Maximum Price Regulation for the same article containing silver other than newly-mined domestic silver, exclusive of any added amount, if the seller fails to comply with the conditions set forth herein, including the provisions herein contained as to records, reports, and certificates.

(ii) *Definitions.* For the purposes of this § 1499.73 (a) (12), and as used in the forms set forth in Appendix A § 1499.73 (a) (12) (v):

(*a*) The term "newly-mined domestic silver" shall mean silver which the Director of the Mint, subject to any regulations which have been or may hereafter be prescribed by the Secretary of the Treasury pursuant to section 4 (c) of the Act of July 6, 1939, is satisfied has been mined subsequently to July 1, 1939, from natural deposits in the United States or any place subject to the jurisdiction thereof. Silver purchased by any seller of semifabricated articles shall be deemed *prima facie* to be newly-mined domestic silver if purchases of such silver are reported to the Office of Price Administration in accordance with the provisions of § 1499.73 (a) (12), and if evidence that the silver so purchased is newly-mined domestic silver is submitted to the Director of the Mint as provided herein: *Provided,* That if, within one year from the receipt of such evidence, the Director of the Mint notifies the Administrator that the United States coinage mints are not satisfied that such silver, or any portion thereof, has been mined subsequently to July 1, 1939, from natural deposits in the United States or any place subject to the jurisdiction thereof, then the aggregate amount of newly-mined domestic silver reported as purchased by such seller shall be reduced accordingly.

(*b*) The term "semifabricated article" refers to newly-mined domestic silver which has been melted, smelted or refined, and further processed, or combined with other materials, by alloying, machining, rolling, drawing, turning, blanking, slitting, cutting, spinning, remelting, recasting, or other similar process, or by being subjected to special refining processes, and which is in such state or condition that its value depends primarily upon the metallic silver content and not upon its form. The term includes, but is not restricted, to, silver alloys, grain, shot, powder, wire, sheet, blanks, circles, solders, brazing alloys, sintered products, silver-clad metals, silver inlays, and bar silver in weights or degrees of fineness different from the weight and fineness of standard commercial bars; it excludes, but without limitation, standard commercial bar silver and any article, other than those specifically referred to herein, which is suitable for ultimate use without further processing or combination with other materials.

(*c*) The terms "standard commercial bars" and "standard commercial bar silver" mean silver bullion in the form of bars weighing approximately 1000 ounces, .999 fine.

(*d*) A semifabricated article shall be deemed to contain newly-mined domestic silver if this fact is certified to the buyer by the seller and if the aggregate fine silver content of all semifabricated articles delivered by the seller at prices higher than the maximum prices established by § 1499.2 of the General Maximum Price Regulation for the same articles containing silver other than newly-mined domestic silver at no time exceeds the aggregate quantity of fine newly-mined domestic silver (including the fine silver content of semifabricated articles) purchased by the seller and reported to the Office of Price Administration in accordance with the provisions of this § 1499.73 (a) (12).

(*e*) Semifabricated articles containing newly-mined domestic silver shall be deemed to have been "delivered" if they have been delivered to the buyer or loaded on any carrier, including a carrier owned or controlled by the seller, for shipment to the buyer: *Provided,* That if any such articles are delivered, and are rejected or returned by the buyer, the aggregate of the fine silver content of the semifabricated articles containing newly-mined domestic silver reported as delivered by the seller may be adjusted upon application supported by evidence satisfactory to the Administrator.

(iii) *Reports.* (*a*) On or before September 20, 1942, the seller of any semifabricated article containing newly-mined domestic silver shall file in the Office of the Secretary of the Office of Price Administration, Washington, D. C., a statement on Form OPA:SR14:1 of the newly-mined domestic silver which he had on hand as of September 3, 1942.

(*b*) On or before the twentieth day of each calendar month, beginning October 20, 1942, the seller of any semifabricated article containing newly-mined domestic silver shall file in the Office of the Secretary of the Office of Price Administration, Washington, D. C., a report containing:

(*1*) On Form OPA:SR14:2, a statement of the newly-mined domestic silver purchased by such seller during the preceding calendar month:

(*2*) On Form OPA:SR14:3, a certificate signed by the person from whom such silver was purchased, stating that such silver is newly-mined domestic silver and that evidence supporting this statement has been forwarded to the Director of the Mint for verification and cancellation;

(*3*) On Form OPA:SR14:4, a statement of the semifabricated articles containing newly-mined domestic silver purchased by such seller during the preceding calendar month, if any; and

(*4*) On Form OPA:SR14:5, a statement of all deliveries of semifabricated articles containing newly-mined domestic silver made during the preceding calendar month:

Provided, That the first reports filed by the seller on Forms OPA:SR14:2, OPA:SR14:3, OPA:SR14:4, and OPA:SR14:5 shall cover the period from September 3, 1942, to September 30, 1942.

(*c*) The seller of any semifabricated articles containing newly-mined domestic silver, upon purchasing newly-mined domestic silver, shall cause the person from whom such silver is purchased to submit directly to the Director of the Mint, Treasury Department, Washington, D. C., evidence for the purpose of establishing that the silver so purchased is newly-mined domestic silver. Such evidence shall include miners' affidavits on Treasury Department Forms TSA–2 or TSA–2A, executed pursuant to § 80.7 of the Newly-Mined Domestic Silver Regulations of July 6, 1939; and the seller of any semifabricated articles containing newly-mined domestic silver shall authorize and direct the Director of the Mint to cancel such affidavits.

(iv) *Records and certificates.* Every sale of semifabricated articles containing newly-mined domestic silver shall be invoiced by the seller. The original invoice shall be delivered to the buyer, who shall preserve every such invoice for inspection by the Office of Price Administration for a period of not less than two years, and the seller shall preserve a copy of every such invoice for the same period. Each such invoice shall contain:

(*a*) The names and addresses of the buyer and seller;

(*b*) A full description of the articles sold;

(*c*) A statement of the silver content, in fine troy ounces, of the articles sold;

(*d*) A statement of the price charged; and

(*e*) The following certificate by the seller:

I (We) hereby certify that the articles listed in this invoice are semifabricated articles containing newly-mined domestic silver, as defined in § 1499.73 (a) (12) of Supplementary Regulation No. 14 to the General Maximum Price Regulation, issued by the Office of Price Administration.

PART 1499—COMMODITIES AND SERVICES

[Amendment 13 to Supplementary Regulation 14[1] of General Maximum Price Regulation[2]]

SOFT DRINKS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.* A new subparagraph (13) is added to paragraph (a) of § 1499.73 as set forth below:

§1499.73 *Modification of maximum prices established by § 1499.2 of the General Maximum Price Regulation for certain commodities, services, and transactions.* (a) The maximum prices established by § 1499.2 of the General Maximum Price Regulation for the commodities, services and transactions listed below are modified as hereinafter provided:

* * * * * *

(13) *Soft drinks*—(i) *Maximum prices for bottlers and wholesalers of soft drinks to sellers at retail.* (a) A bottler whose maximum price to a retailer for a soft drink as determined under the general provisions of § 1499.2 of the General Maximum Price Regulation (herein called the unadjusted maximum price) is less than the maximum adjusted price set forth in the schedule of this subdivision (i) may add to his unadjusted maximum price the amount of the "permitted increase" set forth in such schedule: *Provided*, That prices so increased shall in no event exceed the maximum adjusted price set forth in this schedule.

(b) A wholesaler whose supplier has adjusted his maximum price under the provisions of this subparagraph may adjust his own maximum price as determined under the general provisions of § 1499.2 of the General Maximum Price Regulation by adding thereto the amount of the "permitted increase" set forth in the schedule of this subparagraph: *Provided*, That the price so increased shall in no event exceed the maximum adjusted price set forth in such schedule.

(c) Schedule of permitted increase of maximum adjusted price for bottlers and wholesalers of soft drinks to retailers.

Size	Unit of sale	Permitted increase	Maximum adjusted price
6–23 ounce bottles, inclusive	Case of 24	5 cents per case	$0.80
24–32 ounce bottles, inclusive	Case of 12	10 cents per case	1.00
33–64 ounce bottles, inclusive	Case of 6	10 cents per case	.90
¼ barrels	¼ barrels	25 cents per ¼ barrel	2.25
½ barrels	½ barrels	50 cents per ½ barrel	4.00
Siphons	Case of 6 siphons	15 cents per case	.60
Bottled water	6–1½ gallon containers	5 cents per 6–1½ gallon containers	.60
Bottled water	6–1 gallon containers	10 cents per 6–1 gallon containers	.90
Bottled water	5 gallon container	10 cents per 5 gallon container	.60

(ii) *Maximum prices for bottlers to wholesalers of soft drinks.* The bottler's maximum price to a wholesaler for a soft drink shall be the maximum price determined under the schedule in subdivision (i) of this subparagraph less the amount expressed in dollars and cents by which the bottler's average selling price to retailers during July 1941 exceeded the bottler's average selling price to wholesalers during the same period.

(iii) *Maximum prices for retailers of soft drinks.* A seller of a soft drink at retail whose supplier has adjusted his maximum price under the provisions of this subparagraph may adjust his own maximum price as determined under the general provisions of § 1499.2 of the General Maximum Price Regulation by adding thereto the amount in dollars and cents by which his supplier's maximum price has been increased: *Provided*, That in the case of soft drinks sold in containers of 6–23 oz. inclusive the maximum price at retail, as adjusted hereunder, shall not exceed five cents per bottle.

(a) In figuring his adjusted maximum price under the provisions of this subparagraph, a seller of a soft drink at retail shall take the amount of the increase in price per case which has been reported to him by his supplier and divide it by the number of bottles in the case to get the per bottle increase. For single bottle sales he shall add the per bottle increase to his unadjusted maximum price for a single bottle sale. For quantity sales he shall first multiply the per bottle increase by the number of bottles sold, and add this latter figure to his unadjusted maximum price for a sale in that quantity. If after doing this, in the case either of single bottle or quantity sales, he gets a fractional cent price, he shall adjust the price to the next lower cent, if the fraction is less than half a cent, or to the next higher cent, if the fraction is one-half a cent or greater.

(b) Table showing maximum prices which may be charged by a retailer when price to retailer has been increased by bottler or wholesaler.

Size	Type of sale	Maximum price
6–23 ounce bottles, inclusive	Single bottles	March ceiling price plus increase but in no event more than five cents per bottle.
6–23 ounce bottles, inclusive	Handy pack cartons or units of six bottles.	March ceiling price plus increase but in no event more than five cents per bottle.
24–32 ounce bottles, inclusive	Single bottles or quantity sales	March ceiling price plus increase.
33–64 ounce bottles, inclusive	Single bottles or quantity sales	March ceiling price plus increase.
¼ or ½ barrels	Sold per glass for consumption on premises.	March ceiling price.
Siphons	Single siphons or quantity sales	March ceiling price plus increase.
Bottled water	Single bottles or quantity sales	March ceiling price plus increase.

(iv) *Definitions.* (a) "Soft drinks" means flavored or unflavored non-alcoholic beverages and waters in bottles or other closed containers, whether carbonated or not, but excluding milk drinks and drinks consisting of fruit juices, vegetable juices, and combinations thereof, where at least 85 percent by weight of such drinks is pure fruit juices, vegetable juices, or a mixture thereof.

(v) *Notification to retailers.* (a) On or before the first delivery after the effective date of the price increase every bottler and wholesaler who increases his maximum price or prices for soft drinks under the provisions of this subparagraph, (*1*) shall prepare and supply to each retailer to whom he sells or contracts to sell such soft drinks, a statement written or printed by any method showing the soft drink and size thereof on which a price increase has been made, the permitted increase which may be made by the retailer per case and the permitted increase which may be made by the retailer per bottle on such sizes of such drinks, and (*2*) shall file a copy of each such statement or, if the same statement is supplied to any class of purchasers, one copy of such statement within 30 days thereof with the Office of Price Administration, Washington, D. C.

(b) The statement to be supplied by the bottler or wholesaler to the retailer under subdivision (a) of this subparagraph (13) shall contain the following information:

Item: (description of item including bottle size). Permitted increase per case of bottles ¢. You may add cent(s) per bottle to your March ceiling price. However, the retail price shall not exceed five cents per bottle for 6 to 23 ounce bottles inclusive.

On single bottle sales add the per bottle increase to your March ceiling price.

On quantity sales multiply the per bottle increase by number of bottles sold and add this amount to your March ceiling price charged for sales of the same quantity.

If in either case above, the total is a fractional cent price, adjust to next lower cent if fraction is less than half cent or to the next higher cent if fraction is one-half cent or more.

(Bottler or Wholesaler Firm Name)

(Address)

(vi) *Applicability.* The provisions of this subparagraph shall be applicable to the United States and the District of Columbia.

(b) Effective dates. * * *

(14) Amendment No. 13 (§ 1499.73 (a) (13)) to Supplementary Regulation No. 14 shall become effective September 3, 1942.[3] (Pub. Law 421, 77th Cong.)

mined domestic silver. (a) Specific authorization is hereby given to any seller of standard commercial bars of newly mined domestic silver to determine the maximum price for any such silver sold by him, and for which the maximum price cannot be established under § 1499.2 of the General Maximum Price Regulation, as follows: The seller's maximum price for standard commercial bars of newly mined domestic silver shall be 71.111 cents per fine troy ounce delivered to that one of the following points to which the transportation charges from the point of shipment are lowest: New York, Philadelphia, Denver, or San Francisco; or, if delivery is made to the buyer at any other point, the seller's maximum delivered price shall be 71.111 cents per fine troy ounce, *plus* actual transportation charges from the point of shipment to the destination, and *minus* the transportation charges from the point of shipment to New York, Philadelphia, Denver, or San Francisco, whichever are lowest.

(b) (1) "Standard commercial bars" means silver bullion in the form of bars weighing approximately 1,000 ounces, .999 fine.

(2) "Newly-mined domestic silver" means silver which the Director of the Mint, subject to any regulations which have been or may hereafter be prescribed by the Secretary of the Treasury pursuant to section 4 (c) of the Act of July 6, 1939, is satisfied has been mined subsequently to July 1, 1939, from natural deposits in the United States or any place subject to the jurisdiction thereof. Standard commercial bars will be deemed *prima facie* to be composed of newly-mined domestic silver if this fact is certified to the buyer and if evidence to establish the origin of the silver sold is forwarded by the seller at the time of sale to the Director of the Mint, Washington, D. C.: *Provided*, That if within one year from the receipt of such evidence the Director of the Mint notifies the Price Administrator and the seller that he is not satisfied that the silver so sold or any portion thereof has been mined subsequently to July 1, 1939, from natural deposits in the United States or a place subject to the jurisdiction thereof, the contract price shall accordingly be revised downward to the maximum price for silver other than newly-mined domestic silver, and the seller shall refund any excess which may have been paid.

(3) "Point of shipment" means the point at which standard commercial bar silver is first loaded on a conveyance for shipment directly to the buyer.

(c) On or before the 20th day of each month, beginning September 20, 1942, the seller shall report all sales of standard commercial bars of newly-mined domestic silver made during the preceding calendar month to the Office of Price Administration, Washington, D. C.

(d) This Order No. 62 may be revoked or amended by the Price Administrator at any time.

(e) This Order No. 62 shall become effective September 3, 1942. (Pub. Law 421, 77th Cong.)

Issued this 28th day of August 1942.

PART 1306—IRON AND STEEL

[Amendment 7 to Revised Price Schedule 49[1]]

RESALE OF IRON OR STEEL PRODUCTS

MISCELLANEOUS AMENDMENTS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and has been filed with the Federal Register.*

A new proviso is added to § 1306.154 (b); in § 1306.157, paragraph (c) is amended, paragraph (m) is amended and a new paragraph (s) is added; in § 1306.159, new provisos are added to paragraphs (f), (i) (4), (k) (2), paragraph (k) (7) is superseded by Maximum Price Regulation No. 204,[2] paragraphs (i) (7), (n) (6) and (p) are added, and paragraphs (g) (1) (i), (h) (1), (2), (l) (6) are amended; to read as set forth below:

§ 1306.154 *Records and reports.* * * *

(b) * * * *Provided*, That every seller of pipe and tubular products shall file with the Office of Price Administration, in duplicate, on or before September 15, 1942, his cutting and threading charges, circulated to his salesmen or to his customers and in effect on April 16, 1941, or customarily quoted and charged as of that date.

§ 1306.157 *Definitions.* * * *

(c) * * * *Provided*, That the term shall not include pig iron. Any iron and steel products as defined above subject to the operations of pickling, cutting by machine or flame, cutting and threading of pipe, shall be considered a part of this definition of iron or steel products. This definition includes primes, seconds, wasters and all other off-grade products including used products. The term "iron or steel products" includes concrete reinforcing bars, and structural steel shapes, but not the fabrication thereof, except as is stated in § 1306.159 (o).

* * * * *

(m) "Mixed carload" means a carload containing not less than three product items of steel in substantial quantities and of different type, such as strip, plates, sheets or bars, etc., or a carload of one or more product classifications containing not less than 10 items of different sizes and/or gauge, each item to be of a specific and known quality, length and cross sec-

tion, and no item of which shall be more than 8,000 pounds. (On those products as are customarily designated by gauge numbers, cross-section shall mean a specific and known width and gauge.) Maximum prices for mixed carloads are set forth in § 1306.159 (k) (2), except that maximum prices for mixed carloads of merchant wire products and of pipe and tubular products are set forth in § 1306.159 (k) (3) and (k) (4).

* * * * *

(s) "The operations commonly known as the warehousing of iron or steel products" means the resale of iron or steel products by a person who customarily carries on the purchase for resale of iron or steel products, and who operates a steel warehouse for that purpose (not a public warehouse), which warehouse is such person's place of business and is equipped with facilities for the receiving, shipping, storing, sorting, and performing of other services peculiar to the iron or steel products sold, such as cutting and shearing or burning of iron or steel products.

§ 1306.159 *Appendix A: Domestic and export maximum prices for iron and steel products.* * * *

(f) *Maximum delivered prices for dislocated tonnage.* * * * *Provided*, That the maximum delivered prices for dislocated tonnage established above shall not apply to shipments of pipe and tubular goods, and that on all shipments of standard pipe, seamless pipe, water well casing, large O. D. pipe, line pipe and wrought iron pipe originating from jobbers' stocks in the States of Washington, Idaho, Montana, Oregon, Wyoming, California, Nevada, Utah, Colorado, Arizona, New Mexico, and Texas (El Paso and Pecos only) and shipped to points within the above-mentioned States or to points west of the 103rd meridian within the States of North Dakota, South Dakota, Nebraska, and Texas, any freight actually paid in excess of the sum of 30¢ per 100 lbs. may be charged, notwithstanding that freight equalization of more than this amount may be required by the provisions of § 1306.159 (i) (1) and (2), establishing maximum delivered prices at such points of delivery.

* * * * *

(g) *Maximum delivered prices on the Pacific Coast and for Gulf Ports: special filing provisions.* (1) Maximum delivered prices on the Pacific Coast shall be as provided in Revised Price Schedule No. 49. *Provided*, That: (i) on the following steel products whether sold as standard specification carbon steel, or steel products of that grade known in the trade as Mayari R, Corten etc., or steel products of Abrasive Resisting, Armco, and Toncan quality, and on no others, the following sums may be added to the maximum delivered prices as otherwise established in Price Schedule No. 49:

	Cents per 100 pounds
Plates, universal and sheared, and floor plates	75
Hot rolled sheets	65
Cold rolled sheets	65
Hot rolled bars and small shapes (concrete reinforcing bars are not included in this classification)	20
Galvanized, galvannealed and enameling sheets	45
Hot rolled strip	25
Structural shapes	45
Hard red sheets	90
Billets	70

(h) *Maximum delivered prices for specific wire products.* (1) Notwithstanding the provisions of any other section of Price Schedule No. 49, the maximum delivered price for shipment from warehouse stock of less-than-carload quantities of standard wire nails, annealed smooth wire, and galvanized smooth wire, in the city or free delivery area in which the seller is located, shall be the aggregate of:

(i) Mill straight carload price (after deducting the regular jobber allowance of 15¢ per cwt.).

(ii) Carload freight from the governing mill basing point to warehouse, or carload freight from the emergency basing point where use of the latter is permissible under Revised Price Schedule No. 6,[1] not to exceed, however, the actual freight paid. (Where the emergency basing point is used as a basis for computation, records of such sales and of the manner of computing price shall be kept available for inspection for a period of one year.)

[Subdivision (ii) as amended March 31, 1942, effective March 31, 1942; 7 F.R. 2540.]

(iii) One of the following: for standard wire nails, 50¢ per cwt.; for annealed smooth wire, 60¢ per cwt.; for galvanized smooth wire, 66¢ per cwt.

(2) The maximum delivered price for shipment from warehouse stock of less-than-carload quantities of standard wire nails, annealed smooth wire, and galvanized smooth wire sold from the city or free delivery area in which the seller is located to any other place shall be the price (as computed above) in the city or free delivery area in which the seller is located and less-than-carload freight from such city.

(i) *Maximum delivered prices for pipe and tubular products.* Maximum delivered prices for the following types of iron and steel pipe and tubular products shall be the seller's prices in effect as of April 16, 1941: *Provided*, That they do not exceed the maximum delivered prices established below, as modified by deductions, discounts, and other terms customarily granted by the seller as of April 16, 1941. Standard published mill extras in effect as of April 16, 1941, shall be used in computation of maximum delivered prices. *Provided further*, That extras for cutting and threading operations where performed by mill shall not exceed the standard published mill extras, in effect April 16, 1941, for such operations; and that where cutting and threading operations are performed by the seller, the extras for such operations shall not exceed the amount charged or which would have been charged by the seller on April 16, 1941, and which seller has filed with the Office of Price Administration.

* * * * *

(4) * * * *Provided further*, That for boiler and other pressure tubes in the following sizes and gauges only:

1"–2¼" OD, 11 gauge and heavier.
2½"–3" OD, 10 gauge and heavier.
3¼"–3½" OD, 9 gauge and heavier.
4"–4½" OD, 8 gauge and heavier.
5"–5½" OD, 7 gauge and heavier.
6" OD, 5 gauge and heavier.
6¼"–6½" OD, 9/32" and heavier.

on shipments from warehouse stock, the maximum delivered price shall be the lowest price resulting from that combination of mill carload Basing Point prices and less-than-carload freight from Basing Point to destination of customer, plus mark-up on such total as shown for each quantity bracket as established herein:

	For quantity (percent)
30,000 to 39,999 ± or ft	35
20,000 to 29,999 ± or ft	40
10,000 to 19,999 ± or ft	50
5,000 to 9,999 ± or ft	55
2,000 to 4,999 ± or ft	65
Under 2,000 ± or ft	80

* * * * *

(6) Revised Price Schedule No. 49 does not establish a maximum price for sales by retailers, such as mail order houses and retail hardware stores, in quantities not greater than 5 standard lengths of pipe larger than 3½", or than 15 standard lengths of pipe 3½" or smaller.

(7) In the event that a recognized tubular goods jobber purchases oil country tubular goods or line pipe from an oil company or pipe line company at a price determined under Maximum Price Regulation No. 204 and resells such tubular goods or pipe directly to another oil company or pipe line company, and that the Office of Petroleum Coordinator has granted prior approval to the transaction, the maximum price that the jobber may charge or receive for the tubular goods or pipe is the price which the jobber actually paid for the material plus 3% of such price.

* * * * *

(k) * * *

(2) Notwithstanding the provisions of any other section of Revised Price Schedule No. 49 which relate to carload shipments, shipments of mixed carloads as defined in § 1306.157 (m) out of warehouse stock shall be sold at a price not in excess of the maximum delivered price for a 500 pound quantity minus a discount of not less than $7.00 per net ton: *Provided*, That if the applicable price for the quantity of any item shipped, as established by any provision of this schedule, is lower than the price as calculated above (500 pound quantity bracket price minus a discount of not less than $7.00 per net ton) such lower price shall be the maximum price for such item: *Provided further*, That prices established by this subparagraph for alloy steels (including Stainless Steel) and cold finished carbon bars need not in any instance be below mill prices as established by Revised Price Schedule No. 6 for the same quantity of the same item: *Provided further*, That if a mixed carload contains any product items which were not customarily sold on a quantity plan on April 16, 1941, there shall be deducted from the out-of-stock less-than-carload price established by this Schedule for such product a discount of not less than $3.00 per net ton.

Invoices covering any mixed carload shipment as herein defined must list each item in the shipment. Carload freight rather than less-than-carload freight shall be used in computing maximum prices applicable to a mixed carload.

* * * * *

(7) This section is hereby repealed and is superseded by the provisions of Maximum Price Regulation No. 204.

(n) * * *

(6) The provisions of this paragraph (n) shall supersede the provisions of Maximum Price Regulation No. 204.

* * * * *

(p) Maximum delivered prices for less-than-carload quantity sales of any alloy steels whose specifications as presently described were not used in production by mills on April 16, 1941, such as National Emergency Specifications and American Iron and Steel Institute Specifications of alloy grades (but not including carbon steel or tool steel grades) are hereby established:

(1) For the purposes only of this section and paragraphs of this Revised Price Schedule No. 49, and for no other purpose, basing point cities for hot rolled alloy steel shall be: Bethlehem, Pennsylvania; Buffalo, New York; Canton, Ohio; Chicago, Illinois; Massilon, Ohio; and Pittsburgh, Pennsylvania. Basing point cities for cold finished alloy steel shall be: Buffalo, New York; Chicago, Illinois; Cleveland, Ohio; Gary, Indiana; and Pittsburgh, Pennsylvania.

(2) Base prices per 100 pounds for delivery of alloy steels within the free delivery area of basing point cities shall be the aggregate (adjusted upward or downward to the nearest $0.05) of:

(i) Mill alloy base price, as established by Revised Price Schedule No. 6, at any basing point city (hot rolled or cold finished, whichever is applicable).

(ii) Mill analysis extras, as established by Revised Price Schedule No. 6, (open hearth or electric furnace, whichever is applicable).

(iii) A mark-up of 66⅔% of the aggregate of (i) and (ii) herein above.

(3) Base prices per 100 pounds for delivery at any destination other than the free delivery area of basing point cities shall be that combination of base prices established for basing point cities in subparagraph (2) of this paragraph plus less-than-carload freight rates in effect at time of shipment from governing basing point city to destination which results in the lowest delivered price.

(4) Quantity extras shall be determined by combining the weight of one or more orders placed in one day, shipped at one time or at Seller's convenience, to one destination.

(i) Item quantity extra, to be determined by quantity of one size, grade and finish, shall be as follows:

1,000 to 39,999 pounds—base.
500 to 999 pounds plus $0.50 per 100 pounds.
300 to 499 pounds plus $0.75 per 100 pounds.
Less than 300 pounds plus $1.25 per 100 pounds.

(ii) An order extra of $3.00 per 100 pounds may be charged on alloy orders which total less than 300 pounds. If the order extra is applicable and charged, the item quantity extra for less than 300 pounds in (i) above may not also be charged. Hot rolled alloys and cold finished alloys need not be combined to determine total weight.

(5) A charge of $2.50 per 100 pounds may be made when the operation of heat treatment (quenching and drawing) or double treatment (both annealing and normalizing or spheroidized annealing) are performed. A charge of $1.00 per 100 pounds may be made when either the operation of annealing or normalizing only is performed. No charge may be made for machine straightening. Size extras may be added but shall not exceed mill size extras as established by Revised Price Schedule No. 6. Other quality extras may be added but shall not exceed mill extras as established by Revised Price Schedule No. 6 or actual cost, whichever is lower.

(6) Other customary and general discounts, terms and privileges, in effect as of April 16, 1941, shall be continued without diminution or extra charge.

PART 1358—TOBACCOS

[Temporary Maximum Price Regulation 21]

FLUE-CURED TOBACCO

In the judgment of the Price Administrator, it is necessary and proper, in order to effectuate the purposes of the Emergency Price Control Act of 1942, to issue a temporary regulation, establishing as the maximum prices for flue-cured tobacco (U. S. Types 11, 12, and 13) the prices prevailing with respect thereto within the five days prior to the issuance of this regulation.

The maximum prices established herein are not below prices which will reflect to producers of flue-cured tobacco (U. S. Types 11, 12, and 13) a price for their products equal to the highest of any of the following prices therefor determined and published by the Secretary of Agriculture: (1) 110 per centum of the parity price for such commodity, adjusted by the Secretary of Agriculture for grade, location, and seasonal differentials; (2) the market price prevailing for such commodity on October 1, 1941; (3) the market price prevailing for such commodity on December 13, 1941 or (4) the average price for such commodity during the period July 1, 1919, to June 30, 1929.

Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, and in accordance with Procedural Regulation No. 1,[1] issued by the Office of Price Administration, Temporary Maximum Price Regulation No. 21 is hereby issued.

Sec.

1358.51 Prohibition against purchasing flue-cured tobacco at prices above the maximum prices.
1358.52 Maximum prices for flue-cured tobacco.
1358.53 Exempt transactions.
1358.54 Evasion.
1358.55 Conditional agreements.
1358.56 Records and reports.
1358.57 Enforcement.
1358.58 Petitions for amendment.
1358.59 Definitions.
1358.60 Standard of interpretation.
1358.61 Revocation or replacement of regulation.
1358.62 Effective period.

AUTHORITY: §§1358.51 to 1358.62, inclusive issued under Pub. Law 421, 77th Congress.

§ 1358.51 *Prohibition against purchasing flue-cured tobacco at prices above the maximum prices.* From August 31, 1942, to October 29, 1942, inclusive, regardless of any contract, agreement, or other obligation, no person shall buy or receive any flue-cured tobacco on the loose-leaf markets at a price higher than the maximum price permitted by § 1358.52; and no person shall agree, offer, solicit or attempt to do any of the foregoing.

§ 1358.52 *Maximum prices for flue-cured tobacco.* (a) During each of the periods from August 31, 1942, to September 29, 1942, inclusive, and from September 30, 1942, to October 29, 1942, inclusive, the weighted average price per pound paid by any person for flue-cured tobacco shall not exceed the weighted average price per pound paid by such person for flue-cured tobacco during the period from August 24, 1942, to August 28, 1942, inclusive.

(b) If any person did not purchase any flue-cured tobacco during the period from August 24, 1942 to August 28, 1942, inclusive, during each of the periods from August 31, 1942, to September 29, 1942, inclusive, and from September 30, 1942, to October 29, 1942, inclusive, the weighted average price per pound paid by such person for flue-cured tobacco shall not exceed the average market price per pound of flue-cured tobacco during the period from August 24, 1942, to August 28, 1942, inclusive as published by the United States Department of Agriculture.

§ 1358.53 *Exempt transactions.* This Temporary Maximum Price Regulation No. 21 shall not apply to the following transactions:

(a) Purchases of flue-cured tobacco for the account of the Commodity Credit Corporation.

(b) Purchases of flue-cured tobacco by any person for resale in substantially the same form on the loose-leaf markets.

§ 1358.54 *Evasion.* The price limitations set forth in this Temporary Maximum Price Regulation No. 21 shall not be evaded, whether by direct or indirect methods, in connection with an offer, solicitation, agreement, sale, delivery, purchase, or receipt of, or relating to flue-cured tobacco alone or in conjunction with any other commodity, or by way of any commission, service, transportation, or other charge, or discount, premium, or other privilege, or by tying-agreement or other trade understanding or otherwise.

§ 1358.55 *Conditional agreements.* No person shall enter into an agreement permitting the adjustment of the prices for flue-cured tobacco to prices which may be higher than the maximum prices provided by § 1358.52, in the event that this Temporary Maximum Price Regulation No. 21 is amended or is determined by a court to be invalid or upon any other contingency: *Provided,* That if a petition for amendment has been duly filed, and such petition requires extensive consideration, the Administrator may grant an exception from the provisions of this section permitting the making of contracts adjustable upon the granting of the petition for amendment. Requests for such an exception may be included in the aforesaid petition for amendment.

§ 1358.56 *Records and reports.* (a) On or before September 8, 1942, each person subject to this Temporary Maximum Price Regulation No. 21 shall file with the Office of Price Administration in Washington, D. C., a statement setting forth the total number of pounds of flue-cured tobacco purchased by such person during the period from August 24, 1942, to August 28, 1942, inclusive, and the total purchase price paid therefor.

(b) Each person subject to this Temporary Maximum Price Regulation No. 21 shall preserve for examination by the Office of Price Administration all his existing records relating to the quantities of flue-cured tobacco purchased by him during the period from August 24, 1942, to August 28, 1942, inclusive, and the purchase prices paid therefor.

(c) Each person subject to this Temporary Maximum Price Regulation No. 21 shall make and preserve for examination by the Office of Price Administration records of the same kind as he has customarily made, relating to the quantities of flue-cured tobacco purchased during the period from August 31, 1942, to October 29, 1942, inclusive, and the purchase prices paid therefor.

(d) Within five days after the expiration of each of the periods for which provision is made in § 1358.52, each person subject to this Temporary Maximum Price Regulation No. 21 shall file with the Office of Price Administration in Washington, D. C., a statement setting forth the total number of pounds of flue-cured tobacco purchased by such person during such periods, and the total purchase price paid therefor.

(e) Each person subject to this Temporary Maximum Price Regulation No. 21 shall submit such reports to the Office of Price Administration and keep such other records in addition to or in place of the records required in paragraphs (a), (b), (c), and (d) of this section as the Office of Price Administration may from time to time require.

§ 1358.57 *Enforcement.* (a) Persons violating any provisions of this Temporary Maximum Price Regulation No. 21 are subject to the criminal penalties and civil enforcement actions provided for by the Emergency Price Control Act of 1942.

(b) Persons who have evidence of any violation of this Temporary Maximum Price Regulation No. 21 or of any price schedule, regulation, or order issued by the Office of Price Administration or of any acts or practices which constitute such a violation are urged to communicate with the nearest district, state, field or regional office of the Office of Price Administration or its principal office in Washington, D. C.

§ 1358.58 *Petitions for amendment.* Persons seeking modification of any provision of this Temporary Maximum Price Regulation No. 21 or an adjustment or exception not provided for therein may file petitions for amendment in accordance with the provisions of Procedural Regulation No. 1, issued by the Office of Price Administration.

§ 1358.59 *Definitions.* (a) When used in this Temporary Maximum Price Regulation No. 21, the term:

(1) "Person" means individual, corporation, partnership, association, or other organized group of persons, or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agencies of any of the foregoing:

(2) "Flue-cured tobacco" means U. S. Types 11, 12, and 13 as classified in Regulatory Announcement No. 18 of the Bureau of Agricultural Economics of the United States Department of Agriculture.

(3) "Weighted average price" means the total purchase price paid for all flue-cured tobacco purchased in any particular period divided by the total number of pounds of flue-cured tobacco purchased during such period.

(b) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 and in § 1499.20[2] of the General Maximum Price Regulation, issued by the Office of Price Administration, shall apply to other terms used herein.

§ 1358.60 *Standard of interpretation.* Every provision of this Temporary Maximum Price Regulation No. 21 is to be understood and will be interpreted consistently with the provisions of the regulation as a whole, and, unless the context otherwise requires, with the corresponding and related provisions of the General Maximum Price Regulation and in such a maner as to effectuate the purposes of the Emergency Price Control Act of 1942.

§ 1358.61 *Revocation or replacement of regulation.* This Temporary Maximum Price Regulation No. 21 may be revoked or replaced by a permanent Maximum Price Regulation or order issued under the Emergency Price Control Act of 1942.

§ 1358.62 *Effective period.* This Temporary Maximum Price Regulation No. 21 (§§ 1358.51 to 1358.62, inclusive) shall become effective on August 31, 1942, and shall, unless earlier revoked or replaced, expire at 12 o'clock midnight October 29, 1942.

Issued this 29th day of August 1942.

§ 1360.51 *Maximum wholesale prices for new passenger automobiles.* * * *

(c) To the maximum price may be added an amount equal to 1% of the list price of the automobile, or $15, whichever is lower, for each calendar month or greater part thereof, after January 31, 1942, which elapses prior to the sale of the automobile by the manufacturer, distributor, or exporter: *Provided*, That the automobile shall, on and after September 30, 1942, receive while in storage all the maintenance operations set forth in Appendix B, as therein required: *Provided further*, That no amount whatsoever under this paragraph (c) shall be added to the maximum wholesale price unless:

(1) The automobile sold shall, on and after September 30, 1942, have received while in storage all the maintenance operations set forth in Appendix B, as therein required; and

(2) The seller, at the time of sale, shall certify in writing to the purchaser and to the Office of Price Administration that the automobile sold has, on and after September 30, 1942, received while in storage all the maintenance operations set forth in Appendix B, as therein required, in the form provided in § 1360.51 (c) (2). The certification to the Office of Price Administration shall be filed together with the report of sale required by Rationing Order 2A, New Passenger Automobiles Rationing Regulations, issued by the Office of Price Administration, with the War Price and Rationing Board designated in such rationing regulation to receive such report of sale.

* * * * * *

§ 1390.62 *Appendix B: Standards for maintenance of new passenger automobiles*—(a) *General instructions.* (1) All new passenger automobiles must be stored indoors. Select a clean, dry building suitable for the storage of such automobiles. Cover all openings through which animals and birds may enter storage space. Prevent water leakage. Remove loose dirt and whitewash lime.

(2) Allow sufficient space between vehicles for accessibility to perform all specified maintenance operations.

(3) The operations specified under the heading "Maintenance Operations" are of two categories: "Initial" operations, which if not already performed, are to be performed, and "Repeat" operations, which must be performed at intervals of six months, or when necessary as indicated below.

(b)

No.	When to be done	Item	Maintenance operation
1	Initial and whenever necessary.	Vehicle	(a) Thoroughly wash vehicle; remove all foreign substances, mud, dirt, grease spots, oil, tar. (b) Check paint, touch up all exposed metal surfaces to prevent rust.
2	Initial	Windshield wiper	Remove blades; store in glove compartment.
3	Initial and every 6 months.	Upholstery and floor coverings.	(a) Clean and moth-proof all upholstery, including seat cushions, seat books, side walls, headlinings, floor mats, and carpets. (b) After moth-proofing upholstery, protect it from direct sunlight, except when on display in customary display room, by one of the following methods: (1) Cover all openings through which light may enter storage space. (2) Cover the inside of all vehicle windows and windshields with paper, using masking tape. (3) Cover the vehicle with a paper or cloth cover. (4) Completely cover all upholstery with paper, using masking tape.
	Initial		(c) Place floor mats in their normal position on floor, not rolled up.
4	Initial and whenever necessary.	Chrome plated surfaces	Thoroughly wash and clean all Chrome plated surfaces with clear water; when dry, apply a coating of light oil, liquid wax, or special preparations; wipe off until no excess oil or wax appears on the surface of the Chrome.
5	Initial	Convertible tops	With respect to convertibles, see that the tops are up and leave the shipping cover over the top, or cover it with paper, using masking tape.
6	Initial	Engine	(a) Drain engine oil and refill crank case with at least ½ charge of rust-inhibiting oil. (b) Run engine for 5 minutes at idle speed or about 1000, R. P. M. Leave this oil in engine.
7	Initial	Fuel system and carburetor.	(a) Drain gasoline tank completely and replace filler cap to exclude dust. (b) Run engine until all gasoline is consumed.
8	Initial	Spark plugs	Remove spark plugs. Inject 2 ounces of rust-inhibiting oil into each cylinder when piston is on the power stroke. Slowly turn engine over a few revolutions with starter. Replace spark plugs.
9	Initial	Valve compartment (overhead valve engines).	Remove cover. Spray rust-preventive compound or S.A.E. 10-W on mechanism and inside cover, or pack with oil soaked rags. Replace cover.
10	Initial	Seal engine	Seal the engine. This can be done in the following manner: Remove engine oil filler tube cover and crankcase breather cover, if there is one, and seal the openings. Also seal the air cleaner, tail pipe, and any other openings into the engine. Tubes or pipes can be sealed satisfactorily by covering with a small piece of oiled or waxed paper, rathering the edges of the paper around the tube and tying them with a cord. The air cleaner can be sealed conveniently by covering with a paper bag and tying a cord around it at the solid part on the engine side of the air intake openings. Sealing the engine to a large extent prevents air moisture from entering the engine. NOTE—Since no provision has been made for turning the engine over at regular intervals, it is absolutely essential that the recommended procedure for conserving the engine be followed carefully.
11	Initial	Battery removal	(a) Remove the battery and store it in a cool place near recharging equipment, to facilitate servicing. Clean battery connections and wipe with light grease. (b) If dealer has portable battery charging equipment, he may elect to leave battery in vehicle. In either case battery must be maintained as per item 12 below.
12	Initial and as specified under "Maintenance operations."	Battery maintenance	(a) Check the specific gravity at regular intervals of six weeks, except in extremely hot weather when inspection periods should be cut to three weeks. (b) Check and correct water level at each inspection and recharge batteries as necessary to bring gravity reading to 1.280 or above. In no case should the specific gravity be allowed to fall below 1.220. These specific gravity readings are given for batteries at 60° F. air temperature.
13	Initial	Cooling system	Completely drain cooling system including radiator, cylinder block, pump, heater, hose and all water connections. Leave system dry. NOTE.—If coolant contains anti-freeze and rust-inhibiting solution, it may be left in the cooling system.
14	Initial	Brakes	Leave all brakes in released position.
15	Initial	Clutch	Block the pedal of dry clutches in partially disengaged position. It is not necessary to disengage other type clutches.

The undersigned hereby certifies that the ---------- automobile bearing motor number ---------- and/or serial number ---------- has, on and after September 30, 1942, received while in storage all the maintenance operations set forth in Appendix B of Revised Price Schedule No. 85—New Passenger Autcmobiles, issued by the Office of Price Administration, as required therein.

Dated:

The certification to the Office of Price Administration shall be filed together with the report of sale required by Rationing Order 2A, New Passenger Automobile Rationing Regulations, issued by the Office of Price Administration, with the War Price and Rationing Board designated in such rationing regulation to receive such report of sale.

§ 1390.52 *Maximum retail price for new passenger automobiles.* * * *

(c) An amount equal to 1% of the list price of the automobile, or $15, whichever is lower, for each calendar month or greater part thereof, after January 31, 1942, which elapses prior to the sale of the automobile to the purchaser: *Provided*, That the automobile shall, on and after September 30, 1942, receive while in storage all the maintenance operations set forth in Appendix B as therein required: *Provided further*, That no allowance whatsoever under this paragraph (c) shall be included in the maximum retail price unless:

(1) The automobile sold shall, on and after September 30, 1942, have received while in storage all the maintenance operations set forth in Appendix B as therein required; and

(2) The seller, at the time of sale, shall certify in writing to the purchaser and to the Office of Price Administration that

No.	When to be done	Item	Maintenance operation
16	Initial and as specified under Maintenance operations.	Tires	Jack up vehicle in storage location taking weight off the tires. Maintain the air in tires between ½ and ⅔ operating pressure so that vehicles can be pushed or towed out quickly if necessary in an emergency. Tension in cords will be relieved by lowered pressure.
17	Initial and if necessary, every six months where applicable.	Hood latches, hinges, brake connections.	Lubricate with light oil all hood latches, hinges, and brake connections.
18	Initial where applicable.	Doors and windows	(a) Close all doors and windows tightly. (b) Close all venti-panes. (c) Leave cowl ventilator open (if screened).

NOTE.—Materials called for in the performance of these maintenance operations such as oils, wax and rust-inhibitor, should be of a grade recommended by the vehicle manufacturer.

1903.14 Status and compensation of members.
1903.15 Loaned equipment.
1903.16 Organization and command of Local Defense Corps.

AUTHORITY: §§ 1903.1 to 1903.16, inclusive, issued under Pub. Law 415, 77th Congress; E.O. 8757, 6 F.R. 2517, E.O. 9088, 7 F.R. 1775, E.O. 9134, 7 F.R. 2687.

§ 1903.1 *Statutory and Executive authority.* (a) The Act approved January 27, 1942 (Public Law 415, 77th Cong.), provides in section 2 thereof:

It shall be unlawful for any person to wear any insignia, arm band, or other distinctive article prescribed by the Director of Civilian Defense except in accordance with the regulations promulgated under the authority of Section 1 hereof.

The regulations referred to have been promulgated in Executive Order No. 9088, dated March 6, 1942, which provide, in Article 12 thereof:

The Director of Civilian Defense may prescribe insignia, arm bands, and other distinctive articles which may be worn by persons engaged in civilian defense activities and may establish rules and regulations for the wearing thereof.

Pursuant to Executive Order No. 9088, the Director of Civilian Defense has issued §§ 1902.1 to 1902.9, inclusive, of this chapter (§§ 1 to 9, inclusive, Office of Civilian Defense Regulations No. 2), governing insignia which regulations provide that it shall be unlawful for any person to use or wear certain official articles embodying prescribed insignia except certain designated groups, including the United States Citizens Defense Corps.

(b) The Act approved January 27, 1942 (Public Law 415, 77th Cong.), authorizes, in section 1 thereof, the Director of Civilian Defense, under such regulations as the President may prescribe, to provide to certain localities, by loans, supplies and equipment for the adequate protection of persons and property from bombing attacks, sabotage, or other war hazards. Executive Order No. 9088, dated March 6, 1942, sets forth the regulations prescribed by the President pursuant to said section 1, and Article 13 thereof authorizes the Director of Civilian Defense to make and issue such rules, regulations, and orders as he may deem necessary or desirable to carry out the purposes of the Act approved January 27, 1942.

Pursuant to Executive Order No. 9088, the Director has issued §§ 1901.1 to 1901.11, inclusive, of this chapter (Office of Civilian Defense Regulations No. 1), governing loans of equipment and supplies to civil authorities, which chapter provides, in § 1901.7 thereof, that the property shall be distributed by the borrowing communities in such manner as the Commander of the local United States Citizens Defense Corps shall deem advisable in order to comply with the requirements of law.

Provided, however, That such distribution shall at all times be subject to and in accordance with such rules, regulations, orders, and instructions as the Director of Civilian Defense may make with respect thereto.

Sections 1901.1 to 1901.11, inclusive, of this chapter (Office of Civilian Defense Regulations No. 1) also provide that each borrowing community shall execute an agreement with the Director of Civilian Defense, on OCD Form No. 501, which agreement includes a covenant on behalf of the borrowing community as follows:

That all rules, regulations, and orders heretofore or hereafter issued by the Director of Civilian Defense with respect to said supplies and equipment are a part of this agreement between the community and the Director of Civilian Defense, and that the community will comply with all rules, regulations and orders issued by the Director of Civilian Defense with respect to the aforesaid supplies and equipment as well as with respect to procedure and practices affecting the use of such supplies or equipment for civilian defense in the community.

The Director of Civilian Defense, for the purpose of attaining maximum efficiency in the use and preservation of supplies and equipment of, or under the control of, the Office of Civilian Defense, which are loaned to communities pursuant to Executive Order No. 9088 and §§ 1901.1 to 1901.11, inclusive, of this chapter (Office of Civilian Defense Regulations No. 1), has ordered, subject to rules, regulations, and orders to be issued by him, that, subject to certain exceptions, including members of the local fire departments and police departments, the distribution of such supplies and equipment by borrowing communities shall be confined to members of and trainees for the United States Citizens Defense Corps, in accordance with instructions of the Commander of the local United States Citizens Defense Corps, and loaned supplies and equipment shall be used only by such members and trainees.

(c) Sections 1903.1 to 1903.16, inclusive, of this chapter (Office of Civilian Defense Regulations No. 3), herein set forth, are issued, pursuant to Executive Order No. 9088, to prescribe the eligibility, training, method of appointment, character of oath, and duties of persons who, as members of or trainees for the United States Citizens Defense Corps, are exclusively, except as provided in § 1903.4 (h) of this chapter (Office of Civilian Defense Regulations No. 3), entitled to wear or use official articles embodying prescribed insignia of the United States Citizens Defense Corps, in accordance with the provisions of §§ 1902.1 to 1902.9, inclusive, of this chapter (Office of Civilian Defense Regulations No. 2), and are entitled to receive, wear, or use supplies and equipment loaned to communities, in accordance with §§ 1901.1 to 1901.11, inclusive, of this chapter (Office of Civilian Defense Regulations No. 1).

§ 1903.2 *Definitions.* (a) *Director* means the Director of Civilian Defense appointed by the President of the United States pursuant to Executive Order No. 8757, dated May 20, 1941, or any amendment thereto.

(b) *Defense Corps* means the United States Citizens Defense Corps established, within the Office of Civilian Defense, by Administrative Order of the Director, and consists of units composed of enrolled members in the protective services engaged in civilian defense, or in services related thereto.

(c) *Protective services engaged in civilian defense* means the services engaged in taking precautionary measures against air raids or other forms of attack and minimizing losses to persons and property resulting therefrom, which protective services shall include those specified in § 1903.3 (a) of this chapter (Office of Civilian Defense Regulations No. 3), now established and such additional protective services as shall hereafter be established as units of the Defense Corps by order of the Director.

(d) *Member* means a person eligible for membership in the Defense Corps, who has registered for training, has satisfactorily completed prescribed and approved courses of training or instruction, has been appointed to membership, has taken the prescribed oath, and has been enrolled as a member of the Defense Corps by the Local Defense Council, all in accordance with this chapter (Office of Civilian Defense Regulations No. 3), and whose membership has not be suspended or terminated as provided in this chapter.

(e) *Trainee* means a person eligible for membership in the Defense Corps who has registered for training in accordance with this chapter (Office of Civilian Defense Regulations No. 3), and who is engaged in taking prescribed and approved courses of training, or instruction prior to becoming appointed and enrolled as a member.

(f) *Prescribed insignia* means insignia prescribed by the Director, by regulation or order, for any unit of the Defense Corps or for any rank of members, whether or not Letters Patent with respect to such insignia have been applied for, granted, or denied.

(g) *Official articles* mean arm bands, brassards, buttons, pins, automobile plates, decalcomania, Certificates of Membership, and other articles of identification embodying prescribed insignia, which official articles may be worn or used, except as provided in § 1903.4 (h) of this chapter (Office of Civilian Defense Regulations No. 3), only by members or, subject to § 1903.7 (c) of this chapter (Office of Civilian Defense Regulations No. 3), by trainees, and shall constitute the official identification of persons wearing or using such official articles.

(h) *Loaned equipment* means equipment and supplies (other than medical equipment and supplies) belonging to, or under the control of, the Office of Civilian Defense and loaned by the Director to communities pursuant to Executive Order No. 9088, dated March 6, 1942, and §§ 1901.1 to 1901.11, inclusive, of this chapter (Office of Civilian Defense Regulations No. 1) governing loans of equipment and supplies to civil authorities.

(i) *State* means any State, territory, or possession of the United States and the District of Columbia.

(j) *Community* means any municipality, town or village, or any other political subdivision of any State or any area designated by the Director as a community for purposes of this chapter (Office of Civilian Defense Regulations No. 3).

(k) *Local Defense Council* means the body duly appointed by the duly authorized appointive authority to be responsible for civilian defense in a community.

§ 1903.3 *Units.* (a) The Defense Corps consists of units composed of enrolled members in (1) the protective services engaged in civilian defense now established and hereinafter specified; (2) additional protective services engaged in civilian defense, from time to time established as units of the Defense Corps by order of the Director; and (3) related services now established or hereafter established by order of the Director, including Chaplains. The protective services engaged in civilian defense now established are as follows:

Staff.
Air Raid Wardens.
Auxiliary Police.
Auxiliary Firemen.
Fire Watchers.
Demolition and Clearance.
Road Repair.
Rescue.
Decontamination.
Medical.
Nurses' Aides.
Drivers.
Emergency Food and Housing.
Messengers.
Utility Repair.
Instructors.

(b) The number of members in each unit of the protective services engaged in civilian defense in any community shall

not exceed such number as may be prescribed from time to time by order of the Director in the event that he deems such maximum limitation to be desirable.

§ 1903.4 *Insignia.* (a) The insignia of the units of the Defense Corps shall be designs related to the basic insigne of the Office of Civilian Defense, which basic insigne is a design, in the form of an applique emblem granted by Letters Patent No. D–129797 of October 7, 1941, consisting of the letters "CD" in red, centered in a white equilateral triangle embossed on a circular field of blue. Insignia have been prescribed by order of the Director for the units of the Defense Corps designated in § 1903.3 (a) of this chapter (Office of Civilian Defense Regulations No. 3), consisting of a white equilateral triangle embossed on a circular field of blue similar to the basic insigne of the Office of Civilian Defense, but with an identifying device, described below for the respective units, substituted in lieu of the letters "CD" appearing in the basic insigne. The identifying devices for the prescribed insignia of the present units of the Defense Corps, and the Letters Patent covering such insignia, are as follows:

Unit	Letters patent	Identifying device (red, except staff unit)
Staff	D–132589	Blue five-pointed star centered above letters "CDC" in red.

Chaplains	Patent pending	Christian: Latin cross. Jewish: Six-pointed star centered above Tables of the Law in silhouette.

(b) The Director may from time to time prescribe, by regulations or orders, other designs as insignia for additional units of the Defense Corps.

(c) Prescribed insignia of the Defense Corps may be embodied in official articles which any member or, subject to § 1903.7 (c) of this chapter (Office of Civilian Defense Regulations No. 3), any trainee is authorized to use or wear so long as he complies with all rules, regulations, orders, and instructions made at any time by the Director, including those with respect to the use or wearing of prescribed insignia and with respect to the eligibility, training, or duties of members. Such right to wear or use official articles shall be subject at all times to the terms and conditions of any such rules, regulations, orders, or instructions.

(d) Any member or trainee authorized to wear or use official articles may wear or use only official articles bearing the insignia prescribed by the Director for the particular unit of the Defense Corps of which such person is a member or trainee.

(e) Arm bands or brassards embodying prescribed insignia shall constitute a substitute for a uniform. The wear or use of arm bands or brassards embodying prescribed insignia of the Defense Corps is restricted to members of or trainees, subject to § 1903.7 (c) of this chapter (Office of Civilian Defense Regulations No. 3), for the Defense Corps (except the Instructors Unit) and to persons authorized pursuant to paragraph (h) of this section, while actively engaged in the performance of duties or while in transit to or from their places of duty.

(f) It shall be unlawful for any person to use or wear any prescribed insignia except in accordance with rules, regulations, orders, and instructions issued by the Director. The Director may prohibit or restrict, in his discretion, the wearing or use of any articles embodying prescribed insignia.

(g) Prescribed insignia may not be altered or modified in any manner, and no additional words or devices may be superimposed on prescribed insignia. However, the name of a State or community or the designation of the occupation or profession of the wearer may be placed on official articles in addition to the prescribed insigne.

(h) Such organized personnel as is certified by the American Red Cross to the Commander for emergency feeding, housing and clothing services, if such personnel is satisfactory to the Commander and is placed under his command in an emergency, may be authorized by the Commander to use and wear official articles embodying the prescribed insigne of the Emergency Food and Housing Unit, notwithstanding the fact that such persons are not members of the Defense Corps.

§ 1903.5 *Eligibility.* (a) All citizens of the United States, without distinction as to race, color, sex, or religion, shall be eligible for membership in the Defense Corps.

(b) All aliens residing in the United States, its territories or possessions, who are not of enemy nationality, and without distinction as to race, color, sex, or religion, shall be eligible for membership in the Defense Corps: *Provided, however,* That, subject to further order of the Director, any alien not of enemy nationality may be declared ineligible for membership by the Local Defense Council of the community where such alien resides, and any alien of enemy nationality may be declared eligible for membership by the State Defense Council, acting upon the favorable recommendation of the Local Defense Council of the community where such alien resides. The decision of such Local Defense Council as to an alien not of enemy nationality, and of such State Defense Council as to an alien of enemy nationality, shall be final and shall be based upon its determination as to whether a declaration of eligibility or ineligibility would best serve the interests of the United States after considering all facts bearing on the loyalty of any such alien to the United States; such decision shall be reached after such hearings as the Defense Council shall deem proper before a Board of Inquiry designated by the Defense Council or established by it to make findings of fact and recommendations to the Defense Council. The term "alien of enemy nationality", as used in this paragraph (b), means a citizen of Germany, Italy, or Japan, or such other country as shall be designated by order of the Director.

(c) Membership in any other organization of any character shall not be a condition to eligibility for membership in the Defense Corps, and no person shall become a member, or eligible for membership, solely by virtue of membership in any other organization.

(d) No person may become a member of the Defense Corps who advocates or has advocated the overthrow of the constitutional form of government in the United States by force or violence, or who has been convicted of or is under indictment or information charging any subversive act against the United States.

(e) No fees of any kind shall be required to be paid as a condition to enrollment or continued membership in the Defense Corps.

(f) Any State or community may impose further restrictions (not predicated upon race, color, sex or religion) upon eligibility, but no community shall, contrary to this chapter (Office of Civilian Defense Regulations No. 3) or subsequent rules, regulations, or orders issued by the Director, admit any person to membership in the Defense Corps.

§ 1903.6 *Registration for training.* Each person eligible for membership in the Defense Corps shall register for training, furnishing such information and data as shall be specified in the registration card (including registrant's full name, age, nationality, and residence and business addresses and telephone numbers), which card shall be in such form as shall be prescribed by order of the Director. Such registration card shall be filed with the Local Defense Council, and held by it available for inspection by the Office of Civilian Defense.

§ 1903.7 *Training.* (a) Before becoming a member of the Defense Corps, a registrant for training shall complete, in a manner satisfactory to the Commander of his local Defense Corps, and not below such standards as may be prescribed by order of the Director, courses of training or instruction prescribed and approved by order of the Director for the particular unit of the Defense Corps. Enrolled members shall take such additional courses of training and instruction and shall participate in such air raid drills and group or field training as shall be prescribed by order of the Director or such Commander.

(b) The minimum number of hours of training or instruction required to be satisfactorily completed (prior or subsequent to the effective date of this chapter) before a person may become a member of the Defense Corps (except in individual cases where the Commander of the local Defense Corps, or the Chief of Service, shall certify that the registrant has in a less number of hours satisfactorily completed required courses of training or instruction), and the subjects in which such training or instruction shall be completed for the respective units, are as follows:

[1] Formal first-aid training not required, but review course of 10 hours desirable.

[2] Basic 80 hours special American Red Cross Training given in connection with hospitals designated as training centers. Within one year after enrollment 20 hours first-aid training and 150 hours hospital practice are required.

[3] Also the following courses: Night driving and convoy driving, 5 hours; blackout driving, 3 hours; map reading, 2 hours; minor roadside repairs, 5 hours; test and review, 3 hours.

[4] Applicants for Utility Repair Units who are employed to do repair work for publicly or privately owned water, gas, electric, or other utilities, or communication companies, may omit all training and instruction courses, but fire defense and gas defense training is recommended.

[4] After enrollment, training and instruction in gas defense (2 hours) is recommended.

(c) Trainees for membership in the Defense Corps may be authorized by order of the Director or the Commander, in the event of an air raid or other disaster or emergency, to perform the duties of members of the Defense Corps during such period as shall be specified in such order. The effect of any such order shall be, whether or not stated herein, to dispense with the requirements, during the period specified therein, of completion of courses of training or instruction, oath, Certificate of Membership, and enrollment. Trainees appointed as members, pursuant to such order, in the manner prescribed in § 1903.8 of this chapter (Office of Civilian Defense Regulations No. 3), and engaged in performing duties of members, or in transit to or from their places of duty, shall be members of the Defense Corps during the period specified in such order, and as such shall be entitled to wear or use official articles (but not to receive a Certificate of Membership), to receive, use, and wear loaned equipment, and to all other rights and privileges of members. Prior to any such order, trainees may, subject to § 1903.4 (e) of this chapter (Office of Civilian Defense Regulations No. 3), wear arm bands bearing only the letters "CD." Trainees for the Nurses' Aides Unit may wear the prescribed insigne on uniform sleeves while engaged in practice work in hospitals.

(d) Trainees for membership in the Defense Corps may use or wear loaned equipment, other than official articles, while engaged in training or instruction, to the extent deemed necessary and proper by the person conducting the course of training or instruction, or as otherwise ordered by the Director.

§ 1903.8 *Method of appointment.* Eligible persons who have registered for training in the Defense Corps and have satisfactorily completed prescribed and approved courses of training or instruction may be appointed to the various units of the Defense Corps on the basis of ability to perform prescribed duties, by the legally authorized appointive authority of any State or community, subject to any further rules, regulations, or orders issued by the Director as to the manner of appointment of such persons.

§ 1903.9 *Oath.* (a) Each appointee to membership in the Defense Corps shall, prior to being enrolled as a member of the Defense Corps, take an oath, orally, before any person approved by the Commander of the local Defense Corps, or in writing, which oath shall be substantially as follows:

I, ----------, solemnly swear (or affirm) that I will support and defend the Constitution of the United States against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I take this obligation freely, without any mental reservation or purpose of evasion; that I will well and faithfully discharge my duties as a member of the United States Citizens Defense Corps; and that I do not advocate, and have not advocated, the overthrow of our constitutional form of government in the United States by force or violence.

Such oath may include allegiance to the particular State and such other matter as shall not be inconsistent with the foregoing.

(b) If such oath is in writing and signed, it shall be filed with the Local Defense Council. If such oath is taken orally, there shall be filed with the Local Defense Council an affidavit of the Commander of the local Defense Corps, or the Chief of Service of the service in which the member is enrolled, or of the person administering the oath, specifying the name of the person taking the oath, the date on which the oath was taken, and the form of the oath so taken. Such oaths, written or oral, may be taken before or after the effective date of this chapter (Office of Civilian Defense Regulations No. 3).

§ 1903.10 *Certificate of membership.* Each eligible registrant for training in the Defense Corps, upon satisfactorily completing prescribed and approved courses of training or instruction, being duly appointed to membership and taking the prescribed oath, may be furnished by the Local Defense Council with a Certificate of Membership, in form prescribed by order of the Director and signed by such person or persons as shall be authorized by the Local Defense Council, certifying that such registrant has satisfactorily completed the required courses of training or instruction and demonstrated the necessary knowledge and ability to carry out his duties, and is a member of the Defense Corps entitled to use or wear the prescribed insigne of the particular unit of the Defense Corps for which he is appointed and trained.

§ 1903.11 *Enrollment.* Each person entitled to a Certificate of Membership shall be enrolled by the Local Defense Council as a member of the Defense Corps, in the unit specified in such Certificate. Local Defense Councils shall furnish the Office of Civilian Defense, from time to time upon request, information regarding enrolled members, including the number in the various units of the Defense Corps.

§ 1903.12 *Duties.* (a) The duties of each member of the Defense Corps shall be as prescribed by regulations of the Director, and as additionally prescribed, to the extent permitted by law and not inconsistent with the duties prescribed by the Director, by the Governor or the State Defense Council of his State, or by the chief executive officer or other designated authority or the Local Defense Council of his community. Specific duties shall be prescribed by the Commander of the local Defense Corps or by the Chief of Service.

(b) The general duties of the members of the Defense Corps shall include the following:

(1) *Staff.* Commanding or directing the units of the local Defense Corps in the protective services engaged in civilian defense; assisting the Commander, including technical, administrative and clerical assistance.

(2) *Air raid wardens.* Observing lights showing during a blackout and warning occupants of buildings; calling

attention of law enforcement authorities to failures to comply with blackout rules and regulations, and requesting their cooperation in obtaining such compliance; directing persons in the streets to shelter; reporting to the Control Center any fallen bombs or fires; assisting in fighting incendiary bombs; detecting and reporting to the Control Center the presence of gas; administering elementary first aid; assisting victims in damaged buildings; training residents for emergencies and becoming acquainted with physical features and residents of assigned territory.

(3) *Auxiliary police.* Enforcing emergency restrictions on lighting and prohibitions on trespassing; guarding of docks, buildings, bridges, and factories; performing traffic duty to facilitate movements of essential vehicles; preventing looting of partially demolished buildings, shops, and homes; assisting air raid protection services before, during, and after a raid; and generally assisting the regular police force.

(4) *Auxiliary firemen.* Assisting regular fire-fighting forces, including laying hose relays and operating small pumpers; rescuing persons from burning buildings.

(5) *Fire watchers.* Standing guard on posts in doorways, on roofs, and at other vantage points in order to spot, reach, and extinguish fallen bombs.

(6) *Demolition and clearance unit.* Removing rubble and debris from streets after air raids; destroying partially demolished or unsafe walls and buildings; filling bomb craters in streets; assisting the local public works department.

(7) *Road repair unit.* Repairing roads after air raids to restore normal flow of traffic as rapidly as possible, including smoothing road surfaces, repaving with available material, restoring road markings, filling holes and applying top dressing; assisting street departments and public works departments following rough clearance by Demolition and Clearance Units.

(8) *Rescue unit.* Rescuing persons trapped in debris; shutting off broken gas, electric, and water lines; shoring up, tunneling, and minor demolition work; rendering emergency first aid; assisting local public works, fire, and other municipal departments.

(9) *Decontamination unit.* Effecting chemical neutralization or removal of gases contaminating streets, walls, and buildings; assisting health departments in connection with decontamination work.

(10) *Medical unit.* Proceeding to scene of air raids or other disasters and occupying casualty stations; establishing advance first aid posts so as to render emergency care to the injured; manning stations for decontamination of persons; assisting hospitals and health departments.

(11) *Nurses' aides unit.* Assisting nurses in wards and out-patient clinics of hospitals; serving in emergency medical field units in casualty stations and first aid posts.

(12) *Drivers' unit.* Driving vehicles to assist other units of the Defense Corps.

(13) *Messengers unit.* Performing messenger service for air raid warden posts, control and message centers, hospitals, casualty stations and first aid posts, fire stations and police stations, and other units of the Defense Corps.

(14) *Emergency food and housing unit.* Providing food and shelter for persons whose homes have been destroyed or damaged by air raid or other disaster; assisting local welfare departments.

(15) *Utility repair unit.* Repairing water, gas, electric, telephone, telegraph, steam, sewer, and other utility services damaged by air raid or other disaster.

(16) *Instructors.* Giving courses of training and instruction to units of the Defense Corps as prescribed from time to time by orders or instructions of the Director.

(17) *Chaplains.* Administering to the religious and spiritual needs of persons suffering from the effects of air raids or other disaster.

§ 1903.13 *Termination or suspension of membership in United States Citizens Defense Corps.* (a) Any member of or trainee for the Defense Corps who:

(1) Fails or refuses to comply with all applicable rules, regulations, and orders made or issued by his State or community or any agency thereof;

(2) Fails or refuses faithfully to perform his duties;

(3) Fails or refuses to comply with §§ 1901.1 to 1901.11, inclusive, of this chapter (Office of Civilian Defense Regulations No. 1), as to the protection, maintenance, use, or return of loaned equipment.

(4) Was not at the date of enrollment, or would not be at any subsequent date, eligible for membership in the Defense Corps or was not trained, appointed, sworn, or enrolled as a member or trainee in accordance with this chapter, or any subsequent rules, regulations, or orders of the Director; or

(5) Has not adequate knowledge, ability, or other qualification properly to perform his duties;

may have his membership or training status suspended or terminated by order of his Local Defense Council or of the Director, after notice to such person and to the official or body which appointed such person, which notice shall specify all charges against such person and after an opportunity for such person to be heard in his defense.

(b) Unless and until such order is vacated by order of the removing authority for good cause shown, it shall be unlawful for any person whose membership or training status in the Defense Corps has been so suspended or terminated to use or wear any official article or to receive use, or wear any loaned equipment, and such person shall be deprived of all other rights and privileges as a member or trainee: *Provided, however,* That such suspension or termination shall not affect the status under State or local law of any person appointed by a State or community appointive authority to perform such duties as may be required by such State or local law. Nothing in this chapter shall be construed to interfere with or usurp any of the rights or duties of any local district, municipal, county, or State official.

(c) Hearings in any proceeding ordered by a Local Defense Council or the Director for suspension or termination of membership or training status shall be held at such time and place, and before such examiner, and in accordance with such procedure as shall be prescribed by the order of the Local Defense Council or the Director, as the case may be.

§ 1903.14 *Status and compensation of members.* Members shall not be deemed appointees or employees of the Office of Civilian Defense, or of the United States or any agency thereof, nor entitled to any payment from the Office of Civilian Defense, or the United States or any agency thereof, for services rendered as members. Payment for such services by the States or communities shall be dependent upon the laws thereof.

§ 1903.15 *Loaned equipment.* (a) Loaned equipment received by communities from the Office of Civilian Defense pursuant to §§ 1901.1 to 1901.11, inclusive, of this chapter (Office of Civilian Defense Regulations No. 1), shall, unless otherwise ordered by the Director or authorized by said chapter, be distributed by such communities, directly or indirectly, only to members of, or (subject to § 1903.7 (c) of this chapter (Office of Civilian Defense Regulations No. 3)), trainees for, the Defense Corps or to members of local police departments or fire departments, all in accordance with instructions of the Commander of the local Defense Corps.

(b) All loaned equipment received by any community, including fire-fighting pumping units, shall, unless otherwise ordered by the Director or authorized by §§ 1901.1 to 1901.11, inclusive, of this chapter (Office of Civilian Defense Regulations No. 1), be used only by members of, or (subject to § 1903.7 (d) of this chapter (Office of Civilian Defense Regulations No. 3)), trainees for, the Defense Corps or by members of local police departments or fire departments.

(c) Unless otherwise ordered by the Director or authorized by §§ 1901.1 to 1901.11, inclusive, of this chapter (Office of Civilian Defense Regulations No. 1), any community which distributes any such loaned equipment to any person not a member of or trainee for the Defense Corps or a member of the local police department or fire department, or not in accordance with the instructions of the Commander of the local Defense Corps, or which permits any person not a member of or to the extent provided in § 1903.7 (c) of this chapter (Office of Civilian Defense Regulations No. 3, a trainee for the Defense Corps or a member of the local police department or fire department to use or wear any loaned equipment, or which fails promptly to recall any loaned equipment from any person whose membership or training status has been suspended or terminated, shall be deemed to have violated its Agreement (OCD Form No. 501) with the Director pursuant to which such equipment was loaned; and in such event the Director may proceed to recall all or any part of the equipment and supplies of any character loaned to such community.

§ 1903.16 *Organization and command of Local Defense Corps.* (a) The Defense Corps in each community shall consist of a Staff Unit and such other units, established pursuant to § 1903.3 of this chapter (Office of Civilian Defense Regulations No. 3), as shall be deemed necessary for the community in the opinion of the Commander.

(b) The Commander of each local Defense Corps shall be designated or appointed in accordance with the provisions of State and local law. He shall have complete authority during an air raid, blackout or other emergency, as well as during periods of air raid drills, practice blackouts or otherwise in connection with training, to command and direct the Defense Corps and to coordinate and direct, to the extent permitted by local law, the local Fire and Police Departments and other municipal services. He shall have responsibility and authority for the organization, training, and operation of the Defense Corps.

(c) The units of the Defense Corps may be organized into services as hereinafter specified, each of which shall be under the direction and command of a Chief of Service as indicated, to-wit:

Service	Units	Chief
(1) Fire Service	Auxiliary Firemen Rescue.	Chief of Emergency Fire Service (ordinarily Chief of local Fire Department).
(2) Police Service	Auxiliary Police	Chief of Emergency Police Service (ordinarily Chief of local Police Department).
(3) Air Raid Wardens Service	Air Raid Wardens Fire Watchers.	Chief Air Raid Warden.
(4) Emergency Medical Service	Emergency Food and Housing. Medical. Nurses' Aides.	Chief of Emergency Medical Service.
(5) Emergency Public Works Service.	Demolition and Clearance Road Repair. Decontamination.	Chief of the Emergency Public Works Service.
(6) Emergency Utilities Service	Utility Repair	Chief of the Emergency Utilities Service.
(7) Staff	Staff Drivers. Messengers.	Commander.

(d) The Staff Unit shall include the Commander and the Chiefs of the respective Services, and in addition may include the following:

(1) Executive Officer, who shall be responsible for plans and training and who shall be second in command after the Commander. He may be assisted by Incident Officers and a Chief of Training.

(2) Controller, who shall be responsible for the establishment, maintenance, protection, and operation of the control center and who shall be next in command after the Executive Officer. He may be assisted by a Plotting Officer, Chart Writer, Communications Officer, Panel Clerk, Records Clerk, Radio Aide, and other necessary personnel, including telephone operators, messengers, radio operators, police guards, and office personnel.

(3) Personnel Officer, who shall be responsible for the personnel and enrollment records of all members of the Defense Corps, as well as all records with respect to casualties and evacuation.

(4) Property Officer, who shall be accountable for all property issued to members of the Defense Corps.

(5) Transportation Officer, who shall be responsible for local transportation facilities.

(6) Billeting Officer, who shall be responsible for emergency housing facilities.

(7) Bomb Reconnaissance Agents, who shall investigate reports of unexploded bombs, determine their category, and report thereon.

(8) Senior Gas Officer (ordinarily from the local Health Department), who shall supply technical direction on identification of chemical agents in food, milk, water, and air, and shall determine action to be taken by other services and agencies before, during, and after gas attacks. He may be assisted by specialists such as Gas Detection Officers and Laundry Officers.

(9) Chief Technical Intelligence Officer, who shall be in charge of obtaining information as to the effect upon civilians and property of enemy attack. He may be assisted by Technical Intelligence Aides, who shall act as squad leaders, Medical Intelligence Officers, and Structural Intelligence Officers.

(10) Water Works Officer (representing local water works organization), who shall supply technical assistance with respect to water supply problems to the Commander and the Chiefs of Emergency Utilities Service and Emergency Fire Service.

(11) Health Officer, who shall advise the Commander regarding emergency measures for disease prevention. He may be assisted by his deputies, division chiefs, and sanitary inspectors.

The functions and duties of any of the above-mentioned members of the Staff Unit may be combined in one person by order of the Commander.

501.80 Definitions.
501.81 Certain operations prohibited.
501.82 Operating regulations.
501.83 Loading requirements.
501.84 Special and general permits.
501.85 Records and reports.
501.86 Exemptions.
501.87 Effective date.

AUTHORITY: §§ 501.80 to 501.87, inclusive, issued under E.O. 8989, 6 F.R. 6725, E.O. 9156, 7 F.R. 3349, and E.O. 9214, 7 F.R. 6097.

§ 501.80 *Definitions.* As used in this subpart: (a) The term "person" means any individual, partnership, corporation, association, joint-stock company, business trust, or other organized group of persons, other than a municipality or other governmental subdivision, and includes any trustee, receiver, assignee, or personal representative.

(b) The term "taxicab" means any rubber-tired vehicle (1) propelled or drawn by mechanical power; (2) having a seating capacity of less than ten passengers; (3) used in the call and demand transportation of passengers for compensation to or from points chosen or designated by the passengers; and (4) not operated on a fixed schedule, between fixed termini, or over specific routes.

(c) The term "taxi service" means the transportation of passengers by taxicab.

§ 501.81 *Certain operations prohibited.* No person shall:

(a) Engage in taxi service unless, on the effective date of this subpart, (1) there was in force with respect to such person a license, permit, or other grant of authority issued by a municipality or other governmental subdivision, authorizing such person to engage in such taxi service; or (2) such person was engaged in bona fide taxi service in a community where no such license, permit, or other grant of authority was required;

(b) Have in operation in taxi service in any municipality or other governmental subdivision a greater number of taxicabs than such person had in operation in taxi service in such municipality or governmental subdivision on the effective date of this subpart.

§ 501.82 *Operating regulations.* No person shall drive or operate a taxicab:

(a) For any purpose, including social or recreational purposes, personal to the driver or operator;

(b) At a rate of speed which is, (1) in excess of the speed limits duly prescribed by competent public authority, or (2) in excess of forty (40) miles per hour, whichever rate of speed is the lesser;

(c) For the purpose of making commercial deliveries of property;

(d) More than ten (10) miles beyond the corporate limits of the municipality in which the trip originated;

(e) For the purpose of securing passengers while cruising;

(f) On any trip that exceeds twenty-five (25) miles from point of origin to point of destination;

(g) Without distinctly marking every such taxicab to indicate that it is a taxicab.

§ 501.83 *Loading requirements.* No person shall drive or operate a taxicab in any municipality or other governmental subdivision who does not participate in any group riding plan for taxicabs which is lawfully in effect within such municipality or other governmental subdivision and in which it is practicable for him to participate.

§ 501.84 *Special and general permits.* The provisions of this subpart shall be subject to any special or general permit issued by the Office of Defense Transportation to meet specific needs or exceptional circumstances, or to prevent undue public hardships.

§ 501.85 *Records and reports.* Every person engaged in taxi service shall keep a daily record of the number of miles and hours each taxicab used in such service is operated, the number of passengers carried, and the gallons of fuel transferred to its fuel tank, and shall keep such other records and make such reports as may be required by the Office of Defense Transportation. Such records shall be available for inspection by authorized representatives of the Office of Defense Transportation at all times.

§ 501.86 *Exemptions.* The provisions of this subpart do not apply:

(a) To a person transporting by automobile passengers to and from burials or interments;

(b) To the transportation of passengers between their homes and their places of work by a person driving an automobile between his or her home and place of work;

(c) To the transportation of passengers incidental to emergencies arising from an accident, sickness, death, public calamity, or military necessity: *Provided, however*, That with respect to all such transportation the person driving or operating the taxicab shall within forty-eight (48) hours make a report in writing to the Office of Defense Transportation explaining in full the emergency necessitating the transportation.

§ 501.87 *Effective date.* This subpart shall become effective September 1, 1942.

Issued at Washington, D. C., this 29th day of August 1942.

[Docket No. D-23]

NEW ENGLAND COAL AND COKE CO.

NOTICE OF AND ORDER FOR HEARING

In the matter of the application of New England Coal and Coke Company for permission to receive sales agents' commissions and distributors' discounts on coal sold to Eastern Gas and Fuel Associates.

The New England Coal and Coke Company, a corporation organized under the laws of Massachusetts with its principal offices in Boston, Massachusetts, acting as a sales agent for certain code member producers, and being registered with the Division as a Distributor, Registration No. 6823, filed its petition on September 24, 1940, and its amended petition on August 12, 1942, praying:

1. That the Division re-determine that the ownership or control of the applicant by Eastern Gas and Fuel Associates is bona fide, that Applicant was not established to secure indirect price reductions and that such ownership or control is not within the prohibition of paragraphs 11 and 12 of section 4, Part II (1) of the Bituminous Coal Act of 1937, and

2. For such other and further relief as may be just and equitable.

It is, therefore, ordered, That a hearing on such matter be held on October 1, 1942, at 10 a. m. in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 15th Street, N. W., Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Travis Williams or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, take evidence, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to such petitioner and to any other person who may have an interest in such proceeding. Any person desiring to be heard at such hearing shall file a notice to that effect with the Bituminous Coal Division on or before September 24, 1942, setting forth therein the nature of his interest and a concise statement of the matter or matters which he intends to present.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners, or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

Dated: August 27, 1942.

TOBACCO INDUSTRY MINIMUM WAGE

NOTICE OF OPPORTUNITY TO SHOW CAUSE

In the matter of the determination of the prevailing minimum wage in the Tobacco Industry.

Whereas, the Secretary of Labor on April 17, 1939, pursuant to the provisions of section 1 (b) of the Act of June 30, 1936 (49 Stat. 2036; 41 U.S.C. Supp. III, 35), otherwise known as the Walsh-Healey Public Contracts Act, determined the prevailing minimum wage for employees engaged in the performance of contracts with agencies of the United States Government subject to said Act, for the manufacture or supply of the products of the Tobacco Industry, to be 32½ cents an hour or $13 for a week of 40 hours, arrived at either upon a time or piece work basis; and

Whereas, on August 12, 1942, the Secretary of Labor amended that determination to provide that handicapped or superannuated workers may be employed at subminimum rates in accordance with the present applicable regulations issued by the Administrator of the Wage and Hour Division under the Fair Labor Standards Act of 1938, and that such handicapped or superannuated workers may not be employed at subminimum rates under any other conditions, with respect to all contracts, subject to the Walsh-Healey Public Contracts Act, bids for which are solicited or negotiations commenced by the contracting agency on or after September 15, 1942; and

Whereas the minimum wage required to be paid by manufacturers subject to the provisions of the Fair Labor Standards Act of 1938 became 40 cents an hour on August 10, 1942, pursuant to the Wage Order of the Administrator of the Wage and Hour Division for the Tobacco Industry; and

Whereas it appears that substantially all employees subject to the Tobacco Wage Determination of the Secretary are engaged in commerce or in the production of goods for commerce, as that term is defined in the Fair Labor Standards Act of 1938, and that the Wage Order of the Administrator will, therefore, have the effect of establishing 40 cents an hour as the prevailing minimum wage in the Tobacco Industry; and

Whereas it appears desirable, for the purpose of co-ordinating the administration of the Fair Labor Standards Act of 1938 and the Public Contracts Act, to amend the Tobacco Wage Determination of the Secretary to provide that learners may be employed at subminimum rates in accordance with the present applicable regulations of the Administrator of the Wage and Hour Division (Reg. Title 29, chapter V, Part 522),

Now, therefore, notice is hereby given to all interested parties of the opportunity to show cause on or before Sept. 19, 1942 why the Tobacco Wage Determination of the Secretary should not be amended by:

(1) Increasing the prevailing minimum wage from 32½ cents an hour to 40 cents an hour, and

(2) Providing that learners may be employed at subminimum rates in accordance with the present applicable regulations of the Administrator of the Wage and Hour Division.

All objections, protests, or any statements in opposition to or in support of the proposed amendments should be addressed to the Administrator, Division of Public Contracts, Department of Labor, Washington, D. C., and should be filed with the Administrator not later than September 19, 1942.

Dated: August 29, 1942.

SIOUX CITY—ODEBOLT, IOWA

MOTOR VEHICLE PASSENGER SERVICE COORDINATION

Upon consideration of the application for authority to coordinate motor vehicle service in the transportation of passengers, filed with this Office by Interstate Transit Lines, Omaha, Nebraska, and Algona Bus Lines, Fort Dodge, Iowa, (hereinafter called "carriers"), and in order to assure maximum utilization of the facilities, services, and equipment of common carriers of passengers by motor vehicle, and to conserve and providently utilize vital equipment, material, and supplies, including rubber, the attainment of which purposes is essential to the successful prosecution of the war,

It is hereby ordered, That:

1. If and when Algona Bus Line has been duly authorized by appropriate regulatory authorities to engage in the transportation of passengers as a common carrier by motor vehicle between Sioux City and Fort Dodge, Iowa over U. S. highways 20 and 71, and State highways 59, 35, and 4,

(a) Interstate Transit Lines shall suspend service over its route between Sioux City, Iowa, and the junction of Iowa State highways Nos. 35 and 4 west of Odebolt, Iowa, and forthwith shall file with the Interstate Commerce Commission and the Iowa State Commerce Commission a notice describing the operations to be suspended in compliance herewith; and

(b) Algona Bus Line shall operate a through service of two round trips daily between Sioux City and Fort Dodge, Iowa, one of which shall be operated over the route described in subparagraph (a) hereof, connecting with its present route at the junction of U. S. highways Nos. 71 and 20.

2. The carriers forthwith shall file with the Interstate Commerce Commission in respect of transportation in interstate or foreign commerce, and with the Iowa State Commerce Commission in respect of transportation in intrastate commerce, and publish in accordance with law, and continue in effect until further order, tariffs, or appropriate supplements to filed tariffs, setting forth any changes in the fares, charges, operations, rules, regulations, and practices of each carrier which may be necessary to accord with the provisions of this order; and forthwith shall apply to said Commissions for special permission for such tariffs or supplements to become effective on one day's notice.

This order shall become effective September 15, 1942, and shall remain in full force and effect until further order of this Office.

Issued at Washington, D. C. this 29th day of August 1942.

READING—ALLENTOWN, PA.

MOTOR VEHICLE PASSENGER SERVICE COORDINATION

Upon consideration of the application for authority to coordinate motor vehicle service in the transportation of passengers, filed with this Office by Allentown & Reading Transit Co., Reading, Pennsylvania and Reading Transporation Co., Philadelphia, Pennsylvania, and in order to assure maximum utilization of the facilities, services, and equipment of common carriers of passengers by motor vehicle, and to conserve and providently utilize vital equipment, material, and supplies, including rubber, the attainment of which purposes is essential to the successful prosecution of the war,

It is hereby ordered, That:

1. Allentown & Reading Transit Co. and Reading Transportation Co. (hereinafter called "carriers"), respectively, in the transportation of passengers on the routes served by them between Reading and Allentown, Pennsylvania, as common carriers by motor vehicle, shall:

(a) Honor each other's tickets between all points common to their lines where equal fares apply and divert to each other traffic routed between such points for the purpose of relieving overloads and reducing the operation of additional equipment in extra sections;

(b) Adjust and establish schedules to eliminate duplication of times of departure of the respective carriers and provide reasonable frequency of service throughout the day;

(c) Wherever practicable eliminate duplicate depot facilities and commission ticket agencies and, in lieu thereof, utilize joint depot facilities and joint commission ticket agencies. Contracts, agreements, and arrangements for any such joint facilities and agencies shall not extend beyond the effective period of this order. At such depot facilities and commission ticket agencies used jointly by the carriers, service travel information, and ticket sales shall be impartial, without preference or discrimination for or against either of such carriers.

[Order 2 Under Revised Price Schedule 88 [1]—Petroleum and Petroleum Products—Docket #3088-23]

THE PENNZOIL COMPANY

ADJUSTMENT OF MAXIMUM PRICES

On April 4, 1942, The Pennzoil Company, 942 South Hope Street, Los Angeles, California, filed a petition for adjustment of the maximum prices established for it by Revised Price Schedule No. 88. At the time such petition was filed, this schedule contained no provision pursuant to which an adjustment to maximum prices could be effected. Such a provision has now been incorporated therein as § 1340.156 (c) by Amendment No. 23 thereto, effective July 29, 1942. The facts set forth in such petition justify treatment thereof as an application for adjustment filed pursuant to § 1340.156 (c) (2) of the schedule, and it is, therefore, being so treated.

An opinion in support of this Order No. 2 is being issued simultaneously herewith and has been filed with the Division of the Federal Register. For the reasons set forth in the opinion under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942 and in accordance with Procedural Regulation No. 1,[2] *it is hereby ordered*, That:

(a) The Pennzoil Company may sell and deliver, agree, offer, solicit, and attempt to sell and deliver, to retail dealers, such Pennsylvania grade lubricating oils as are set forth in paragraph (b) below at prices not in excess of those stated therein.

(b) (1) Maximum prices exclusive of taxes for the sale of all Pennzoil Motor Oil of all S. A. E. grades to retail dealers in such motor oil f. o. b. branch plants at Los Angeles, San Francisco, Stockton, Sacramento, Oakland, Fresno, Bakersfield and San Diego, California, shall be as follows:

	Per gallon
In bulk or in 15, 30 or 50 iron gallon barrels	$0.765
In 5 quart and 5 gallon cans (cased)	.865
In one quart cans (cased)	.88
In 15 or 30 gallon sealed containers	.88

(2) Maximum prices for the sale of all Pennzoil Motor Oils of all S. A. E. grades to retail dealers in such motor oils f. o. b. all branch plants at Portland, Oregon and Seattle, Washington, shall be one cent per gallon in excess of the maximum prices specified in (1) above.

(3) The maximum prices for Pennzoil Motor Oil specified in (1) and (2) above for such oil in 15, 30 or 50 gallon iron barrels are prices for the oil alone, such iron barrels are to be billed separately.

(4) There shall be deducted from maximum prices specified in (1) and (2)

[1] 7 F.R. 1107, 1371, 1798, 1799, 1836, 2132, 2304, 2352, 2634, 2945, 3110, 3462, 3524, 3576, 3895, 3963, 4483, 4653, 4854, 4957.
[2] 7 F.R. 971.

above, a discount of 5 cents a gallon for single deliveries of 30 gallons or more and all other quantity discounts which petitioner had in effect on October 1, 1941.

(c) Petitioner shall forthwith notify all retail dealers in its motor oils that any such dealer may increase his maximum price for such motor oil under Maximum Price Regulation No. 137 to 35¢ a quart in any case where the maximum price under said regulation is below that amount and within 10 days after such notice has been given petitioner, shall file with the Office of Price Administration at its principal office in Washington, D. C. an affidavit setting forth the names and Post Office addresses of all such dealers and the fact that all such dealers have been so notified.

(d) This Order No. 2 may be revoked or amended by the Price Administrator at any time.

(e) Unless the context otherwise requires, the definitions setting forth the § 1340.157 of Revised Price Schedule No. 88 shall apply to terms used herein.

(f) This Order No. 2 shall become effective September 4, 1942.

Issued this 29th day of August 1942.

[Order 1 Under Revised Price Schedule 88 [1]—Petroleum and Petroleum Products—Docket 1088-4-P]

HYVIS OILS, INC. OF CALIFORNIA

ADJUSTMENT OF MAXIMUM PRICES

On April 1, 1942 Hyvis Oils, Inc., of California, 424 Commercial Street, Los Angeles, California, filed a protest against the provisions of Revised Price Schedule No. 88. The facts, however, justify treatment of the protest not only as such but also as an application for adjustment filed pursuant to § 1340.156 (c) (2) of this schedule, and it is therefore being so treated in accordance with § 1300.33 of Procedural Regulation No. 1 [2]. An opinion in support of this Order No. 1 is being issued simultaneously herewith and has been filed with the Division of the Federal Register. For the reasons set forth in the opinion, under authority vested in the Price Administrator by the Emergency Price Control Act of 1942, and in accordance with Procedural Regulation No. 1, it is hereby ordered:

(a) Hyvis Oils, Inc. of California may sell and deliver, agree, offer, solicit and attempt to sell and deliver, to retail dealers, such Pennsylvania grade lubricating oils as are set forth in paragraph (b) below at prices not in excess of those stated therein.

(b) (1) Maximum prices exclusive of taxes for the sale of all Hyvis Motor Oils of all S.A.E. grades of Pennsylvania grade to retail dealers in such motor oils f. o. b. all bulk plants of Hyvis Oils, Inc. of California shall be as follows:

	Per gallon
In bulk	$0.765
In one-quart cans	.88
In five-quart cans	.865

(2) There shall be deducted from such maximum prices the quantity discounts which protestant had in effect on October 1, 1941.

(c) Protestant shall forthwith notify all retail dealers in its motor oils that any such dealer may increase his maximum price for such motor oils under Maximum Price Regulation No. 137 to 35¢ a quart in any case in which his maximum price under said regulation is below that amount and within 10 days after such notice has been given, protestant shall file with the Office of Price Administration at its principal office in Washington, D. C., an affidavit setting forth the names and post office addresses of all such dealers and the fact that all such dealers have been so notified.

(d) This Order No. 1 may be revoked or amended by the Price Administrator at any time.

(e) Unless the context otherwise requires, the definitions set forth in § 1340.157 of Revised Price Schedule No. 88 shall apply to terms used herein.

(f) This Order No. 1 shall become effective September 4, 1942.

Issued this 29th day of August 1942.

BUFFALO, NIAGARA AND EASTERN POWER CORPORATION

NOTICE OF TERMINATION OF EXEMPTION

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pennsylvania on the 28th day of August 1942.

The Commission, having this day issued a Notice and Order for Hearing (File No. 59-52), pursuant to section 11 (b) (2) and other sections of the Public Utility Holding Company Act of 1935, with respect to Niagara Hudson Power Corporation and its subsidiary companies, including Buffalo, Niagara and Eastern Power Corporation, as subsidiaries of The United Corporation, a registered holding company; Buffalo, Niagara and Eastern Power Corporation having on file with this Commission a statement on Form U-3A-2 in which Buffalo, Niagara and Eastern Power Corporation claims on behalf of itself as a holding company and on behalf of its subsidiary companies as such, exemption from the provisions of said Act, pursuant to Rule U-2 of the Commission's Rules and Regulations under said Act; and it appearing to the Commission upon the basis of such statement on Form U-3A-2 and on the basis of other information in the files of the Commission regarding Buffalo, Niagara and Eastern Power Corporation and its subsidiaries, including the facts alleged in said Notice and Order for Hearing, that a substantial question exists as to whether the continued exemption of Buffalo, Niagara and Eastern Power Corporation and its subsidiary companies as such from any provision or provisions of said Act may be detrimental to the public interest or the interest of investors or consumers;

Notice is therefore given pursuant to Rule U-6 and Rule U-2, under said Act that such substantial question does exist and that, in accordance with the provisions of said Rule U-6 and Rule U-2, any exemption which may presently be available to Buffalo, Niagara and Eastern Power Corporation and its subsidiary companies as such by reason of the provisions of Rule U-2, shall terminate within thirty days of this notice as provided in said Rule U-6, without prejudice, however, to the right of Buffalo, Niagara and Eastern Power Corporation as a holding company to file any appropriate application for an order granting it any exemption pursuant to the provisions of any applicable section of the Act, and without prejudice to any temporary exemption provided in any provision of the Act by reason of the filing of any such application in good faith. Such notice is directed to be given by the mailing of this notice to such company.

By the Commission.

GENERAL GAS & ELECTRIC CORPORATION

ORDER RECONVENING HEARING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 28th day of August, A. D. 1942.

The Commission having heretofore issued its Notice of and Order for Hearing, pursuant to section 11 (b) (2) of the Public Utility Holding Company Act of 1935, directed to General Gas & Electric Corporation, a registered holding company, which order, among other things, directed respondent to show cause why its corporate structure should not be simplified and its voting power equitably distributed among its security holders; and

In answer to the above described Order, General Gas & Electric Corporation having filed a plan of recapitalization, pursuant to section 11 (e) of the Act, which plan, among other things, proposes a reclassification of the present Prior Preferred Stock, Cumulative Preferred Stock, and Class A Common Stock of General Gas & Electric Corporation (a more detailed description of such plan having been set forth in the order of the Commission setting the date for a public hearing thereon, entered on March 7, 1941); and

The Commission, by order dated March 7, 1941, having consolidated the section 11 (b) (2) proceedings and the section 11 (e) proceedings; public hearings having from time to time been held on these consolidated matters and the hearings now being in recess subject to call; and

It appearing appropriate to the Commission that the hearings in this matter be reconvened for the purpose of affording an opportunity to the parties and any interested persons to complete the presentation of evidence in this matter and to present their views as to the appropriate disposition of these proceedings; and it further appearing to the Commission that the examiner heretofore designated to preside in the proceedings is not available and will be unable to officiate;

Wherefore it is ordered, That the hearing in the above entitled matter be reconvened on the 17th day of September 1942, at 10 o'clock in the forenoon of that day, in the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania. On that day the hearing room clerk in room 318 will inform the parties as to the exact room in which said reconvened hearing shall be held;

It is further ordered, That Edward C. Johnson, or any other officer or officers of the Commission designated by it for that purpose, shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the Act, and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That the Secretary of the Commission shall serve notice of the reconvened hearing aforesaid by mailing a copy of this order by registered mail to General Gas & Electric Corporation not less than 10 days prior to the date of the reconvened hearing; and that notice of this order and of said reconvened hearing is hereby given to all security holders of General Gas & Electric Corporation, the subsidiaries of said company, the parents of said company, and to all other persons including Denis J. Driscoll and Willard L. Thorp, Trustees of Associated Gas and Electric Corporation, and Stanley Clarke, Trustee of Associated Gas and Electric Company, all States, municipalities, and political subdivisions of states within which are located any of the utility assets of General Gas & Electric Corporation holding company system or under the laws of which any of the said companies are incorporated, all State commissions, State securities commissions, and all agencies, authorities or instrumentalities of one or more States, municipalities, or other political subdivisions having jurisdiction over General Gas & Electric Corporation; that such notice shall be given by a general release of the Commission, distributed to the press, and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935; and that further notice be given to all persons by publication of this order in the FEDERAL REGISTER.

It is further ordered, That, without limiting the scope of the issues presented by these proceedings, many of which have heretofore been specifically raised in previous orders, attention will be directed at the reconvened hearing to a consideration of the following matter and question:

Whether the Commission should immediately issue an order directing General Gas & Electric Corporation to proceed forthwith to effect its dissolution.

By the Commission.

MIDLAND UNITED COMPANY, TRUSTEE, ET AL.

NOTICE OF FILING OF AMENDMENTS AND ORDER SETTING HEARING

In the matter of Midland United Company, trustee, Midland Stock Transfer Company, Northern Indiana Public Service Company, Chicago, South Shore and South Bend Railroad and Indiana Service Corporation.

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 27th day of August, A. D. 1942.

The Commission having on July 31, 1936, found that Midland Stock Transfer Company, a wholly owned subsidiary of Midland United Company, a registered holding company in reorganization under section 77B of the Bankruptcy Act, had satisfied the requirements of section 13 (b) of the Public Utility Holding Company Act of 1935 and the requirements of Rule U-13-22 (a) promulgated thereunder, and having entered an order to the effect that said Midland Stock Transfer Company may perform as a subsidiary service company the functions of stock transfer, dividend disbursing, mailing and related services for associate companies; and

Two amendments having now been filed in said matter setting forth certain proposed changes in the ownership of Midland Stock Transfer Company together with certain changes in the operations of said company and the conduct of its business including, among other things:

1. The sale by Midland United Company of the entire outstanding common capital stock of Midland Stock Transfer Company represented by 1,000 shares with an aggregate stated value of $5,000, to three of its subsidiary companies for a total cash consideration of $3,450, plus an amount equal to 6% interest on $5,000 from December 31, 1941, to date of the consummation of the sale. It is proposed that this stock be purchased by Northern Indiana Public Service Company, Indiana Service Corporation, and Chicago, South Shore and South Bend Railroad in the respective amounts of 815, 100 and 85 shares;

2. In addition to rendering services for the three owner companies, it is proposed that services be rendered on behalf of Midland United Company, Midland Utilities Company, also a registered holding company in reorganization, and Indiana Hydro-Electric Power Company, a subsidiary of Midland United Company, the properties of which are presently leased to and operated by Northern Indiana Public Service Company, a subsidiary of Midland Utilities Company. No charges for such services are to be borne by Midland United Company and Midland Utilities Company. It is proposed that stockholders of the latter two companies will be assessed $1 for each new certificate issued by Midland Stock Transfer Company. Of this amount, 75 cents is to be retained by Midland Stock Transfer Company as transfer agent and the remainder paid to the registrar. The amendments do not disclose the name of the proposed registrar nor the basis for such allocation. Indiana Hydro-Electric Power Company will receive services on the same basis as the owner companies;

3. The amendments indicate that Public Service Company of Indiana, Inc., and West Ohio Gas Company, which have heretofore received services from Midland Stock Transfer Company, have or will cancel their contracts with the service company. The effects of such change on the future operations and conduct of the business of Midland Stock Transfer Company are not fully set forth in the amendments.

It appearing to the Commisison that it is appropriate in the public interest and to meet the requirements of the Act and Rules and Regulations promulgated thereunder, particularly Rule U-88, that a public hearing should be held with respect to the above described amendments;

It is therefore ordered, That a hearing on such matter under the applicable provisions of the Act and the rules of the Commission thereunder be held on September 11, 1942, at 10 o'clock a. m. in the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania. On such day the hearing room clerk in room 318 will advise as to where such hearing will be held.

It is further ordered, That William W. Swift, or any other officer or officers of the Commission designated by it for that purpose, shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act, and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That, without limiting the scope of the issues presented by said amendments to be considered in this proceeding, particular attention will be directed at the hearing to the following matters and questions:

1. Whether because of the proposed changes, including the cancellation of service contracts by certain associate companies, Midland Stock Transfer Company's proposed organization and conduct of business, including ownership, revenues, cost, and the sharing thereof by the serviced companies, will meet the standards of section 13 of the Act and the Rules and Regulations promulgated thereunder;

2. Whether under all the circumstances there is reasonable justification for the continuance of Midland Stock Transfer Company as a service company;

3. Whether the proposed ownership of the stock of Midland Stock Transfer Company is fair and equitable;

4. Whether the proposed consideration to be paid Midland United Company for the common stock of Midland Stock Transfer Company is fair and reasonable;

5. What terms and conditions, if any, should be imposed by the Commission in the public interest or for the protection of investors or consumers.

6. Generally, whether the transactions proposed in the amendments comply with the requirements and standards of the Act and Rules and Regulations promulgated thereunder and are in the interest of investors, consumers and the public.

By the Commission.

NIAGARA HUDSON POWER CORPORATION

NOTICE OF TERMINATION OF EXEMPTION

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pennsylvania on the 28th day of August 1942.

The Commission, having this day issued a Notice and Order for Hearing (File No. 59-52), pursuant to section 11 (b) (2) and other sections of the Public Utility Holding Company Act of 1935, with respect to Niagara Hudson Power Corporation and its subsidiary companies, as subsidiaries of The United Corporation, a registered holding company; Niagara Hudson Power Corporation having on file with this Commission a statement on Form U-3A-2 in which Niagara Hudson Power Corporation claims on behalf of itself as a holding company and on behalf of its subsidiary companies as such, exemption from the provisions of said Act, pursuant to Rule U-2 of the Commission's Rules and Regulations under said Act; and it appearing to the Commission upon the basis of such statement on Form U-3A-2 and on the basis of other information in the files of The Commission regarding Niagara Hudson Power Corporation and its subsidiaries, including the facts alleged in said Notice and Order for Hearing, that a substantial question exists as to whether the continued exemption of Niagara Hudson Power Corporation and its subsidiary companies as such from any provision or provisions of said Act may be detrimental to the public interest or the interest of investors or consumers;

Notice is therefore given pursuant to Rule U-6 and Rule U-2, under said Act that such substantial question does exist and that, in accordance with the provisions of said Rule U-6 and Rule U-2, any exemption which presently may be available to Niagara Hudson Power Corporation and its subsidiary companies as such by reason of the provisions of Rule U-2, shall terminate within thirty days of this notice as provided in said Rule U-6, without prejudice, however, to the right of Niagara Hudson Power Corporation as a holding company to file any appropriate application for an order granting it any exemption pursuant to the provisions of any applicable section of the Act, and without prejudice to any temporary exemption provided in any provision of the Act by reason of the filing of any such application in good faith. Such notice is directed to be given by the mailing of this notice to such company.

By the Commission.

5. Each share of common and preferred stock of Niagara Hudson Power Corporation has the right to one vote per share at all meetings of the stockholders. Neither class of preferred stock has cumulative voting rights. No additional voting power is conferred upon either class of preferred stock by reason of dividend accumulations. As of December 31, 1941 there were no arrearages in preferred dividends.

6. Th first preferred shares have preference over the second preferred shares with respect to dividends and in liquidation. Each class of preferred stock has a voluntary and involuntary liquidating value of $100 per share, plus accrued dividends. Each class of preferred stock is callable, as a whole or in part, at any time upon 30 days' notice at $107.50 per share.

7. The common stock, par value of $10 per share, representing 54.69% of the capitalization of Niagara Hudson Power Corporation, has 9,581,008 votes; the first preferred stock and the second preferred stock, Series "A" and "B", having a par value of $100 per share, representing 27.67% of such capitalization, have 484,805 votes, or approximately one-twentieth of the voting power of the common stock.

8. As of December 31, 1941, Niagara Hudson Power Corporation's investments were carried at $174,424,596 and comprised principally its ownership of the common stocks of the companies named in paragraph 2 above, substantial blocks of preferred stocks of three of its subsidiaries, open account advances to subsidiaries, and other investments as described in the summary below and in following paragraphs:

	Amount	Percent
Bonds of subsidiaries, $11,000 face amount.	$14,465	-------
Advances to subsidiaries	31,360,582	17.9
Interest and advances to non-consolidated subsidiaries.	767,535	.4
Preferred stocks of subsidiaries	9,983,216	5.7
Common stocks of subsidiaries	116,142,487	66.8
Common stocks of other companies	15,123,718	8.7
Miscellaneous investments	1,030,493	.6
Total	174,424,596	100.0

9. The advances to subsidiaries are on open account, payable on demand, bear 6% interest, and at December 31, 1941 were in aggregate amounts as follows:

Direct Subsidiaries

Buffalo, Niagara and Eastern Power Corporation	$1,843,305
Central New York Power Corporation	3,000,000
Northern Development Corporation	2,700,000
New York Power and Light Corporation	20,550,000
Hudson Valley Fuel Corporation	2,950,000
Indirect subsidiaries	
Kanata Realty Company, Inc.	$317,277
Total	31,360,582

The amount due from New York Power and Light Corporation is the aggregate of advances made over a number of years. The debt of that company, including the advances, is equal to approximately 74.0% of its net property per books and to 72.0% of its capitalization, including surplus (see paragraph 42). New York Power and Light Corporation and Niagara Hudson Power Corporation have filed declarations and applications with this Commission regarding the sale to and the acquisition by Niagara Hudson Power Corporation for cash of 192,105 shares of common stock, enough to liquidate the indebtedness. (File Nos. 32–168; 46–181)

10. The preferred stock investments of Niagara Hudson Power Corporation at December 31, 1941, were as follows:

Issuer	Number of shares	Par or stated value
Buffalo, Niagara & Eastern Power Corp.	12,545⅛ 6.4% 2d pfd.	$313,631
Central New York Power Corporation.	41,515 7/20 5% preferred.	4,151,585
New York Power & Light Corporation.	36,019 7% preferred.	3,601,900
New York Power & Light Corporation.	19,181 $6 preferred.	1,918,100
		9,983,216

11. The $15,123,718 invested by Niagara Hudson in common stocks of other companies includes $9,702,225 in shares of Consolidated Edison Company of New York, Inc. and $4,978,893 in shares of Central Hudson Gas & Electric Corporation. Substantial percentages of the capitalization of each of these companies are represented by bonds and preferred stocks held by the public.

12. As at December 31, 1941, subsidiaries of Niagara Hudson Power Corporation had debt obligations and preferred stocks outstanding aggregating $408,713,673, of which $366,978,875 were held by the public, $41,360,263 were held by Niagara Hudson, and $374,535 were owned by other system companies. Thus, Niagara Hudson's investment in common stocks of subsidiary companies, amounting to $116,142,487, or 66.8% of its total portfolio, is junior to $366,978,875 of publicly held debt and preferred stocks of subsidiaries; and $14,681,118, or about 8.5% of its portfolio, is made up of investments in common stocks of companies which have substantial percentages of bonds and preferred stocks outstanding. As of the same date, the aggregate carrying value of Niagara Hudson's total investments in debt and preferred stocks, including the advances to New York Power and Light Corporation, amounted to $42,127,898, as compared with its outstanding first and second preferred stocks of an aggregate par value of $48,480,500.

13. As of December 31, 1941, there were loans and advances at 6% between direct subsidiaries of Niagara Hudson, as follows:

Central New York Power Corporation to Kanata Realty Company, Inc.	$680,107
Frontier Corporation to Northern Development Corporation	83,000
The Oswego Canal Company to Northern Development Corporation	20,000
St. Lawrence Power Company, Ltd. to Northern Development Corporation	275,000
	1,258,107

In addition thereto, there are 6% advances aggregating $6,830,359 between direct and indirect subsidiaries of Buffalo, Niagara and Eastern Power Corporation, an intermediate holding company, more fully described hereinafter in paragraph 23.

14. The income of Niagara Hudson Power Corporation for the past three years ending December 31, 1941, was derived from the following sources:

	1939	1940	1941
From subsidiary companies:			
Dividends on preferred stocks	$594,866	$594,866.00	$594,866.00
Dividends on common stocks	2,007,375	2,309,999.60	926,708.80
Interest on bonds	8,937	855.98	350.00
Interest on advances	1,928,540	2,069,143.23	2,054,293.77
	4,539,719	4,965,864.81	3,576,378.57
Other dividends and interest	821,047	821,808.90	734,572.56
Total income	5,360,766	5,787,673.71	4,310,951.13

II

15. Buffalo, Niagara and Eastern Power Corporation, a New York corporation and a direct subsidiary of Niagara Hudson Power Corporation, is a holding company as defined in section 2 (a) (7) of the Public Utility Holding Company Act of 1935; it has claimed exemption as a holding company pursuant to Rules U-2 under the Act, but is being notified by the Commission, as provided in Rule U-6, of the termination, within 30 days, of such exemption without prejudice to the filing of any appropriate application for exception by order or to obtaining any appropriate temporary exemption until the Commission has acted on such application.

16. The corporate and consolidated capitalization, including surplus, of Buffalo, Niagara and Eastern Power Corporation, as of December 31, 1941, was as follows:

	Shares outstanding	Amount	Percent
CORPORATE

17. The $5 First Preferred Stock and the $1.60 Second Preferred Stock have no normal voting rights. In the event of four quarterly dividend defaults upon the $5 First Preferred Stock, said shares are entitled to vote share for share with the common stock until the defaults have been cured. The Second Preferred is not given any voting power in event of default or otherwise. Such stock represents 51.7% of total capitalization. The Class "A" stock has no normal vote but has preference over the common as to dividends of $1 per share per annum. In the event of failure to pay dividends of $1 in any calendar year, the Class "A" stock votes share for share with the common until $1 per share has been paid in a subsequent calendar year. Dividends on the Class "A" stock, which represents .5% of the capitalization, have not been paid since December 31, 1937. Thus, at present, 19.9% of the voting power rests with this stock as a class.

18. In either voluntary or involuntary liquidation, the $5 First Preferred Stock and the $1.60 Second Preferred Stock are entitled to $100 per share and $25 per share, respectively. The First Preferred Stock and the Second Preferred Stock are callable, as a whole or in part, at any time at $105 per share and $26.25 per share, respectively.

19. As of December 31, 1941, outstanding debt of subsidiaries of Buffalo, Niagara and Eastern Power Corporation totaled $109,015,859, of which $102,185,500 was held by the public, $3,749,017 was held by associated companies, and $3,081,342 was held by Buffalo, Niagara and Eastern Power Corporation. The amounts held by associated companies and Buffalo, Niagara and Eastern Power Corporation consisted of open account indebtedness.

20. As of the same date, December 31, 1941, the investment account of Buffalo, Niagara and Eastern Power Corporation was stated at $101,271,171, as follows:

Common stocks of subsidiaries	98,152,109
Open account advances to subsidiaries	3,081,342
Other investments	37,720
Total	101,271,171

21. At the same date (December 31, 1941), Buffalo, Niagara and Eastern Power Corporation had issued and outstanding First Preferred and Second Preferred Stocks having aggregate value in the capital account of $87,418,125 as compared with its ownership of $3,081,342 of senior securities of subsidiaries, $37,720 of miscellaneous investments, and common stocks of subsidiaries having carrying value of $98,152,109.

22. The common stocks of subsidiaries owned and carried by Buffalo, Niagara and Eastern Power Corporation at $98,152,109 were junior to the $109,015,859 of debt issued and outstanding against the subsidiaries, of which, as stated, $102,185,500 was held by the public.

23. Debt of the subsidiaries of Buffalo, Niagara and Eastern Power Corporation, held within the system as of December 31, 1941, all bearing interest at 6%, is shown in the following table:

	Buffalo, Niagara Electric Corporation	Niagara, Lockport & Ontario Power Co.	Lockport & Newfane Power and Water Supply Co.	Gorge View Park, Inc.	Total

29. On June 29, 1942, the Federal Power Commission ordered Niagara Falls Power Company to remove from the book cost of its property, in service as of March 2, 1921, totaling $44,453,868, the sum of $15,537,943, and to charge said amount to its earned surplus account, reserving for future consideration additional items of property cost per books aggregating $3,985,500.

30. At December 31, 1941, gross utility plant of Niagara Falls Power Company amounted to $65,715,880, and the reserve for depreciation aggregated $10,228,973. Non-depreciable property is estimated at $6,580,248. At the same date, the outstanding funded debt of Niagara Falls Power Company represented approximately 53.0% of net fixed capital. If it should be finally determined that $15,537,943 must be removed from fixed property, as ordered by the Federal Power Commission, the ratio of funded debt to the company's net fixed property would approximate 74%.

31. Niagara Falls Power Company owns all the outstanding 300,000 shares of the common stock of Canadian Niagara Power Company, Ltd., said shares constituting all the latter's capital stock and have a book value, including surplus, of $17,458,131. Said stock is reported to have cost $2,817,672. At present, it is carried on the books of Niagara Falls Power Company at $4,796,000 and is pledged by that company as part of the collateral securing its own First and Refunding 3½% Mortgage Bonds.

32. Canadian Niagara Power Company, Ltd. operates in the Dominion of Canada. It is engaged in the business of generating hydro-electric energy by means of the use of the waters of the Niagara River, and the transmission and sale of such energy principally to associate companies, subsidiaries of Niagara Hudson Power Corporation operating in the State of New York, and to the Hydro-Electric Power Commission of Ontario, Dominion of Canada. It also sells electric energy for light, heat and power purposes directly to consumers in villages and townships in the Province of Ontario, Canada. As of December 31, 1941, capitalization and surplus of Canadian Niagara Falls Power Company, Ltd. was as follows:

Common stock, no par, 300,000 Shares	$15,000,000
Earned surplus	2,458,131
Total	17,458,131

33. The fixed capital of Canadian Niagara Power Company, Ltd. at December 31, 1941 totaled $17,481,474, including appreciation of $6,250,000, recorded pursuant to resolution of the boards of directors.

IV

34. Northern Development Corporation, a New York corporation and a direct subsidiary of Niagara Hudson Power Corporation, owns undeveloped water power sites and nine hydro-electric generating plants, the latter being leased to Central New York Power Corporation, also a direct subsidiary of Niagara Hudson Power Corporation.

35. At December 31, 1941, the capitalization and surplus of Northern Development Corporation was as follows:

	Amount	Percent
Open account advances at 6%	$3,078,000	11.3
Common stock, no par, 157,000 shares	15,750,000	57.7
Capital surplus	8,200,000	31.0
Earned surplus	254,362	
Total	27,282,362	100.0

36. The fixed capital of Northern Development, at December 31, 1941, was reported to be $29,969,299. The reserve for depreciation was reported to be $2,508,069. Included in such fixed capital is a total appreciation of $6,958,540 as a result of revaluations entered on the books of predecessor companies pursuant to resolutions of the board of directors.

37. The common stock of Northern Development Corporation, as of December 31, 1941, had a book value, including the $6,958,540 item of appreciation referred to above, of $11,532,362. It was all owned by Niagara Hudson Power Corporation and was carried upon the books of that company at $24,085,463. The following table shows to whom the open accounts advances are payable:

Niagara Hudson Power Corporation	$2,700,000
Oswego Canal Company	20,000
St. Lawrence Power Co., Ltd.	275,000
Frontier Corporation	83,000
Total	3,078,000

38. The operating revenue of Northern Development Corporation for the year ending December 31, 1941 was reported to be $1,113,556, all of which was received as income from the sale of power through lease arrangements with Central New York Power Corporation in respect of nine hydro-electric generating plants.

V

39. The capitalization, including surplus, of New York Power and Light Corporation, a direct subsidiary of Niagara Hudson Power Corporation, at December 31, 1941, was as follows:

	Amount	Percent
Bonds	$66,382,000	53.2
Liability on reservoir	2,875,212	2.4
Advances on open account from Niagara Hudson Power Corporation	20,550,000	16.4
	90,007,212	72.0

Surplus	2,322,782	1.8
Total	125,339,801	100.0

40. The 7% Preferred Stock of New York Power and Light Corporation (25% of which is owned by Niagara Hudson Power Corporation) has no increased voting power in the event of dividend defaults but at all times votes share for share with the common stock. It represents 11.4% of the capitalization and has 12% of the voting power.

The $6 Preferred Stock (20% of which is owned by Niagara Hudson Power Corporation) represents 7.7% of the capitalization and has no vote under any circumstances.

The common stock, all of which is owned by Niagara Hudson Power Corporation, represents, together with the surplus, 8.9% of the capitalization and has 88% of the voting power at all times.

41. The 7% Cumulative Preferred Stock and the $6 Cumulative Preferred Stock have voluntary and involuntary liquidating values of $100 per share. The 7% Preferred Stock and $6 Preferred Stock are callable, in whole or in part, at any time upon 30 days' notice at $115 per share, and $105 per share, respectively.

42. As of December 31, 1941, the total fixed capital of New York Power and Light Corporation amounted to $137,337,424, including an estimated $28,000,000 of non-depreciable property. The reserve for depreciation aggregated $15,392,565. At the same date, the total debt of New York Power and Light Corporation represented approximately 74% of its net property per books.

It appearing to the Commission, in the light of the foregoing, that it is appropriate in the public interest and in the interest of investors and consumers to institute proceedings with respect to Niagara Hudson Power Corporation and its subsidiaries listed in paragraph 2 above and, more particularly, Niagara Hudson Power Corporation, Buffalo, Niagara and Eastern Power Corporation, Niagara Falls Power Company, Canadian Niagara Power Company, Ltd., Central New York Power Corporation, Northern Development Corporation and New York Power and Light Corporation, pursuant to sections 11 (b) (2), 12 (c), 12 (f), 15 (f) and 20 (a) of the Public Utility Holding Company Act of 1935, in order to determine whether certain orders should be entered pursuant to the provisions of said Sections, all as set forth more fully below;

It is ordered, That Niagara Hudson Power Corporation and its subsidiary companies named in paragraph 2 above file with the Secretary of the Commission, on or before the 15th day of September, 1942, answers to the allegations of paragraphs 1 to 42 inclusive hereof in the form prescribed by Rule U-25 of the Rules and Regulations under said Act.

It is further ordered, That, pursuant to sections 11 (b) (2), 12 (c), 12 (f), 15 (f) and 20 (a) of the Act, a hearing be held on such matters at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania, at 10:00 in the forenoon of the 1st day of October, 1942 to determine:

A. Whether the allegations in Paragraphs 1 to 42, inclusive, are true and accurate;

B. Whether voting power is fairly and equitably distributed among the security holders of Niagara Hudson Power Corporation; and, if not, what action shall be required to be taken pursuant to section 11 (b) (2) with respect thereto;

C. Whether the corporate structure or continued existence of Niagara Hudson Power Corporation unduly or unnecessarily complicates the structure of the holding company system of which it is a part, or unfairly or inequitably distributes voting power among security holders of such holding company system;

D. Whether the existing corporate structure of Niagara Hudson is such as not to justify more than a single class of stock;

E. Whether it is necessary that an order be issued requiring action to be taken by Niagara Hudson Power Corporation so that Niagara Hudson shall cease to be a holding company with respect to each subsidiary company thereof which, itself, has a subsidiary company which is a holding company;

F. Whether voting power is fairly and equitably distributed among the security holders of Buffalo, Niagara and Eastern Power Corporation; and, if not, what action shall be required to be taken pursuant to section 11 (b) (2) with respect thereto;

G. Whether the corporate structure or continued existence of Buffalo, Niagara and Eastern Power Corporation unduly or unnecessarily complicates the structure of the holding company system of which it is a part, or unfairly or inequitably distributes voting power among security holders of such holding company system;

H. Whether the existing corporate structure of Buffalo, Niagara and Eastern Power Corporation is such as not to justify more than a single class of stock;

I. Whether it is necessary that an order be issued requiring action to be taken by Buffalo, Niagara and Eastern Power Corporation so that there shall cease to be in the Niagara Hudson Power Corporation holding company system a holding company which has a subsidiary holding company which, itself, has a subsidiary which is a holding company;

J. Whether it is necessary or appropriate, in the public interest or for the protection of investors or consumers, to require Buffalo, Niagara and Eastern Power Corporation to restate its investment, surplus, capital or other accounts pursuant to section 15 (f) of the Act and the Rules and Regulations thereunder, so as to reflect, among other things, adjustments, credits or charges, or other entries which may be required to be made by its subsidiaries, including Niagara Falls Power Company and Canadian Niagara Power Company, Ltd.;

K. Whether it is necessary or appropriate to enter any order forthwith or otherwise, pursuant to section 12 (c) of the Act, prohibiting or restricting the payment of dividends on the outstanding $5 First Preferred Stock, no par, and/or the $1.60 Second Preferred Stock, $25 par, of Buffalo, Niagara and Eastern Power Corporation in order to protect the financial integrity of Buffalo, Niagara and Eastern Power Corporation or any of the companies in the holding company system of which it is a part or to prevent the payment of dividends out of capital or unearned surplus, or to prevent circumvention of the provisions of the Act, or any Rule, Regulation or Order thereunder, or otherwise, in the public interest or for the protection of investors or consumers;

L. Whether, for the purpose of fairly and equitably distributing voting powers among the security holders of Niagara Falls Power Company, pursuant to the provisions of section 11 (b) (2) of the Act, it is necessary or appropriate to require that said corporation shall revise and simplify its capital structure;

M. Whether it is necessary or appropriate in the public interest, or for the protection of investors or consumers, to require Niagara Falls Power Company to restate its fixed capital, investments, surplus, capital and/or other accounts, pursuant to section 15 (f) of the Act and Rules and Regulations thereunder, so as to segregate, dispose of, and eliminate write-ups and intangibles in said accounts, set up adequate reserves for retirement and depreciation of fixed capital, and make other appropriate adjustments in conformance with the provisions of the Act;

N. Whether it is necessary or appropriate to enter an order or orders, pursuant to sections 12 (c) and 12 (f) of the Act, prohibiting or restricting the declaration or payment of dividends on the outstanding common stock of Niagara Falls Power Company and/or the receipt thereof by Buffalo, Niagara and Eastern Power Corporation, in order to protect the financial integrity or to safeguard the working capital of Niagara Falls Power Company or any company in the same holding company system, or to prevent the payment of dividends out of capital or unearned surplus or to prevent circumvention of the provisions of the Act or any Rules, Regulations or Order thereunder, or otherwise, in the public interest or for the protection of investors or consumers;

O. Whether it is necessary or appropriate to enter an order or orders, pursuant to sections 12 (c), 12 (f) and 15 (f) of the Act requiring Buffalo, Niagara and Eastern Power Corporation and/or Niagara Falls Power Company to take steps with respect to the payment by, or the receipt from, Canadian Niagara Power Company, Ltd. of dividends on its outstanding common stock, and also with respect to the latter company's fixed capital, surplus, capital or other accounts, in order to protect the financial integrity or working capital of Canadian Niagara Power Company, Ltd. or the companies in the holding company system of which it is a part, or to prevent the payment and receipt of dividends out of capital or unearned surplus, or to prevent the circumvention of the provisions of the Act or any Rule, Regulation or order thereunder, or otherwise, in the public interest or for the protection of investors or consumers;

P. Whether it is necessary or appropriate in the public interest or for the protection of investors or consumers to require Northern Development Corporation to restate its fixed capital, surplus, capital or other accounts, pursuant to section 15 (f) of the Act and the Rules and Regulations thereunder, so as to segregate, dispose of and eliminate write-ups in the fixed capital or other accounts;

Q. Whether it is necessary or appropriate to enter an order pursuant to sections 12 (c) and/or 12 (f) of the Act prohibiting or restricting the declaration and payment of dividends on the outstanding common stock of Northern Development Corporation and/or the receipt thereof by Niagara Hudson Power Corporation, in order to protect the financial integrity or working capital of Northern Development Corporation or any company in the same holding company system, or to prevent the payment of dividends out of capital or unearned surplus, or to prevent the circumvention of the provisions of the Act or any Rule, Regulation or Order thereunder, or otherwise, in the public interest or for the protection of investors or consumers;

R. Whether, for the purpose of fairly and equitably distributing voting power among the security holders of New York Power and Light Corporation, pursuant to the provisions of section 11 (b) (2) of the Act, it is necessary or appropriate to require New York Power and Light Corporation to revise and simplify its capital structure and take other steps to fairly and equitably redistribute voting power among its security holders;

S. Whether it is necessary or appropriate, in the public interest or for the protection of investors or consumers, or to protect the financial integrity of the companies in the Niagara Hudson holding company system or to safeguard the working capital of New York Power and Light Corporation, or to prevent circumvention of the provisions of the Act or any Rule or Regulation thereunder, or otherwise, to enter an order pursuant to sections 12 (c) and/or 12 (f) of the Act prohibiting or restricting the payment and/or the receipt of principal or interest on the $20,500,000 open account advances owing by New York Power and Light Corporation to Niagara Hudson Power Corporation;

T. Whether it is necessary or appropriate, in the public interest or for the protection of investors or consumers, or to prevent the circumvention of the provisions of the Act, or to protect the financial integrity or to safeguard the working capital of New York Power and Light Corporation, or to cause New York Power and Light Corporation to conform with the requirements of section 11 (b) (2) of the Act, or otherwise, to enter an order requiring that the $20,500,000 of open account indebtedness owing by it to Niagara Hudson Power Corporation shall be converted into common stock of New York

Power and Light Corporation, or otherwise subordinated to its publicly-held securities;

U. Whether it is necessary or appropriate, in the public interest or for the protection of investors or consumers, or to prevent the circumvention of the Act or any Rules, Regulations or Orders thereunder, or to protect the financial integrity or to safeguard the working capital of the companies in the Niagara Hudson holding company system, or to eliminate corporate complexities in the structure of such holding company system, or to cause the companies in such holding company system to conform with the requirements of section 11 (b) (2) of the Act, or otherwise, to enter an order prohibiting or restricting the payment and/or receipt of principal and interest on the inter-company loans and advances existing within the holding company system of Niagara Hudson as set forth in paragraph 9, 13 and 23 above, or to enter an order requiring that such inter-company loans and advances be converted into common stock of the individual debtor companies, or to require that the inter-company advances owing by Buffalo, Niagara and Eastern Power Corporation and Central New York Power Corporation be subordinated to their publicly-held securities.

It is further ordered, That Richard Townsend or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing on such matters. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the Public Utility Holding Company Act of 1935 and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That jurisdiction be and is hereby reserved to separate, whether for hearing, in whole or in part, or for disposition, in whole or in part, any of the issues or questions hereinbefore set forth or which may arise in these proceedings, or to consolidate these proceedings or any portion thereof with any proceedings which may be instituted subsequently under section 11 (b) (1), section 13, or other provisions of said Act with respect to Niagara Hudson Power Corporation and its subsidiary companies, and to take such other action as may appear conducive to an orderly, prompt, and economic disposition of the matters involved.

It is further ordered, That notice of said hearing is hereby given to Niagara Hudson Power Corporation and its subsidiaries listed in Paragraph 2 above, and particularly to Buffalo, Niagara and Eastern Power Corporation, Niagara Falls Power Company, Canadian Niagara Power Company, Ltd., Central New York Power Corporation, Northern Development Corporation, and New York Power and Light Corporation, to their respective security holders, all States, municipalities and political subdivisions of States within which are located any of the physical assets of said companies, or under the laws of which any of said companies are incorporated, all State Commissions, State Securities Commissions and all agencies, authorities or instrumentalities of one or more States, municipalities or other political subdivisions having jurisdiction over such companies or over any of the businesses, affairs, or operations of any of them; that the Secretary of the Commission shall serve notice of the hearing aforesaid by mailing a copy of this Order by registered mail to such companies, The United Corporation, The United Gas Improvement Company, the Federal Power Commission, and Public Service Commission of the State of New York, not less than fifteen days prior to the date hereinbefore fixed as the date for filing of answers; that such notice shall be given further by a general release of the Commission, distributed to the press and mailed to the mailing list for releases under the Public Utility Holding Company Act of 1935; and that further notice be given to all persons by publication of this order in the FEDERAL REGISTER not less than fifteen days prior to the date hereinbefore fixed as the date of hearing; and

It is further ordered, That any person proposing to intervene or to be heard in these proceedings shall file with the Secretary of the Commission on or before the 25th day of September 1942 his request or application therefor as provided by Rule XVII of the Rules of Practice of the Commission.

It is further ordered, That, upon the convening of the hearing above ordered, the Respondents shall show cause why the Commission shall not forthwith enter an Order prohibiting the declaration or payment of further dividends on the preferred and common stocks of Buffalo, Niagara and Eastern Power Corporation and also on the common stocks of Niagara Falls Power Company, as violative of section 12 (c) of the Public Utility Holding Company Act of 1935 and Rules thereunder; such Order to be effective until termination of the proceedings herein ordered and final determination of the issues stated above.

By the Commission.

SOUTH CAROLINA ELECTRIC AND GAS CO., ET AL.

NOTICE OF FILING AND ORDER FOR HEARING

In the matter of South Carolina Electric & Gas Company, Lexington Water Power Company and General Gas & Electric Corporation.

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa. on the 27th day of August, A. D. 1942.

Notice is hereby given that applications-declarations have been filed with this Commission, pursuant to the Public Utility Holding Company Act of 1935, by South Carolina Electric & Gas Company and Lexington Water Power Company, subsidiaries of General Gas & Electric Corporation, and by General Gas & Electric Corporation, a registered holding company. All interested persons are referred to said document which is on file in the office of this Commission for a statement of the transactions therein proposed, which are summarized as follows:

South Carolina Electric & Gas Company proposes to consolidate or merge with Lexington Water Power Company.

The consolidated company is to assume all the outstanding bonds and debentures, notes and accounts payable as well as all other liabilities of any kind whatsoever of both of the companies.

The consolidated company proposes to issue 70,000 shares of common stock with a par value of $100 per share; 146,266 shares of 5% preferred stock, with a par value of $50 per share; and proposes to authorize the issuance of 3,734 shares of 6% preferred stock, with a par value of $50 per share, to be issued in satisfaction of the conversion privilege of the public holders of $186,700 principal amount of 5½% Convertible Sinking Fund debentures, due January 1, 1953, in the event that such debenture holders elect to convert.

It is proposed that the consolidated company issue for each outstanding share of $6 prior preferred stock of South Carolina Electric & Gas Company two shares of 5% preferred stock of the consolidated company. In the event any holder of the $6 prior preferred stock of South Carolina Electric & Gas Company objects to the consolidation or merger and thereby becomes entitled to the agreed or appraised value of stock under the appraisal section of the South Carolina Statute, then each share of the $6 prior preferred stock is to have a value of $105, plus accumulated unpaid dividends, if any, to the effective date of the agreement, General Gas & Electric Corporation, holder of 24,371 shares of the total of 25,000 shares of the $6 prior preferred stock, has agreed to take the new stock and proposes to assent to the consolidation or merger.

It is also proposed that the consolidated company issue for each share of 7% preferred stock of South Carolina Electric & Gas Company two shares of 5% preferred stock of the consolidated company. To the holders of 588 shares of 7% preferred stock, being all the holders other than General Gas & Electric Corporation which holds 12,517 shares, it is proposed that in addition there be paid in cash the accumulated and unpaid dividends on the 7% preferred stock to the date from which dividends shall accumulate upon the shares of 5% preferred stock of South Carolina Electric & Gas Company. There is also a provision to the effect that if any holder of the 7% preferred stock objects to the consolidation or merger and becomes entitled thereby to the agreed or appraised value of his stock under the appraisal statute section of South Carolina Statute, then each share of 7% preferred stock of South Carolina Electric & Gas Company has a value of $110 and accumulated and unpaid dividends, if any, to the effective date of the agreement. General Gas & Electric Corporation has agreed to take the new stock.

No securities are to be issued for the common stock of Lexington Water Power Company. This stock is to be surrendered by General Gas & Electric Corporation for cancellation.

General Gas & Electric Corporation proposes to deliver to the consolidated company for cancellation at the effective date of the consolidation the following bonds and debentures:

$400 principal amount of Broad River Power Company (now South Carolina Electric & Gas Company) First and Refunding Mortgage 5% Gold Bonds, Series A, due September 1, 1954;

$612,700 principal amount Lexington Water Power Company First Mortgage 6% Gold Bonds, series due January 1, 1968;

$2,311,900 principal amount Lexington Water Power Company 5½% Convertible Sinking Fund Gold Debentures, due January 1, 1953.

General Gas & Electric Corporation proposes to retain $391,000 principal amount of South Carolina Electric & Gas Company 5% First and Refunding Mortgage Bonds due 1954 and $650,000 principal amount of Lexington Water Power Company 5% Mortgage Bonds due 1968.

The consolidated company will issue to General Gas & Electric Corporation 50,000 shares of 5% preferred stock and cash equal to the accrued interest on the surrendered bonds and debentures to the date on which dividends shall accumulate on the shares of the 5% preferred stock.

It is also proposed to issue to General Gas & Electric Corporation on the effective date of the agreement 100 shares of common stock with a par value of $100 each of the consolidated company in consideration of the payment of $1,735,000. The consolidated company will pay to General Gas & Electric Corporation the following amounts due, as of June 30, 1942, on open accounts and notes, to the holding company:

Due from South Carolina Co.:	
Open accounts	$1,175,026.60
6% Demand Note	14,750.00
Due from Lexington:	
Open accounts	471,577.19
5% Demand Note	64,729.59
Total	1,726,083.38

General Gas & Electric Corporation proposes to donate to the consolidated company on the effective date of the agreement $240,000 in cash.

Applicants-declarants state that the proposed consolidation and recapitalization program is related to the pending proceedings involving General Gas & Electric Corporation under section 11 (b) (2) and section 11 (e) of the Act. It is asserted that it appears feasible to develop a plan for the direct distribution of the assets of General Gas & Electric Corporation to its security holders and that the most effective way of satisfying the claims of the public holders of General Gas & Electric Corporation prior and preferred stocks is to make an exchange offer to them of preferred stock in operating subsidiaries of General Gas & Electric Corporation. The proposed plan of consolidation and recapitalization of South Carolina Electric & Gas Company and Lexington Water Power Company provides, it is maintained, for the issuance of such preferred stock in the amount required. Applicants-declarants assert that the program is, therefore, a first step in an over-all program for the distribution of the assets of General Gas & Electric Corporation and will aid in solving one of its major problems.

The applicants-declarants do not indicate the applicable sections of the Public Utility Holding Company Act of 1935 and the rules thereunder under which the filing has been made.

It appearing that it is appropriate and in the public interest and in the interests of investors and consumers that a hearing be held with respect to the filing made and that said declarations shall not become effective, said applications shall not be granted, and no other relief sought shall be granted except pursuant to further order of the Commission.

It is ordered, That a hearing on such matters be held on September 23, 1942, at 10 o'clock, a. m., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania. On such day the hearing room clerk in room 318 will advise as to the room in which such hearing will be held.

It is further ordered, That without limiting the scope of the issues presented by the filing, particular attention will be directed at the hearing to the following matters and questions:

1. Whether the proposed transactions are necessary and appropriate to effectuate the provisions of Section 11 (b);

2. Whether the plan or program proposed by applicants-declarants is fair and equitable to the persons affected by it;

3. Whether the retention of debt securities of the consolidated company by General Gas & Electric Corporation is consonant with the applicable standards of the Act;

4. Whether, in general, the various transactions composing the program comply with the applicable standards of the Act and the rules and regulations promulgated thereunder;

5. Whether terms or conditions are necessary to be imposed upon the various transactions which are the subjects of the filing to insure compliance with the requirements of the Act or any rules, regulations or orders promulgated thereunder.

It is further ordered, That Edward C. Johnson or any other officer or officers of the Commission designated by it for that purpose, shall preside at the hearings in such matter. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under Section 18 (c) of said Act and to a trial examiner under the Commission's rules of practice.

It is further ordered, That the Secretary of the Commission shall serve notice of the hearings aforesaid by mailing a copy of this order by registered mail to South Carolina Electric & Gas Company, Lexington Water Power Company and General Gas & Electric Corporation and that notice of the entry of this order for said hearing is hereby given to all holders of securities of South Carolina Electric & Gas Company, Lexington Water Power Company, and General Gas & Electric Corporation, to the Public Service Commission of the State of South Carolina, and to all other state commissions or other agencies, authorities or instrumentalities, municipalities or other political subdivisions having jurisdiction over said South Carolina Electric & Gas Company, Lexington Water Power Company and General Gas & Electric Corporation, or any one of them and to all other persons such notice to be given by a general release of the Commission, distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935 and by publication of this order in the FEDERAL REGISTER.

By the Commission.

EXECUTIVE ORDER 9234

ESTABLISHING TEN WILDLIFE MANAGEMENT AREAS

NEW YORK

WHEREAS certain hereinafter-listed tracts of land in the State of New York, together with the improvements thereon, have been, or are in process of being, acquired by the United States in connection with the New York Land Project, LA-NY-4, Site 2, and New York Wildlife Project, LA-NY-5, Sites 1, 4, 5, 6, 7, 8, 9, 11, and 12, under authority of Title II of the National Industrial Recovery Act, approved June 16, 1933 (48 Stat. 200), the Emergency Relief Appropriation Act of 1935, approved April 8, 1935 (49 Stat. 115), and Title III of the Bankhead-Jones Farm Tenant Act, approved July 22, 1937 (50 Stat. 522, 525); and

WHEREAS by Executive Order No. 7908[1], of June 9, 1938, all the right, title, and interest of the United States in such lands as were acquired, or are in process of acquisition, under Title II of the said National Industrial Recovery Act and the said Emergency Relief Appropriation Act of 1935 was transferred to the Secretary of Agriculture for use, administration, and disposition in accordance with the provisions of Title III of the said Bankhead-Jones Farm Tenant Act and the related provisions of Title IV thereof; and immediately upon acquisition of legal title to those lands now in process of acquisition under the said acts, the said Executive order, under the terms thereof, will become applicable to all the additional right, title, and interest thereby acquired by the United States; and

WHEREAS the Secretary of Agriculture has recommended that jurisdiction over such lands be transferred to the Department of the Interior and that such lands be reserved as a refuge and breeding ground for native birds and other wildlife, under the conditions hereinafter stated:

[1] 3 F.R. 1389.

NOW, THEREFORE, by virtue of the authority vested in me by section 32, Title III of the said Bankhead-Jones Farm Tenant Act, and as President of the United States, it is ordered that, subject to valid existing rights, jurisdiction over the 47,207.55 acres, more or less, of lands, consisting of the tracts identified by number within the following-listed sites, together with the improvements thereon, acquired or in process of acquisition by the United States, be, and it is hereby, transferred to the Department of the Interior, together with such equipment in use in connection with such lands as may be designated by the Secretary of Agriculture, and the said lands are hereby reserved as a refuge and breeding ground for native birds and other wildlife and for research relating to wildlife and associated forest resources, under such conditions of use and administration as will best carry out the purposes of the land-conservation and land-utilization program for which such lands have been, or are being, acquired: *Provided, however,* (1) that such lands shall remain available to the State of New York for use and management by its Conservation Department, under the custody of the Fish and Wildlife Service of the Department of the Interior, so long as there remains in force and effect a lease or cooperative agreement between the United States of America and the State of New York providing for such use and management; and (2) that the Secretary of Agriculture shall retain such jurisdiction over the lands now in process of acquisition by the United States as may be necessary to enable him to complete their acquisition:

W. B. SAUNDERS COMPANY, ET AL.

§ 3.27 (b) *Combining or conspiring—To eliminate competition—In conspirators' goods:* § 3.27 (d) *Combining or conspiring—To enhance, maintain or unify prices.* In connection with offer, etc., in commerce, of medical books, and on the part of respondent corporations (constituting, respectively, largest distributors of such books in New York and vicinity, in the Middle West, and in the South and Southwest), entering into, continuing, or carrying out, or directing, instigating, or cooperating in any mutual understanding, agreement, combination, or conspiracy to fix, establish, or maintain the prices of medical books, or to determine, establish, or control the territory in which any of said respondents offers for sale or sells medical books, and pursuant thereto, (1) refraining from offering for sale or selling medical books in any place, locality, or territory; and (2) fixing, establishing, or maintaining any price, discount, or other terms of sale for any medical book or books to any purchaser or class or group of purchasers; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., sec. 45b) [Cease and desist order, W. B. Saunders Company, et al., Docket 3558, August 26, 1942]

In the Matter of W. B. Saunders Company; J. B. Lippincott Company; C. V. Mosby Company; Van Antwerp Lea and Christian Febiger, Copartners Doing Business Under the Firm Name and Style of Lea & Febiger; T. H. McKenna, Inc.; Chicago Medical Book Company; J. A. Majors & Company

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 26th day of August, A. D. 1942.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the answers of respondents, testimony and other evidence with respect to respondent J. B. Lippincott Company taken before an examiner of the Commission theretofore duly designated by it and briefs filed by said respondent and by counsel for the Commission, and upon certain stipulations as to the facts entered into between W. T. Kelley, Chief Counsel for the Commission, and respondents other than J. B. Lippincott Company which provide, among other things, that without further evidence or other intervening procedure the Commission may issue and serve upon said respondents findings as to the facts and conclusion based thereon and an order disposing of the proceeding; and the Commission having made its findings as to the facts and its conclusion that certain of respondents have violated the provisions of the Federal Trade Commission Act:

It is ordered, That respondents Chicago Medical Book Company, a corporation, T. H. McKenna, Inc., a corporation, and J. A. Majors & Company, a corporation, their officers, agents, and employees, or any two or more of said respondents, with or without the cooperation of others not parties hereto, in connection with the offering for sale, sale, and distribution of medical books in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from entering into, continuing, or carrying out, or directing, instigating, or cooperating in any mutual understanding, agreement, combination, or conspiracy to fix, establish, or maintain the prices of medical books, or to determine, establish, or control the territory in which any of said respondents offers for sale or sells medical books, and from doing any of the following acts or things pursuant thereto:

1. Refraining from offering for sale or selling medical books in any place, locality, or territory.

2. Fixing, establishing, or maintaining any price, discount, or other terms of sale for any medical book or books to any purchaser or class or group of purchasers.

It is further ordered, That respondents shall, within sixty (60) days after the service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

It is further ordered, That with respect to respondents W. B. Saunders Company, a corporation, J. B. Lippincott Company, a corporation, C. V. Mosby Company, a corporation, and Van Antwerp Lea and Christian Febiger, copartners trading under the firm name and style of Lea & Febiger, this proceeding be, and the same hereby is closed without prejudice to the right of the Commission, should future facts so warrant, to reopen the same and resume trial thereof in accordance with its regular procedure.

By the Commission.

In the Matter of Abraham Welkin and Minnie Welkin, His Wife, Individually and Trading as Princess Yarn Company

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 25th day of August, A. D. 1942.

This proceeding having been heard by the Federal Trade Commission upon the amended and supplemental complaint of the Commission, testimony and other evidence in support of and in opposition to the allegations of the complaint taken before an examiner of the Commission theretofore duly designated by it, report of the trial examiner, and brief filed by counsel for the Commission, and the Commission having made its findings as to the facts and its conclusion that said respondents have violated the provisions of the Federal Trade Commission Act:

It is ordered, That respondents Abraham Welkin and Minnie Welkin, individually and trading as Princess Yarn Company, or under any other name, jointly or severally, their representatives, agents, or employees, directly or through any corporate or other device, in connection with the offering for sale, sale, or distribution of knitting yarns in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Using the word "Cashmere", or any simulation thereof, either alone or in connection or conjunction with any other word or words, to designate, describe, or refer to any product which is not composed entirely of hair of the Cashmere goat: *Provided, however*, That in the case of a product composed in part of hair of the Cashmere goat and in part of other fibers or materials, such word may be used as descriptive of the cashmere fiber content if there are used in immediate connection or conjunction therewith, in letters of at least equal size and conspicuousness, words truthfully describing such other constituent fibers or materials;

2. Using the word "Angora," or any simulation thereof, either alone or in connection or conjunction with any other word or words, to designate, describe, or refer to any product which is not composed entirely of hair of the Angora goat: *Provided, however*, That in the case of a product composed in part of hair of the Angora goat and in part of other fibers or materials, such word may be used as descriptive of the angora fiber content if there are used in immediate connection or conjunction therewith, in letters of at least equal size and conspicuousness, words truthfully describing such other constituent fibers or materials;

3. Using the word "Shetland," or any simulation thereof, either alone or in connection or conjunction with any other word or words, to designate, describe, or refer to any product which is not composed entirely of wool of Shetland sheep raised on the Shetland Islands or the contiguous mainland of Scotland: *Provided, however*, That in the case of a product composed in part of wool of Shetland sheep and in part of other fibers or materials, such word may be used as descriptive of the Shetland wool content if there are used in immediate connection or conjunction therewith, in letters of at least equal size and conspicuousness, words truthfully describing such other constituent fibers or materials;

4. Using the word "Tweed", or any simulation thereof, either alone or in connection or conjunction with any other word or words, to designate, describe, or refer to any product which is not composed entirely of wool: *Provided, however*, That in the case of a product composed in part of wool and in part of other fibers or materials, such word may be used as descriptive of the wool content if there are used in immediate connection or conjunction therewith, in letters of at least equal size and conspicuousness, words truthfully describing such other constituent fibers or materials;

5. Using the word "Scotch," or any simulation thereof, either alone or in connection or conjunction with any other word or words, to designate, describe, or refer to any product not imported from Scotland or made of materials imported from Scotland: *Provided, however*, That in the case of a product composed in part of wool imported from Scotland and in part of other fibers or materials, such word may be used as descriptive of the content imported from Scotland if there are used in immediate connection or conjunction therewith, in letters of at least equal size and conspicuousness, words truthfully describing such other constituent fibers or materials;

6. Using the word "Saxony," or any simulation thereof, either alone or in connection or conjunction with any other word or words, to designate, describe, or refer to any product not imported from the Province of Saxony or made of materials imported from the Province of Saxony: *Provided, however*, That in the case of a product composed in part of wool imported from Saxony and in part of other fibers or materials, such word may be used as descriptive of the content imported from the Province of Saxony if there are used in immediate connection or conjunction therewith, in letters of at least equal size and conspicuousness, words truthfully describing such other constituent fibers or materials;

7. Using the word "Silk," or any simulation thereof, either alone or in connection or conjunction with any other word or words, to designate, describe, or refer to any product which is not composed entirely of silk, the product of the cocoon of the silkworm: *Provided, however*, That in the case of material composed in part of silk, the product of the cocoon of the silkworm and in part of other fibers or materials, such word may be used as descriptive of the content which is silk, the product of the cocoon of the silkworm, if there are used in immediate connection or conjunction therewith, in letters of at least equal size and conspicuousness, words truthfully describing such other constituent fibers or materials;

8. Advertising, offering for sale, or selling, products composed in whole or in part of rayon without clearly disclosing such rayon content; and when products are composed in part of rayon and in part of other fibers or materials, all such fibers or materials, including the rayon, shall be clearly and accurately disclosed;

9. Representing or implying by the use of the word "Factory," or in any manner whatsoever, that respondents own, control, or operate a factory in which the yarns they offer for sale or sell are made, or representing or implying in any manner that yarns or other products not manufactured by respondents are manufactured by them.

It is further ordered, That respondents shall, within sixty (60) days after the service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

It is further ordered, That no provision of this order to cease and desist shall be construed as relieving respondents in any respect of the necessity of complying with the requirements of the Wool Products Labeling Act of 1939 and the rules and regulations promulgated thereunder.
